Elicitation Form for Ras Mohammed Interviews

Name: …….

Affiliation: ……..

D(A)PSI(W)R(M) framework provides a structure within which to present the indicators needed to enable feedback to policy makers on reef quality and the resulting impact of the choices made or to be made. It assumes a chain of causal links starting with the *Drivers* that necessitate *Activities* that result in *Pressures* on the *State* of the reef leading to *Impacts* on human *Welfare* and require *Response* as *Measures*. Please, identify the key factors impacting the reef ecosystem through constructing your own D(A)PSI(W)R(M) and order and weigh the relative importance of each component in the framework.

Table S1. Elicitation Form for Ras Mohammed Interviews

Drivers refer to human needs and the vital social processes shaping human activity and affecting the coral reefs.	
Please list in order and rate the most important drivers affecting the coral reefs at Ras Mohammed. *☆☆☆ very important - ☆☆ important - ☆ somewhat important*	
Driver	**Importance**
1. ……	
2. ……	
3. ……	
4. ……	
5. ……	
6. ……	
Literature & Archival Research	
Could you please recommend any related studies or documents to the selected drivers?	
Source	**Drivers**
1. ……	……
2. ……	……
3. ……	……

Activities are what we do to obtain human needs from coral reefs and integrated ecosystems.	
Please list in order and rate the most important activities affecting the coral reefs in the region. *☆☆☆ very important - ☆☆ important - ☆ somewhat important*	
Activity	**Importance**
1. ……	
2. ……	
3. ……	
4. ……	
5. ……	
6. ……	
Literature & Archival Research	
Could you please recommend any related studies or documents to the selected activities?	
Source	**Activities**
1. ……	……
2. ……	……
3. ……	……

Pressures are the means of change from activities to coral reefs and human welfare.

Please list in order and rate the most important pressures on the coral reefs at Ras Mohammed.
☆☆☆ very important - ☆☆ important - ☆ somewhat important

	Pressure	Importance
1.	……	
2.	……	
3.	……	
4.	……	
5.	……	
6.	……	

Literature & Archival Research

Could you please recommend any related studies or documents to the selected pressures?

	Source	Pressures
1.	……	……
2.	……	……
3.	……	……

State refers to the conditions and characteristics of reef ecosystem.

Please list in order and rate the most important indicators of the coral reefs state at Ras Mohammed.
☆☆☆ very important - ☆☆ important - ☆ somewhat important

	State/Indicator	Importance
1.	……	
2.	……	
3.	……	
4.	……	
5.	……	
6.	……	

Literature & Archival Research

Could you please recommend any related studies or documents to the selected indicators?

	Source	State/Indicators
1.	……	……
2.	……	……
3.	……	……

Impacts reflect the changes in the reef ecosystem and its services and benefits.

Please list in order and rate the most important impacts on the coral reefs at Ras Mohammed.
☆☆☆ very important - ☆☆ important - ☆ somewhat important

	Impact	Importance
1.	……	
2.	……	
3.	……	
4.	……	
5.	……	
6.	……	

Literature & Archival Research

Could you please recommend any related studies or documents to the selected impacts?

	Source	Impacts
1.	……	……
2.	……	……
3.	……	……

Responses are the management actions, including policies, strategies, and interventions, to protect the reef ecosystem and allow use within sustainable limits.

Please list in order and rate the most important responses to protect the coral reefs at Ras Mohammed.
☆☆☆ very important - ☆☆ important - ☆ somewhat important

	Response	Importance
1.	……	
2.	……	
3.	……	
4.	……	
5.	……	
6.	……	

Literature & Archival Research

Could you please recommend any related studies or documents to the selected responses?
