Supplemental Material

Table S1. Qualitative Interview Guiding Questions

Guiding Questions
1. Tell me about your experience having a child with PVS, starting with the time your child received their diagnosis?
2. How would you describe the impact of your child's diagnosis on your family?
3. What kinds of coping strategies such as tools or practices have you used to manage your stress?
4. Can you tell me what your support system looks like now having a child with PVS?

Table S2. Pediatric Inventory for Parents, (PIP) Results
