Appendix 1: Environmental Governance Actions in Beijing-Tianjin-Hebei Urban Agglomeration

Event time (year-month-day)			Preorder event no.	Event name and description	Action type	Actors involved	Event no.
Part A: Joint actions at the agglomeration level							
2013	9	17		Action plan for Beijing, Tianjin, Hebei and the surrounding areas to implement air pollution control	FJA	MOEP NDRC MOIIT MOF MOHURD NEA	R1
2013	10	23	R1	Collaboration mechanism of air pollution control in Beijing, Tianjin, Hebei and the surrounding areas	FJA	BG TG HP MOEP NDRC MOIIT MOF MOHURD CMA NEA MOT	R2
2013	10	23	R2	Coordination office of air pollution control in Beijing, Tianjin, Hebei and the surrounding areas	FJA	BG TG HP	R3

						MOEP NDRC MOIIT MOF MOHURD CMA NEA MOT	
2014	1	9	R1	Clean Production Improvement Plan for Key Industrial Enterprises in Beijing, Tianjin, Hebei and the Surrounding Areas	FJA	BG TG HP MOIIT	R4
2014	3	3	R2, R3	Regional air pollution joint prevention and control forum (the first meeting) was held by the Coordination Office.	IJA	MOEP BTHAPCLG BEPA TEPA HEPA	R5
2014	3	25	R3	Coordination working unit was established for comprehensive atmospheric pollution control.	FJA	BTHAPCLG BEPA	R6
2014	6	9	R5	2014 key work points of atmospheric pollution joint prevention and control in Beijing, Tianjin, Hebei and the surrounding areas	FJA	BTHAPCLG	R7
2014	6	14	R7	An overall plan for ecological environment protection in Beijing, Tianjin, Hebei and the surrounding areas	FJA	MOEP BG TG HP	R8
2014	7	25	R1	Deadline correction plan of air pollution for key industry enterprises in Beijing, Tianjin, Hebei and the surrounding areas	FJA	MOEP BG TG HP PetroChina Sinopec StateGrid	R9

						Huaneng Datang Huadian Zongdiantou Shenhua	
2014	7	31	R5	APEC air quality assurance meeting (second meeting) was held by the Coordination Office.	IJA	SC NDRC MOIIT MOF MOEP MOHURD CMA NEA BEPA TEPA HEPA	R10
2014	7	31	R8	Beijing and Hebei signed the agreement of jointly speeding up the ecological environment construction in Zhangjiakou-Chengde region.	FJA	BG HP	R11
2014	8	7	R8	Beijing and Tianjin signed the agreement on further enhancing the cooperation of environment protection.	FJA	TG BG	R12
2014	9	4	R10	A training and experience-exchange meeting on regional motor vehicle pollutant emission control (the third meeting) was held by the Coordination Office.	IJA	HP TG BG	R13
2014	10	21	R8	Joint prevention and control mechanism against water pollution crisis in Beijing-Tianjin-Hebei.	FJA	HP TG BG	R14
2014	10	22	R13	A working draft for popularizing new energy automobile in public service field such as public transportation in Beijing-Tianjin-Hebei.	FJA	NDRC MOF MOIIT MOEP MOHURD	R15

						MOST NEA	
2014	11	25	R14	Cooperation agreement on joint prevention and control mechanism for water pollution crisis in Beijing-Tianjin-Hebei.	FJA	BG TG HP	R16
2015	4	30		Outline of coordinated development plan in Beijing-Tianjin-Hebei.	FJA	CPC Politburo BG TG HP	R17
2015	5	19	R13	The fourth meeting on air pollution control coordination mechanism in Beijing-Tianjin-Hebei and the surrounding area.	IJA	BTHAPCLG	R18
2015	5	26	R18	2015 key work on air pollution joint prevention and control in Beijing-Tianjin-Hebei and the surrounding area.	FJA	BTHAPCLG	R19
2015	5	29	R16	Troubleshooting action for hidden danger in water pollution joint environment in Beijing-Tianjin-Hebei.	FJA	BEPA TEPA HEPA	R20
2015	6	4	R19	Coordination office of motor vehicle emission control in Beijing, Tianjin, Hebei and the surrounding areas.	FJA	BMVEMC TMVEMC HMVEMC	R21
2015	6	4	R21	Beijing motor vehicle emission joint law enforcement office was officially inaugurated.	FJA	BEPA BTMB	R22
2015	8	17	R19	Air pollution control coordination group special topic (70 anniversary activity in memory of the world anti-fascist war victory) meeting in Beijing-Tianjin-Hebei and the surrounding area.	IJA	CPC Politburo MOEP BG TG HP	R23
2015	11	16	R18	The fifth meeting on air pollution control coordination mechanism in Beijing-Tianjin-Hebei and the surrounding area.	LEDC	CPC Politburo MOEP BG TG HP	R24

2015	11	27	R24	Environment law enforcement joint action working mechanism in Beijing-Tianjin-Hebei area.	FJA	BEPA TEPA HEPA	R25
2015	11	27	R25	Environment law enforcement joint action leading group office is established in Beijing-Tianjin-Hebei.	FJA	BEPA TEPA HEPA	R26
2015	12	4	R17	A cooperation agreement for the breakthrough framework of environmental protection in Beijing-Tianjin-Hebei.	FJA	BEPA TEPA HEPA	R27
2015	12	7	R25, R26	Beijing-Tianjin-Hebei area started the environment law enforcement joint action mechanism for the first time and thus the work of environment law enforcement joint action in Beijing-Tianjin-Hebei area was formally implemented.	FJA	BEPA TEPA HEPA	R28
2015	12	31	R17	Coordinated development plan for ecological environment protection in Beijing-Tianjin-Hebei.	FJA	NDRC	R29
2016	1	22		The consultant group and overall expert group of air pollution control is formed in Beijing-Tianjin-Hebei, and regional air pollution control joint research rules are formulated.	FJA	BTHAPCLG	R30
2016	2	19	R16	In order to further prevent the trans-Beijing-Tianjin-Hebei area Fenghexizhi, Longhe water pollution conflict and crisis event of water pollution, effectively prevent and treat the trans-Beijing-Tianjin-Hebei area basin crisis event of water pollution and guarantee the water quality safety inside the region, therefore, Beijing municipal bureau of environment protection, Tianjin municipal bureau of environment protection, Hebei provincial department of environment protection, under the guidance of Beijing-Tianjin-Hebei regional coordinated development, jointly signed the trans-Beijing-Tianjin-Hebei area Fenghexizhi, Longhe environment pollution joint treatment agreement, and thus officially set up the joint law enforcement mechanism for the trans-Beijing-Tianjin-Hebei area Fenghexizhi, Longhe water pollution.	FJA	BEPA TEPA HEPA	R31
2016	2	24	R30	The first meeting of the consultant group and overall expert group for air pollution control joint research in Beijing-Tianjin-Hebei.	IJA	BTHAPCLG	R32

2016	4	11	R29, R30, R32	Air quality forecast information sharing mechanism.	FJA	BEPA TEPA HEPA	R33
2016	5	24	R24	The sixth meeting of air pollution control coordination group meeting in Beijing-Tianjin-Hebei and the surrounding area.	IJA	CPC Politburo SC BTHAPCLG	R34
2016	6	14	R28	Joint investigation work hidden environmental danger in Beijing-Tianjin-Hebei.	FJA	BEPA TEPA HEPA	R35
2016	6	20	R34	Strengthened measures for air pollution control in Beijing-Tianjin-Hebei (2016-2017)	FJA	MOEP BG TG HP	R36
2016	6	21	R28	Joint meeting for environment joint action law enforcement in Beijing-Tianjin-Hebei.	IJA	BEPA TEPA HEPA	R37
2016	10	7	R34	Limit standard for volatile organic compound concentration of adhesive agent and construction coating	FJA	BEPA TEPA HEPA	R38
2016	10	20	R34	The seventh meeting of air pollution control coordination group is held in Beijing-Tianjin-Hebei and the surrounding areas.	IJA	CPC Politburo BG MOEP HP NEA TG	R39
2016	12	2	R27, R38	Regional cooperation mechanism for environment protection standards.	FJA	BEPA TEPA HEPA BQSB TQSB HQSB	R40

Part B: Autonomous actions in Beijing							
2000	12	8		Method of Beijing to implement "China Air Pollution Control Law" was approved on the 23th-session of Beijing municipal 11th standing committee of national people's congress.	LPA	BPC	B1
2001		3	B1	Acceptance technical specification for the continuous monitoring and observing system for the gas emission from fixed pollution source.	LPA	BEPA	B2
2002	5	15		Method of Beijing to implement "China Water Pollution Control Law" was approved on the 34th-session of Beijing municipal 11th standing committee of national people's congress.	LPA	BPC	B3
2004	7	6	B3	A notice by Beijing bureau of environment protection on the installation of continuous and automatic monitoring and observing water quality and quantity equipment for urban sewage treatment plant.	LPA	BEPA BEMC	B4
2005	3	31	B1	11th-period measures for air pollution control in Beijing.	LPA	BG	B5
2005	5	19	B5	Special environmental inspection was carried out for the environment protection measure and construction vehicle exhaust gas emission for Maliandao residence community of Xuanwu district and reconstruction worksite of the reconstruction project of Qingqi west plant area.	MEA	BEPA BUMLEB BTMB	B6
2005	5	20	B5	Three key industrial pollution resources (Shougang group, Jingneng thermal power plant, Gaojing thermal power plant) in Shijingshan region were inspected.	MEA	BEPA	B7
2005	9	15	B2	An acceptance check was carried out for sulfur dioxide monitoring and observing for the on-line monitoring and observing instrument of installed boilers in Beijing. The measured data may be taken as basis for later environment management. Those units which failed to reach standard would be punished in accordance with their tonnage of boiler, degree of exceeding standard and number of times of exceeding standard according to law. A notice of carrying out deadline correction would be sent to them simultaneously.	MEA	BEPA BEMC	B8
2006	3	16	B5	12th-period measures for air pollution control in Beijing.	LPA	BG	B9

2006	3	31	B9	From this year on, the environment protection bureau, transportation bureau and urban management bureau will jointly carry out inspections overnight running vehicles.	MEA	BEPA BUMLEB BTMB	B10
2006	10	8	B9	Environmental inspection of exhaust gas emission of motor vehicle in Beijing. Aim of this work is to implement the 12th-period measures for air pollution control in Beijing, by effectively controlling the emission pollution of motor vehicle and ensuring the completion of the target of air quality of the whole year.	MEA	BEPA BUMLEB BTMB	B11
2007	3	18	B1	Regulations on automatic monitoring and observing equipment of atmospheric pollution source in Beijing.	LPA	BEPA	B12
2007	3	31	B9	The 13th-period measures for air pollution control in Beijing.	LPA	BG	B13
2008	3	16	B13	The 14th-period measures for air pollution control in Beijing.	LPA	BG	B14
2009	2	10	B14	The 15th-period measures for air pollution control in Beijing.	LPA	BG	B15
2009	2	21		Temporary method for the environment information disclosure.	LPA	BEPA	B16
2009	6	26	B15	Departments of environment, urban management, agriculture and etc. carried out joint inspection actions on prohibition of stalks burning.	MEA	BEPA BUMLEB BAB	B17
2009	9	15	B15	Beijing municipality organized an atmospheric pollution special treatment action for one month in the city so as to enhance the atmospheric pollution source monitoring and control to further improve air quality.	MEA	BEPA	B18
2009	10	26	B3	Beijing carried out inspection over water pollution enterprises to stimulate the enterprises to actively treat their existed pollution resource, solve the water environment problems which attracted the public attention, complete the target of total amount of pollutant emission, and ensure the sustained improvement of the water environment quality of Beijing.	MEA	BEPA	B19
2009	10	30		Method of environmental monitor and oversight in Beijing.	LPA	BEPA	B20
2009	11	1	B20	Method of capacity affirmation for the social environmental monitor and oversight organizations.	LPA	BEPA	B21
2010	4	22	B15	The 16th-period measures for air pollution control in Beijing.	LPA	BG	B22
2010	9	7	B22	Beijing carried out the second stage environmental enforcement action which mainly aims at the guarantee of air quality attainment.	MEA	BEPA	B23

2010	11	19	B3	Regulations on water pollution control in Beijing.	LPA	BPC	B24
2011	4	1	B1	Beijing clean air action plan (2011-2015 atmospheric pollution control measures).	LPA	BG	B25
2011	11	15		Beijing working draft on total amount reduction of major pollutants emission in the period of 12th five-year plan.	LPA	BG	B26
2012	1	12		Recommendations by Beijing municipal government on the implementation of the key work points of enhancing environment protection nu the State Council.	LPA	BG	B27
2012	3	21	B25, B26, B27	2012-2020 air pollution governance measures in Beijing.	LPA	BG	B28
2013	3	15	B25	2013 Work Measures for Key Tasks of 2013-2017 Clean Air Action Plan in Beijing.	LPA	BG	B29
2013	4	27	B16	Notice about Disclosing Self-Monitoring Results of the National Key Monitoring Enterprises by Beijing Environmental Protection Bureau.	LPA	BG	B30
2013	5	7	B25, B26, B27	Statistical Method of Total Amount Reduction on Pollutants of the Twelfth Five-Year Plan in Beijing.	LPA	BEPA BSB BDRC BQSB	B31
2013	5	7	B26, B27, B28	Monitoring Method of Total Amount Reduction on Pollutants of the Twelfth Five-Year Plan in Beijing.	LPA	BEPA BSB BDRC BQSB	B32
2013	8	23	B16	Notice on Incorporating Corporate Environmental Illegal Information into Foundation Database of Credit Information of Enterprise in People's Bank of China.	LPA	BEPA PBC CBRC	B33
2013	8	28	B16	Notice on Relevant Documents Issued by Ministry of Environment Protection about Opening of Environmental Information Forwarded by Beijing Municipal Bureau of Environmental Protection.	LPA	BEPA	B34
2013	9	11	B25	Clean Air Action Plan in Beijing 2013-2017.	LPA	BG	B35

2013	9	12	B35	Notice of Printing and Distributing Decomposition of Key Task in Action Plan for Cleaning Air in Beijing from 2013 to 2017 by People's Government of Beijing Municipality.	LPA	BG	B36
2013	10	27	B35	Contingency Plan for Air Heavy Pollution in Beijing (trial implementation).	LPA	BG	B37
2013	11	5	B36	Special Inspection Action for Cooking Oil Fume in Beijing.	MEA	BEPA	B38
2013	11	13	B36	Daily Inspection and Special Enforcement Inspection of Beijing Automobile Repair Enterprises.	MEA	BEPA	B39
2013	11	18	B36	Daily inspection and specialized law enforcement inspection of Beijing printing enterprises.	MEA	BEPA	B40
2013	11	29	B16	Notice of "Directory for Government Information Disclosure of Environmental Impact Assessment on Construction Project (trial implementation) issued by General Office of the Ministry of Environmental Protection of the People's Republic of China" forwarded by Beijing Municipal Bureau of Environmental Protection.	LPA	BEPA	B41
2013	12	13	B35	Pollution Charge Standard Adjustment for 4 Major Pollutants of "More Emissions and More Burden" in Beijing.	MEA	BEPA	B42
2014	1	22	B1, R1	Regulations on the Prevention and Control of Air Pollution in Beijing.	LPA	BPC	B43
2014	2	14	B35	2014 Working Measures for Key Tasks of Clean Air Action Plan in Beijing 2013-2017.	LPA		B44
2014	2	21	B43, B44	Beijing Environmental Protection Supervision Corp dispatched 10 groups of law-enforcement personnel for environmental supervision and inspection to Fangshan, Daxing, Tongzhou, Shunyi, Miyun, Huairou, Changping, Chaoyang, and Fengtai.	MEA	BEPSC	B45
2014	2	22	B37	An instruction shall be issued in Beijing Heavy Pollution Emergency Headquarters, and the alarm level of air heavy pollution shall be changed from yellow to orange.	MEA	BG	B46
2014	3	1	B43, B44	Atmosphere regulations shall be implemented to "zero action" to Beijing Environmental Protection System to crack down on polluting atmospheric violations.	MEA	BEPA BEPSC	B47
2014	3	11	B43, B44	Week Action on Specialized Enforcement of Air Pollution Control in March.	MEA	BEPSC	B48
2014	3	24	B43	Inspection Technical Specifications for Vehicle Emission in Beijing.	LPA	BEPA	B49

2014	3	26	B43, B44, B49	Strengthening the key industries and focusing on emission and supervision of key vehicle model.	MEA	BEPA	B50
2014	4	8	B43, B44, B49	City Motor Vehicle Emission Management Center organized the supervision unit of two-stage mobile pollution source in city center with the focus of key industries in high-frequency cars like bus and taxi, and the key vehicles with large capacity of drainage like diesel powered car and old car through road inspection, night check, entering household, and telemetering to strengthen law enforcement inspection, so as to form the high-pressure supervision of "obstruction of the road, stooping entering household, and difficult annual inspection" on the vehicle in violation.	MEA	BMVEMC	B51
2014	4	14	B48	Week Action on Specialized Enforcement of Air Pollution Control in April.	MEA	BEPA BUMLEB	B52
2014	4	22	B43, B44	Special action for environmental protection on vehicle maintenance enterprises in Beijing.	MEA	BEPA BTMB	B53
2014	5	8	B52	Special Enforcement Action on Air Pollution Control in May.	MEA	BEPA BUMLEB	B54
2014	6	9	B54	Special Enforcement Action on Air Pollution Control in June.	MEA	BEPA BUMLEB	B55
2014	6	26	B6	Supervision on Straw Burning Prohibition in Beijing.	MEA	BEPA BUMLEB BAB	B56
2014	7	14	B55	Special Enforcement Action on Air Pollution Control in July.	MEA	BEPA BUMLEB	B57
2014	8	14	B57	Special Enforcement Action on Air Pollution Control in August.	MEA	BEPA BUMLEB	B58
2014	9	12	B43, R13	Beijing Motor Vehicle Environmental Protection Management Approach.	LPA	BEPA BQSB	B59
2014	9	15	B16	Notice on Key Sewage Enterprises and Self-Monitoring and Information Disclosure of Listed Enterprises.	LPA	BEPA	B60
2014	9	15	B58	Special Enforcement Action on Air Pollution Control in September.	MEA	BEPA BUMLEB	B61

2014	10	9	B61	Special Enforcement Action on Air Pollution Control in October.	MEA	BEPA BUMLEB	B62
2014	10	24	B62, R10	Special supervision on deployment and implementation of air quality assurance measures of APEC Meeting in Huairou District.	MEA	BEPSC	B63
2014	10	27	B62, R10, R13	To deploy the Implementation of the Motor Vehicle Emissions Standards and Other Safeguard Measures of 2014 APEC Meeting.	MEA	BEPA	B64
2014	10	31	B62, R10	2014 APEC Beijing Air Quality Assurance Program and 10 sub-plans including Parking, Stop Production and Downtime.	MEA	BG	B65
2014	11	3	B62, R10	Special Enforcement Action on Air Pollution Control in November.	MEA	BEPA BUMLEB	B66
2014	11	5	B43	Automatic Monitoring Management Approach on Fixed Pollution Source in Beijing.	LPA	BEPA	B67
2014	11	8	B59, B66, R13	Environmental protection departments take multi-measures to supervise the vehicle pollution emissions, so as to promote vehicle emissions standards.	MEA	BEPA	B68
2014	11	18	B66	Night raid monitoring of coal-fired boilers in Tongzhou District.	MEA	BEPSC TEPA BEMC	B69
2014	11	19	B66	Inspections on coal-fired boilers in nine relatively concentrated districts and counties in Beijing.	MEA	BEPA	B70
2014	12	1	B66	Special Enforcement Action on Air Pollution Control in December.	MEA	BEPA BUMLEB	B71
2014	12	15		Regulation on prizes reporting on Environmental Violations Published by Beijing Municipal Environmental Protection Bureau.	LPA	BEPA	B72
2014	12	16	B71	Comprehensive law enforcement inspection on coal-fired enterprises and institutions in Beijing.	MEA	BEPA BQSB	B73
2015	1	5	B44	2015 Work Measures for Key Tasks of 2013-2017 Clean Air Action Plan in Beijing.	LPA	BG	B74
2015	3	2	B74	Joint Law Enforcement Action in March (the First Joint Action in 2015) (Original Special Enforcement Action on Air Pollution Control).	MEA	BEPA BUMLEB	B75
2015	4	10	B75	Joint Law Enforcement Action in April.	MEA	BEPA BUMLEB	B76

2015	4	13	B76	14 illegal sewage were investigated and dealt with in Daxing District.	MEA	BEPSC DEPSC	B77
2015	5	2	B76	Joint Law Enforcement Action in May.	MEA	BEPA BUMLEB	B78
2015	5	12	B78	Tongzhou District launched special enforcement to address environmental illegal behaviors.	MEA	BEPA TEPA	B79
2015	5	29	B78	Concentrated reorganization on automotive vehicle detection site in Beijing.	MEA	BEPA BQSB BTMB	B80
2015	6	1	B78	Joint law enforcement action in June.	MEA	BEPA BUMLEB	B81
2015	6	19	B43, R19	Ideas on Improvement of Atmospheric Pollution Prevention and Control System.	LPA	BG	B82
2015	6	6	B81, R15	Remolding on discharge of stage-IV and stage-V diesel-driven public buses in Beijing.	MEA	BEPA BPBG	B83
2015	7	20	B82	Special law enforcement inspection on architectural garbage transport carts and construction machines.	MEA	BEPA BCB BHURD BTMB BPSB BUMLEB	B84
2015	8	3		Guarantee Plan for Air Quality in Beijing for the event Anniversary to Celebrate the 70th Anniversary of Anti-Japanese Aggression by the Chinese People and the World's Anti-Fascist War.	LPA	BG	B85
2015	8	22	B85, R22	Law-enforcing inspection and check on 24 entrances to Beijing in 8 districts and counties in Beijing.	MEA	BEPA BMVEMC	B86
2015	8	24	B85	Stage Four for "Special Law Enforcement Month for Atmosphere".	MEA	BEPA BUMLEB BEPSC	B87
2015	8	26	B85, R23	Implementing condition of measures on air quality guarantee including restricted and suspended production in some industrial companies and	MEA	BEPA BEPSC	B88

				suspension in work sites during ‘two activities’ period was checked in Shunyi District.			
2015	8	27	B85, R22	Check is carried out as standard management on vehicle exhaust of guarantee vehicles for livelihood necessities in Xinfadi wholesales market in Fengtai District.	MEA	BTMB BEPA BAB	B89
2015	8	28	B85	"Defend the Blue Sky" Special Law Enforcement Activity.	MEA	BEPA BEPSC	B90
2015	10	10	B81	Joint law enforcement action in October.	MEA	BEPA BUMLEB BEPSC	B91
2015	10	14	B91	Special law-enforcing inspection pertinent to automotive repair companies.	MEA	BEPA	B92
2015	10	16	B82	Notification on Adjustment of Standards for Charging Discharge of Five Heavy Metal Pollutants by Beijing Municipal Commission of Development and Reform, Beijing Bureau of Finance and Beijing Municipal Bureau of Environmental Protection.	LPA	BFB BDRC	B93
2015	11	2	B16	Notification on Carrying Out Transparent Information on Environment in Companies and Institutions by Beijing Municipal Bureau of Environmental Protection.	LPA	BEPA	B94
2015	11	4	B91	Joint law enforcement action in November.	MEA	BEPA BUMLEB BEPSC	B95
2015	11	23	B95	Beijing carried out half-a-month-long special law-enforcing inspection behaviors on enterprises processing, selling and using coals throughout Beijing as well as coal quality of bulk coal sellers without license.	MEA	BEPA BQSB BAB	B96
2015	11	30	B43	Notification on Matters Concerning Inspection and Check of Environmental Protection of Automotive Vehicles at Regular Intervals.	LPA	BEPA	B97
2015	12	4	B97	Notification on Adopting Transport Management Measures on Yellow-label Cars.	LPA	BEPA BTMB BPSB	B98
2015	12	7	B27, B37	Districts and enterprises in Beijing would follow requirements on contingency plan for heavy air pollution to hammer at putting into effect various	MEA	BEPA BG	B99

				emergency measures and engaging in strict law enforcement to confront heavy pollution process.		BSB BCB BEITC BUMLEB BTMB	
2015	12	7	B99	Beijing Launched Red Warning for Heavy Air Pollution for the First Time.	MEA	BAHPEH	B100
2015	12	8	B100	Guo Jinlong, member of the Political Bureau of the Central Committee and Municipal Party Secretary, came over to the municipal bureau of environmental protection to dig into work in addressing heavy air pollution by listening to work report by the municipal bureau of environmental protection and the municipal weather bureau, analyzing changes on air quality in the city and region and proposing three requirements for emergency work on heavy pollution.	PA	CPC Politburo Beijing Party Secretary	B101
2015	12	8	B100	Led by Wang Anshun, vice secretary of the municipal committee and mayor, the team conducted on-spot check on implementing condition of suspension of construction work site in Neuroscience Research Institute, Xuanwu Hospital, parking of official cars in office areas in Central Plaza of the municipal government, restricted travelling of odd and even number for cars. He also learned about diversion of passenger flow in Changchun Street Subway.	PA	Beijing Party Secretary Beijing Mayor	B102
2015	12	8	B100	Wang Anshun, vice secretary of the municipal Party Committee and mayor, chaired and convened the meeting via emergency video meeting. He listened to work reports from various departments, gave full consent to implementing condition of various emergency measures and proposed three requirements for further implementation of emergency work.	PA	Beijing Party Secretary Beijing Mayor	B103
2015	12	8	B100	Li Shixiang, member of the municipal committee, standing deputy mayor and chief director in Emergency Guidance Department for Heavy Air Pollution, took the lead to carry out on-spot check on suspension of construction site of western guide hall, second phase of reform for dilapidated houses in Huangtugang in Wangfujing Street. He demanded that the construction worksite should strictly implement suspension, the construction and building parties should arrange special people for around-the-clock guard and the competent department assign inspection teams for ceaseless and irregular	PA	Beijing Party Secretary Beijing Mayor	B104

				inspection. Zero tolerance is adopted for all issues and responsibilities should be strictly claimed. He checked operation condition of public bus dispatching station to the northern side of Beijing Station.			
2015	12	8	B100	Zhang Gong, member of the municipal committee, secretary general of the municipal committee, deputy mayor and deputy director in Emergency Guidance Department for Heavy Air Pollution, checked limited output in Beijing Ershang Xijie Food Co., Ltd. and suspension of Fuli Canal No. 10 as well as parking and driving of public buses in Tongzhou District. He demanded that supervision and check be intensified on key pollutants of air quality. In the meantime, all measures should form normalization mechanism, various emergency measures should be worked on and social response competence should be boosted during heavy pollution period.	PA	Beijing Party Secretary Beijing Mayor	B105
2015	12	8	B100	The municipal governmental supervision room, the municipal supervision bureau and the municipal bureau of environmental protection would form two city-level comprehensive supervision teams to conduct on-spot supervision on implementing condition of emergency measures by the municipal bureau of public securities as well as Fengtai, Shunyi and Changping District.	MEA	BG BEPA BSB	B106
2015	12	8	B100	The municipal bureau of environmental protection would form four supervision teams and 20 law-enforcement teams to conduct supervision and inspection on the municipal water supplies bureau, the municipal garden greening bureau, Dongcheng District, Shunyi District and Huairou District. Painting Workshop of Hangxing Car Repair Plant in Dongcheng district was sealed as it was short of approving procedure for environmental protection.	MEA	BEPA	B107
2015	12	8	B100	The municipal commission of economy and information technology dispatched 17 supervision teams to conduct on-spot supervision and check on implementation of measures for restricted and suspended production in companies.	MEA	BEITC	B108
2015	12	8	B100	The municipal commission of housing and urban construction formed 9 check teams to conduct on-spot check on 32 work sites and use video monitoring system to carry out non-field patrolling of 766 work sites.	MEA	BHURD	B109
2015	12	8	B100	The municipal commission of transportation referred to such measures as raising of vehicles and so forth based on passenger flows in a bid to ensure	MEA	BTMB	B110

				normal operation order for key roads and rail transit and rise of ground public buses to 21,000.			
2015	12	8	B100	The municipal commission of city governance and appearance organized and dispatched 26989 people and 2966 operation cars to enhance cleaning and sanitation of roads. By 4:00 p.m. on the 8th day, 8184 architect garbage transport vehicles integrating to the city's monitoring platforms had basically ceased to operate.	MEA	BCB	B111

2016	6	23	B35, B36	Notification on intensification of relevant work of non-road mobile engineering machinery discharge management.	LPA	BEPA BHURD	B117
2016	10	24	B116	Pertinent to the characteristics that atmospheric pollution frequently occurs in autumn and winter in our city, Beijing Municipal Environmental Supervision General Team organized environmental protection departments throughout the city to carry out law-enforcement check and supervision. 10 units and places with their wasted gas facilities failing to function normally, open burning and sand failing to be covered are exposed.	MEA	BEPSC	B118
2016	11	2	B37	Beijing Launched Yellow Warning for Heavy Air Pollution.	MEA	BAHPEH	B119
2016	11	3	B119	By holding emergency video meetings, the municipal commission of housing and urban construction organized commissions of housing and urban construction (bureau of housing management) in all districts and parent corporate companies to deploy response to tackle with yellow warning for heavy air pollution. They organized over 200 staffs to carry out law-enforcing check on addressing of dust in construction spot and conducted on-spot check	MEA	BHURD	B120

				on over 300 work sites. By using video monitoring system, they carried out non-field surveillance test on 420 work sites via video monitoring system.			
2016	11	3	B119	The urban management departments would timely launch yellow warning operation response, arrange environmental sanitation group and other operating units and environmental sanitation centers in all districts to raise number of clean keepers, intensify cleaning of key roads and arrange 3 groups of city-level test teams to supervise and check key roads in different districts.	MEA	BUMC	B121
2016	11	3	B119	Law-enforcing staffs in the environmental protection departments should get engaged in test of law enforcement. Over 300 law-enforcing staffs on environmental protection were dispatched including 9 municipal-level laws-enforcing test groups.	MEA	BEPA	B122
2016	11	3	B119	The municipal urban management law enforcement bureau would hold full-system video meeting to deploy and mobilize handling of yellow warning of heavy air pollution. It deployed 2650 law-enforcement staffs, checked 430 work sites and regulated 76 sites. It checked 103 vehicles of muck and regulated 45. It checked 18 open burning and open barbecue.	MEA	BUMLEB	B123
2016	11	3	B119	The municipal governmental supervision office would timely release notification for supervision to its membership units demanding that they organize and hold mobilization and deployment in their respective districts and system and that relevant law-enforcing departments should carry out law-enforcing check at the grassroots with information feedback being registered.	MEA	BG	B124
2016	11	3	B119	The municipal public security bureau and traffic management bureau would intensify law-enforcing check degree on such heavy-duty vehicles as muck vehicle and so forth.	MEA	BPSB	B125
2016	11	3	B119	The Ministry of Environmental Protection would join experts and some media from Beijing Municipal Bureau of Environmental Protection and China Automobile Research Center to conduct all-day on-spot check on 17 mobile sources in Beijing.	MEA	BEPA	B126
2016	11	15	B116	“Double random” check launched for key fixed pollution sources in Beijing.	MEA	BEPA	B127

Appendix 3: Actor list

Abbreviations of actors	Full names of actors
Part A: Central Government and Party Actors	
NPC	National People's Congress
SC	State Council
NDRC	National Development and Reform Commission
MOEP	Ministry of Environmental Protection
MOIT	Ministry of Industry and Information Technology
MOHURD	Ministry of Housing and Urban-Rural Development
MOF	Ministry of Finance
MOT	Ministry of Transportation
MOLR	Ministry of Land and Resources
MOST	Ministry of Science and Technology
NEA	National Energy Administration
CMA	China Meteorological Administration
CBRC	China Banking Regulatory Commission
CPC Politburo	Politburo of Communist Party of China
Part B: BTH Actors	
BTHAPCLG	BTH Air Pollution Control Leading Group
BPC	Beijing People's Congress
BG	Beijing Municipal Government
BEPA	Beijing Environmental Protection Bureau
BEMC	Beijing Environmental Monitoring Center
BUMLEB	Beijing Urban Management and Law Enforcement Bureau
BTMB	Beijing Traffic Management Bureau

BAB	Beijing Agriculture Bureau
BSB	Beijing Statistical Bureau
BDRC	Beijing Development and Reform Commission
BQSB	Beijing Quality and Technology Supervision Bureau
BEPSC	Beijing Environmental Protection Supervision Corps
BMVEMC	Beijing Motor Vehicle Emission Monitoring Center
BPBG	Beijing Public Bus Group
BPSB	Beijing Public Security Bureau
BHURD	Beijing Housing and Urban-Rural Development Commission
BFB	Beijing Finance Bureau
BEITC	Beijing Economy and Information Technology Commission
BAHPEH	Beijing Air Heavy Pollution Emergency Headquarter
BCB	Beijing Cityscape Bureau
BUMC	Beijing Urban Management Commission
TPC	Tianjin People's Congress
TG	Tianjin Municipal Government
TEPA	Tianjin Environmental Protection Bureau
TFAH	Tianjin Fresh Air Headquarter
TEPSC	Tianjin Environmental Protection Supervision Corps
TPSB	Tianjin Public Security Bureau
TTC	Tianjin Transportation Commission
TMVEMC	Tianjin Motor Vehicle Emission Monitoring Center
HPC	Hebei People's Congress
HP	Hebei Provincial Government
HEPA	Hebei Environmental Protection Bureau
HPDF	Hebei Provincial Department of Financing
HPSB	Hebei Public Security Bureau
HPP	Hebei Provincial Procuratorate
HPC	Hebei Provincial Court
HDEPA	Handan Environmental Protection Bureau
HSEPA	Hengshui Environmental Protection Bureau
HMVEMC	Hebei Motor Vehicle Emission Monitoring Center
BDEPA	Baoding Environmental Protection Bureau
LCEPA	Luan County Environmental Protection Bureau
TSEPA	Tangshan Environmental Protection Bureau
LFEP	Langfang Environmental Protection Bureau
SJZEPA	Shijiazhuang Environmental Protection Bureau
SJZPSB	Shijiazhuang Public Security Bureau
ZJKEAP	Zhuangziakou Environmental Protection Bureau

HEPSALG	Hebei Environmental Protection Special Action Leading Group
HDTERLG	Hebei Double-Thirty Energy-Saving Emergency Response Leading Group
Beijing mayor	Beijing mayor
Beijing Party secretary	Beijing Party secretary
Tianjin mayor	Tianjin mayor
Tianjin Party secretary	Tianjin Party secretary
HEPA director	HEPA director
HIIT director	HIIT director (HIIT: Hebei Department of Industry and Information Technology)
HPSB director	HPSB director
HHURD director	HHURD director (HHURD: Hebei Department of Housing and Urban-Rural Development)
HT director	HTB director (HT: Hebei Department of Transportation)
HMA director	HMA director (HMA: Hebei Meteorological Administration)
Part C: YRD Actors	
YRDUECM	Yangtze River Delta Urban Economy Cooperation member
SPC	Shanghai People's Congress
SHG	Shanghai Municipal Government
SHEPA	Shanghai Environmental Protection Bureau
SEMC	Shanghai Environmental Monitoring Center
SHESSC	Shanghai Energy-Saving Supervision Center
SHTB	Shanghai Transportation Bureau
SHAB	Shanghai Agriculture Bureau
SHQSB	Shanghai Quality and Technology Supervision Bureau
SHMA	Shanghai Meteorological Administration
JPC	Jiangsu People's Congress
JSG	Jiangsu Provincial Government
JSEPA	Jiangsu Environmental Protection Bureau
JSDRC	Jiangsu Development and Reform Commission
JSFB	Jiangsu Department of Financing
JSETC	Jiangsu Economy and Trade Commission
JSSTB	Jiangsu Department of Science and Technology
JSPSB	Jiangsu Public Security Bureau
JSLRB	Jiangsu Department of Land Resources
JSHURD	Jiangsu Department of Housing and Urban-Rural Development
JSTB	Jiangsu Department of Transportation
JSAB	Jiangsu Department of Agriculture
JSSCSLG	Jiangsu Province Social Credit System Construction Leading Group
ZPC	Zhejiang People's Congress
ZJG	Zhejiang Provincial Government
ZJEPA	Zhejiang Environmental Protection Bureau

ZJPSB	Zhejiang Public Security Bureau
ZJTB	Zhejiang Department of Transportation
ZJDRC	Zhejiang Development and Reform Commission
ZEMC	Zhejiang Environmental Monitoring Center
APC	Anhui People's Congress
AHG	Anhui Provincial Government
AHEPA	Anhui Environmental Protection Bureau
WJCB	Wanjiang city belt to undertake industrial transfer demonstration area
SH CPC Politburo	Shanghai CPC Politburo
SH mayor	Shanghai mayor
WX mayor	Wuxi mayor
NB mayor	Ningbo mayor
ZS mayor	Zhoushan mayor
SZ mayor	Suzhou mayor
YZ mayor	Yangzhou mayor
HZ mayor	Hangzhou mayor
SX mayor	Shaoxing mayor
NJ mayor	Nanjing mayor
NT mayor	Nantong mayor
TZ mayor	Taizhou mayor
CZ mayor	Changzhou mayor
HZ mayor	Huzhou mayor
JX mayor	Jiaying mayor
ZJ mayor	Zhenjiang mayor
JS Party secretary	Jiangsu Provincial CPC secretary
ZJ Party secretary	Zhejiang Provincial CPC secretary
SH Party secretary	Shanghai CPC secretary
AH Party secretary	Anhui Provincial CPC secretary
JS governor	Jiangsu governor
ZJ governor	Zhejiang governor
AH governor	Anhui governor
ZJDRC director	ZJDRC director (ZJDRC: Zhejiang Development and Reform Commission)
JSDRC director	JSDRC director (JSDRC: Jiangsu Development and Reform Commission)
SHDRC director	SHDRC director (SHDRC: Shanghai Development and Reform Commission)
SHEPA director	SHEPA director
SHEITC director	SHEITC director (SHEITC: Shanghai Economy and Information Technology Commission)
SHHURD director	SHHURD director (SHHURD: Shanghai Department of Housing and Urban-Rural Development)
SHAB director	SHAB director

SHFB director	SHFB director (SHFB: Shanghai Finance Bureau)
SHPSB director	SHPSB director (SHPSB: Shanghai Public Security Bureau)
SPC member	SPC member
SHMA director	SHMA director (SHMA: Shanghai Meteorological Administration)
JSEPA director	JSEPA director (JSEPA: Jiangsu Environmental Protection Bureau)
ZJEPA director	ZJEPA director (ZJEPA: Zhejiang Environmental Protection Bureau)
AHEPA director	AHEPA director (ANEPA: Anhui Environmental Protection Bureau)
Part D: Non-Governmental Actors (State-Owned Energy Companies)	
PetroChina	China National Petroleum Corporation
Sinopec	China Petroleum & Chemical Corporation
StateGrid	State Grid Corporation of China
Huaneng	China Huaneng Group Company
Datang	China Datang Group Company
Huadian	China Huadian Group Company
Zongdiantou	State Power Investment Corporation
Shenhua	China Shenhua Group Company
