

Supplementary Materials

Figure S1: Prediction of 14-3-3 binding site in GmMYB138a and GmMYB138b

Table S1: Characterization of CCA1-like proteins in soybean

Table S2: Statistic report of CCA1-like proteins in soybean

Table S3: Statistics report of CCA1-like genes in soybean

Table S4: Segmental duplication events of soybean CCA1-like genes during evolution

Table S5: The FPKM values of CCA1-like genes in different tissues

Table S6: Primers used in the study
