A new version of the paper [1] was uploaded today. In the new version the authors have modified the acknowledgement section as follows:

Acknowledgements

The authors would like to thank China 973 Project “Tempo-Spatial Distribution of Energy Consumption, Evaluation Method and System Integration for Large-scale Coal-fired Power Generation Unit” (2009CB219801), National Science Fund for Distinguished Young Scholars (51025624) and National nature Science Fund of China (51006034) for the financial supports. The authors would also thank Marco Bettiol for the initial modeling of the plant, and thank Andrea Lazzaretto and George Tsatsaronis for their suggestions on exergoeconomic part.

We apologize for any inconvenience caused to the readers.
