

Color Key

transcription factor binding

# RNA polymerase III transcription factor binding

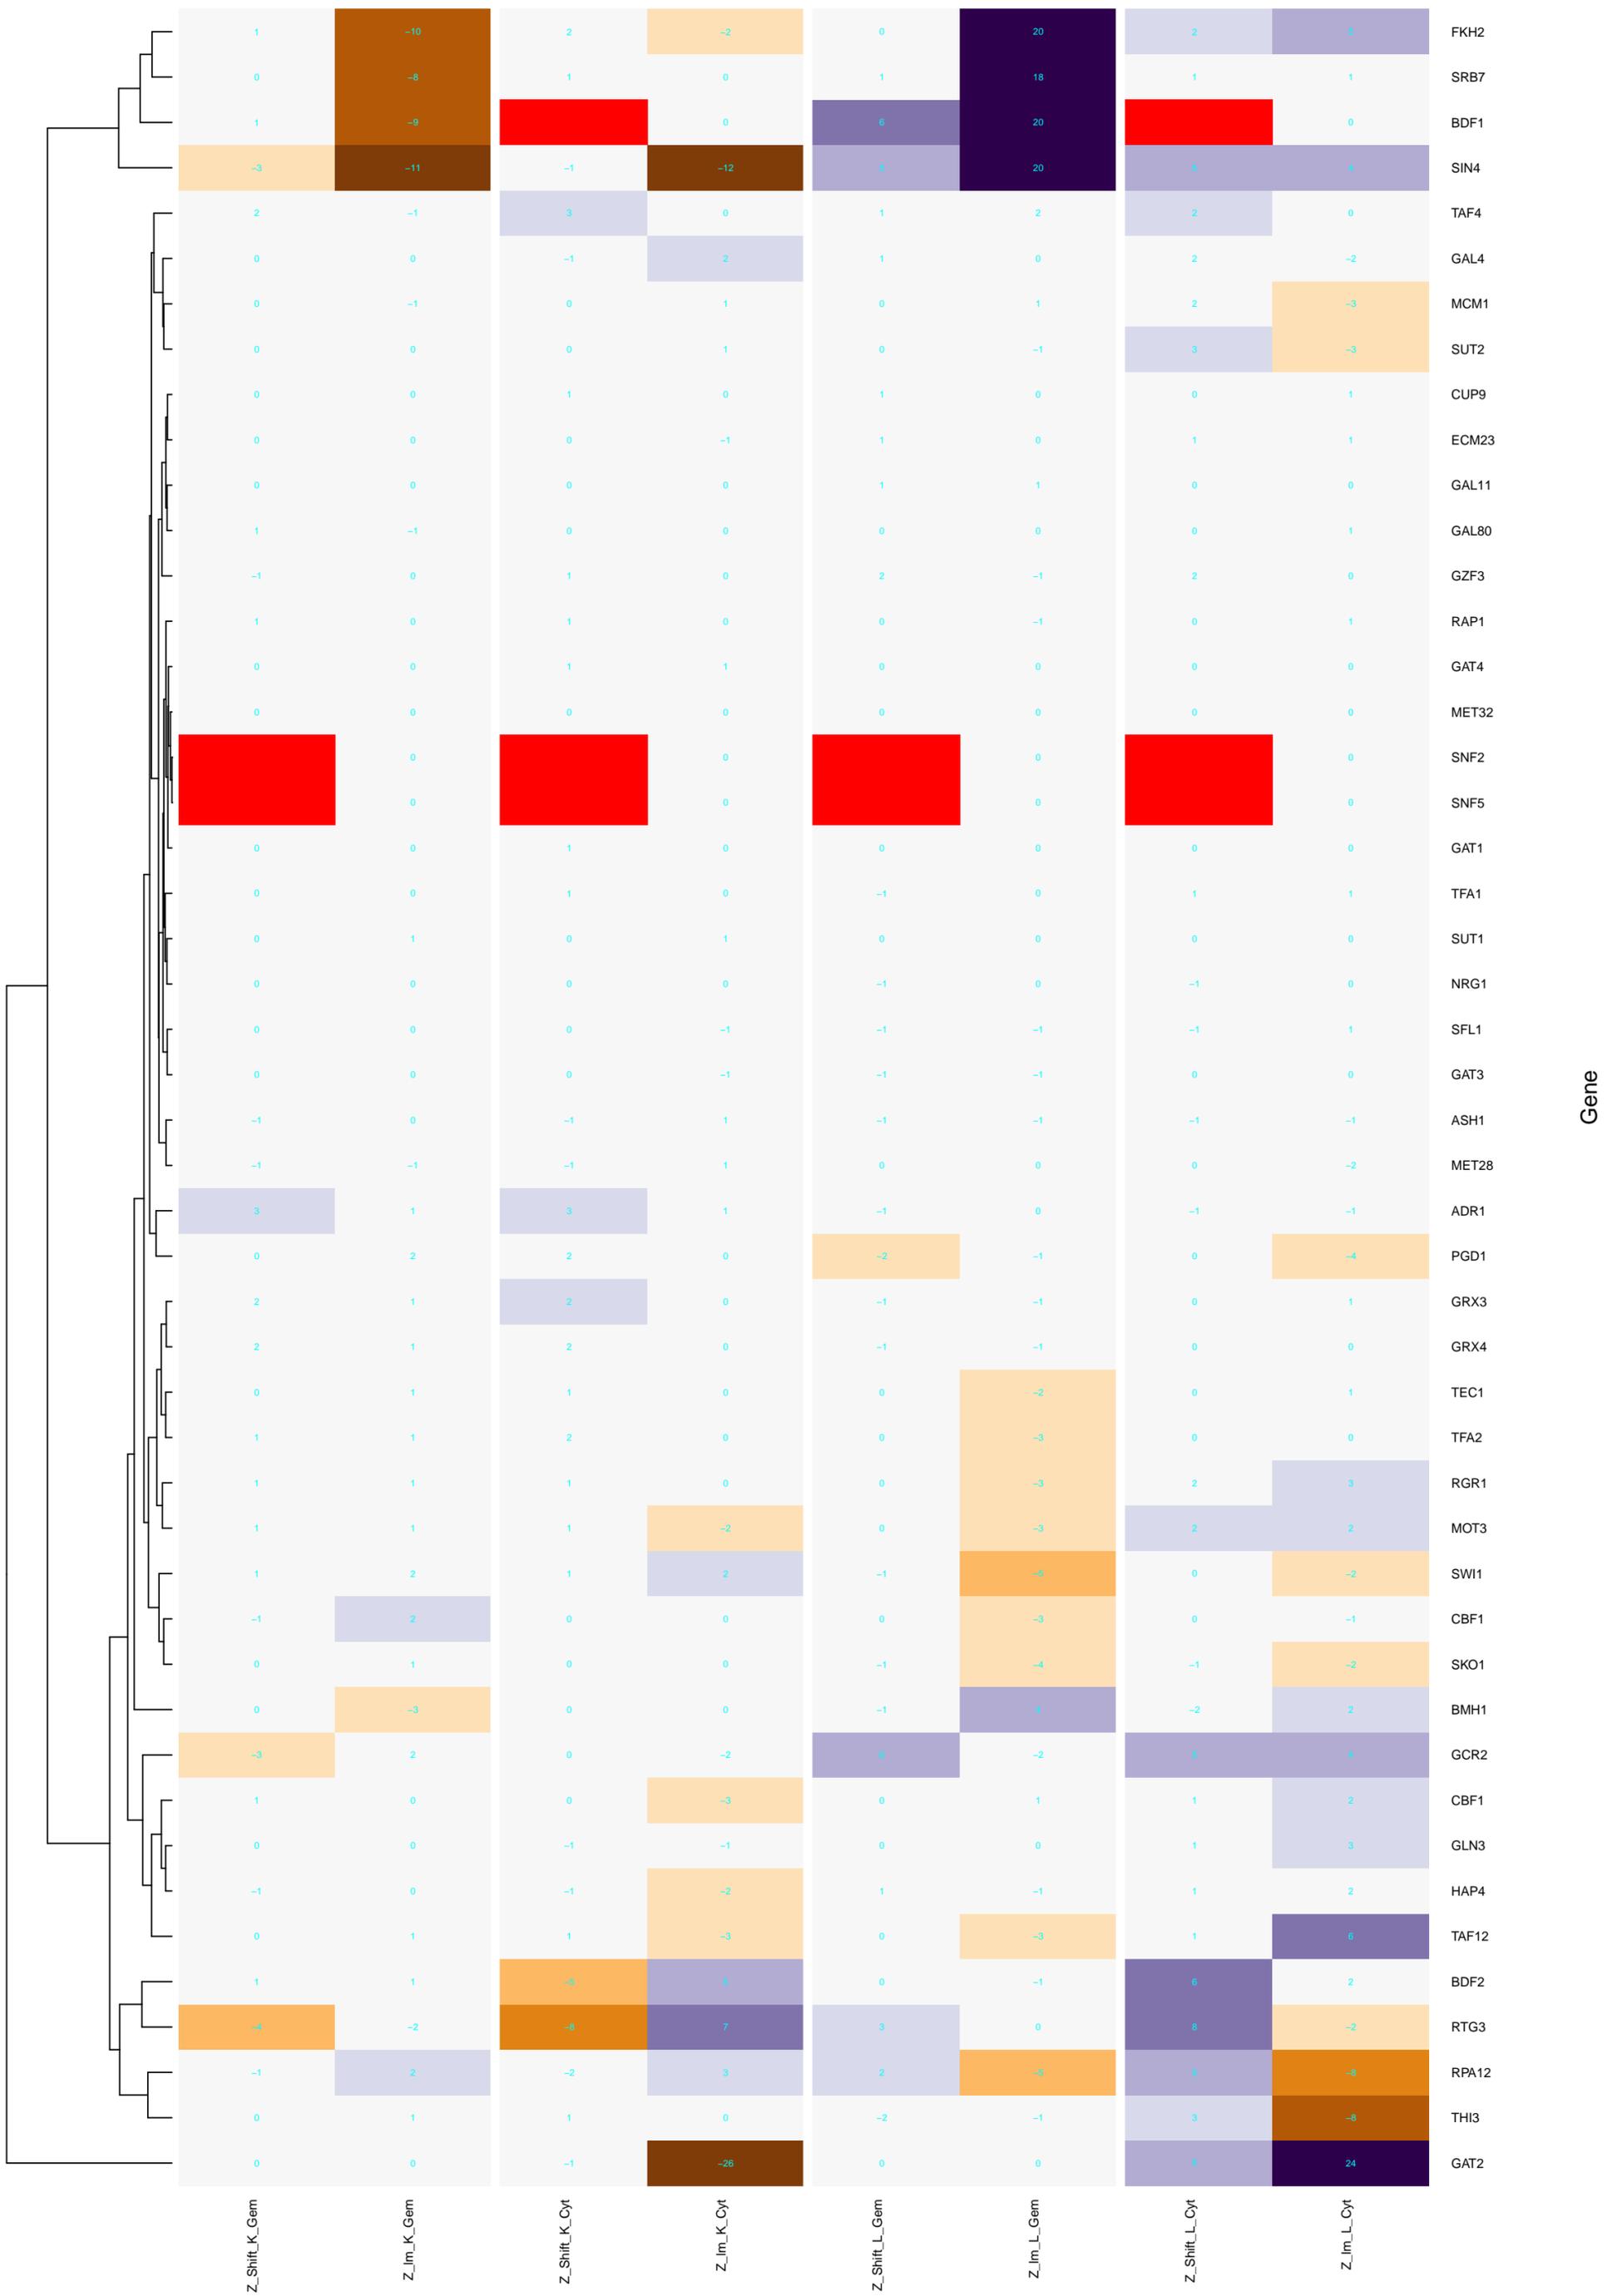

Gene

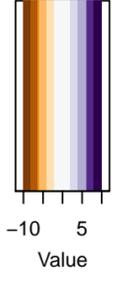

Color Key

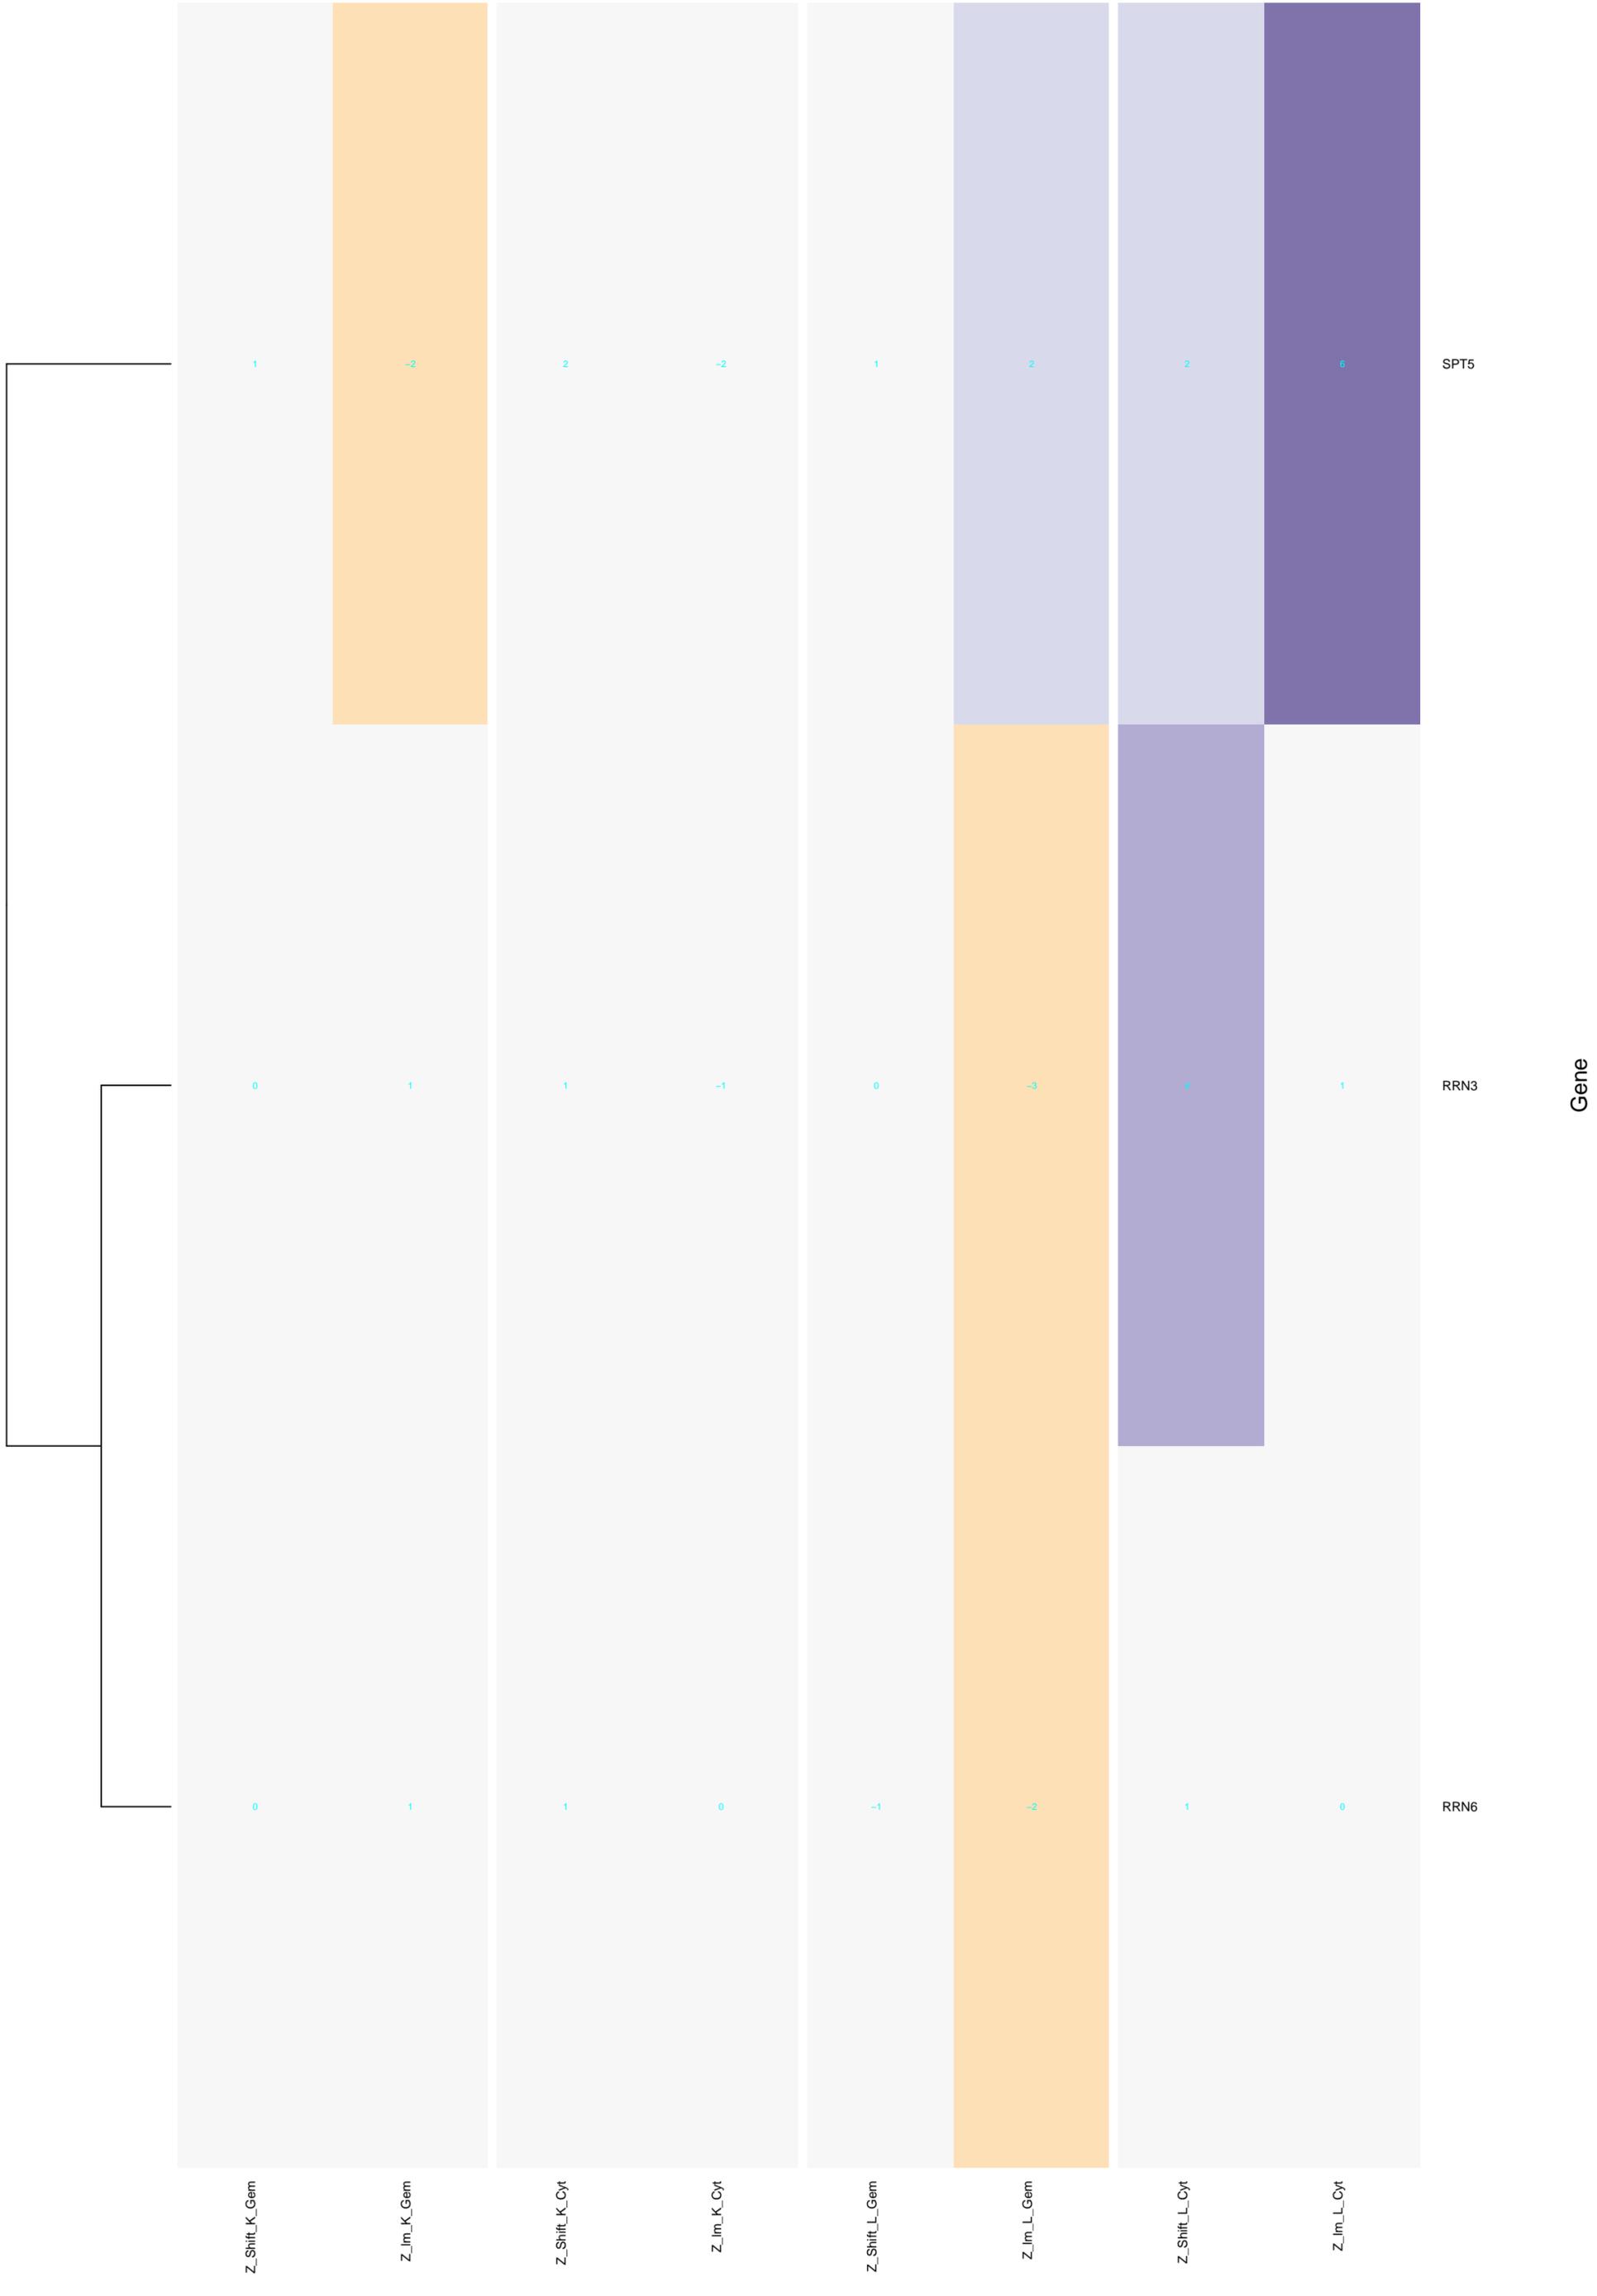

# RNA polymerase II transcription factor binding

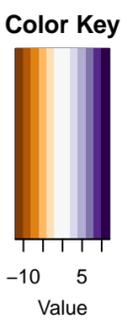

Color Key

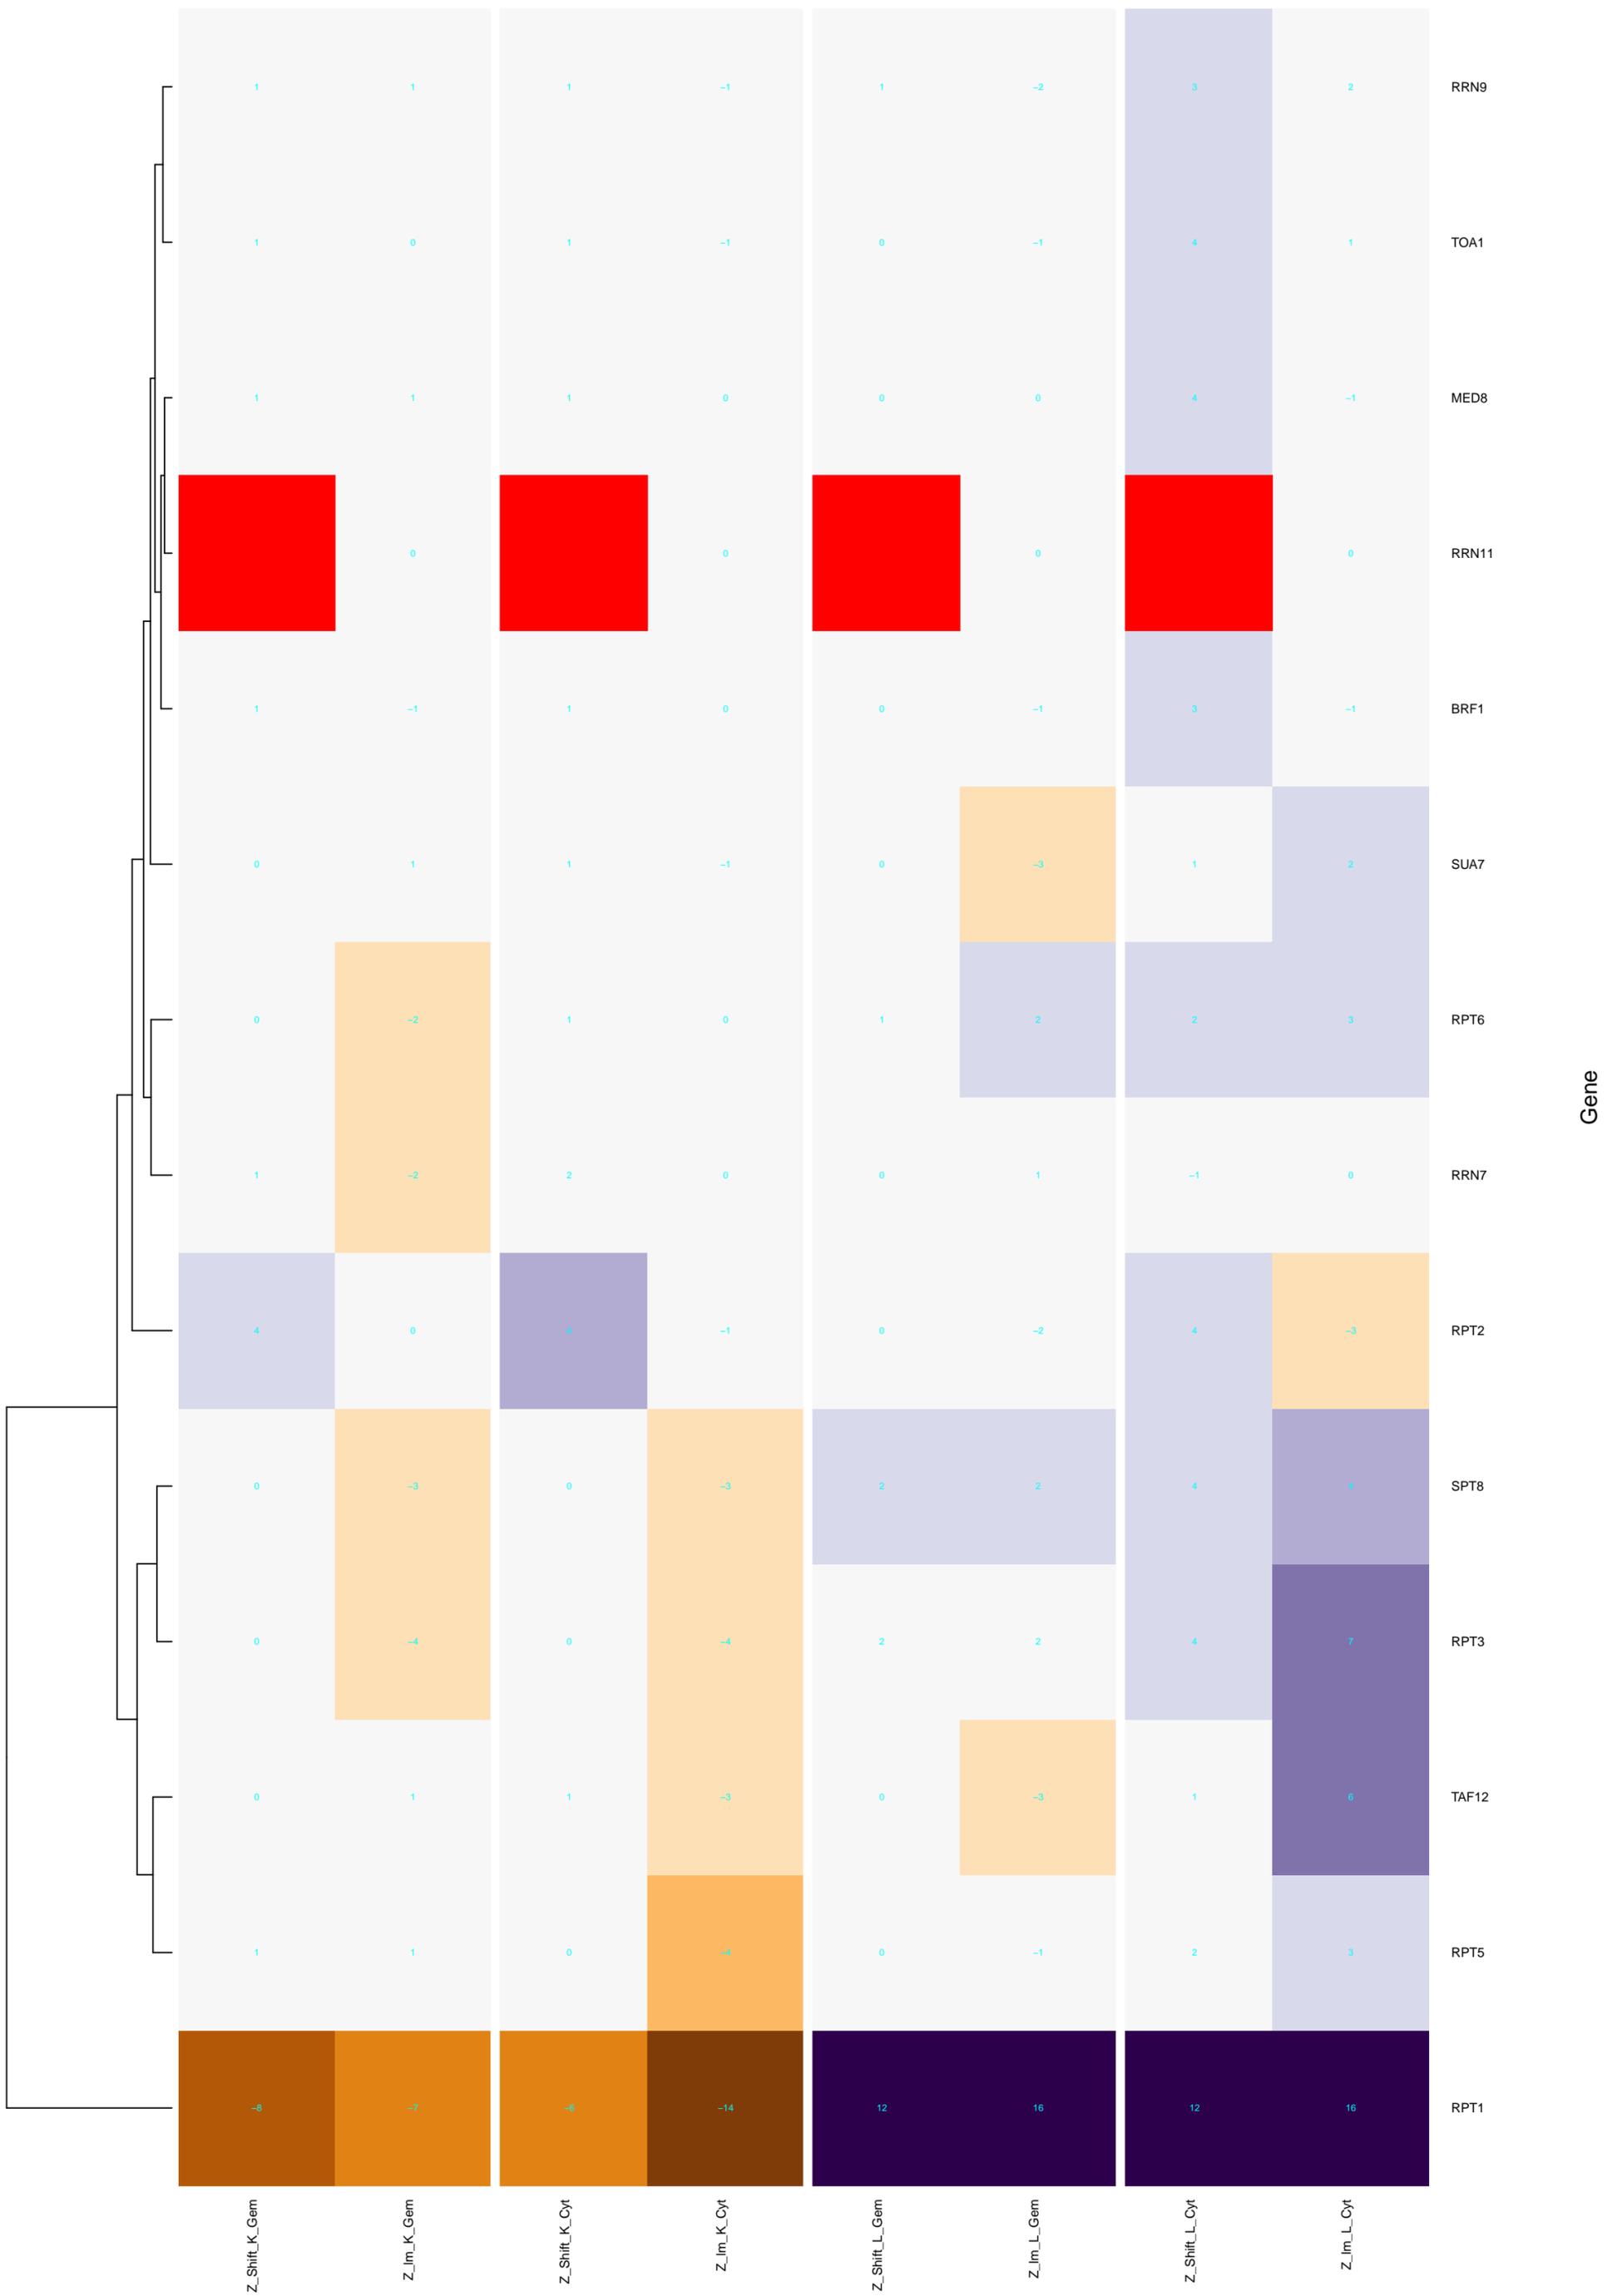

# RNA polymerase I transcription factor binding

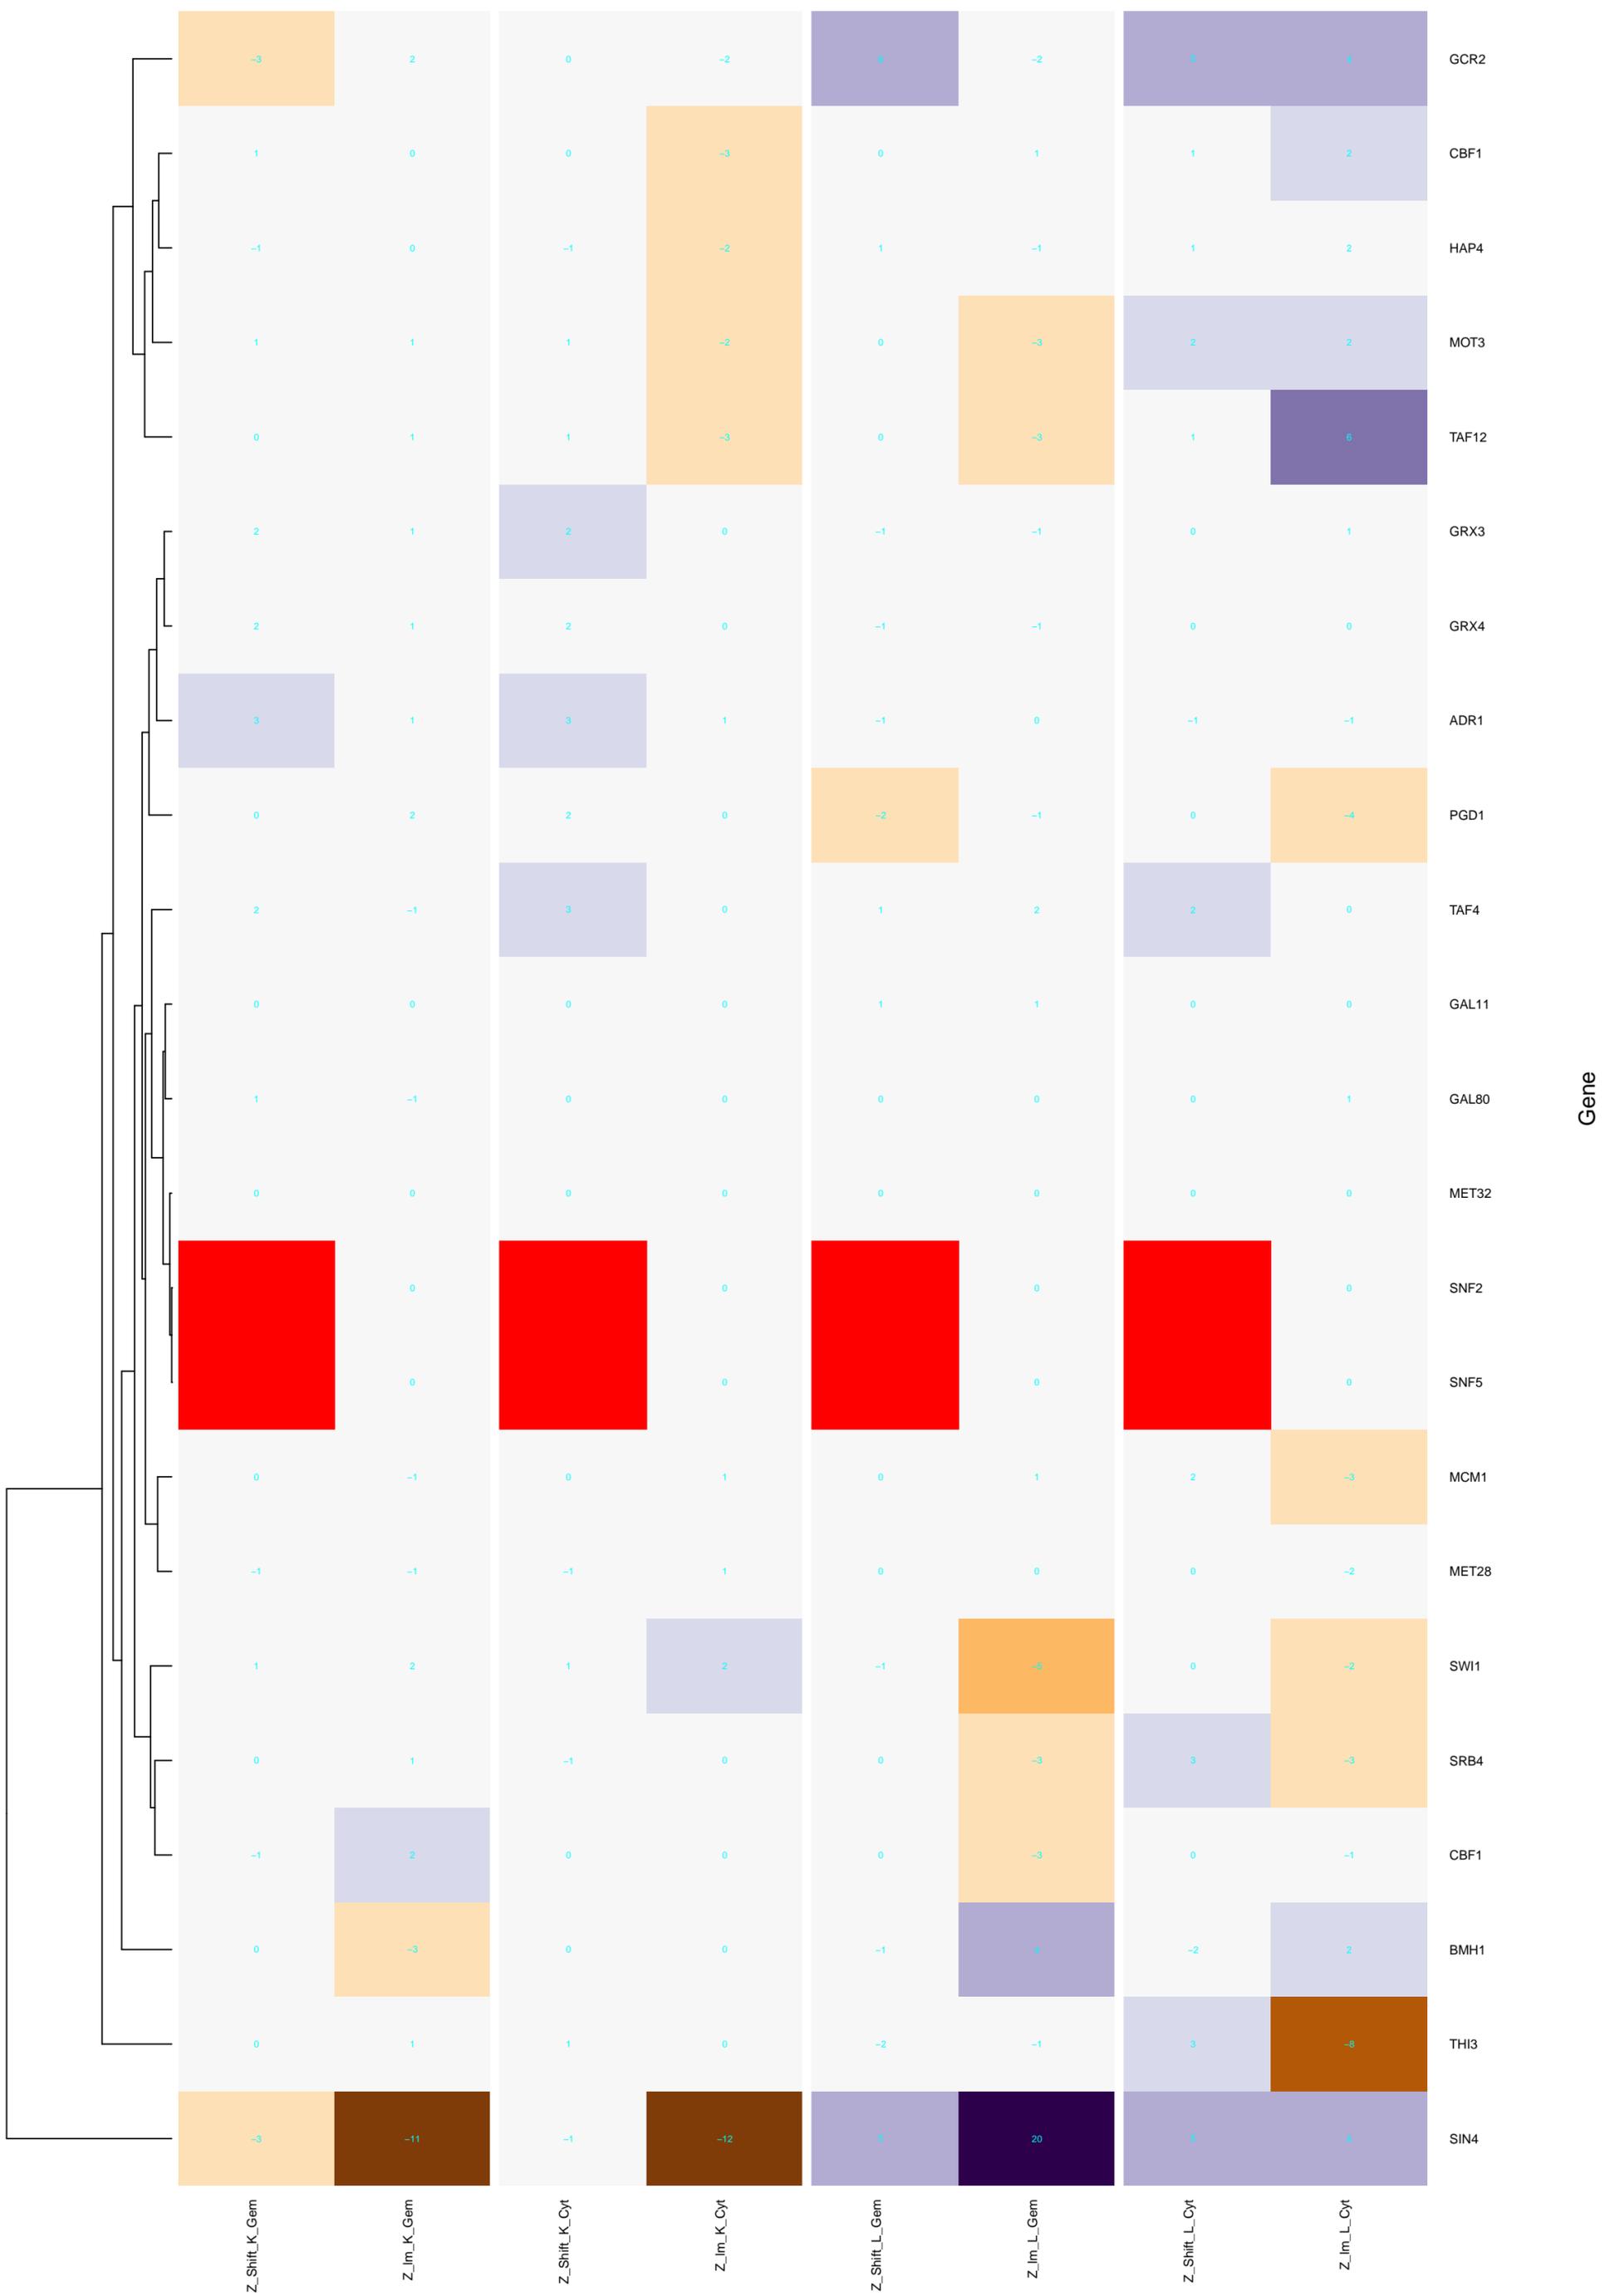

# TBP-class protein binding

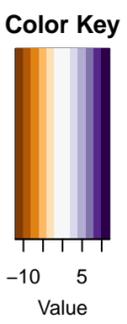

Color Key

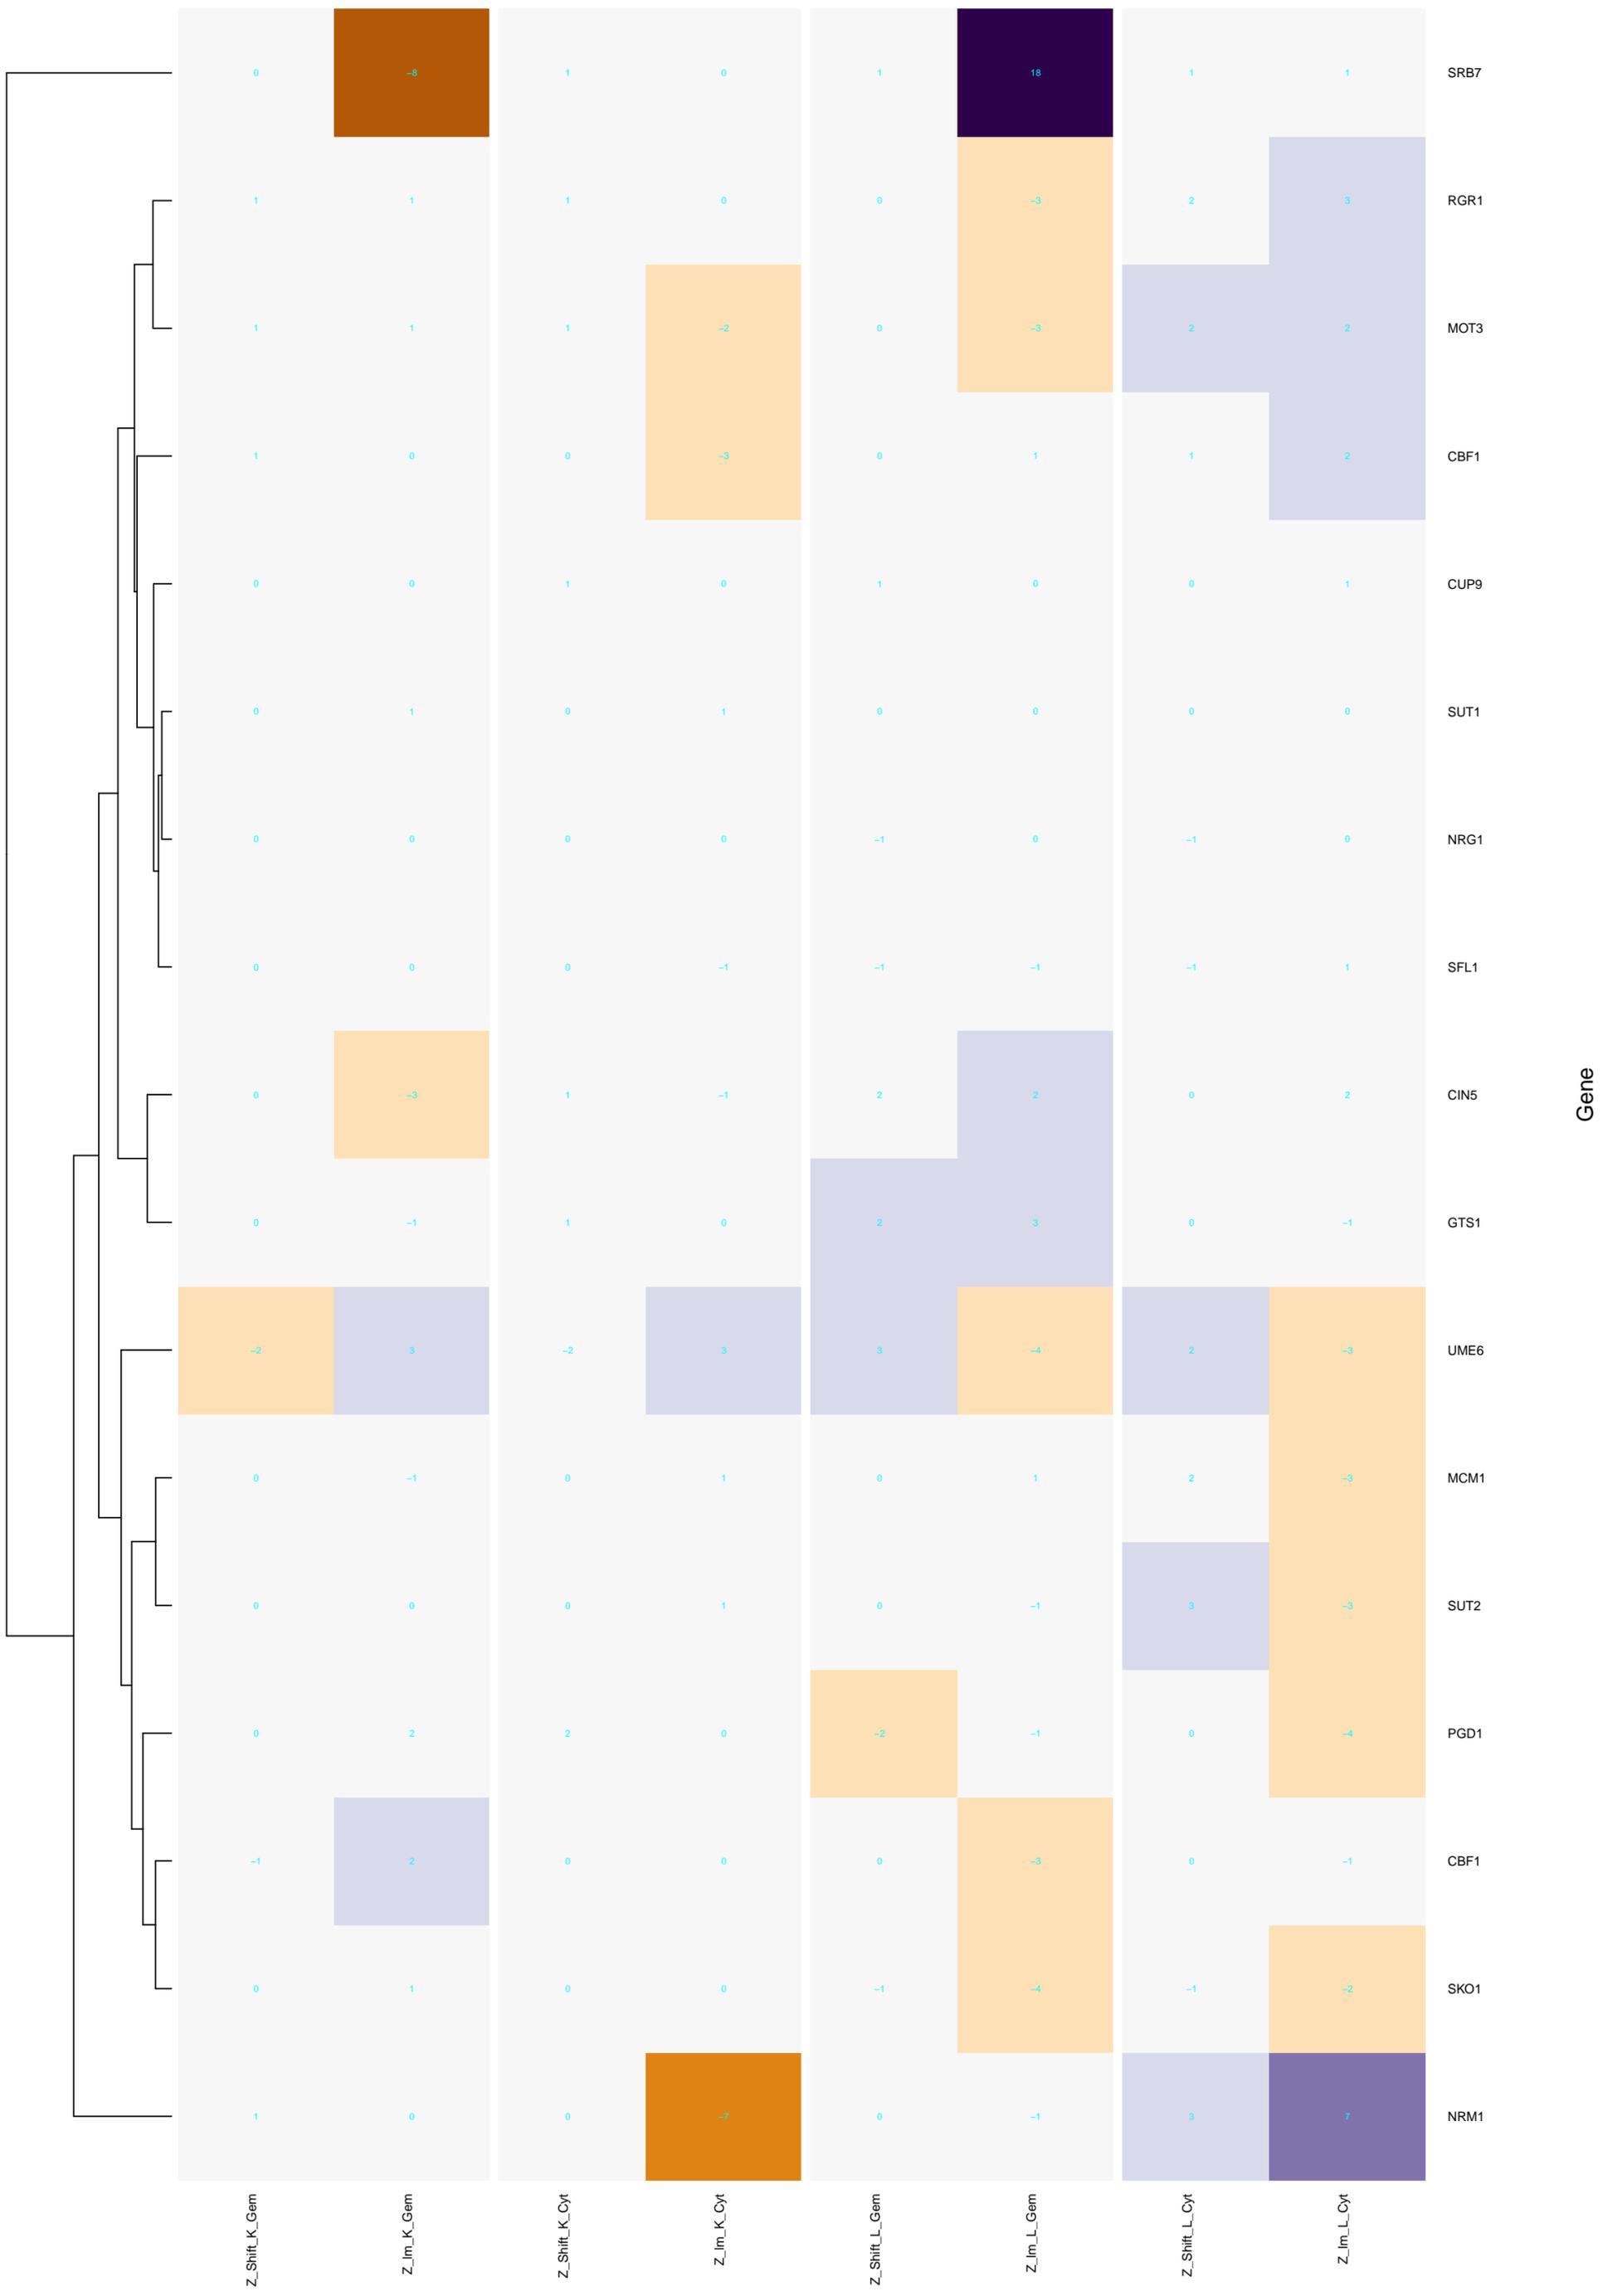

# activating transcription factor binding

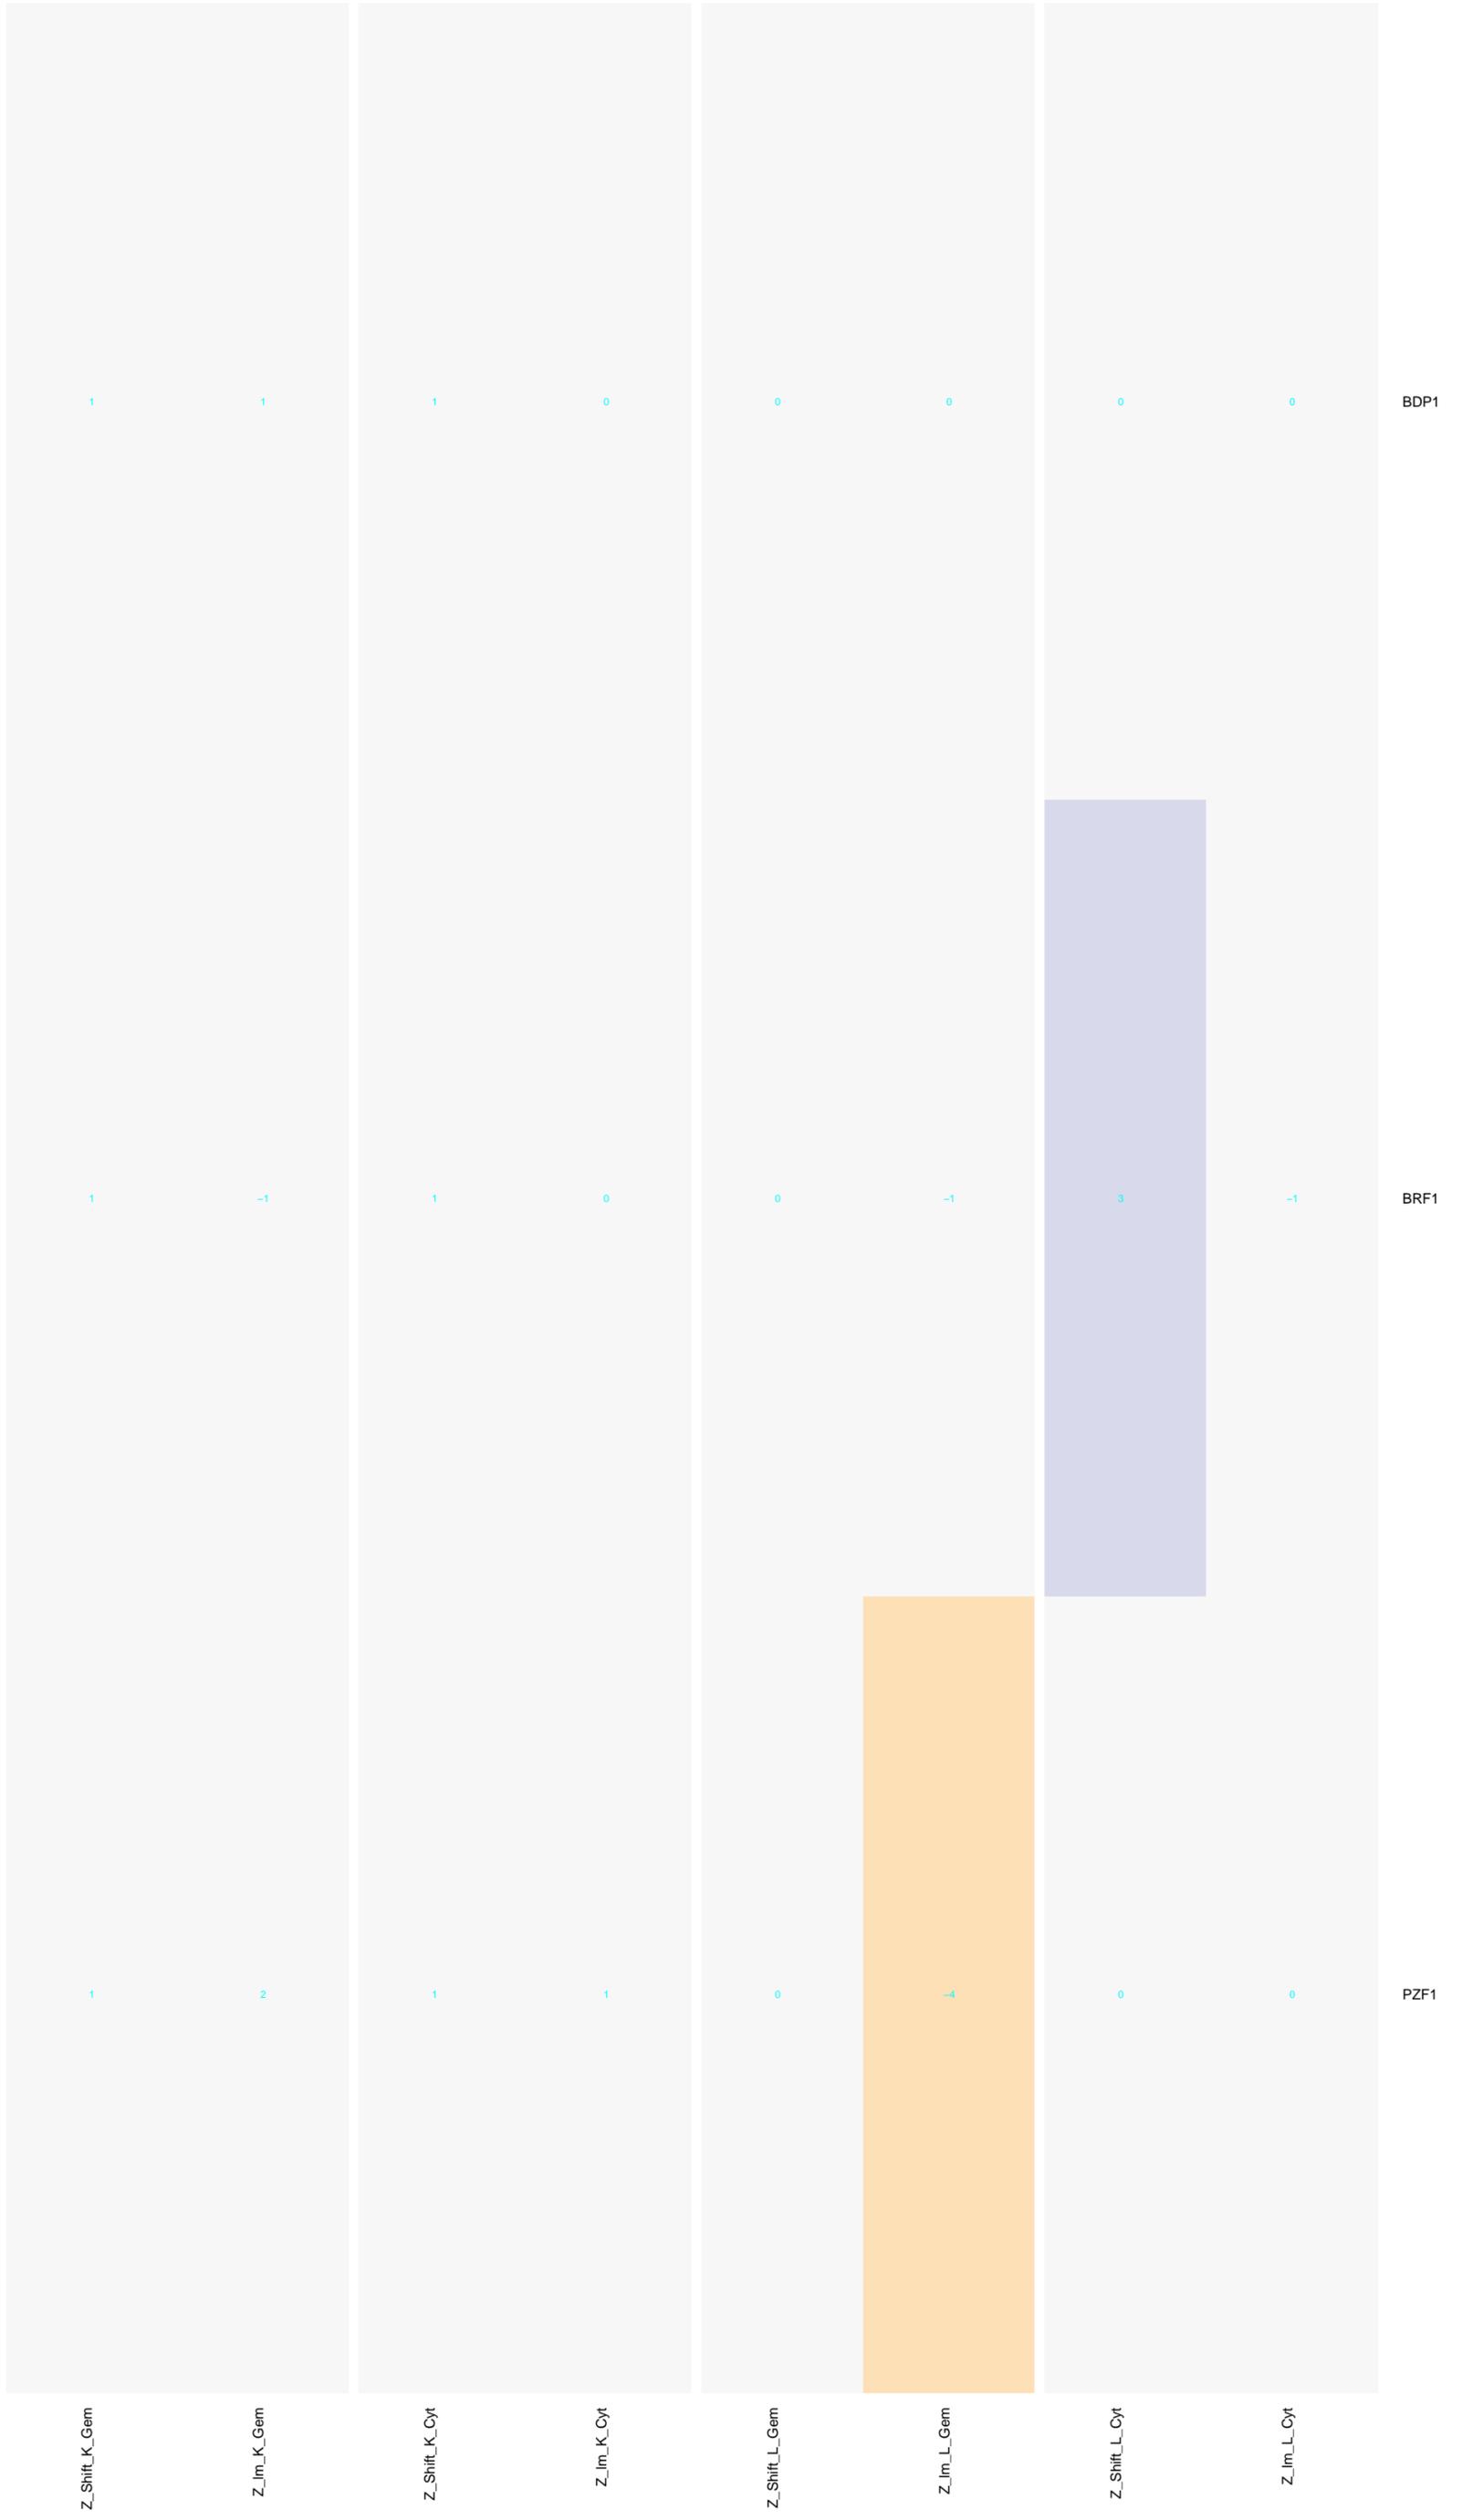

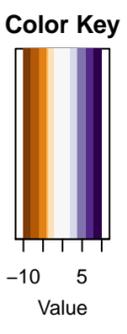

Gene

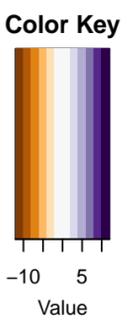

# repressing transcription factor binding

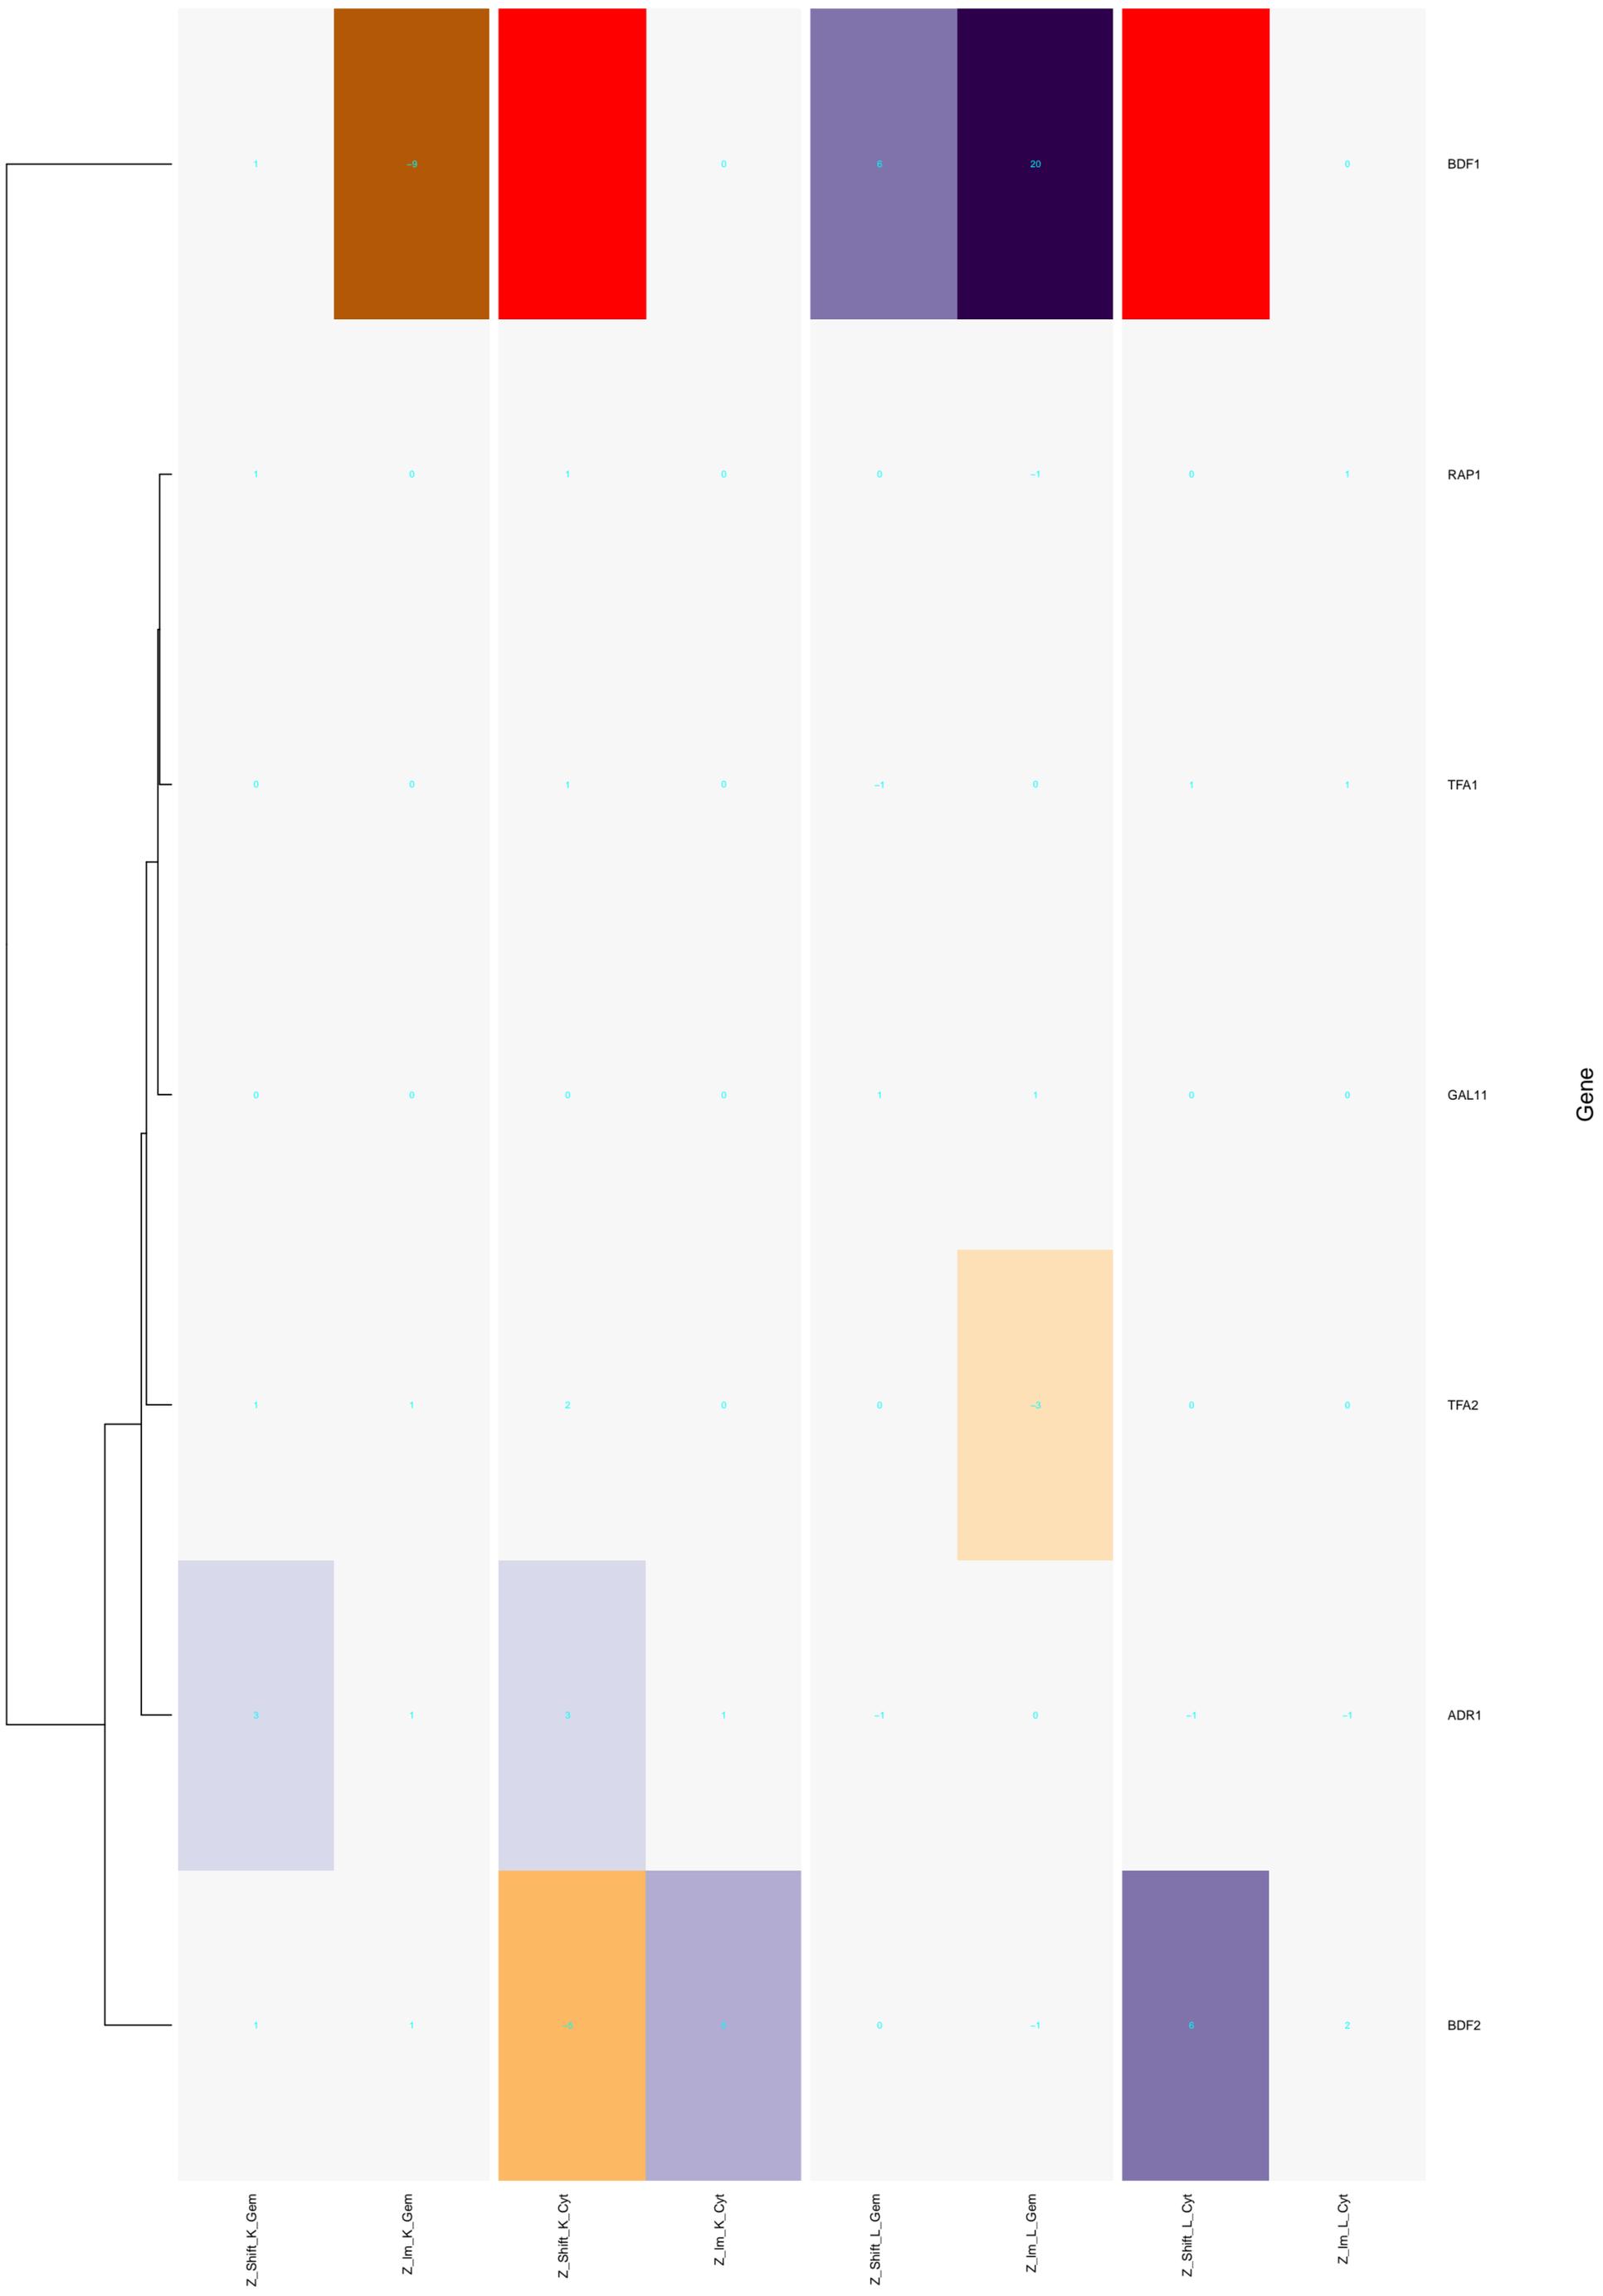

# TFIIIC-class transcription factor binding

Gene

# RNA polymerase II basal transcription factor binding

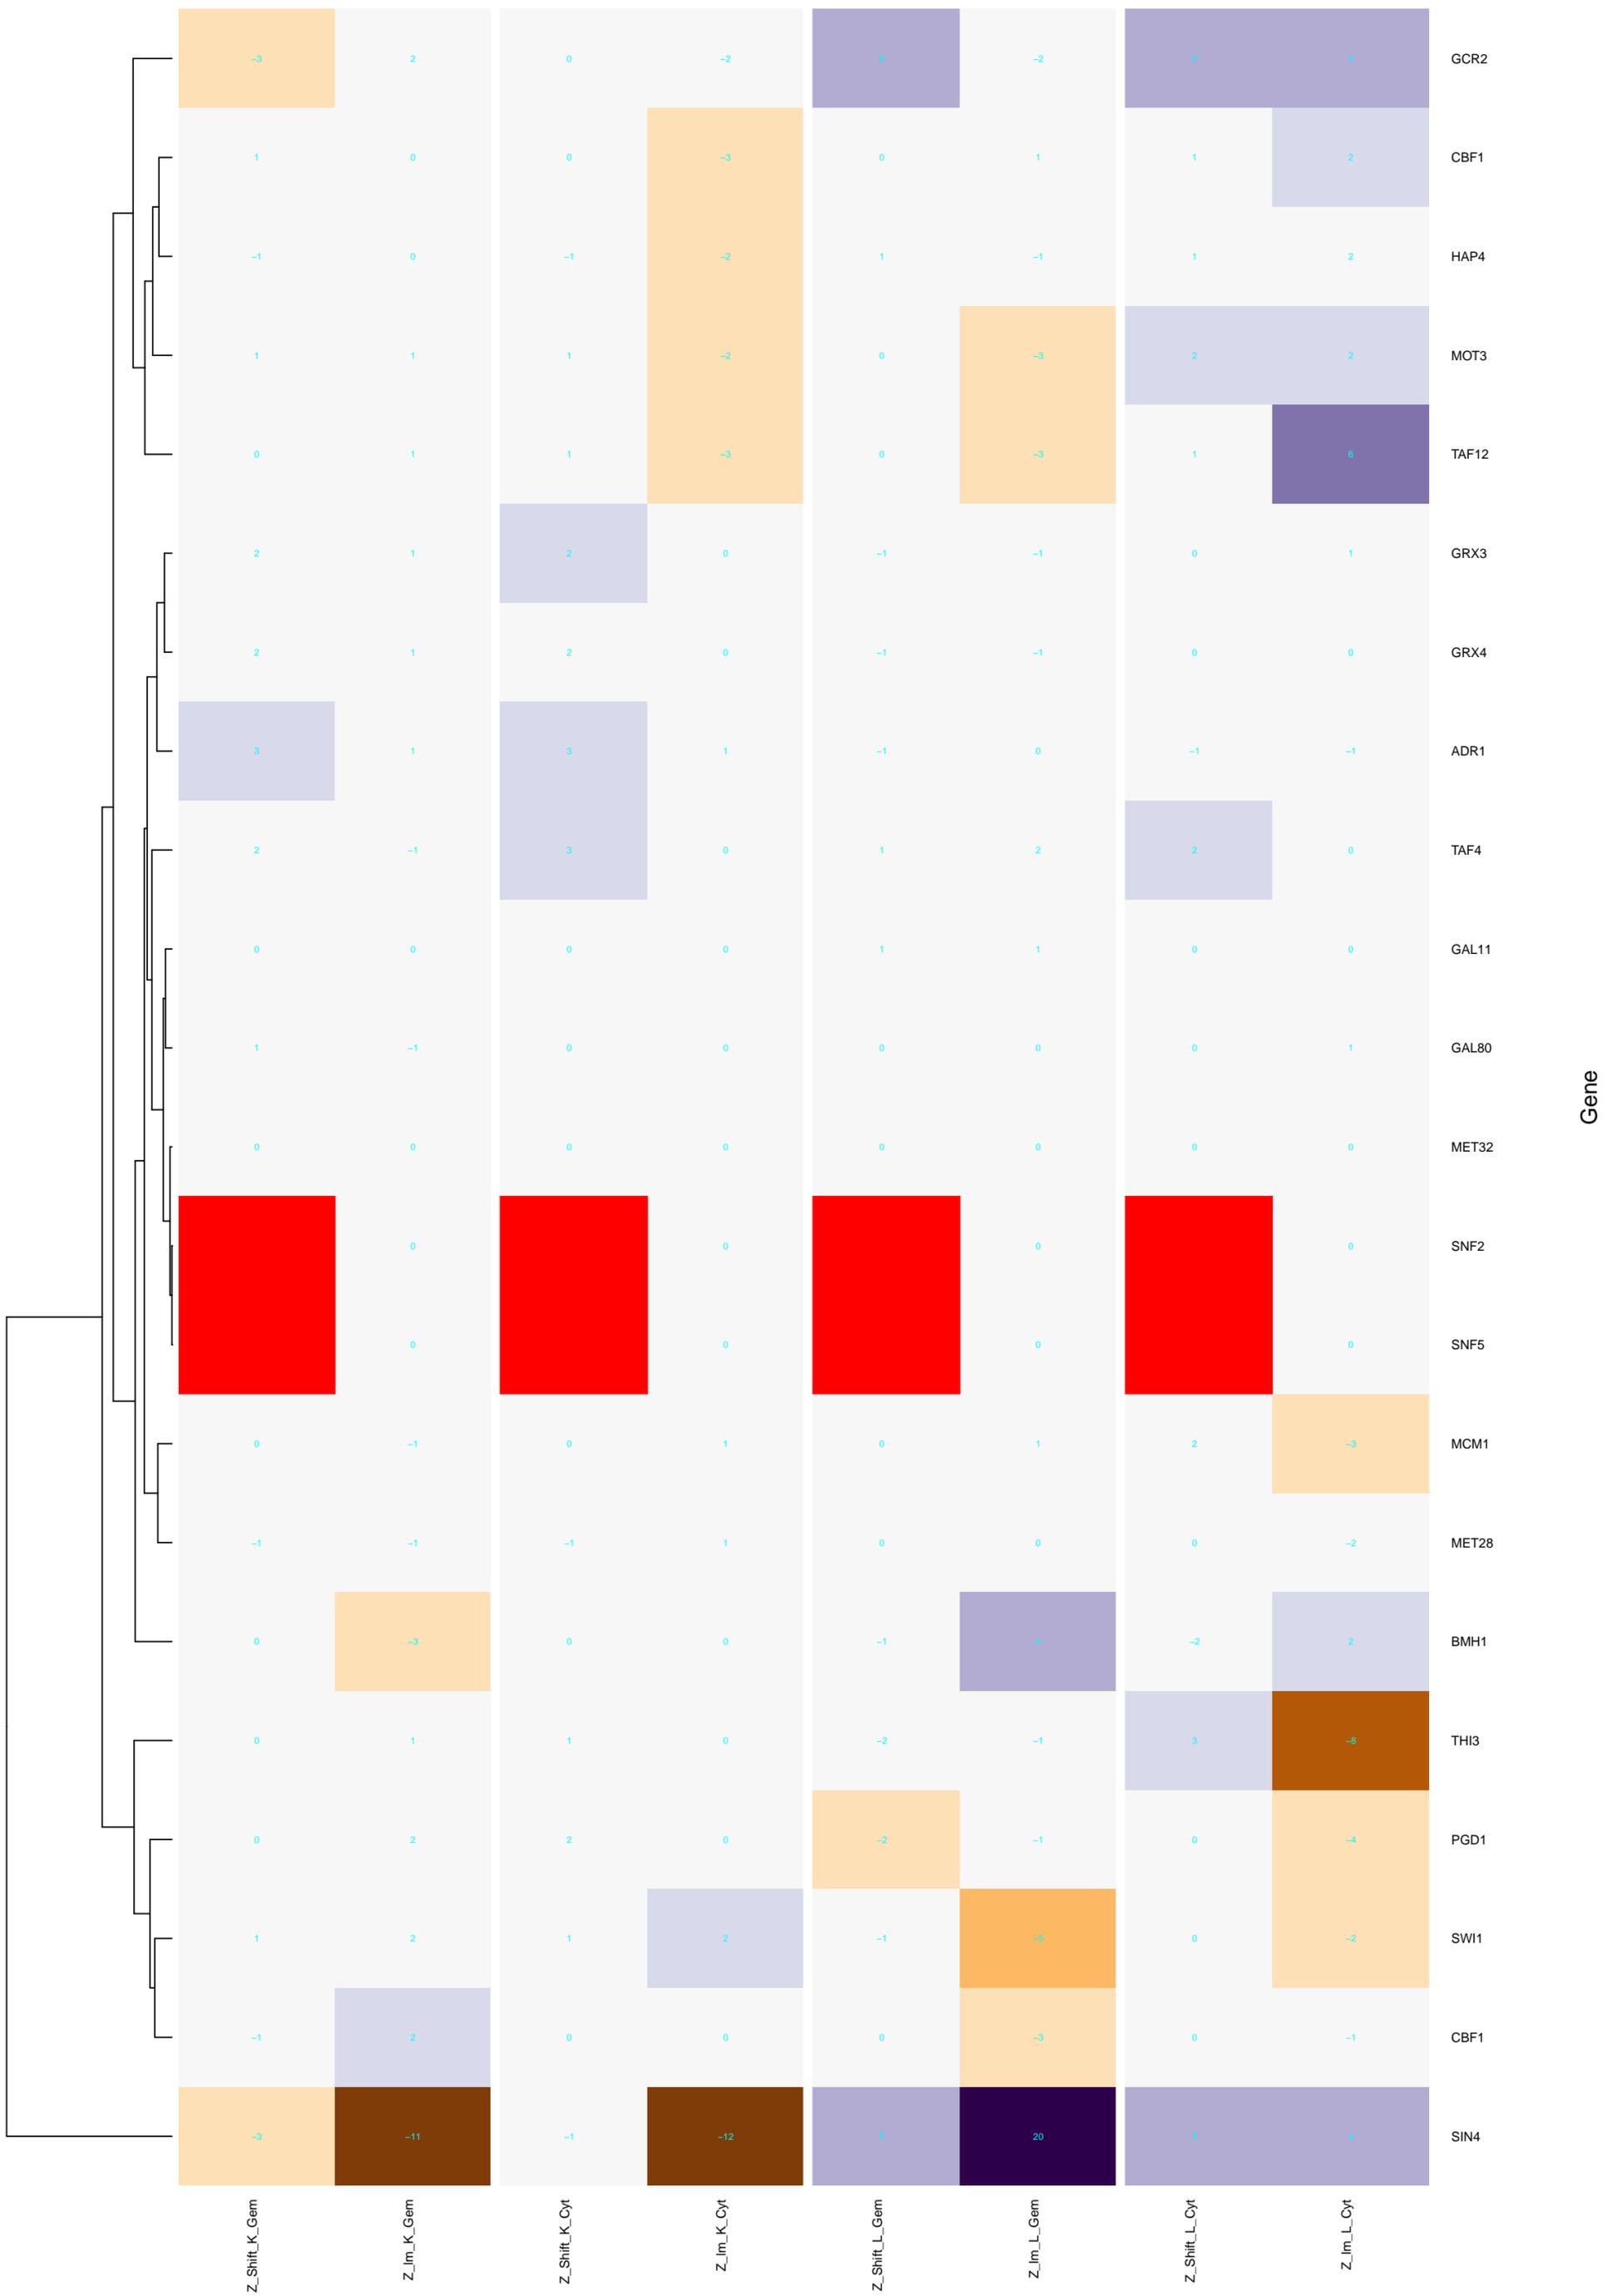

Color Key

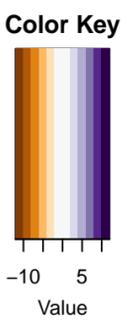

-10 5  
Value

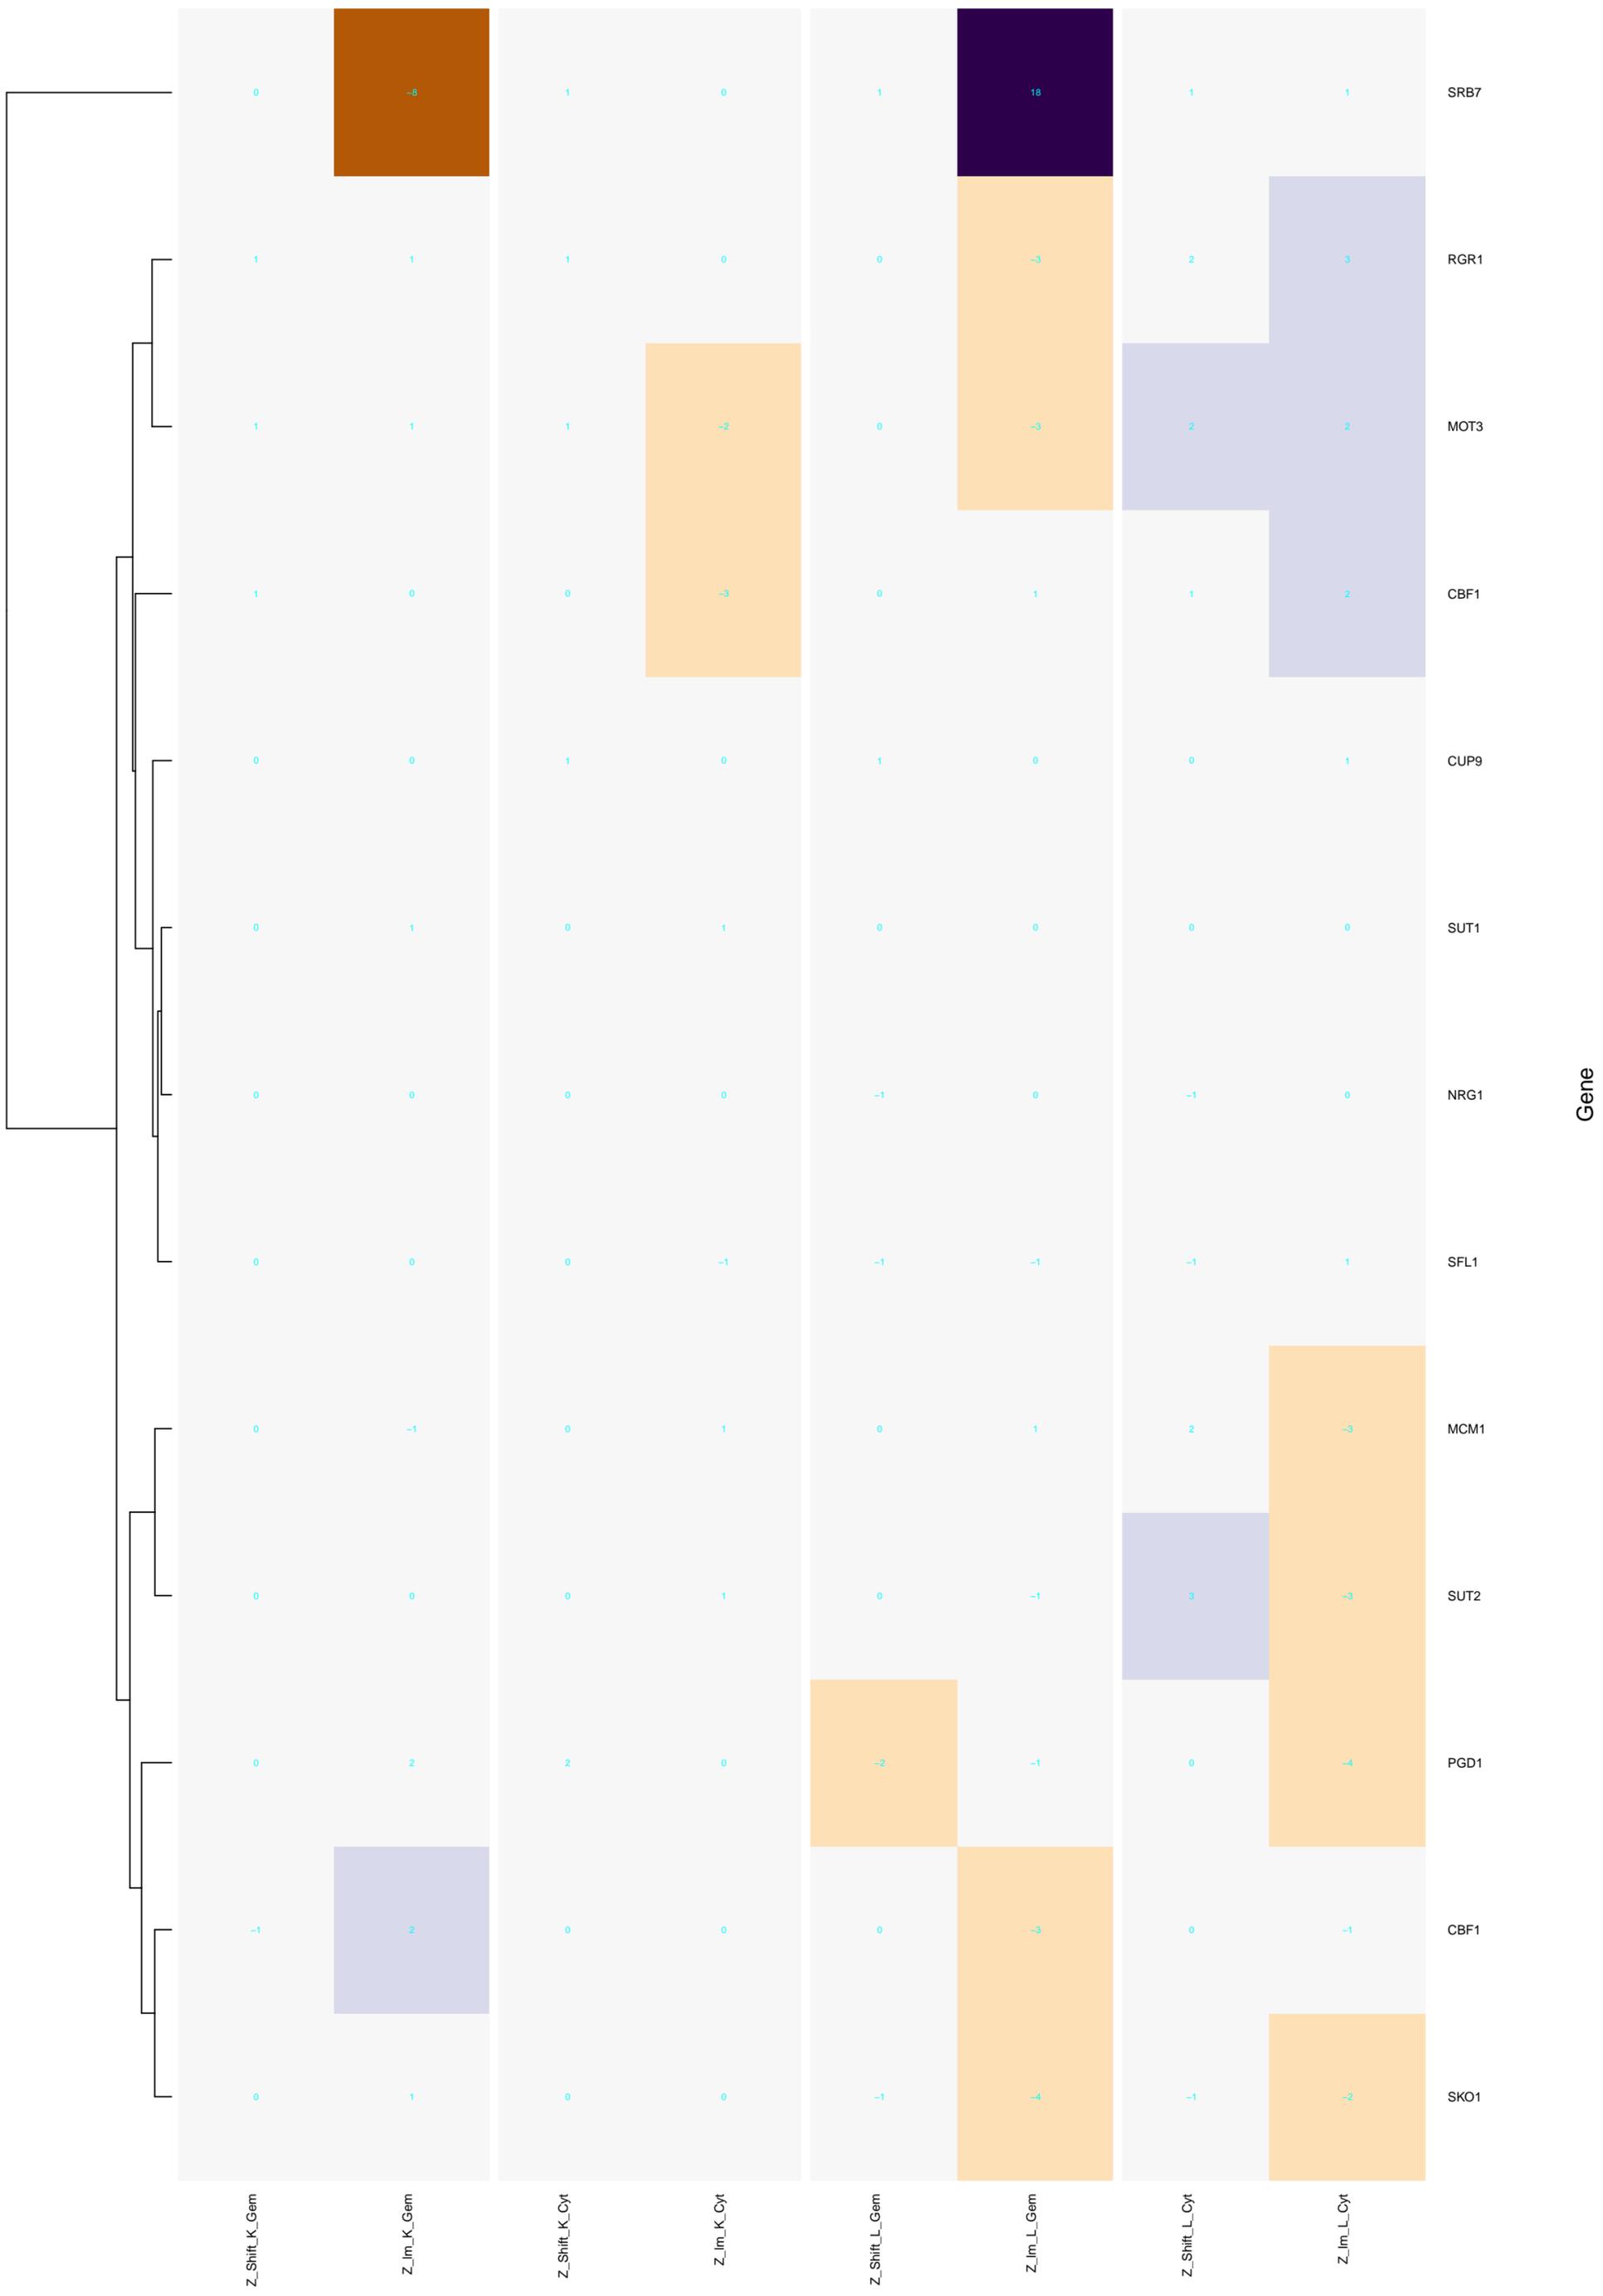

# RNA polymerase II activating transcription factor binding

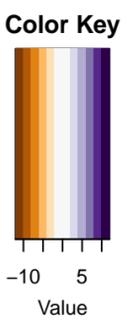

Gene

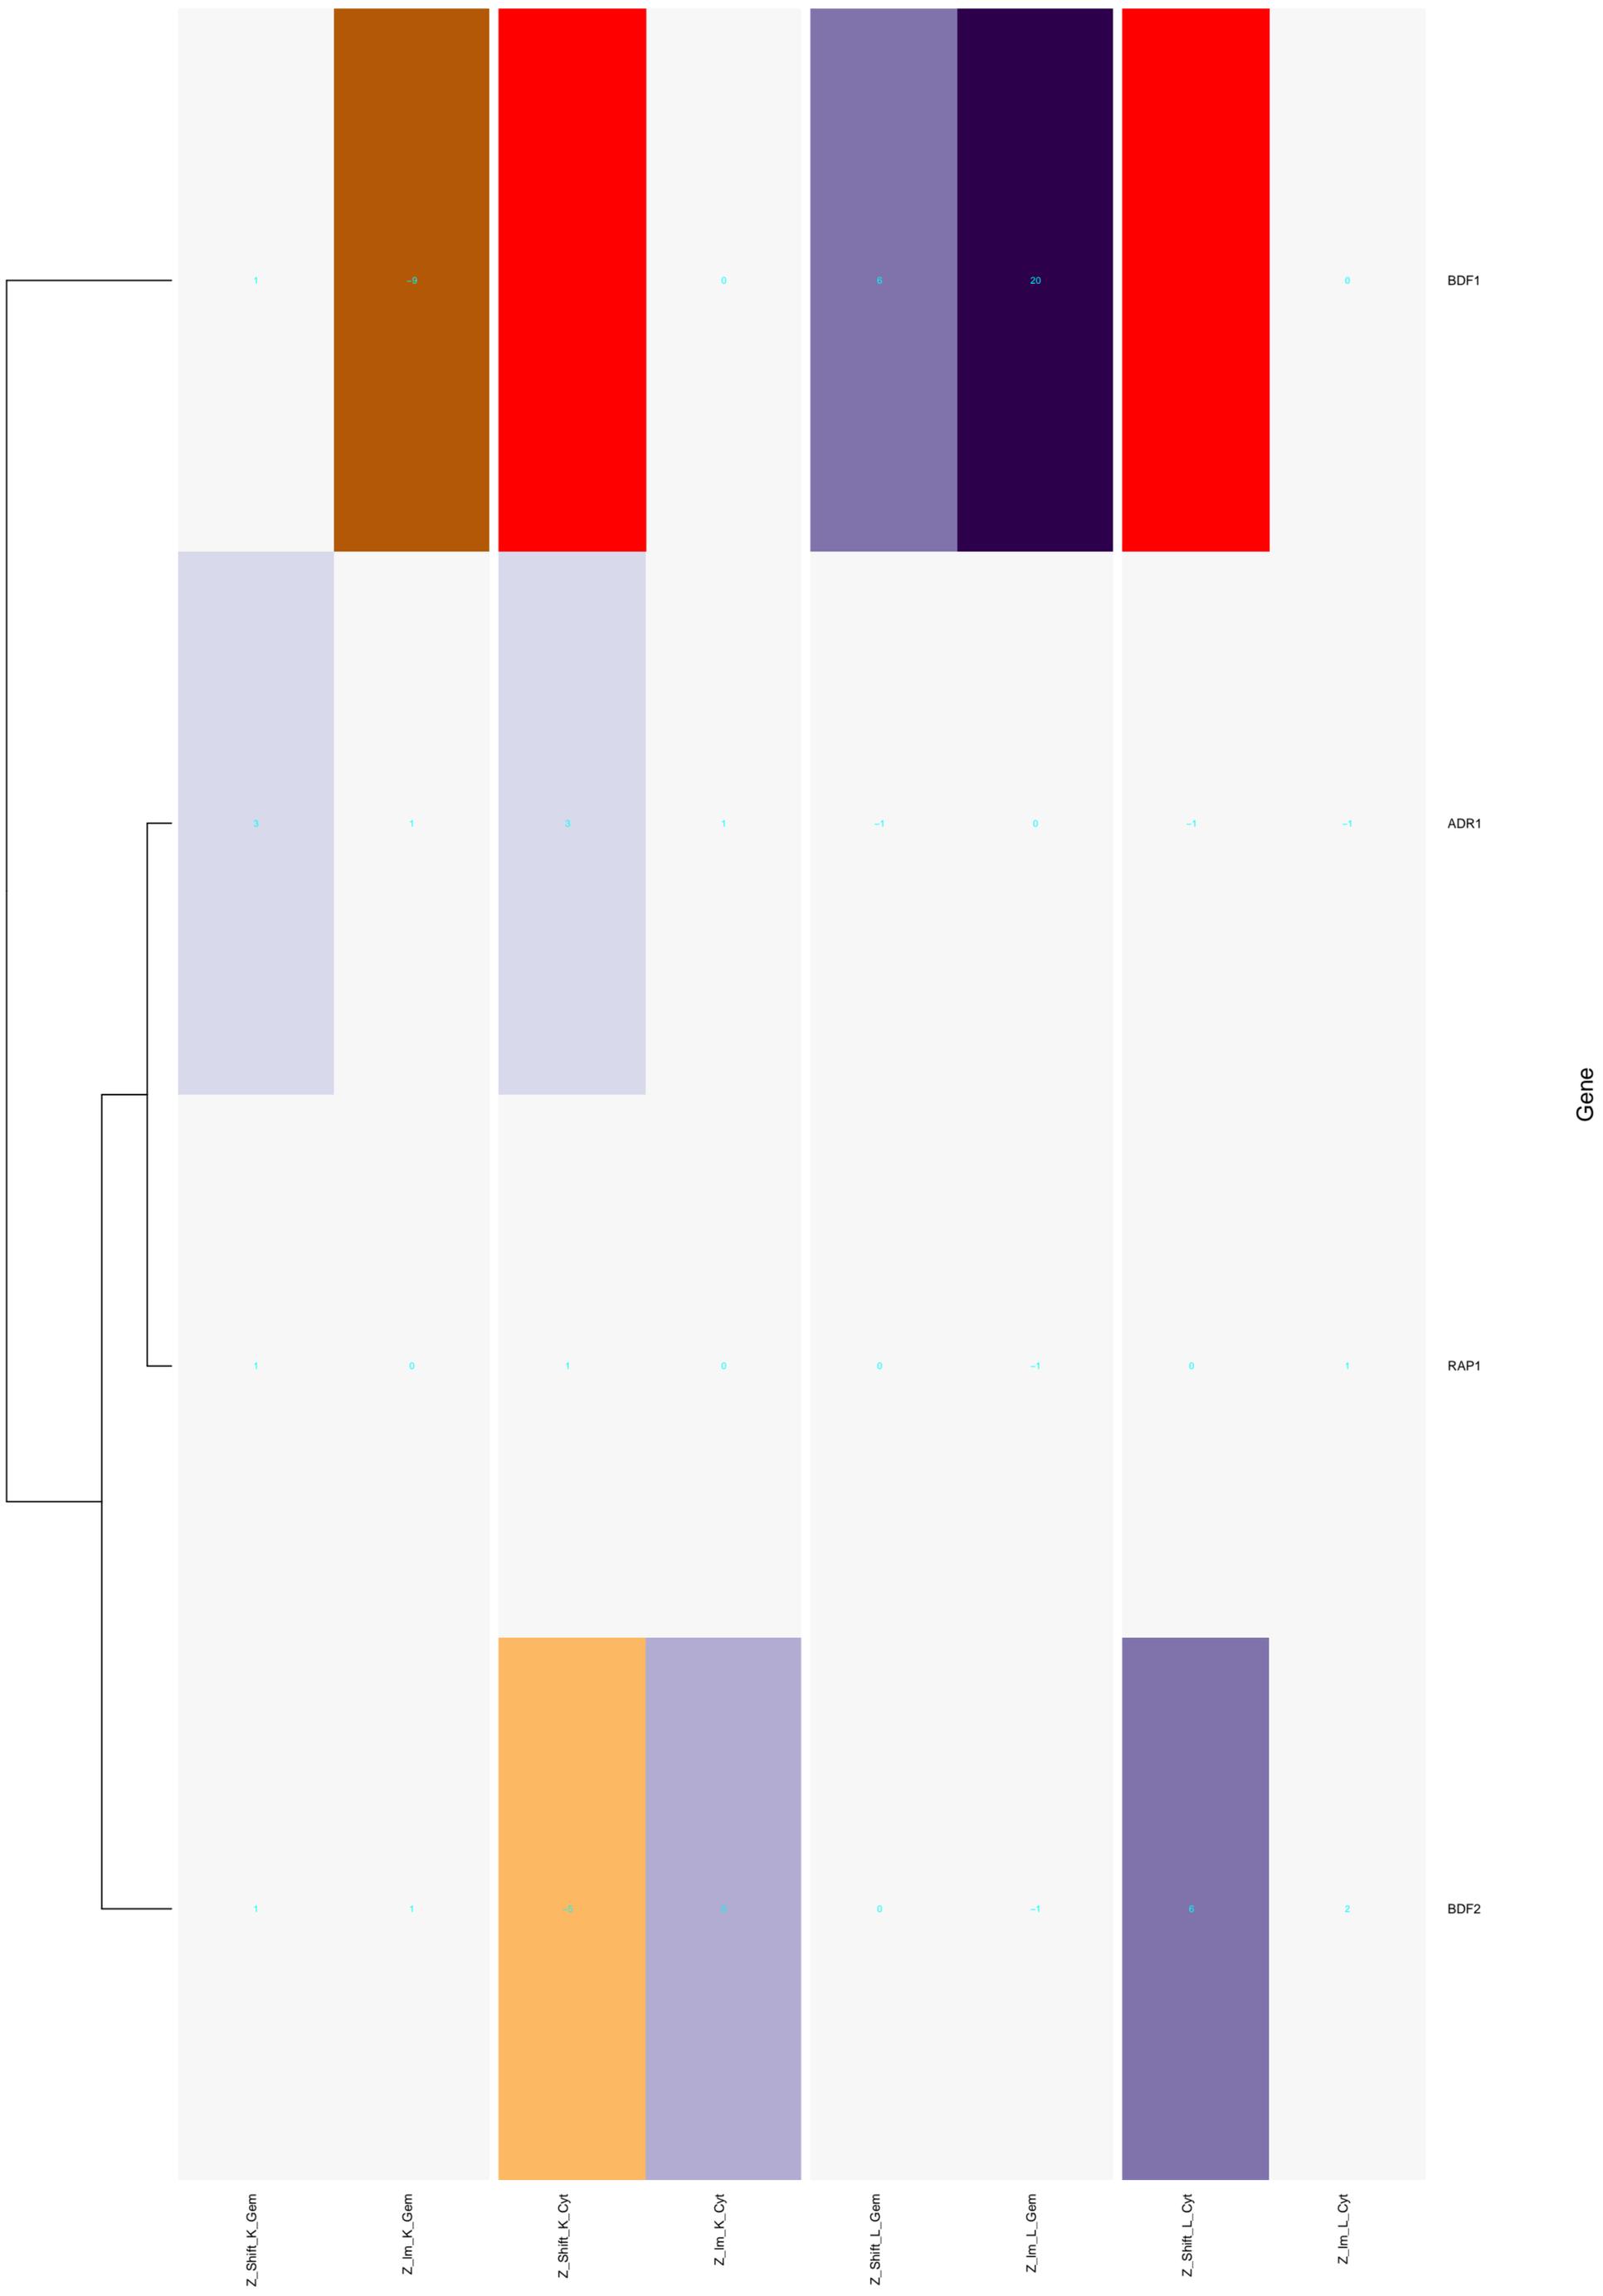

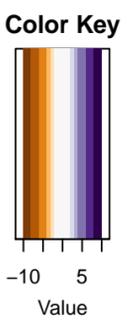

# RNA polymerase II repressing transcription factor binding

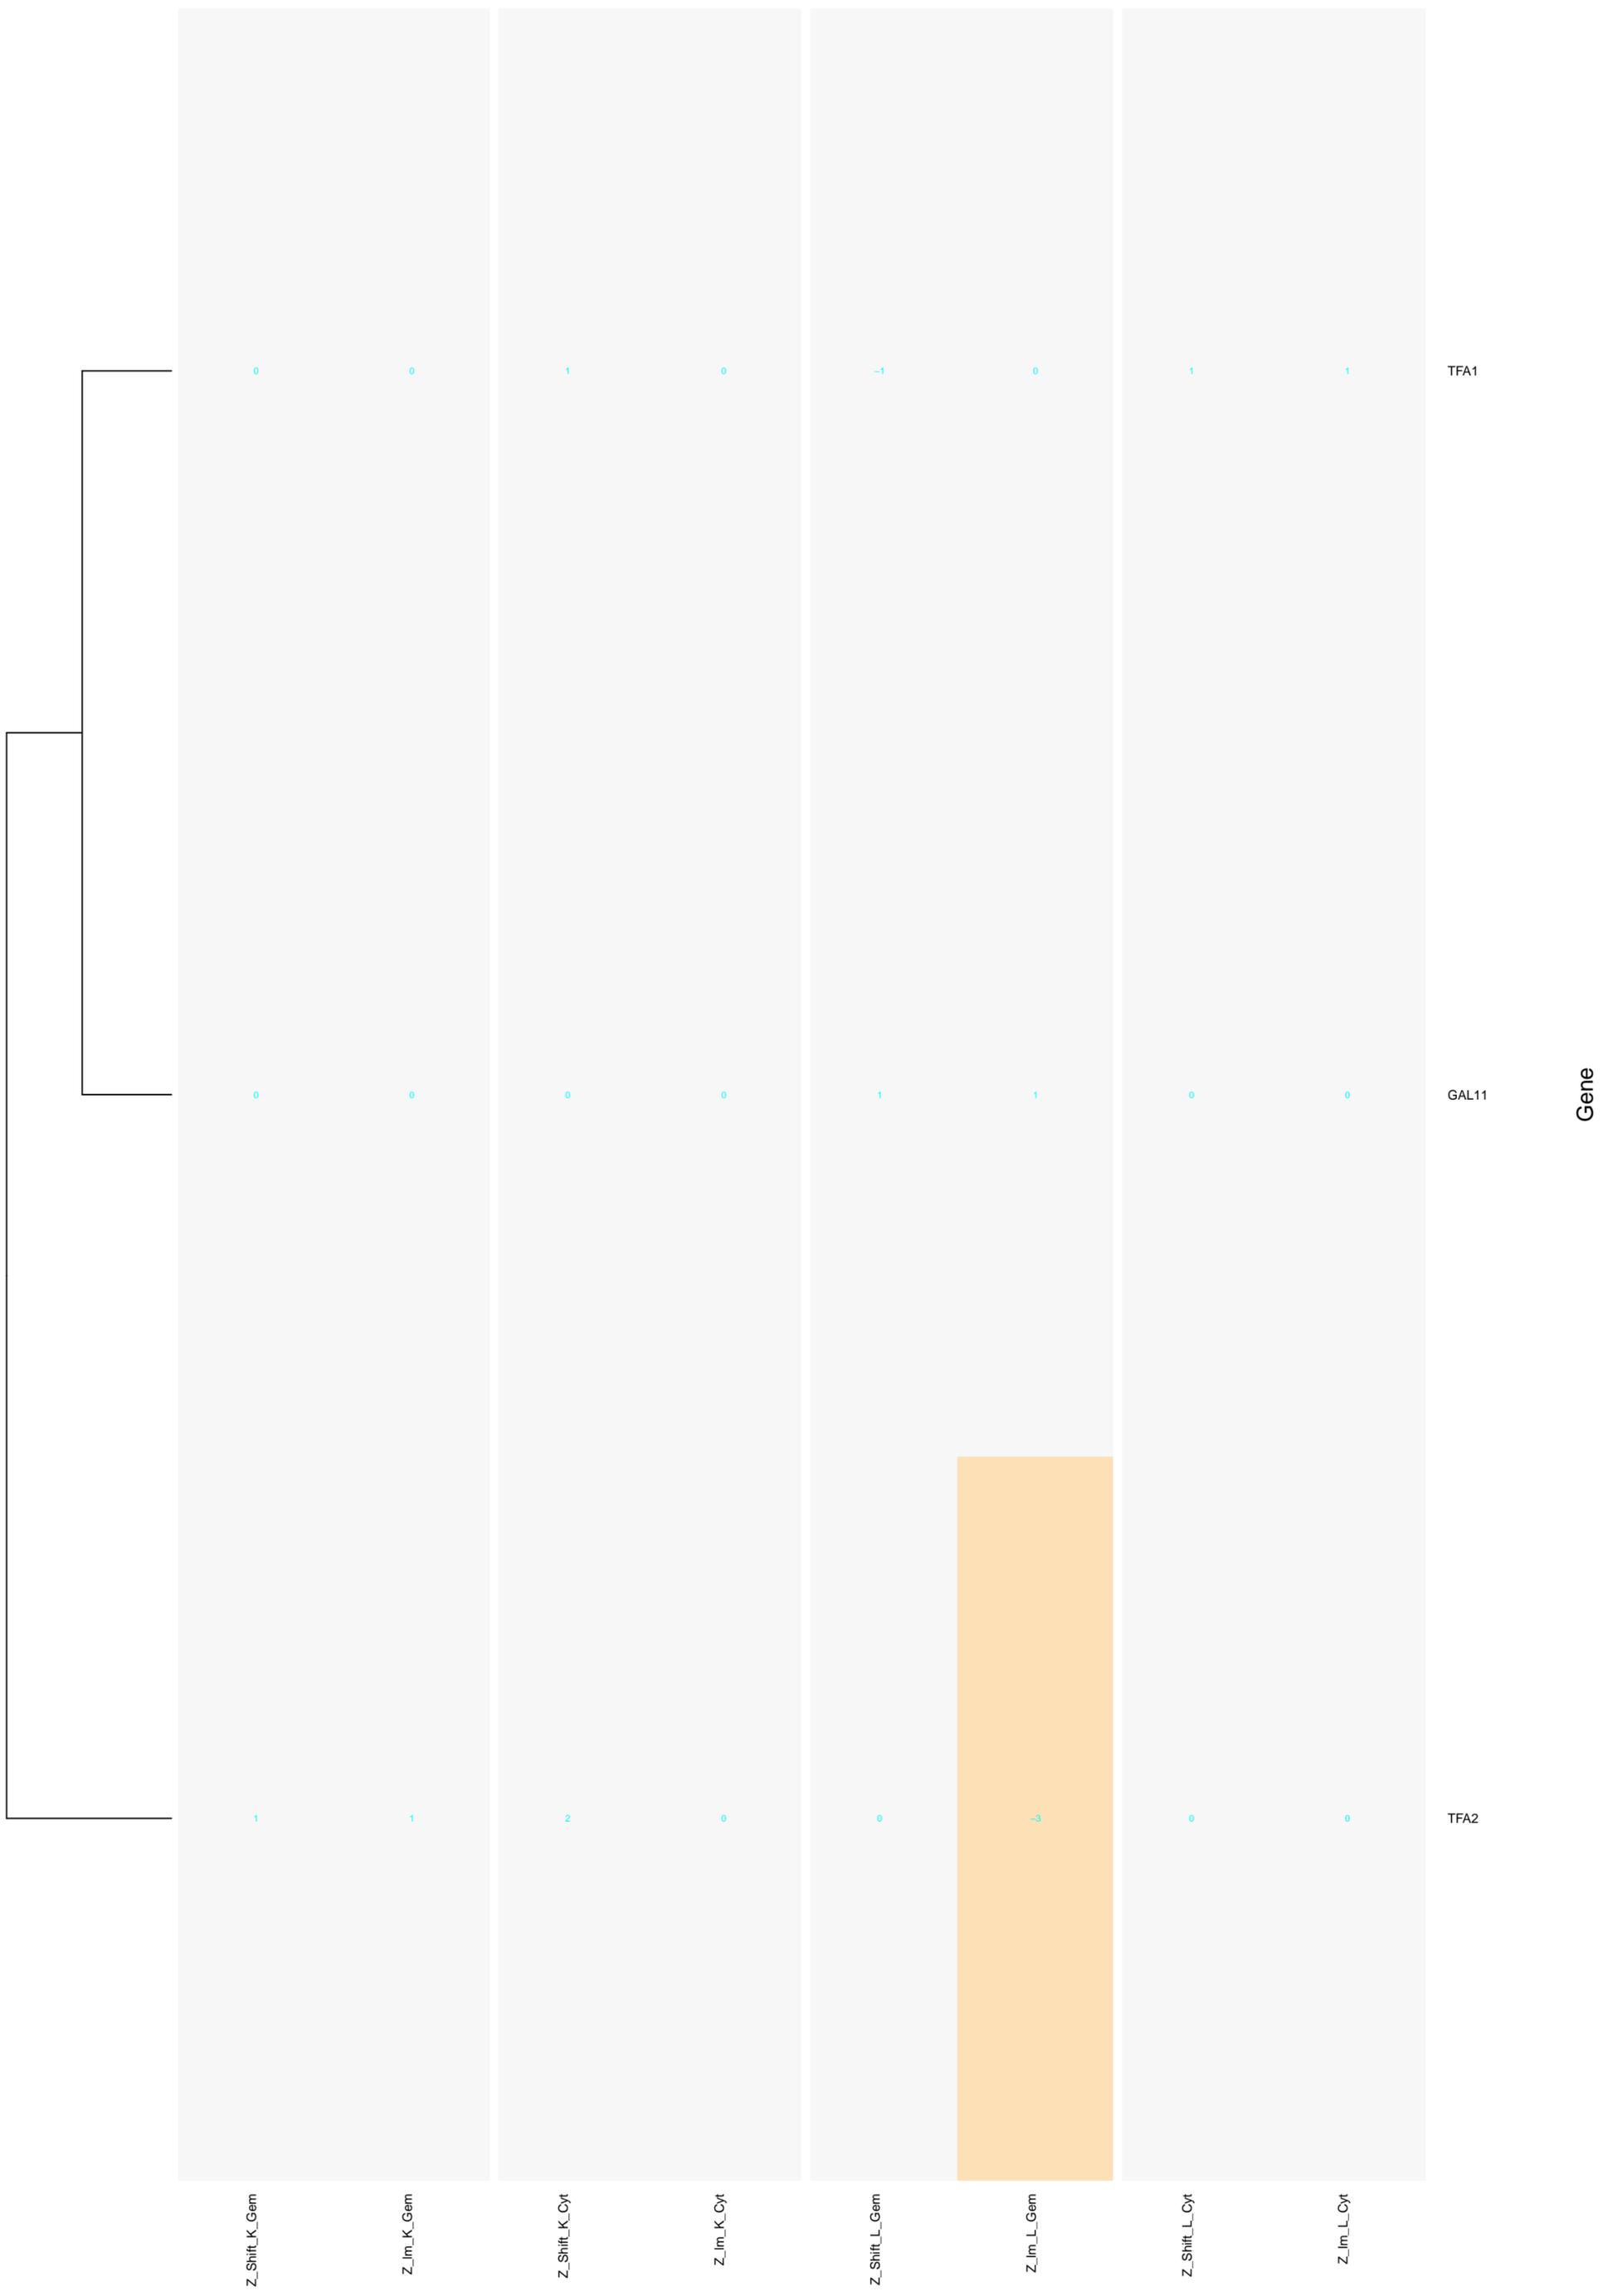

# TFIID-class transcription factor binding

# TFIID-class transcription factor binding

Gene
