Withdrawn Paper: *Molecules* 2005, 10, 1126-1134

Published: 4 July 2007

It has been brought to our attention that the manuscript “New Multi-1,2,3-Selenadiazole Aromatic Derivatives” by M. Al-Smadi* and S. Ratrout, published as *Molecules* 2005, 10, 1126-1134, had already been published in the *Journal of Heterocyclic Chemistry* (“New Many Fold 1,2,3-Selenadiazole Aromatic Derivatives” by Mousa Al-Smadi and Samer Ratrout, *J. Heterocycl. Chem.* 2004, 41, 887-891) when it was submitted to the Conference Chairmen and Guest Editors Eugene V. Babaev and Alexy V. Tkachev for inclusion in the Special Issue of *Molecules* dedicated to Selected Papers from the 2nd International Conference on Natural Products and Physiologically Active Substances (ICNPAS-2004) and the 3rd EuroAsian Heterocyclic Meeting “Heterocycles in Organic and Combinatorial Chemistry” (EAHM-2004). As this constitutes a violation of our policy of only publishing original material which has not been published elsewhere, this paper is now declared withdrawn. We apologize for any inconvenience caused by this.

Derek McPhee

Editor-in-Chief, *Molecules*
