Supplementary Table S1: Results of meta-analysis in whole blood tissue

Supplementary Table S2: Results of meta-analysis in brain tissue

Supplementary Table S3: Results of ORA analysis in whole blood

Supplementary Table S4: Results of ORA analysis in brain

Supplementary Table S5: Results of the Gene-EML analysis with the Fisher adjustment (blood and brain)

Supplementary Table S6: Results of ORA of the Gene-EML for KEGG pathways and Biological Process for whole blood tissue

Supplementary Table S7: Results of ORA of the Gene-EML for KEGG pathways and Biological Process for brain tissue
