† All papers published in this volume are presented at the 7th International Global Conference Series on ICT Integration in Technical Education & Smart Society, Aizuwakamatsu City, Japan, 20–26 January 2025.

In submitting conference proceedings to *Engineering Proceedings*, the Volume Editors of the proceedings would like to certify to the publisher that all papers published in this volume have been subjected to peer review by the designated expert referees and were administered by the Volume Editors strictly following the policies announced on the conference website [1].

The whole process was supervised by the conference committee and the Volume Editors and adhered to the professional and scientific standards expected of a proceedings journal published by MDPI and complied with the peer review policy and guidelines of *Engineering Proceedings*, which can be found at the following link: https://www.mdpi.com/journal/engproc/instruction_for_conference_organizers (accessed on 20 November 2025). The review reports were checked and archived by the Editorial Office of *Engineering Proceedings*.

- Type of peer review: single-blind; double-blind; triple-blind; open; other (please describe): Double-blind
- Conference submission management system: Microsoft CMT
- Number of submissions received: 225
- Number of submissions sent for review: 201
- Number of submissions accepted: 140
- Acceptance rate (number of submissions accepted/number of submissions received): 62%
- Average number of reviews per paper: 2
- Total number of reviewers involved: 30

The Conference Committee extends our heartfelt thanks to the dedicated reviewers (Table 1) whose expertise and commitment have been key to the ETLTC 2025 conference's success.
