Prof. Dr. Amy E. West

Department of Pediatrics, Keck School of Medicine, Children's Hospital Los Angeles, University of Southern California, Los Angeles, CA 90027, USA

Deadline for manuscript submissions:

31 December 2024

Message from the Guest Editors

The focus of this Special Issue includes Indigenous populations from Australia (Australian Aboriginals), Canada (First Nations), the United States (American Indian and Alaska Natives) and New Zealand (Maoris). Even though there are differences in the Indigenous health among these four countries, the experience of colonization and the long-term effects of being colonized has impacted the physical, social, emotional and mental health and wellbeing of Indigenous populations. These inequities exist and have led to poor social determinants of health. Papers focusing on new research, reviews, case reports, and conference papers to address Indigenous-specific mental health, the burden of communicable and non-communicable diseases, nutrition, disability, community resilience and social determinants of health inequities are invited.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Public Health, Environmental and Occupational Health*)
