Supplementary File S4. Risk of Bias Assessment for the Critical and Important Outcomes

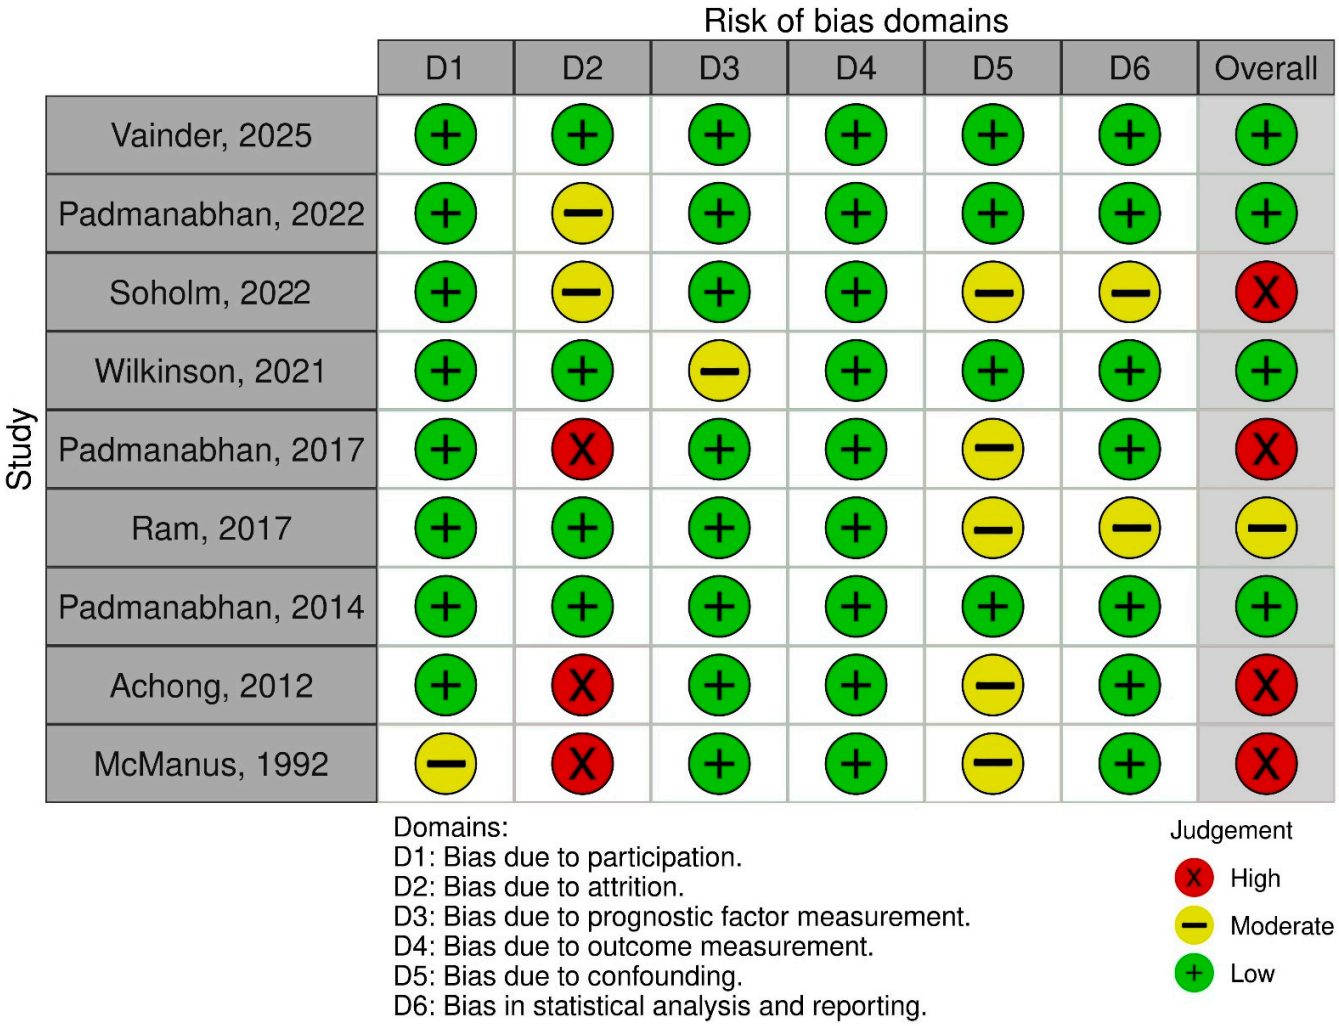

Figure S4.1. "Traffic light" plots of the domain-level judgements for each included study result assessed using the QUIPS (Quality In Prognosis Studies) tool. Studies include Vainder, 2025 [36]; Padmanabhan, 2022 [32]; Soholm, 2022 [15]; Wilkinson ,2021 [35]; Padmanabhan, 2017 [33]; Ram, 2017 [34]; Padmanabhan, 2014 [9]; Achong, 2012 [10]; McManus, 1992 [11]

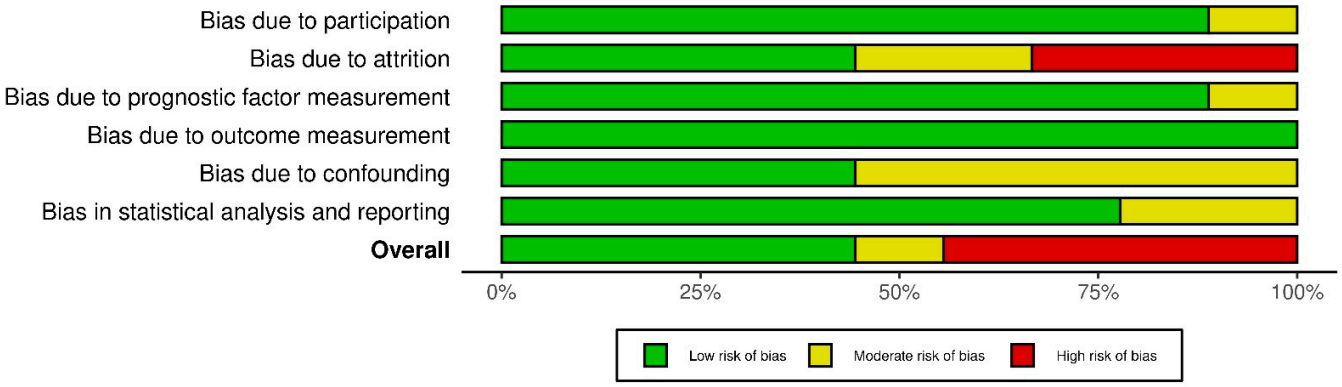

Figure S4.2. Weighted bar plots of the distribution of risk-of-bias judgements within each bias domain
