Correction

Correction: Șut et al. Optimising Automotive Wiring Harness Production Through Collaborative Robotics, Artificial Intelligence, and Digital Twins: A Structured Narrative Review. *Machines* 2026, *14*, 1178

Cristina Șut, Mircea Murar, Mircea Fulea and Bogdan Mocan *

Department of Engineering Design and Robotics, Faculty of Industrial Engineering, Robotics and Production Management, Technical University of Cluj-Napoca, 400641 Cluj-Napoca, Romania; cristina.sut@campus.utcluj.ro (C.Ș.); mircea.murar@muri.utcluj.ro (M.M.); mircea.fulea@staff.utcluj.ro (M.F.)
* Correspondence: bogdan.mocan@muri.utcluj.ro

In the original publication [1], an Acknowledgments section was not included. A new Acknowledgments section has been added after the Data Availability Statement and should read:

Acknowledgments: The authors gratefully acknowledge the administrative and technical support provided by the Technical University of Cluj-Napoca during the development of this research.

The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.
