The authors wish to make the following correction to their paper [1]. The correct equation at the end of Page 3 should be:

$$H(2) = -\frac{1}{8} \log \left(\frac{1}{8} \right) \times 8 = 3$$

$$h(2) = \frac{H(2)}{2-1} = 3$$

Note that, as indicated in the paper, the logarithm here is base 2.
