Table S1

Sociodemographic characteristics of the respondents (N=357)

Variables	Subcategory	Frequency	Percentage (%)
Respondents' age group	18-21	55	15.4
	22-25	109	30.5
	26-29	38	10.6
	30-33	69	19.3
	above 33 years	86	24.1
Marital status	Single	100	28.0
	Married	94	26.3
	Widowed	163	45.7
	Others (please specify)	0	0.0
Educational background	No formal education (cannot read and write)	99	27.7
	Basic literacy (can read and write)	134	37.5
	Junior school	41	11.5
	High school	72	20.2
	Diploma	5	1.4
	Bachelor's degree	6	1.7
	Master's degree	-	-
	Ph.D.	-	-
Duration of stay in Kebribeyah Camp	12-15	144	40.3
	16-19	136	38.1
	20-23	68	19.0
	More than 23 years	9	2.5
Your position in the family	Single-parent family head	72	20.2
	Wife	94	26.3
	Single women	91	25.5
	Family member/child	100	28.0
	Other (please specify)	0	0.0
Camp livelihood activities	Manual labor and service works	265	74.2
	Farming	29	8.1
	Trading	25	7.0
	Government employment	18	5.0
	Dependent on refugee camp services	17	4.8
	Other (please specify_	3	0.8

Table S2

Prevalence and patterns of GBV among women refugees in Kebribeyah refugee Camp

GBV sub-category	Prevalence of Specific GBV acts (N=357)		Prevalence of GBV sub- category (N=357)
