Supplementary Information

Figure S1. Effect of ascophyllan in apoptosis and migration of DCs in peripheral tissue. Ascophyllan was injected into mice described in Figure 4. (A) Apoptotic cells were measured in spleen; (B) Percentage of lineage−CD11c+ DCs in mesenteric lymph node (mLN), lung and liver were analyzed by flow cytometry; (C) Absolute numbers of tissue DCs are shown. Data are representative of six samples from two independent experiments.
