
Supplement Figure S1 GO annotation analysis

Table S1. Summary of RNA sequencing data and mapped reads to the reference genome (*Oryza sativa* L.)

Table S2. Statistical table of RNA-seq data.

Table S3 Different expressed gene (DEGs) statistic

Table S4 Specific DEGs involved in the pathway of ribosome identified in La-163 under drought stress

Table S5 Common DEGs in two rice lines under drought

Table S6 Common DEGs in two rice lines under recovery
Table S7 Specific DEGs in La-96 under drought
Table S8 Specific DEGs in La-96 under recovery
Table S9 Specific DEGs in La-163 under drought
Table S10 Specific DEGs in La-163 under recovery
