Dear Azimjon Musamuxamedov,

On behalf of the Ethics Panel at Westminster International University in Tashkent, I would like to express my gratitude for submitting your application for Research Ethics Consideration.

Your research project "Socioeconomic and Psychological Determinants of Charitable Giving: A PLS-SEM Analysis of Income, Happiness, and Normative Influences" sounds very interesting and promising. We have carefully reviewed your research instruments.

We approve the survey to be conducted in its present form in compliance with the University's Research Ethics Policy. The Ethics Panel expects to be informed about the progress of the study and any changes to the approved study documents should be notified.

We confirm that none of your study staff members was present during the decision-making process of the meeting at all.

With the Panel's best wishes for the success of this project.

Please indicate your confirmation by signing this letter and returning it to Abrorbek Sharifov (asharifov@wiut.uz), Research Administrative Officer at Research Department, no later than May 26, 2025.

Sincerely,

Assoc. Prof. Dr. Ikrom Rikhsiboev

Dean of Graduate School
Chair of Research Ethics Panel

I understand the terms and conditions as described in this letter.

Azimjon Musamuxamedov
