

Color Key

# protein-DNA complex

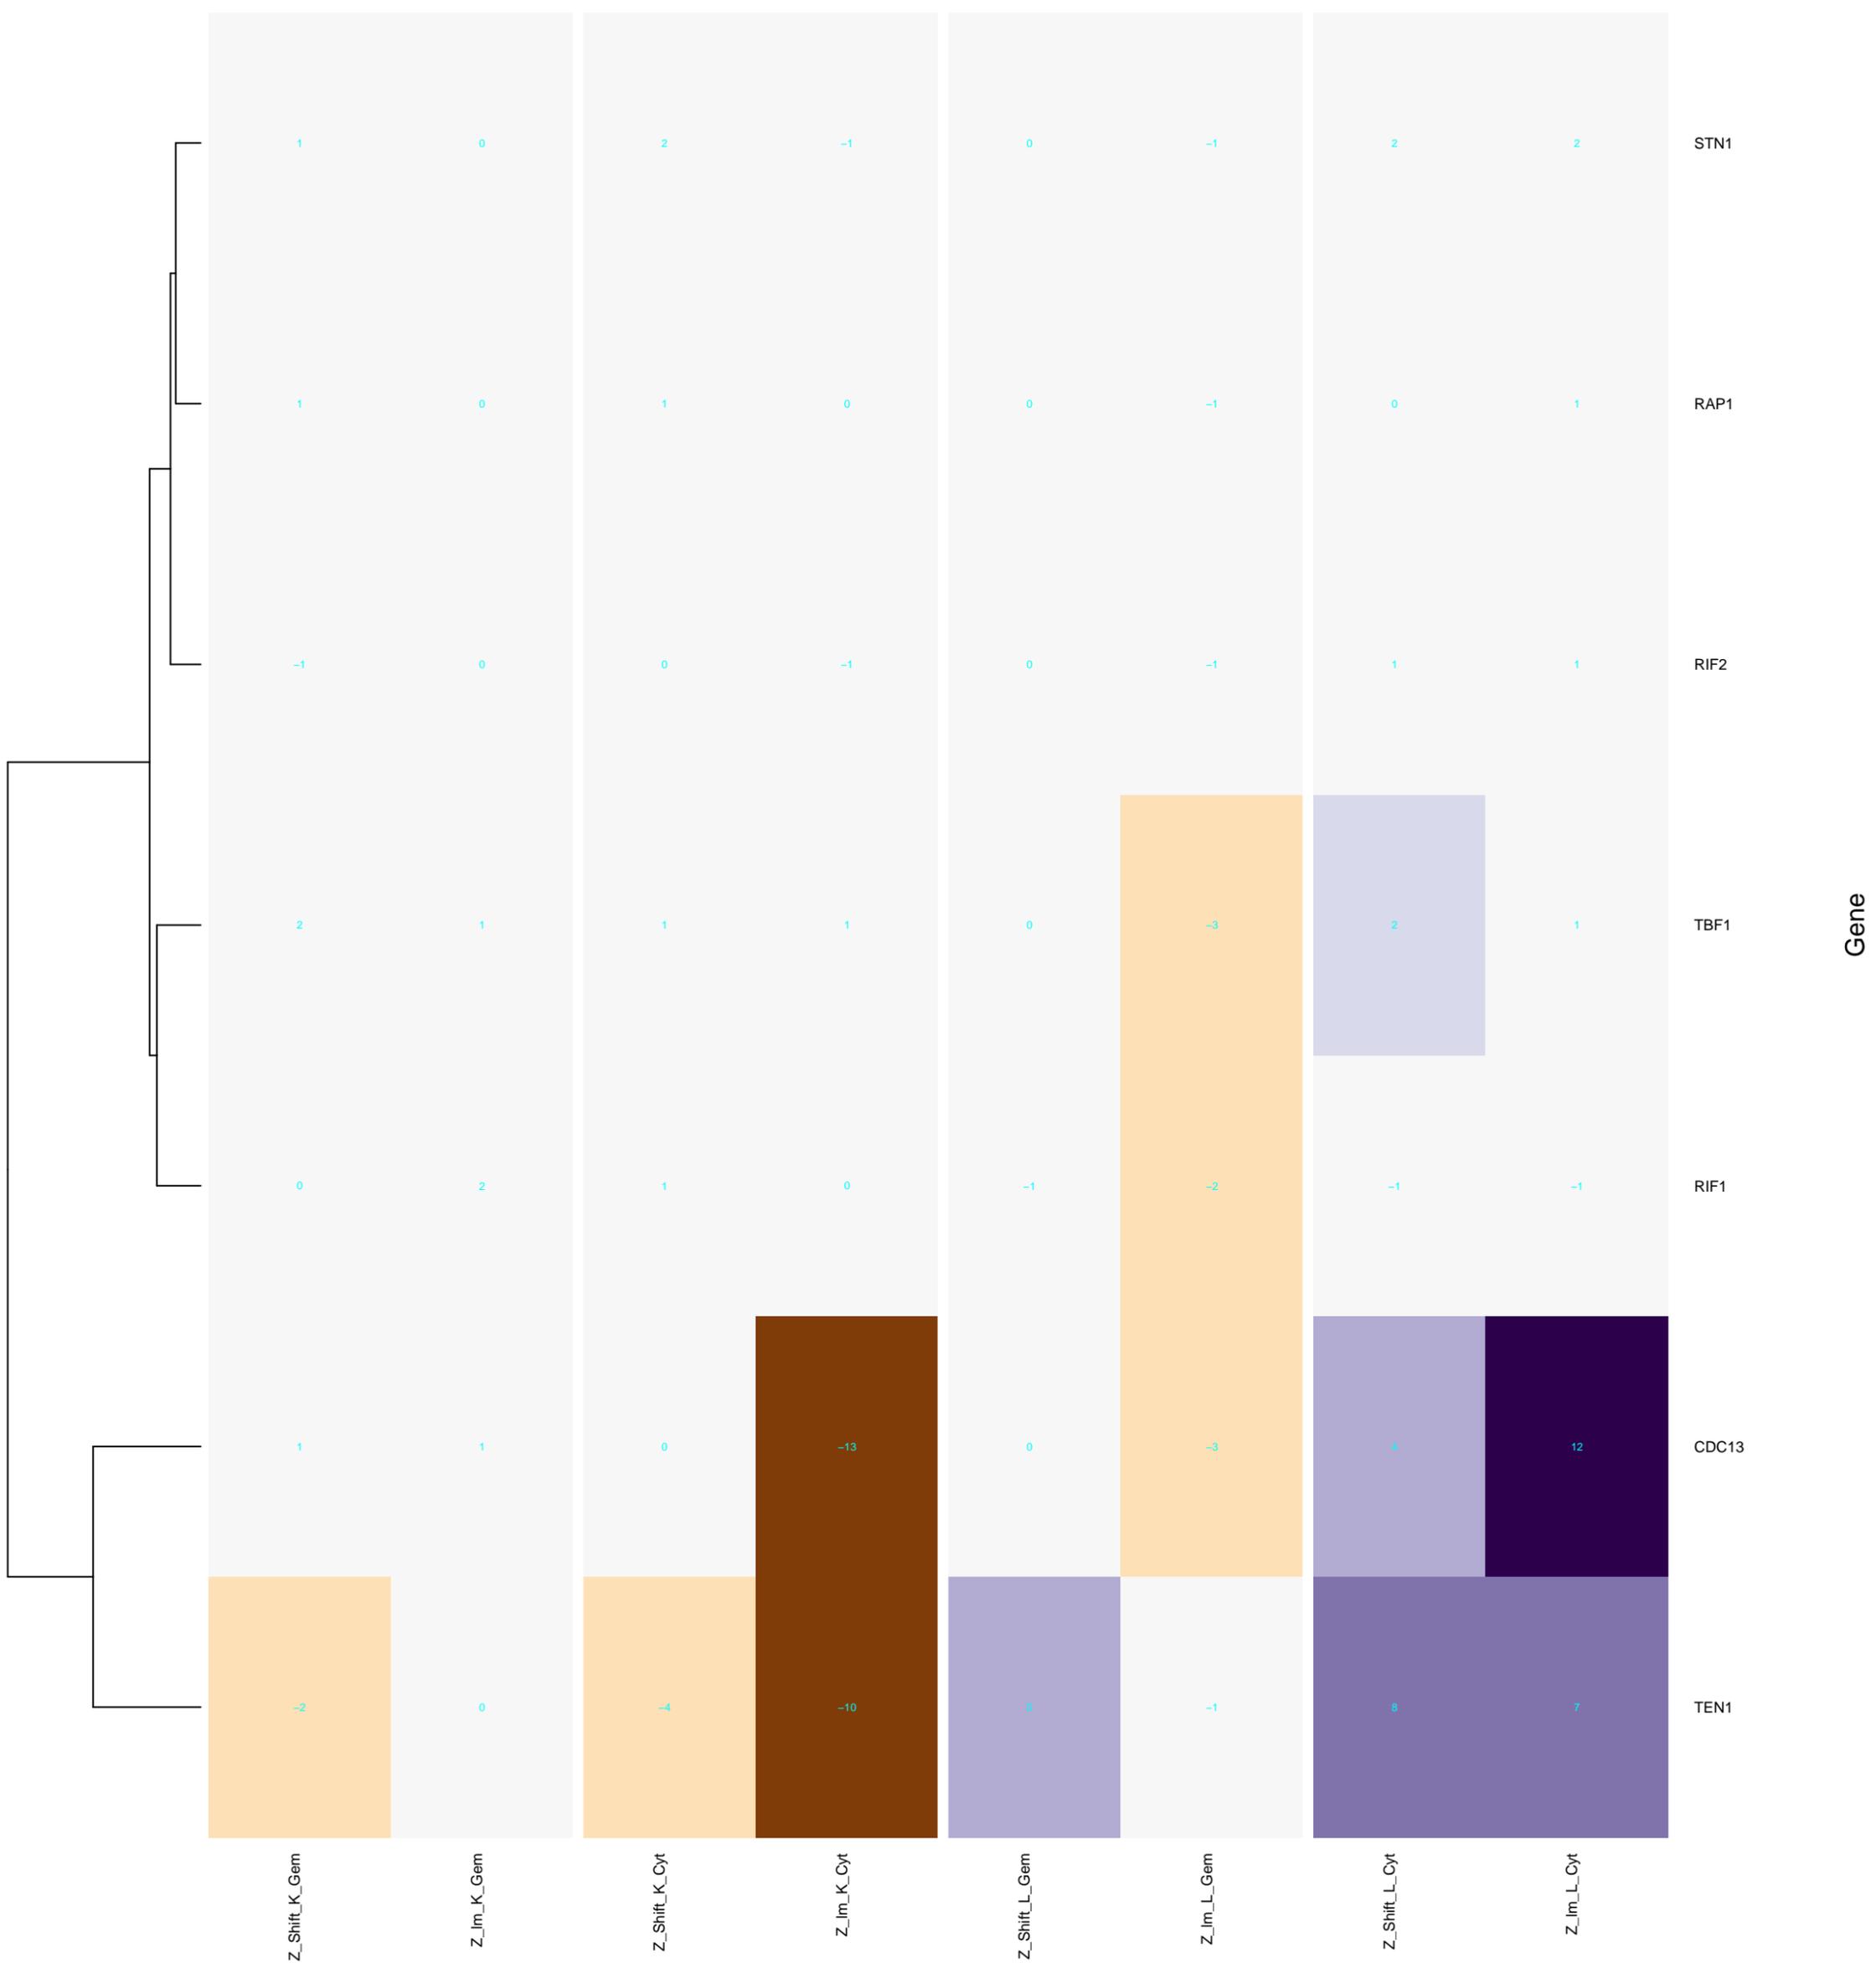

Color Key

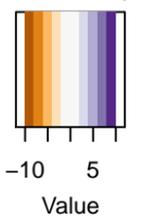

-10 5  
Value

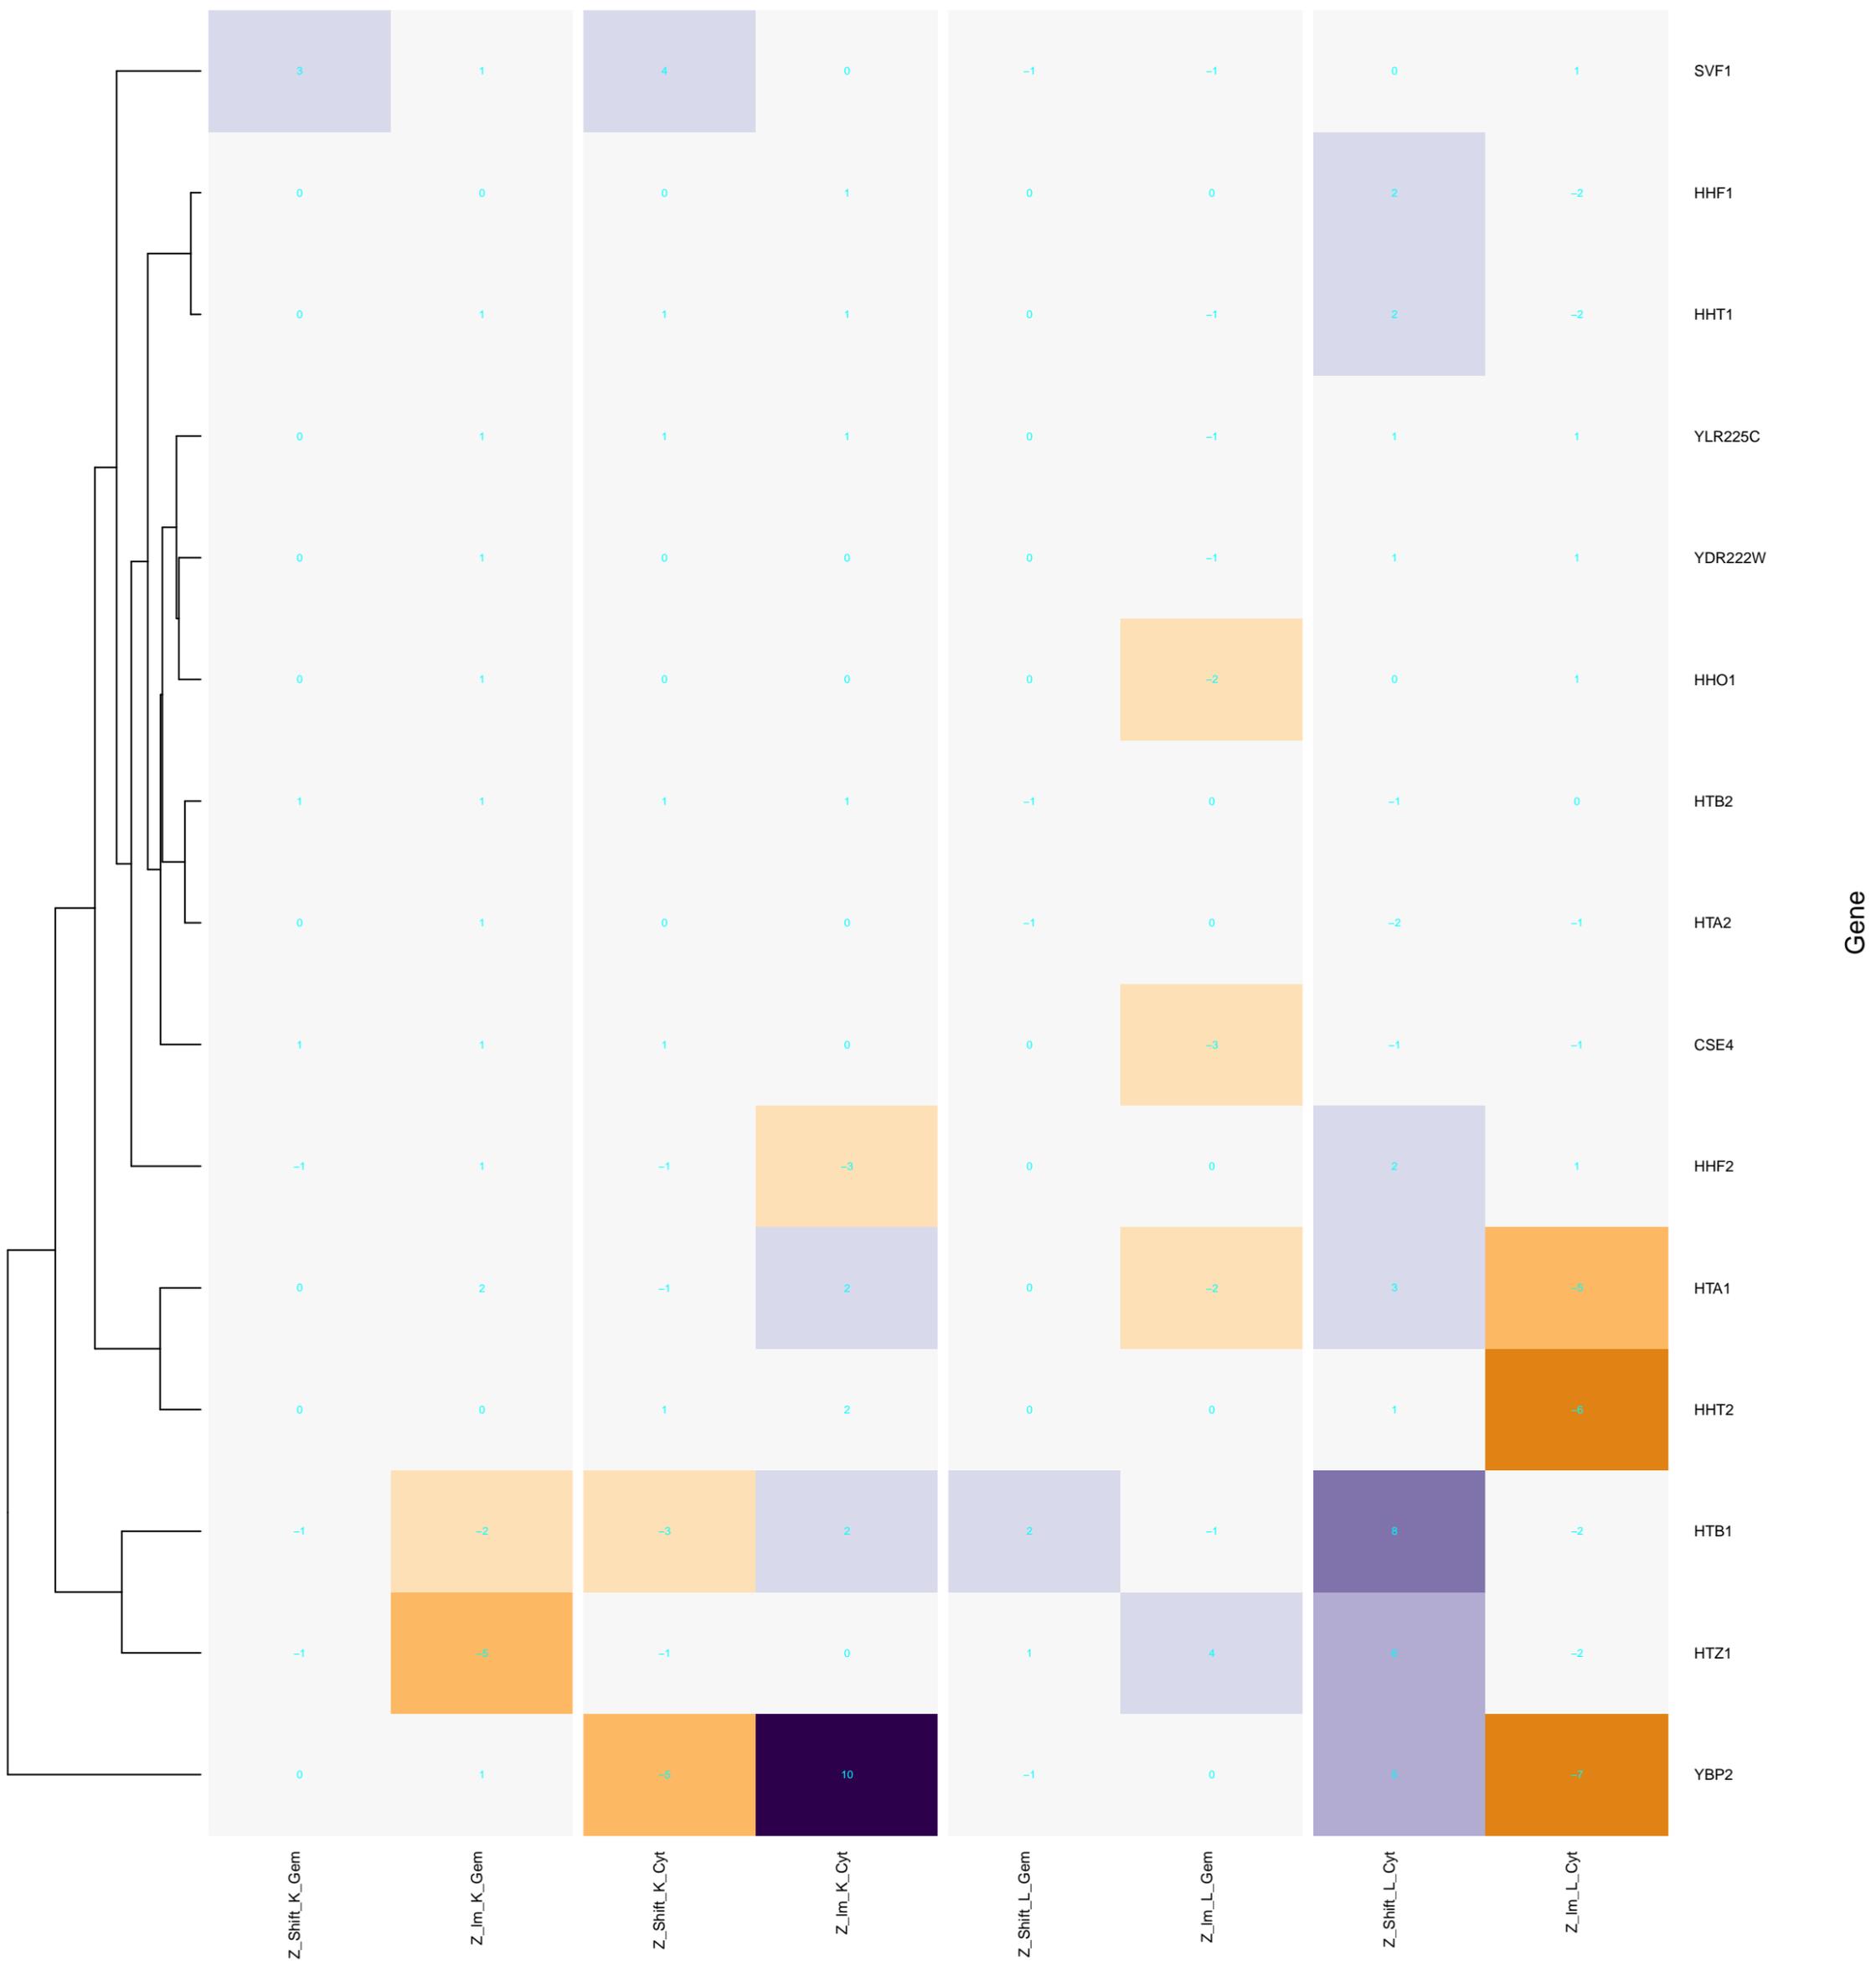

# telomere cap complex

Color Key

nucleosome

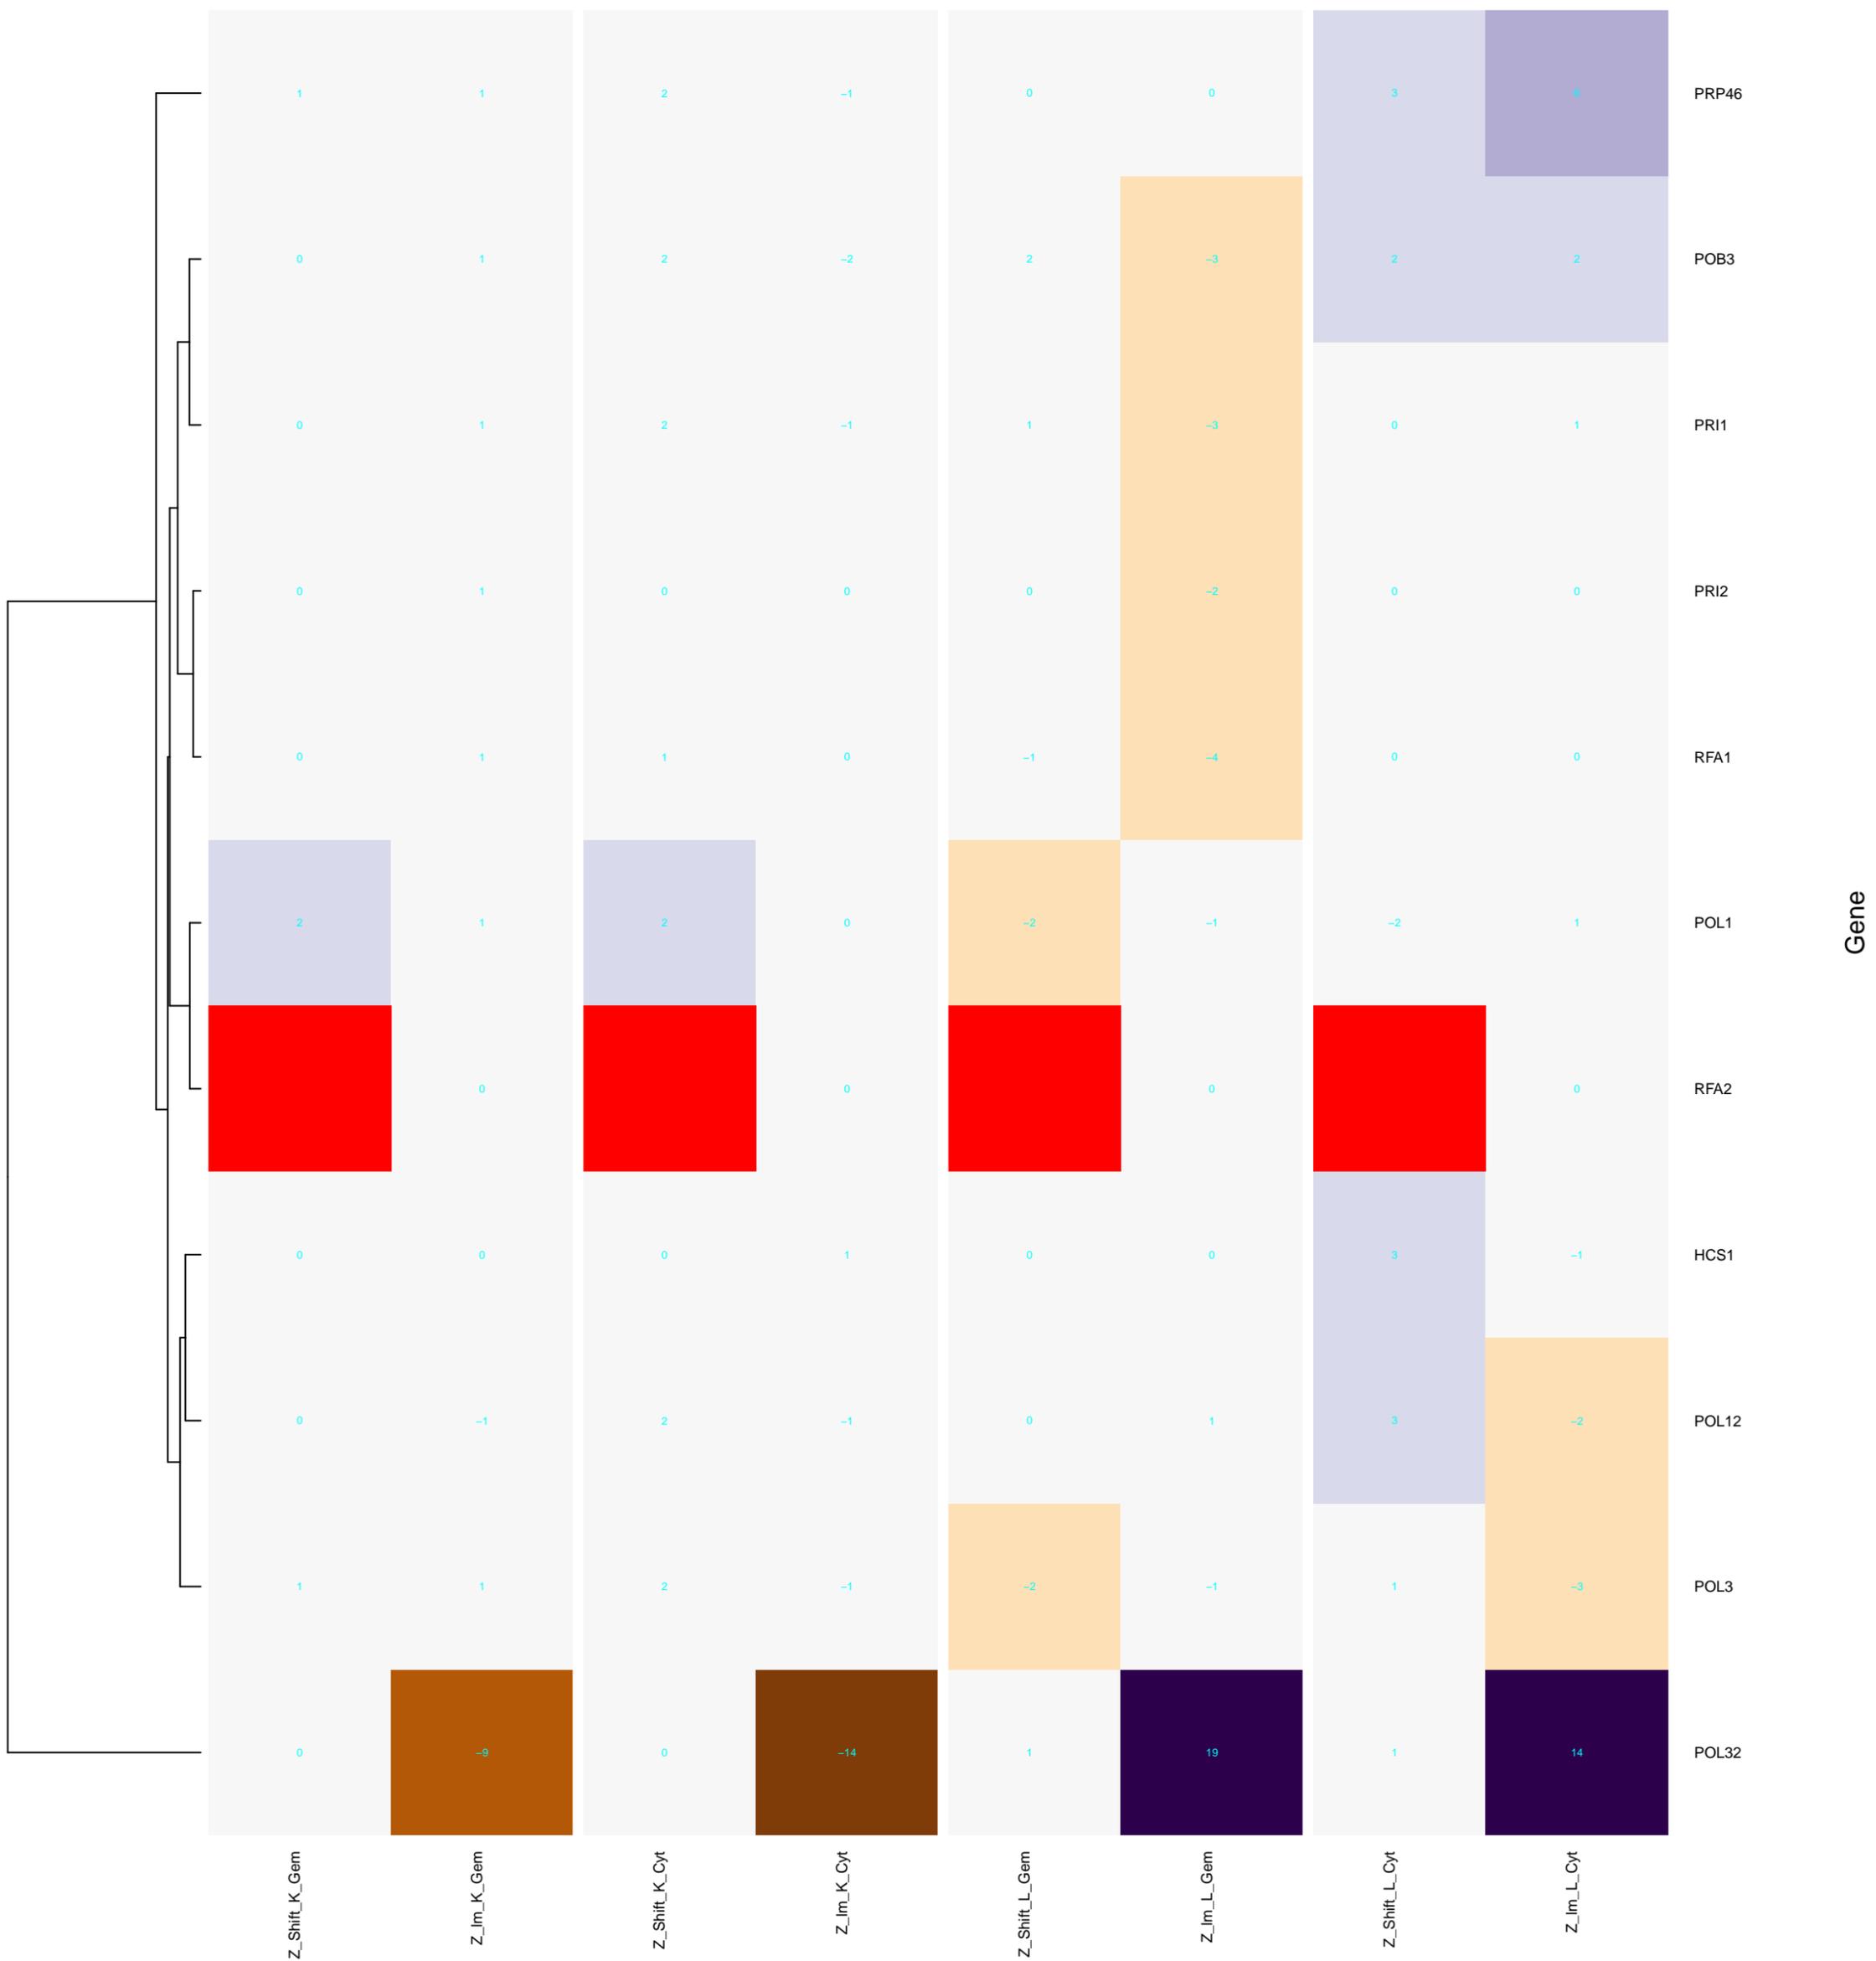

Gene

Color Key

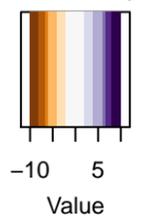

-10 5  
Value

# replisome

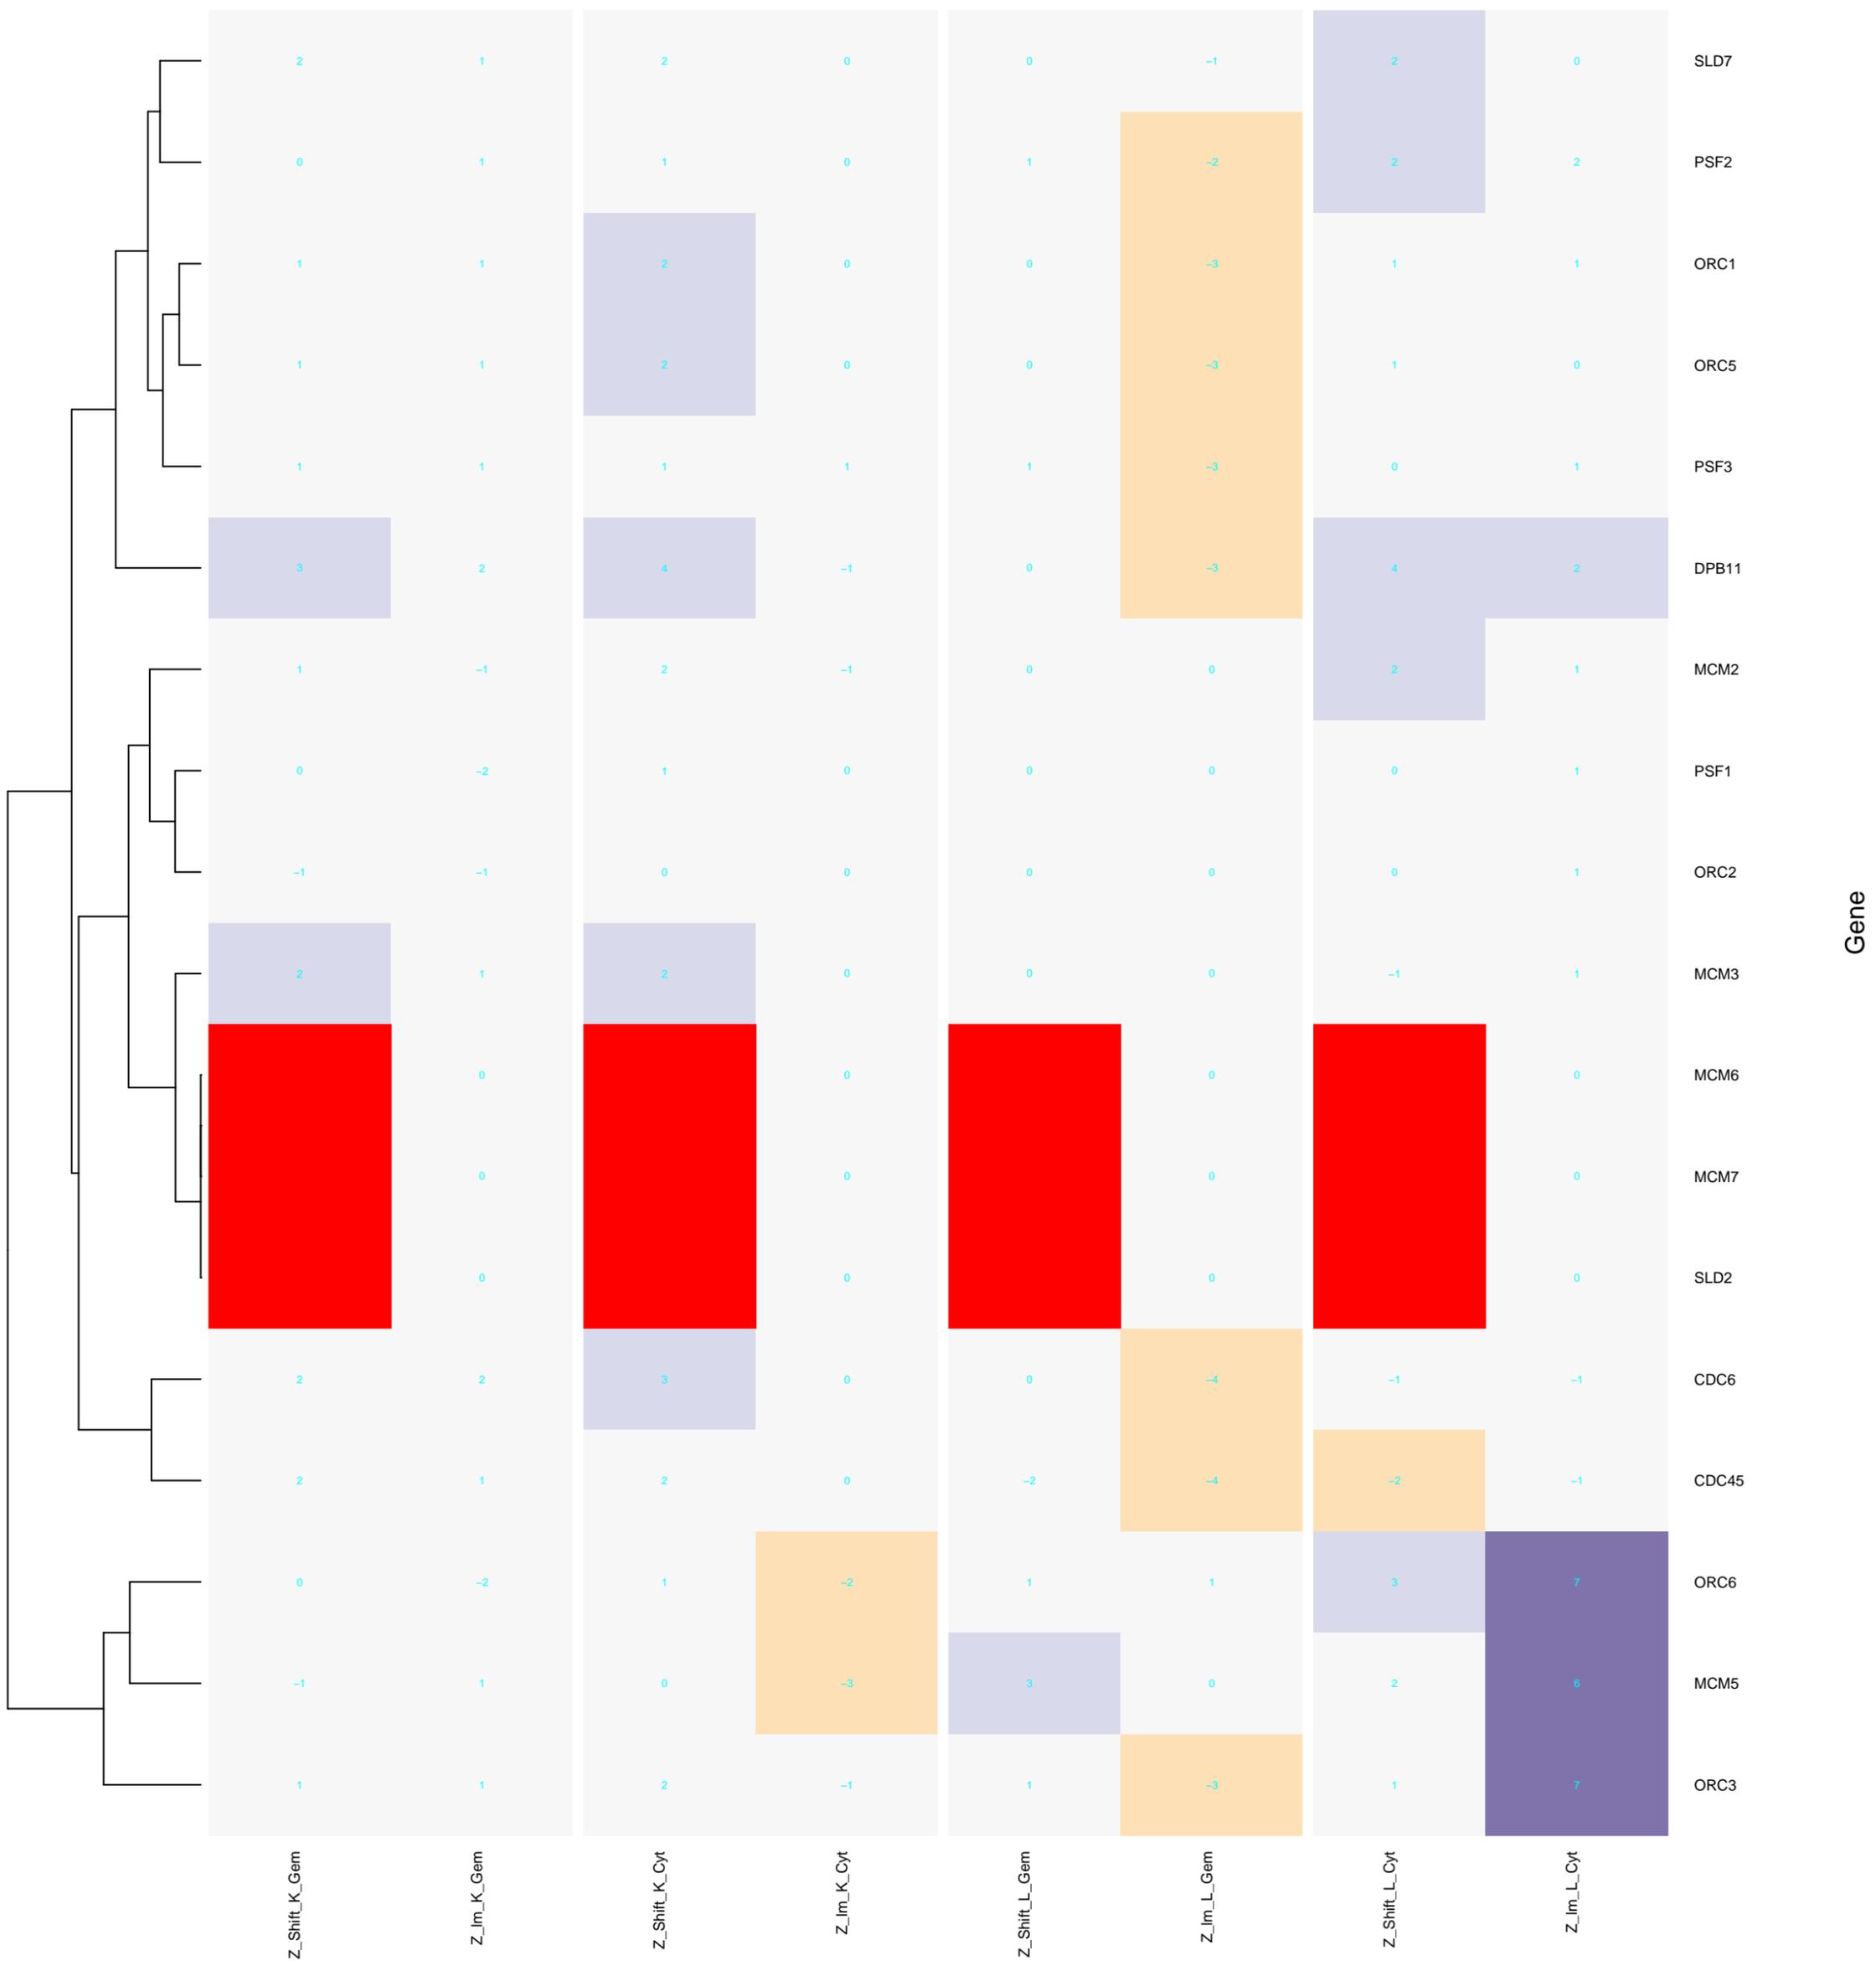

Gene

Color Key

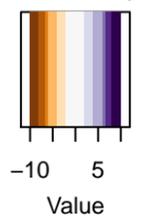

# DNA replication preinitiation complex

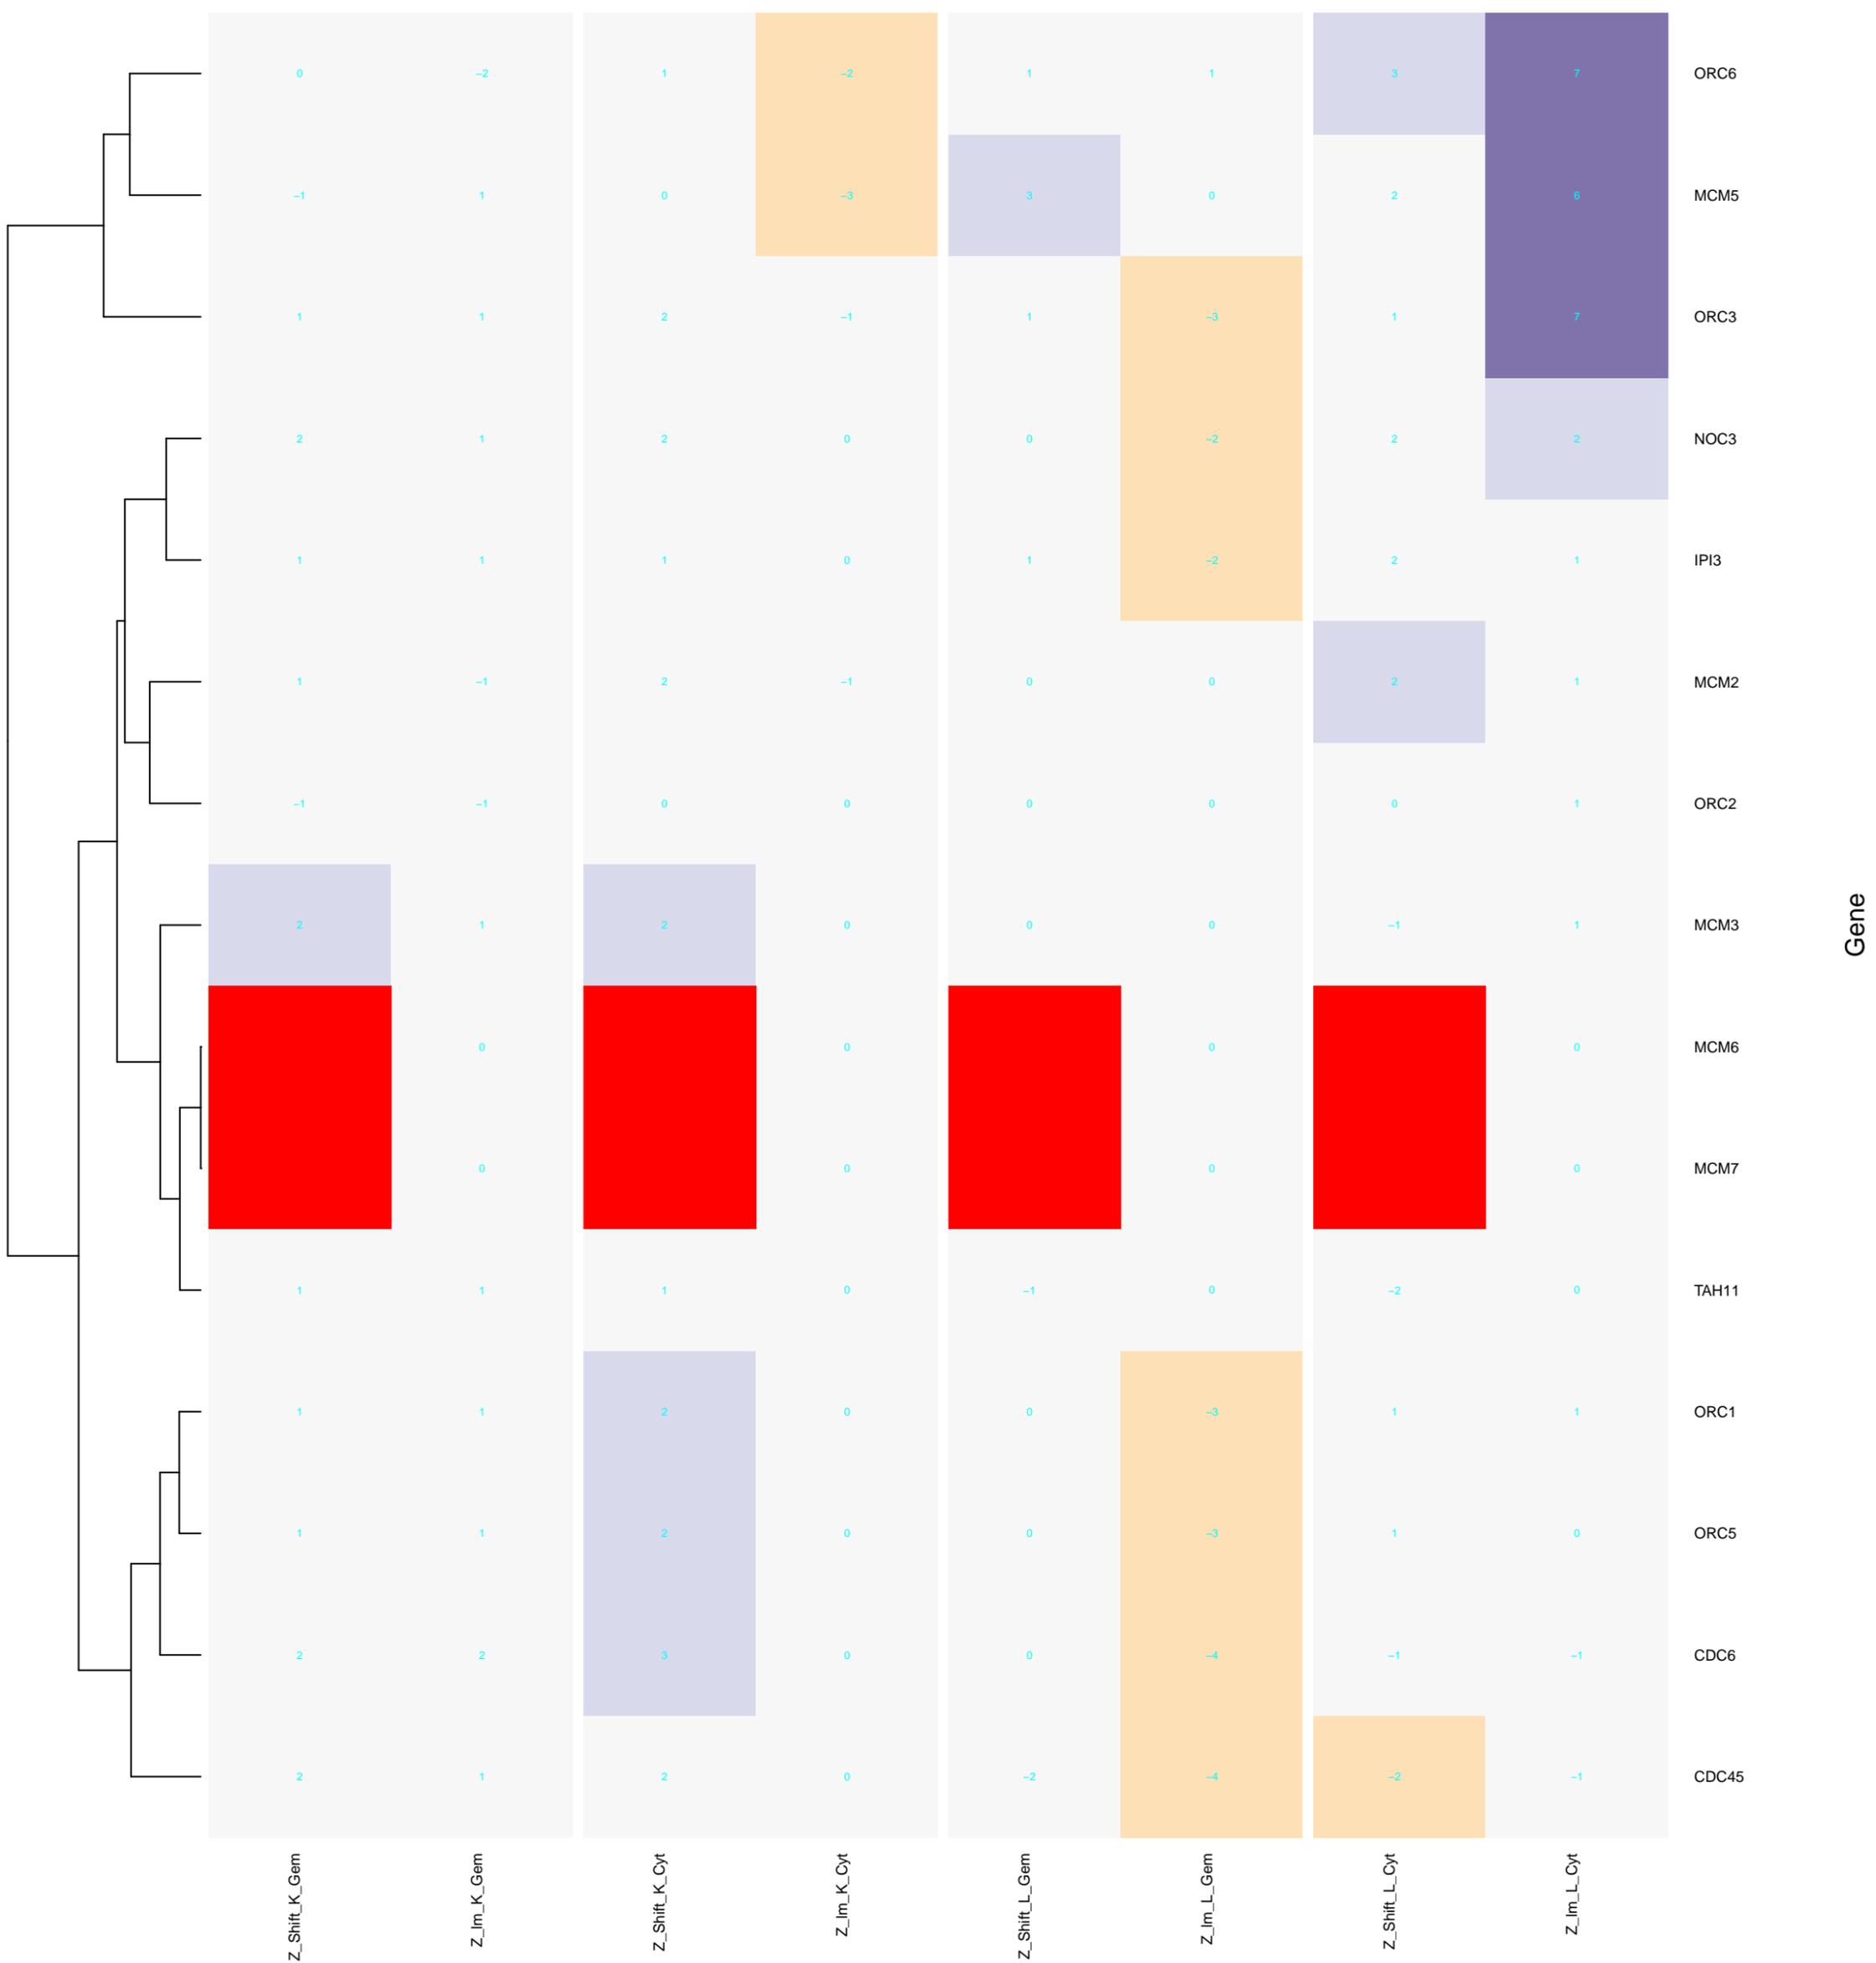

Gene

Color Key

pre-replicative complex

Gene

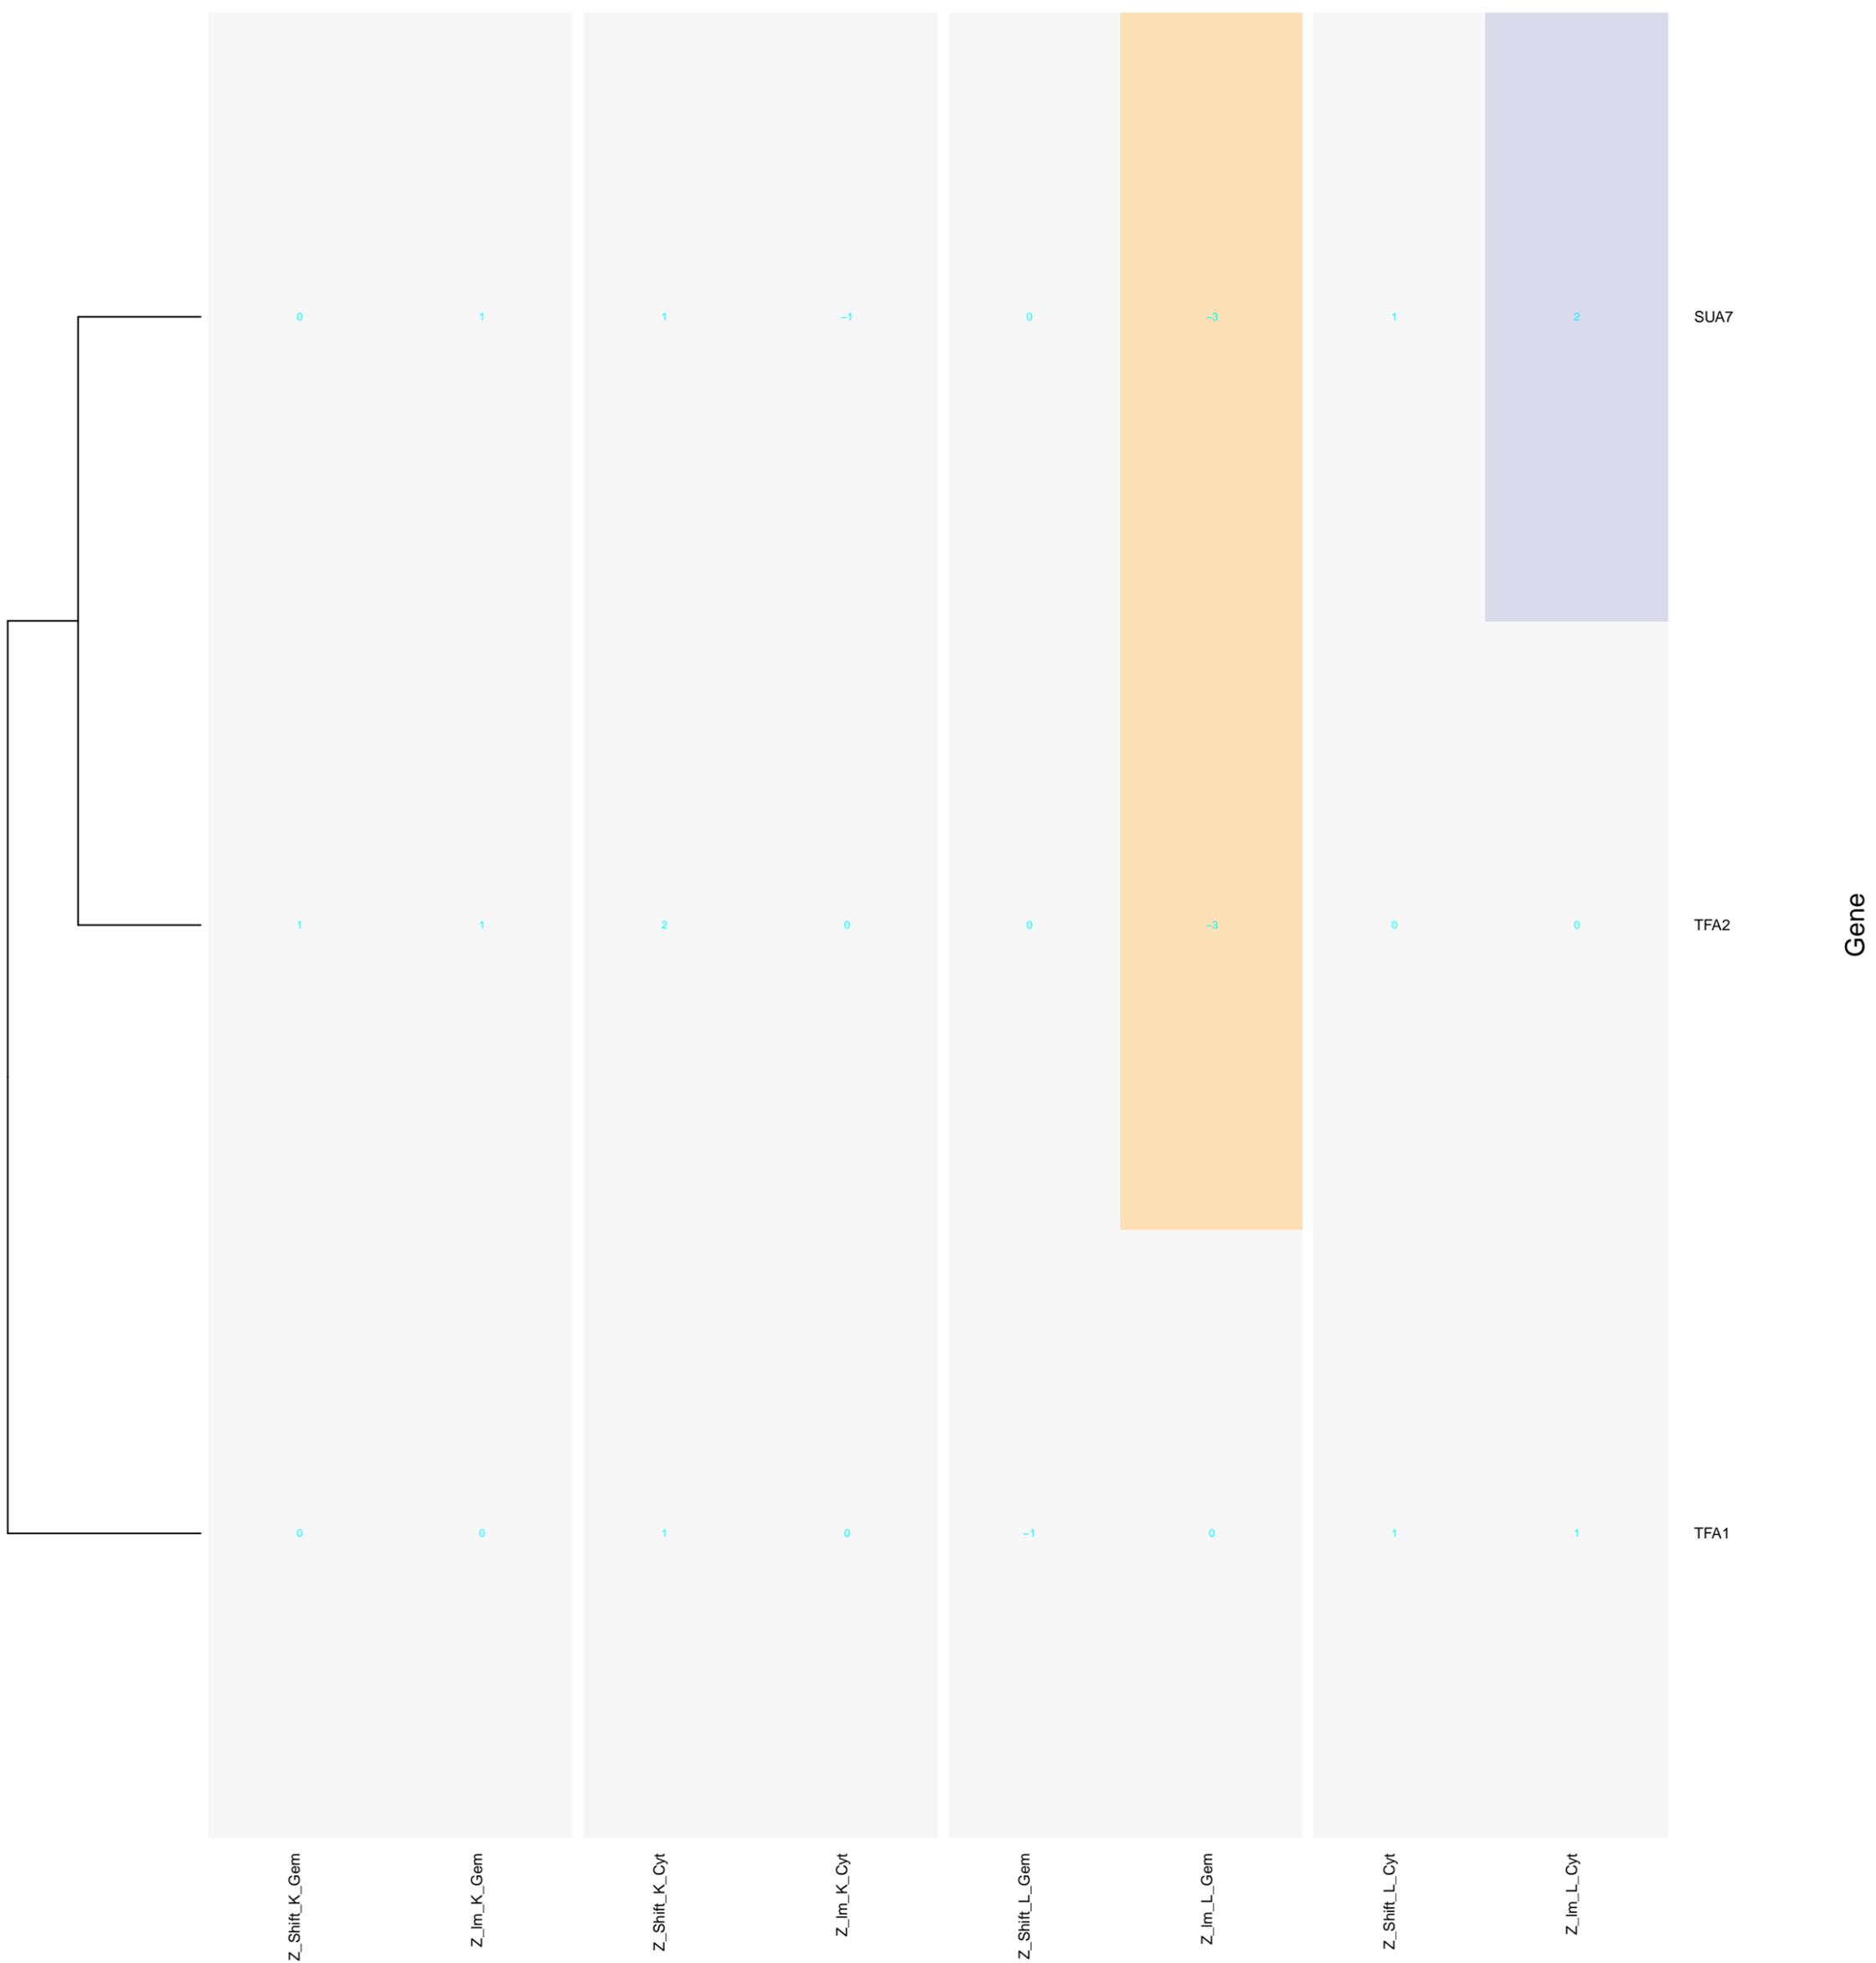

Color Key

-10 5

Value

# transcriptional preinitiation complex

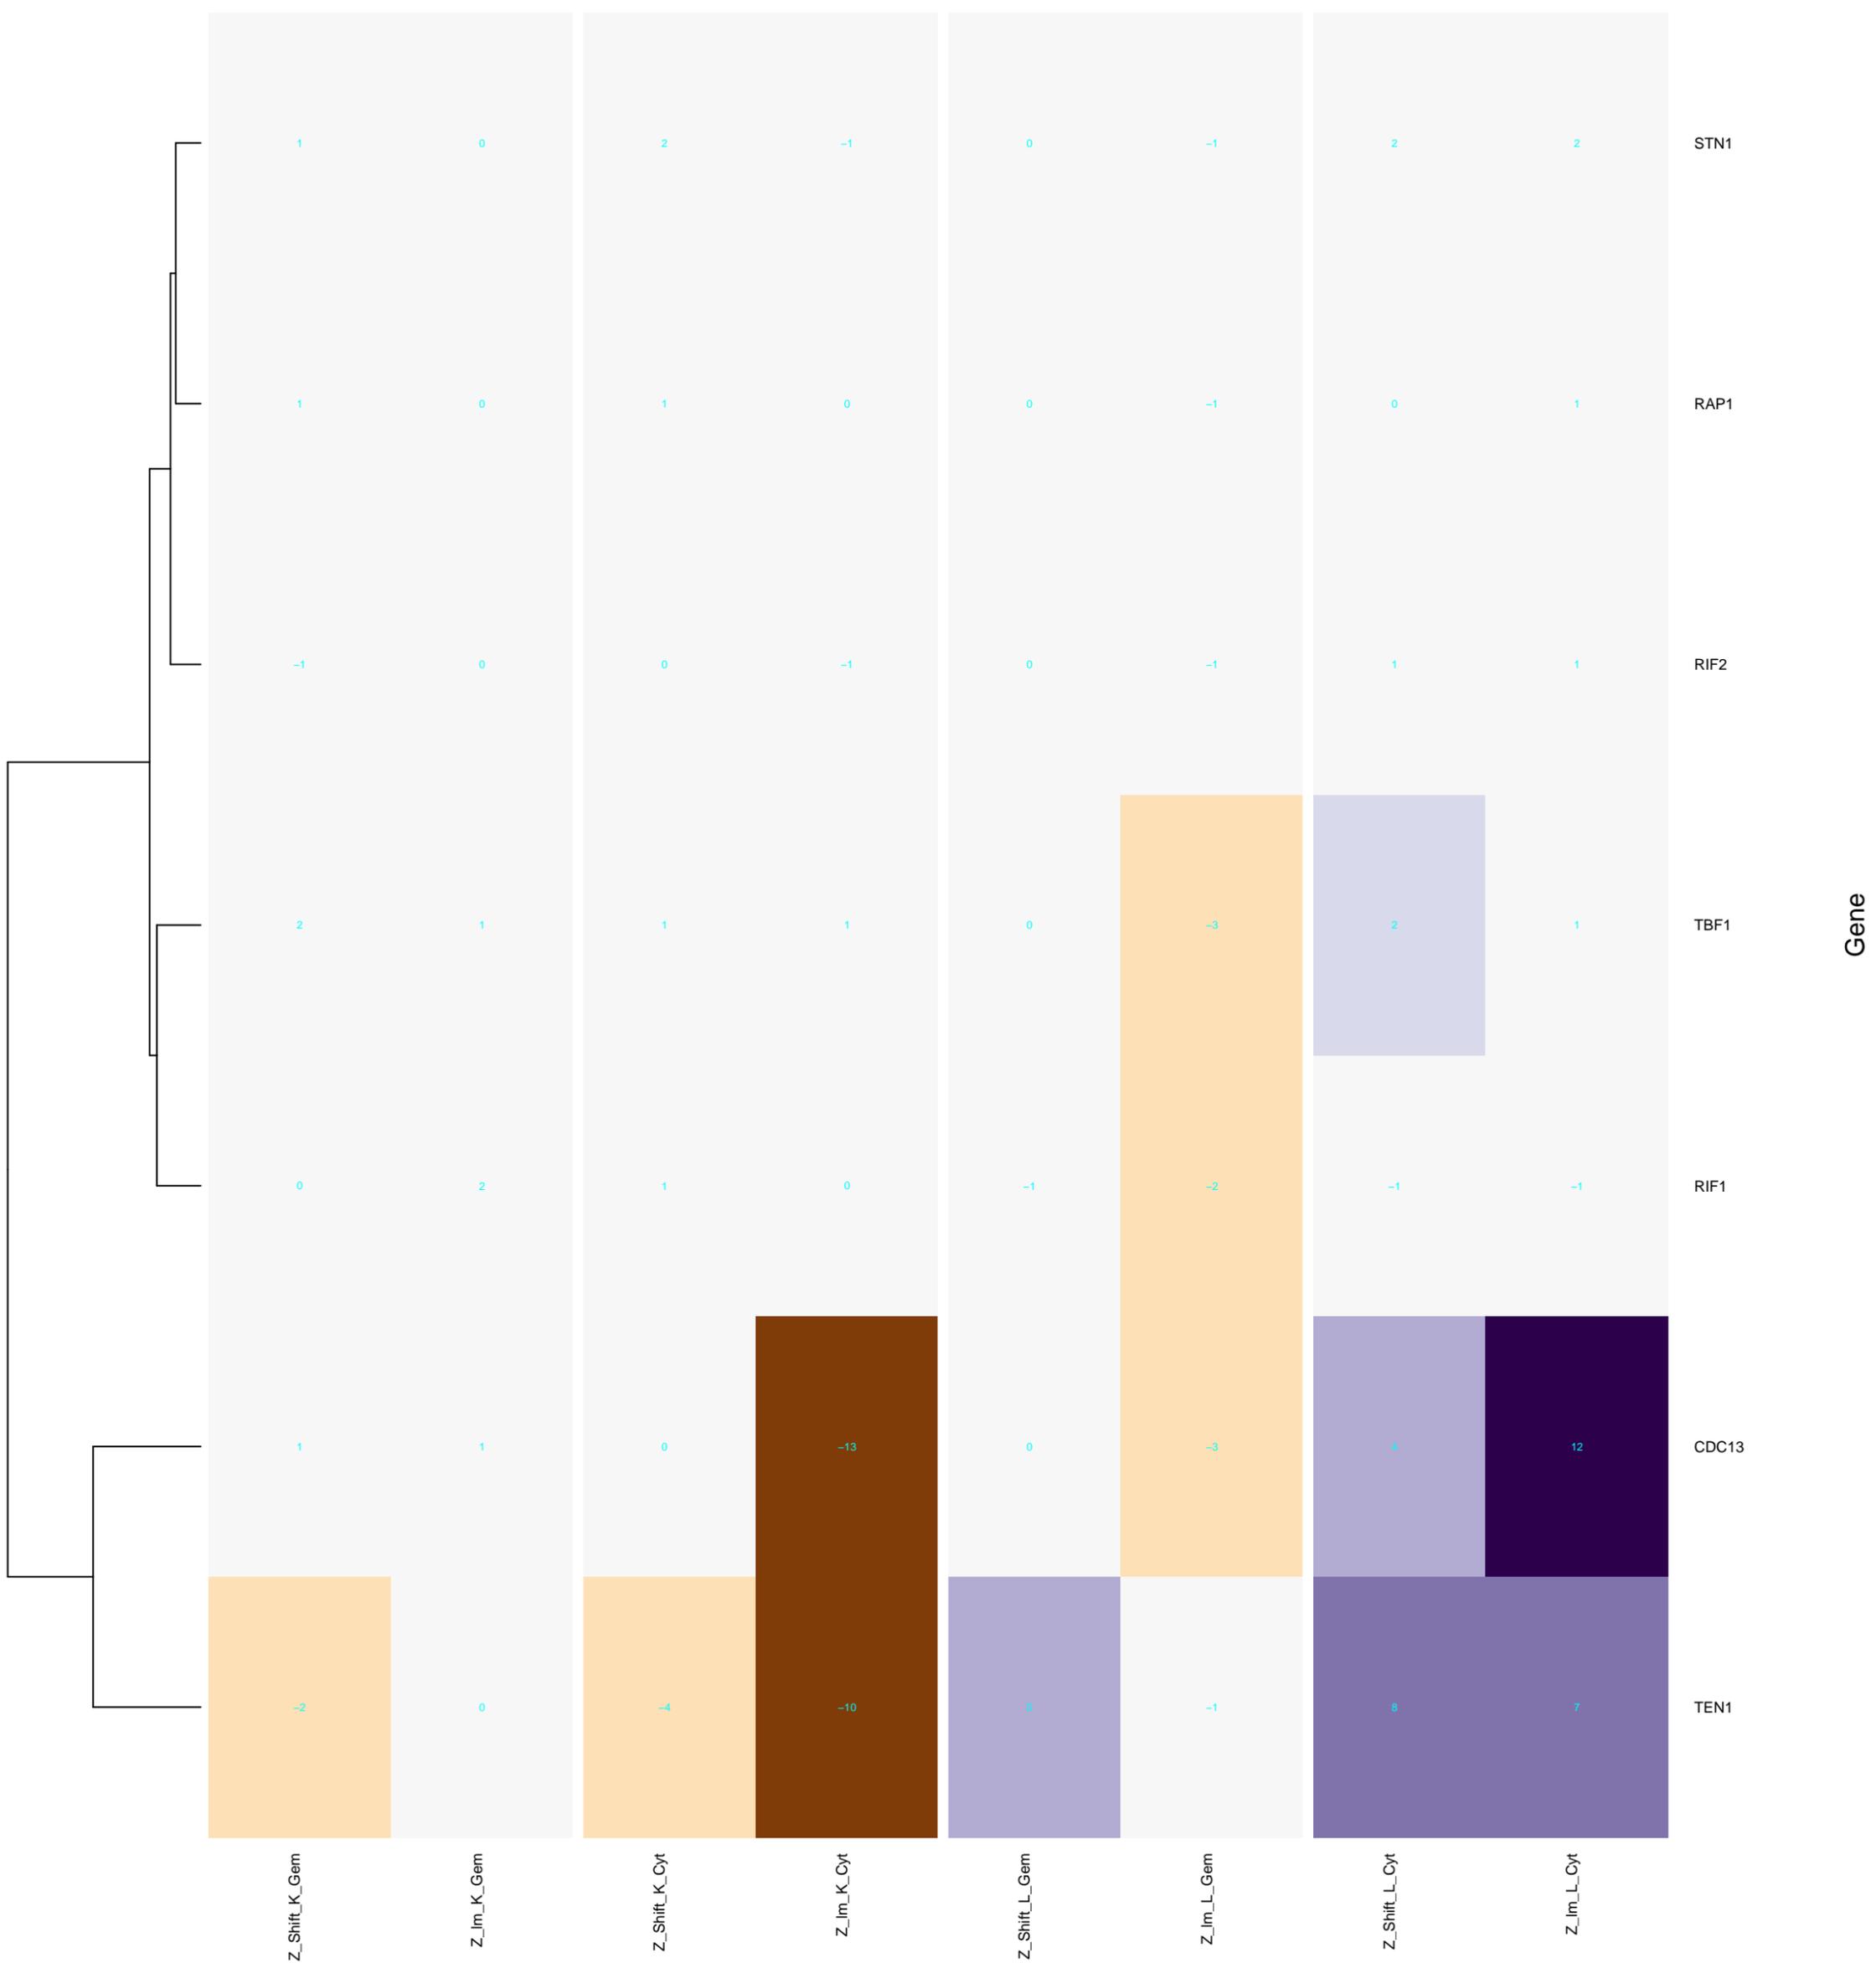

Gene

Color Key

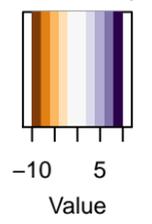

-10 5  
Value

# nuclear telomere cap complex

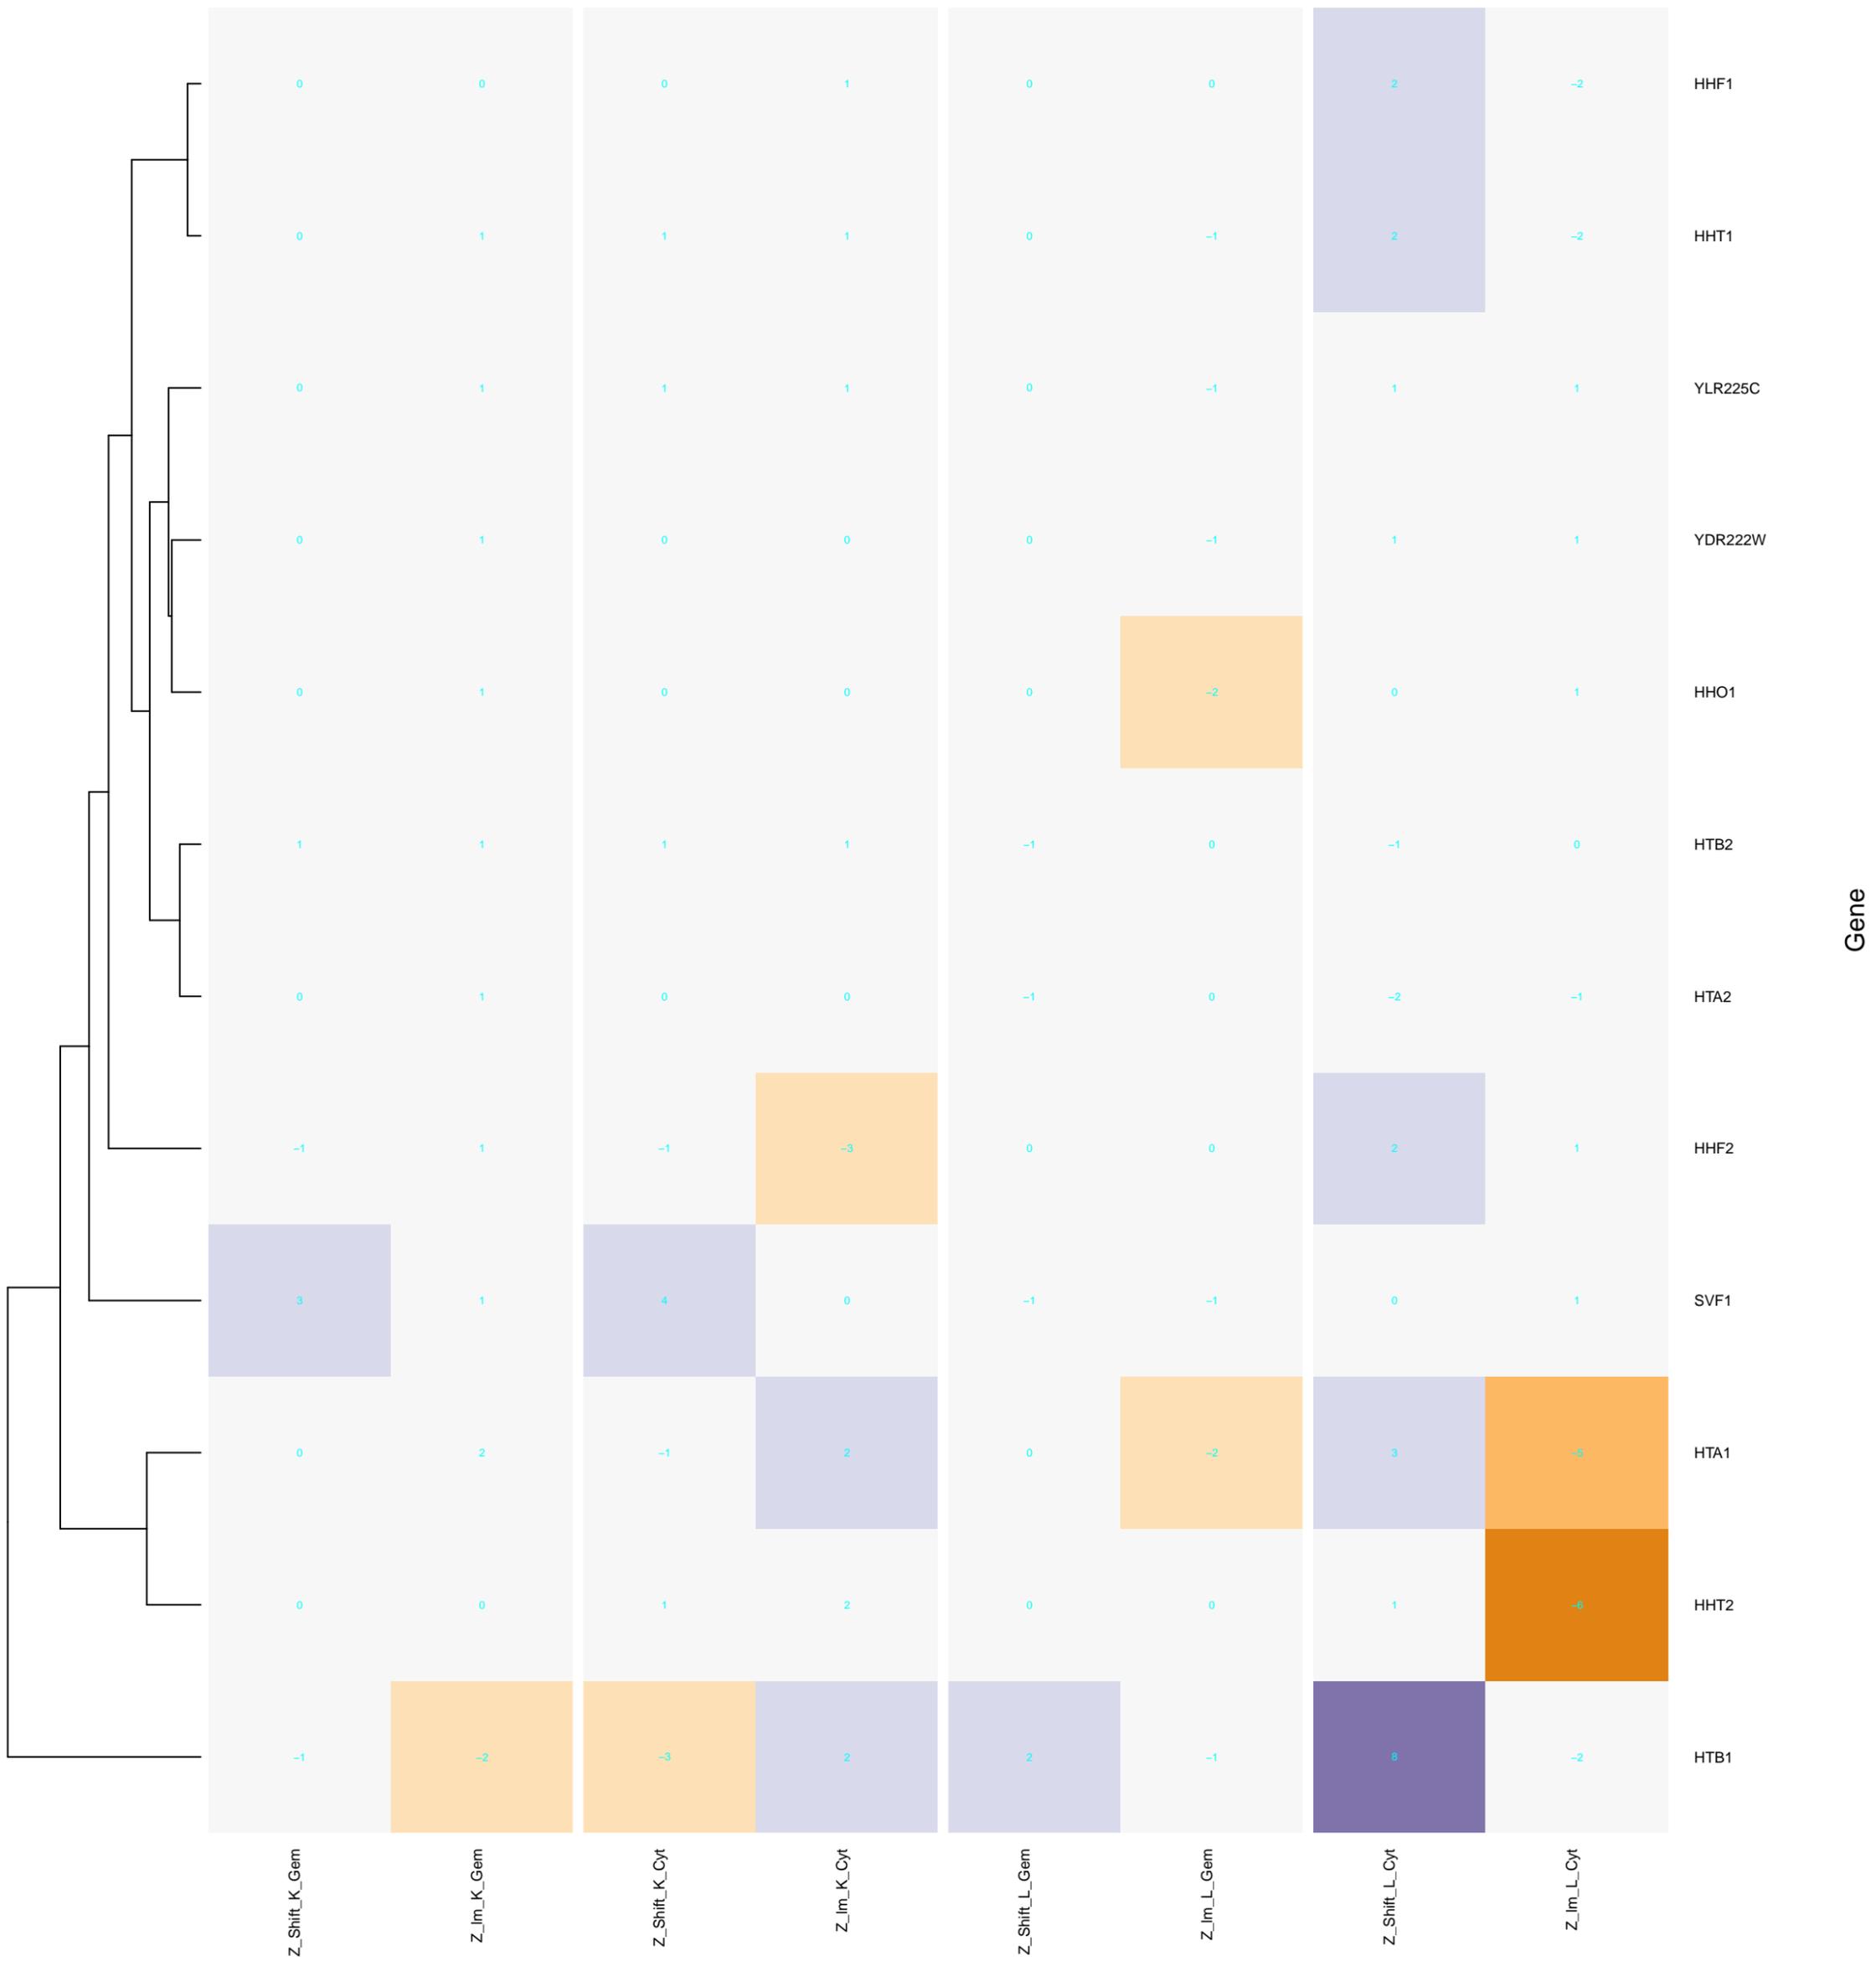

Gene

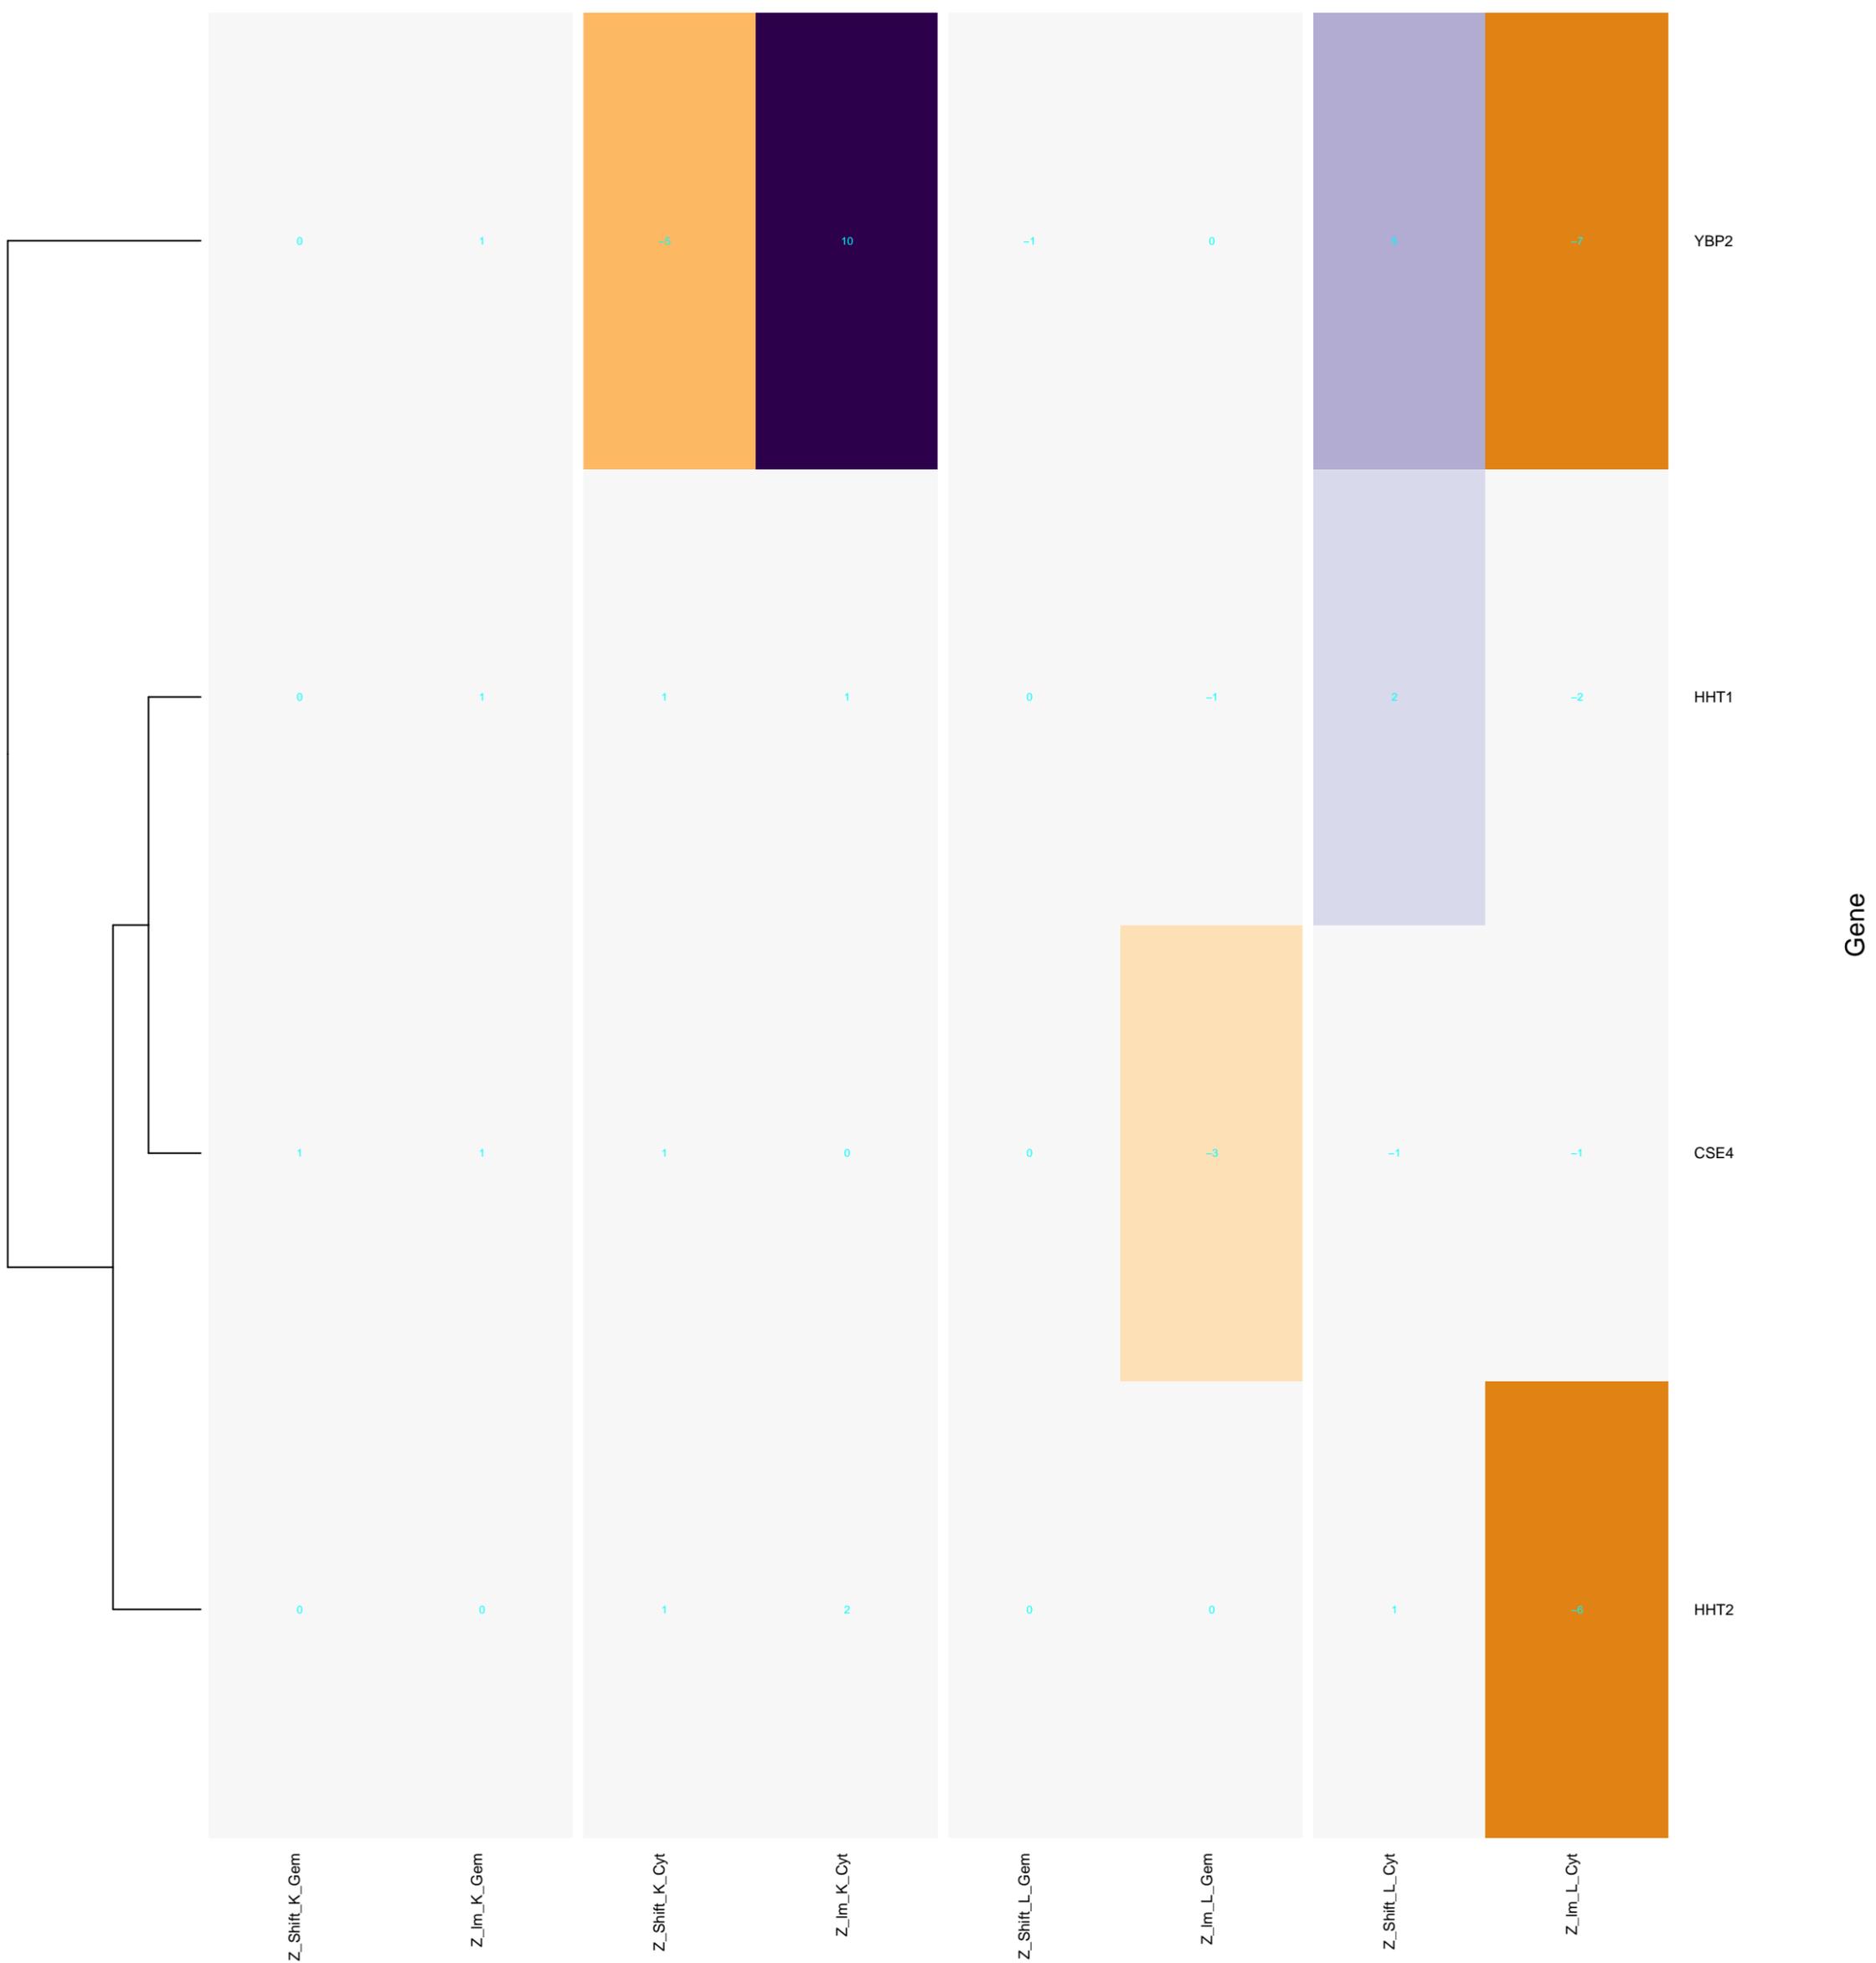

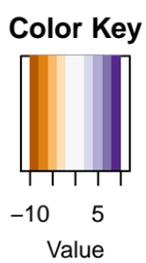

Color Key

nuclear nucleosome

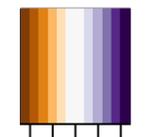

# CENP-A containing nucleosome

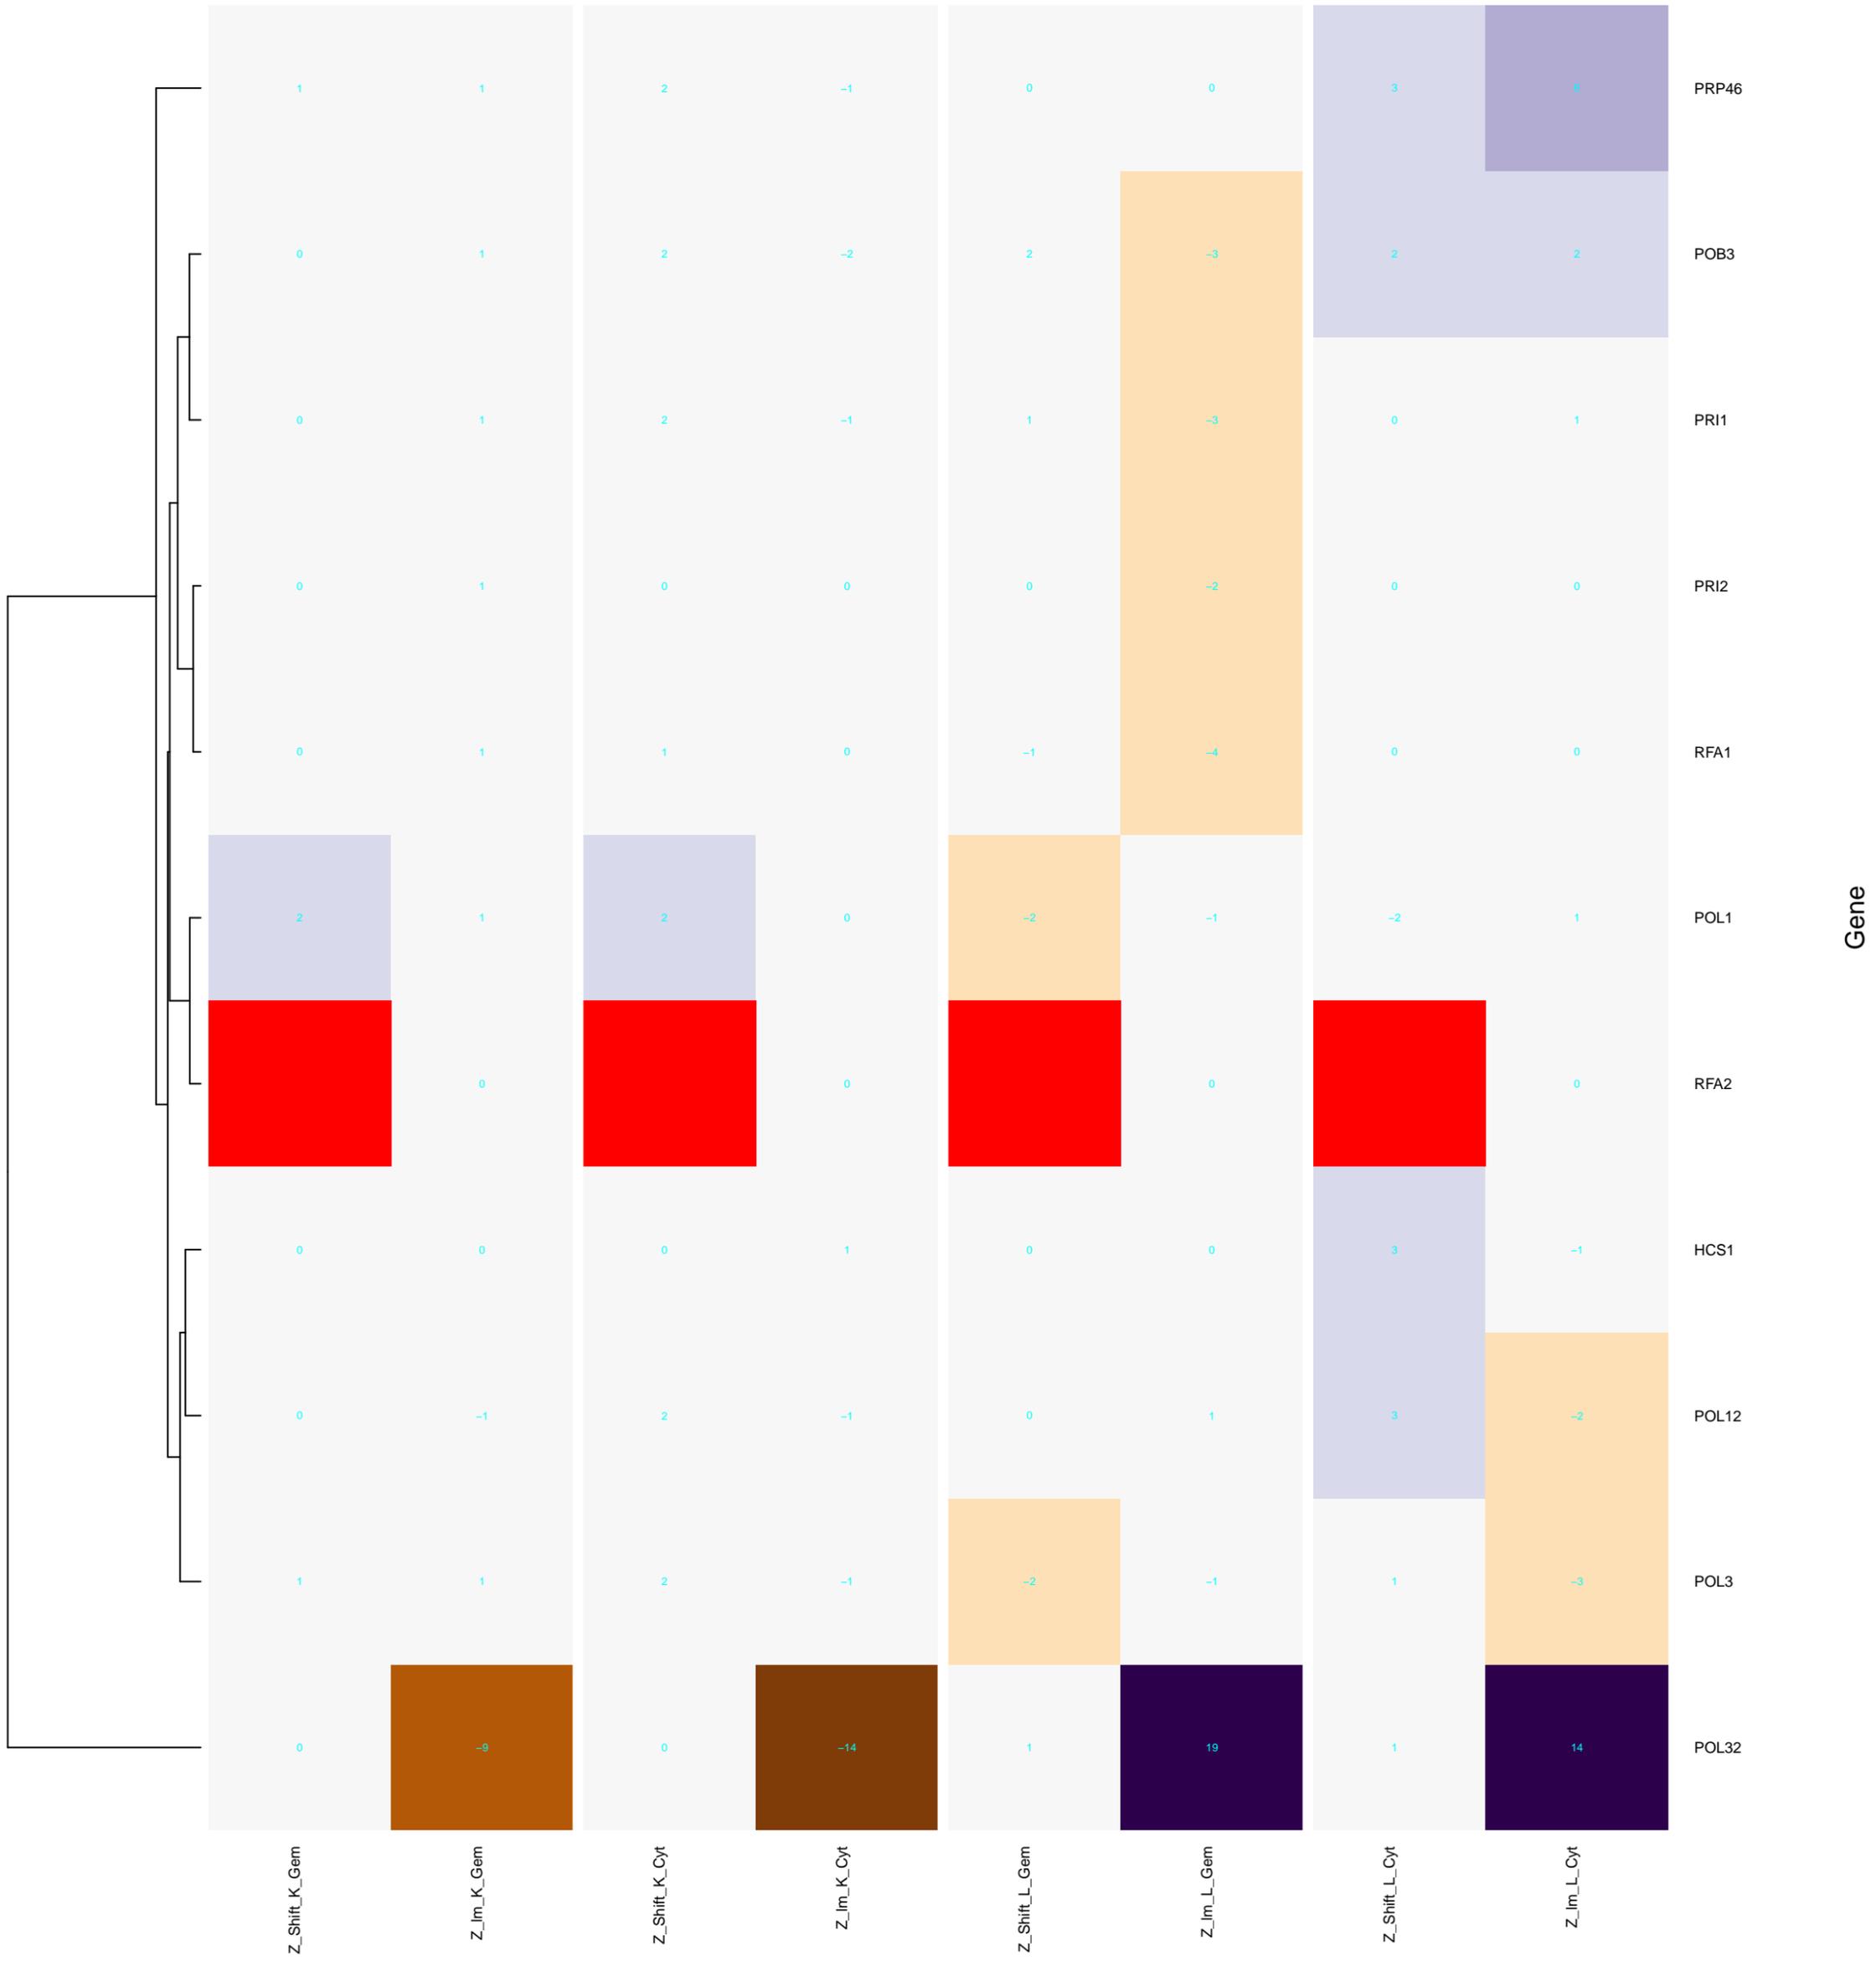

# nuclear replisome

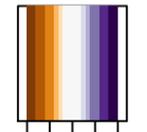

Color Key

-10 5  
Value

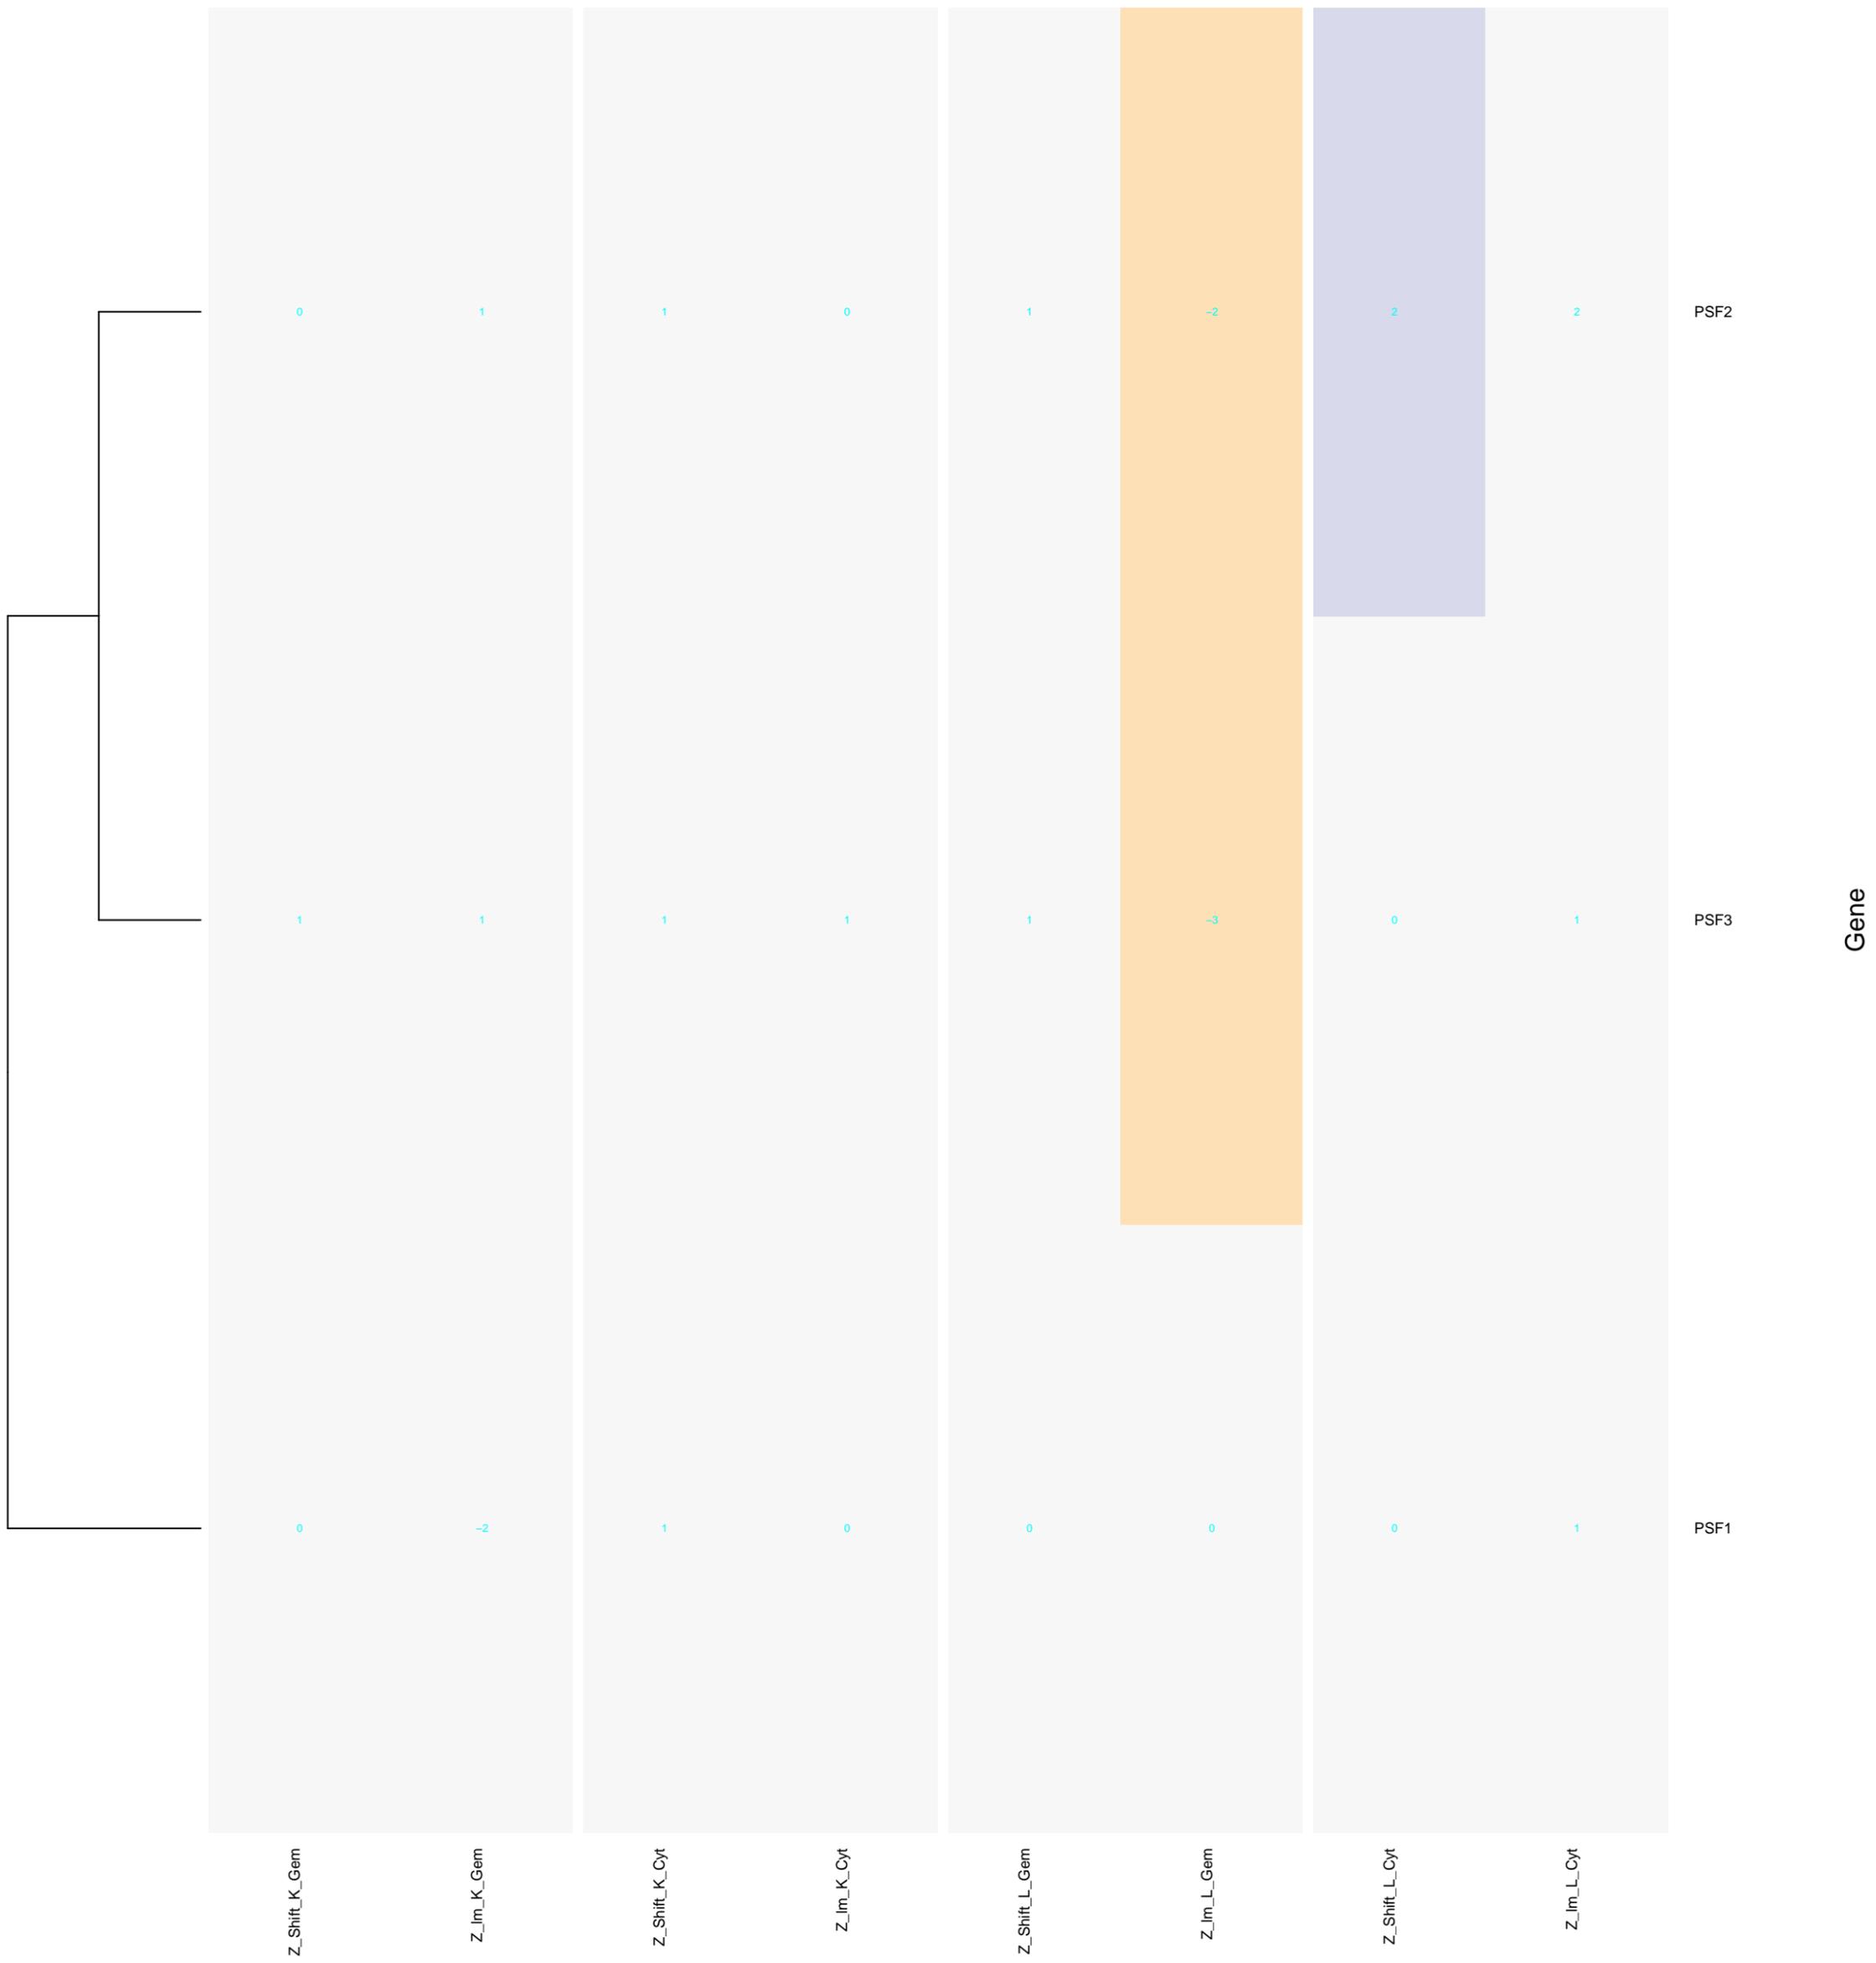

Color Key

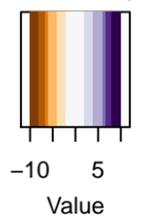

-10 5  
Value

# GINS complex

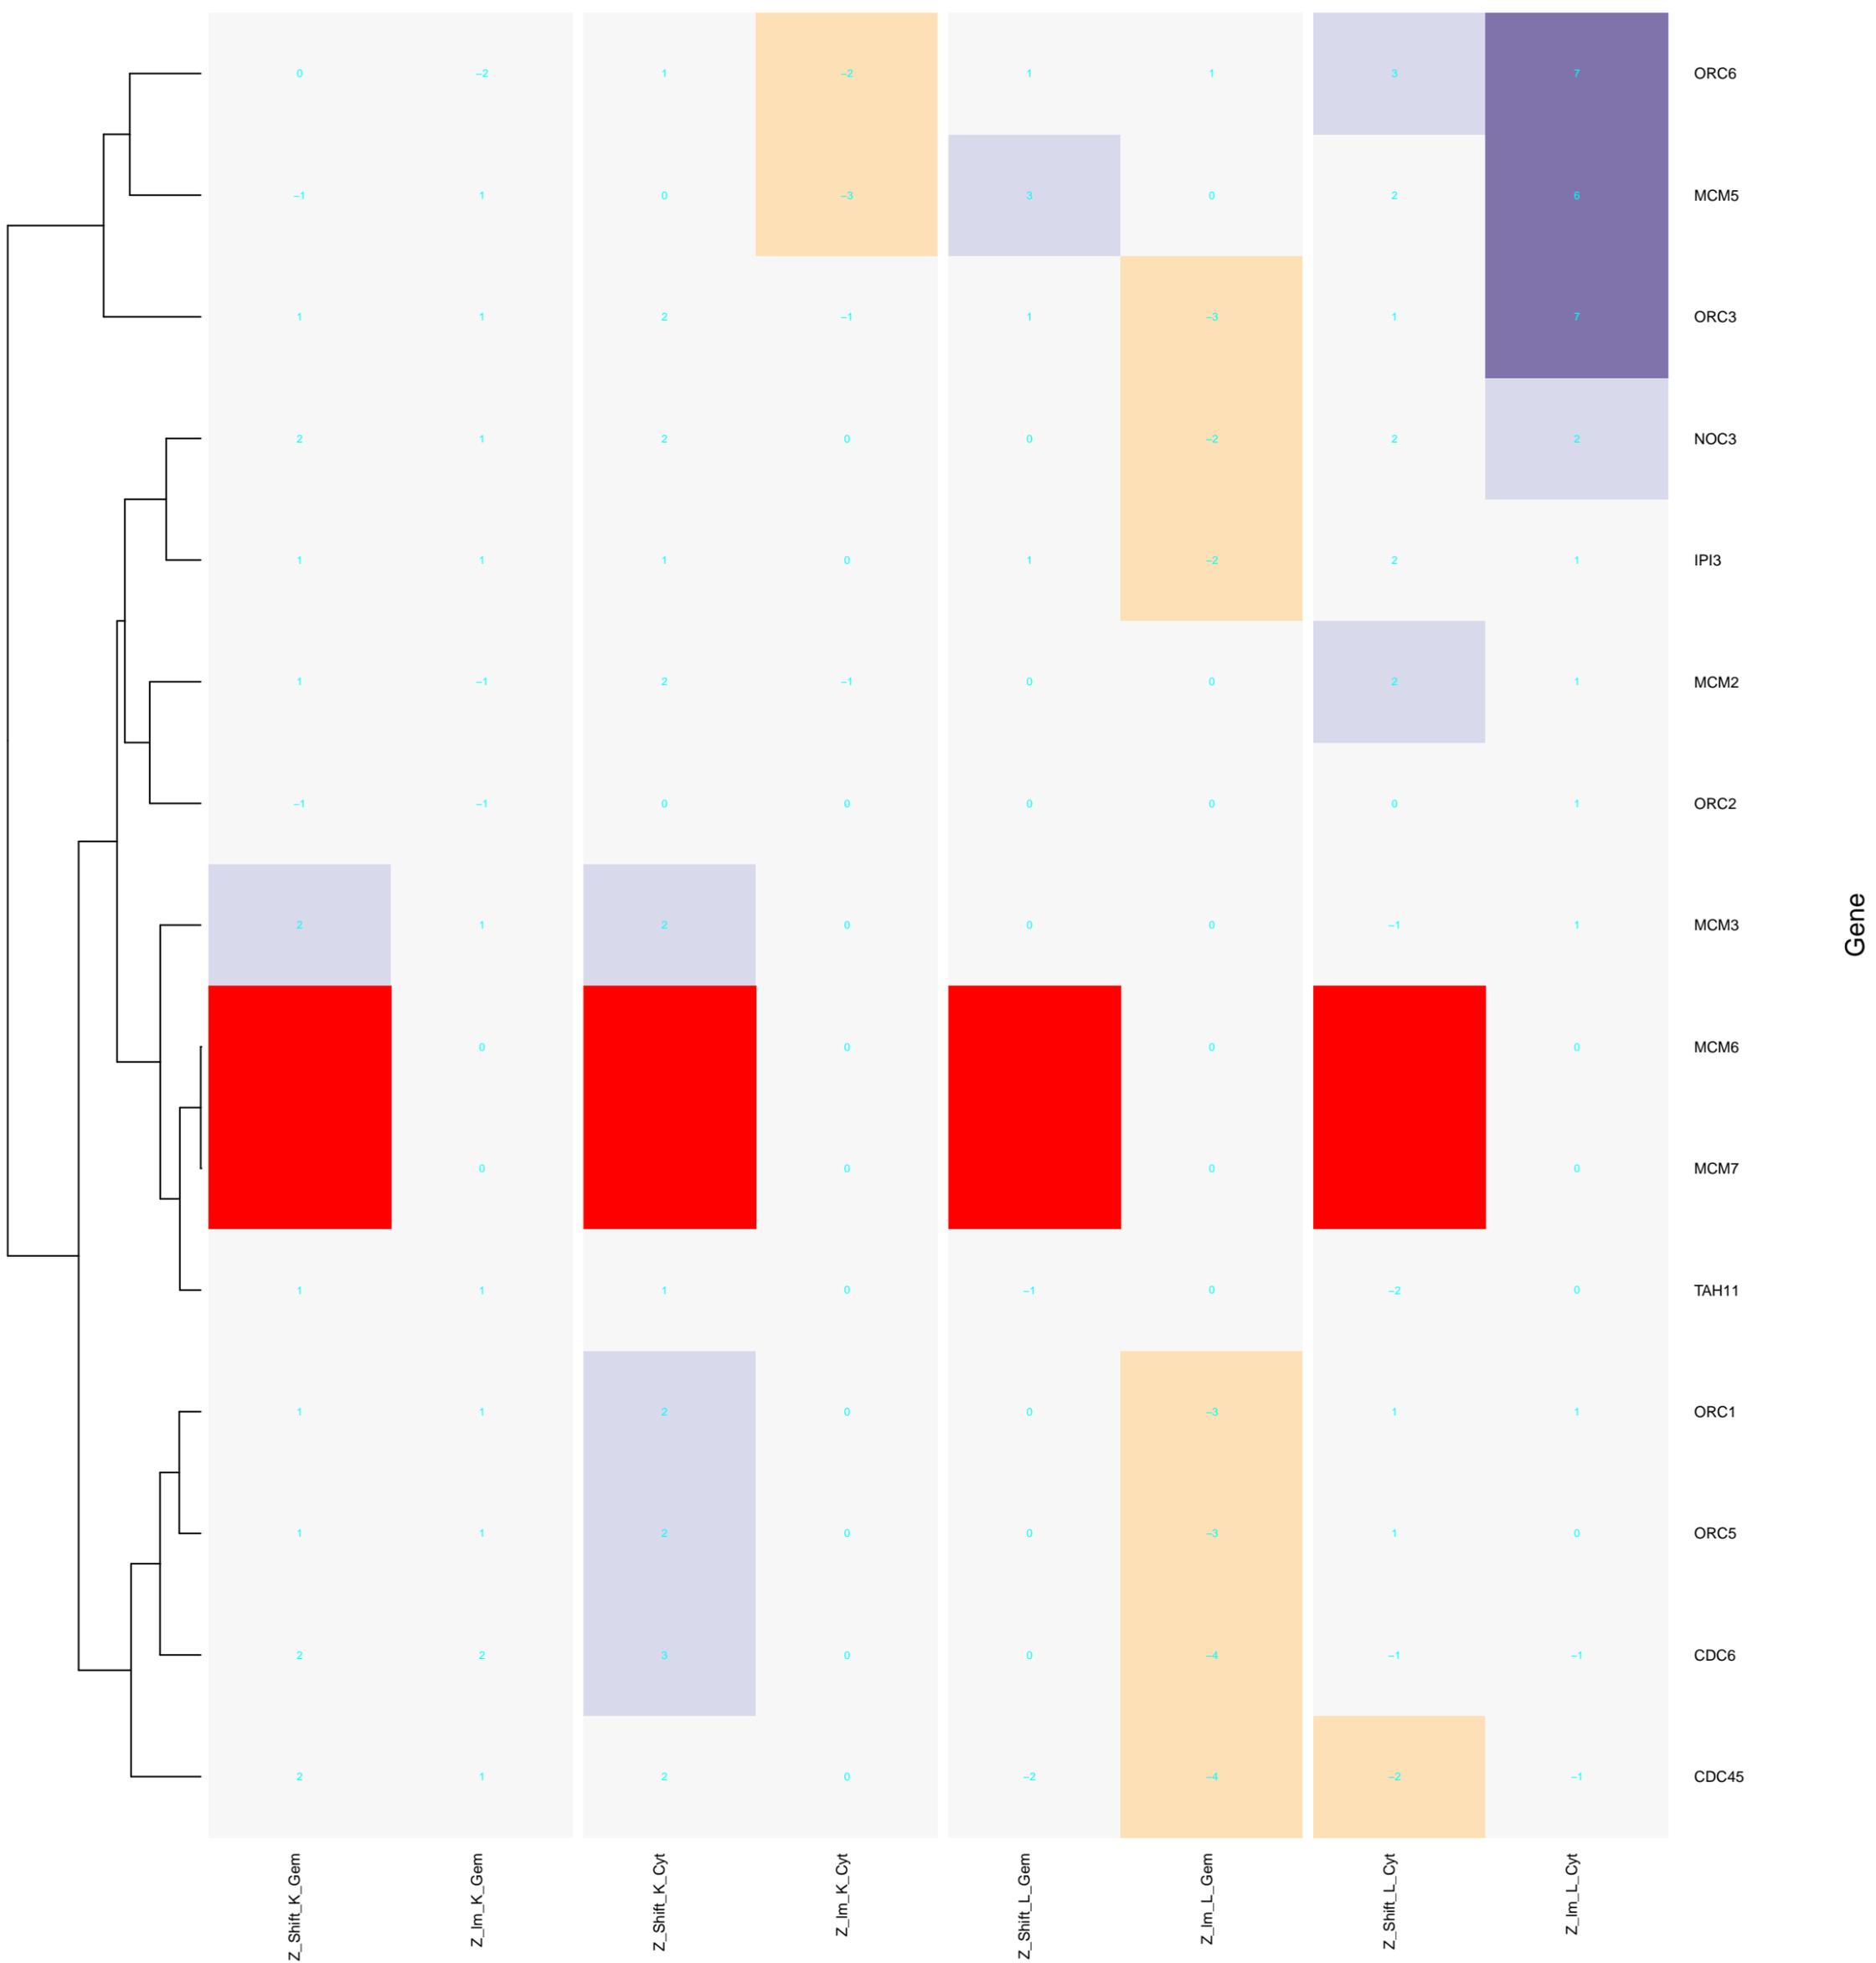

Gene

Color Key

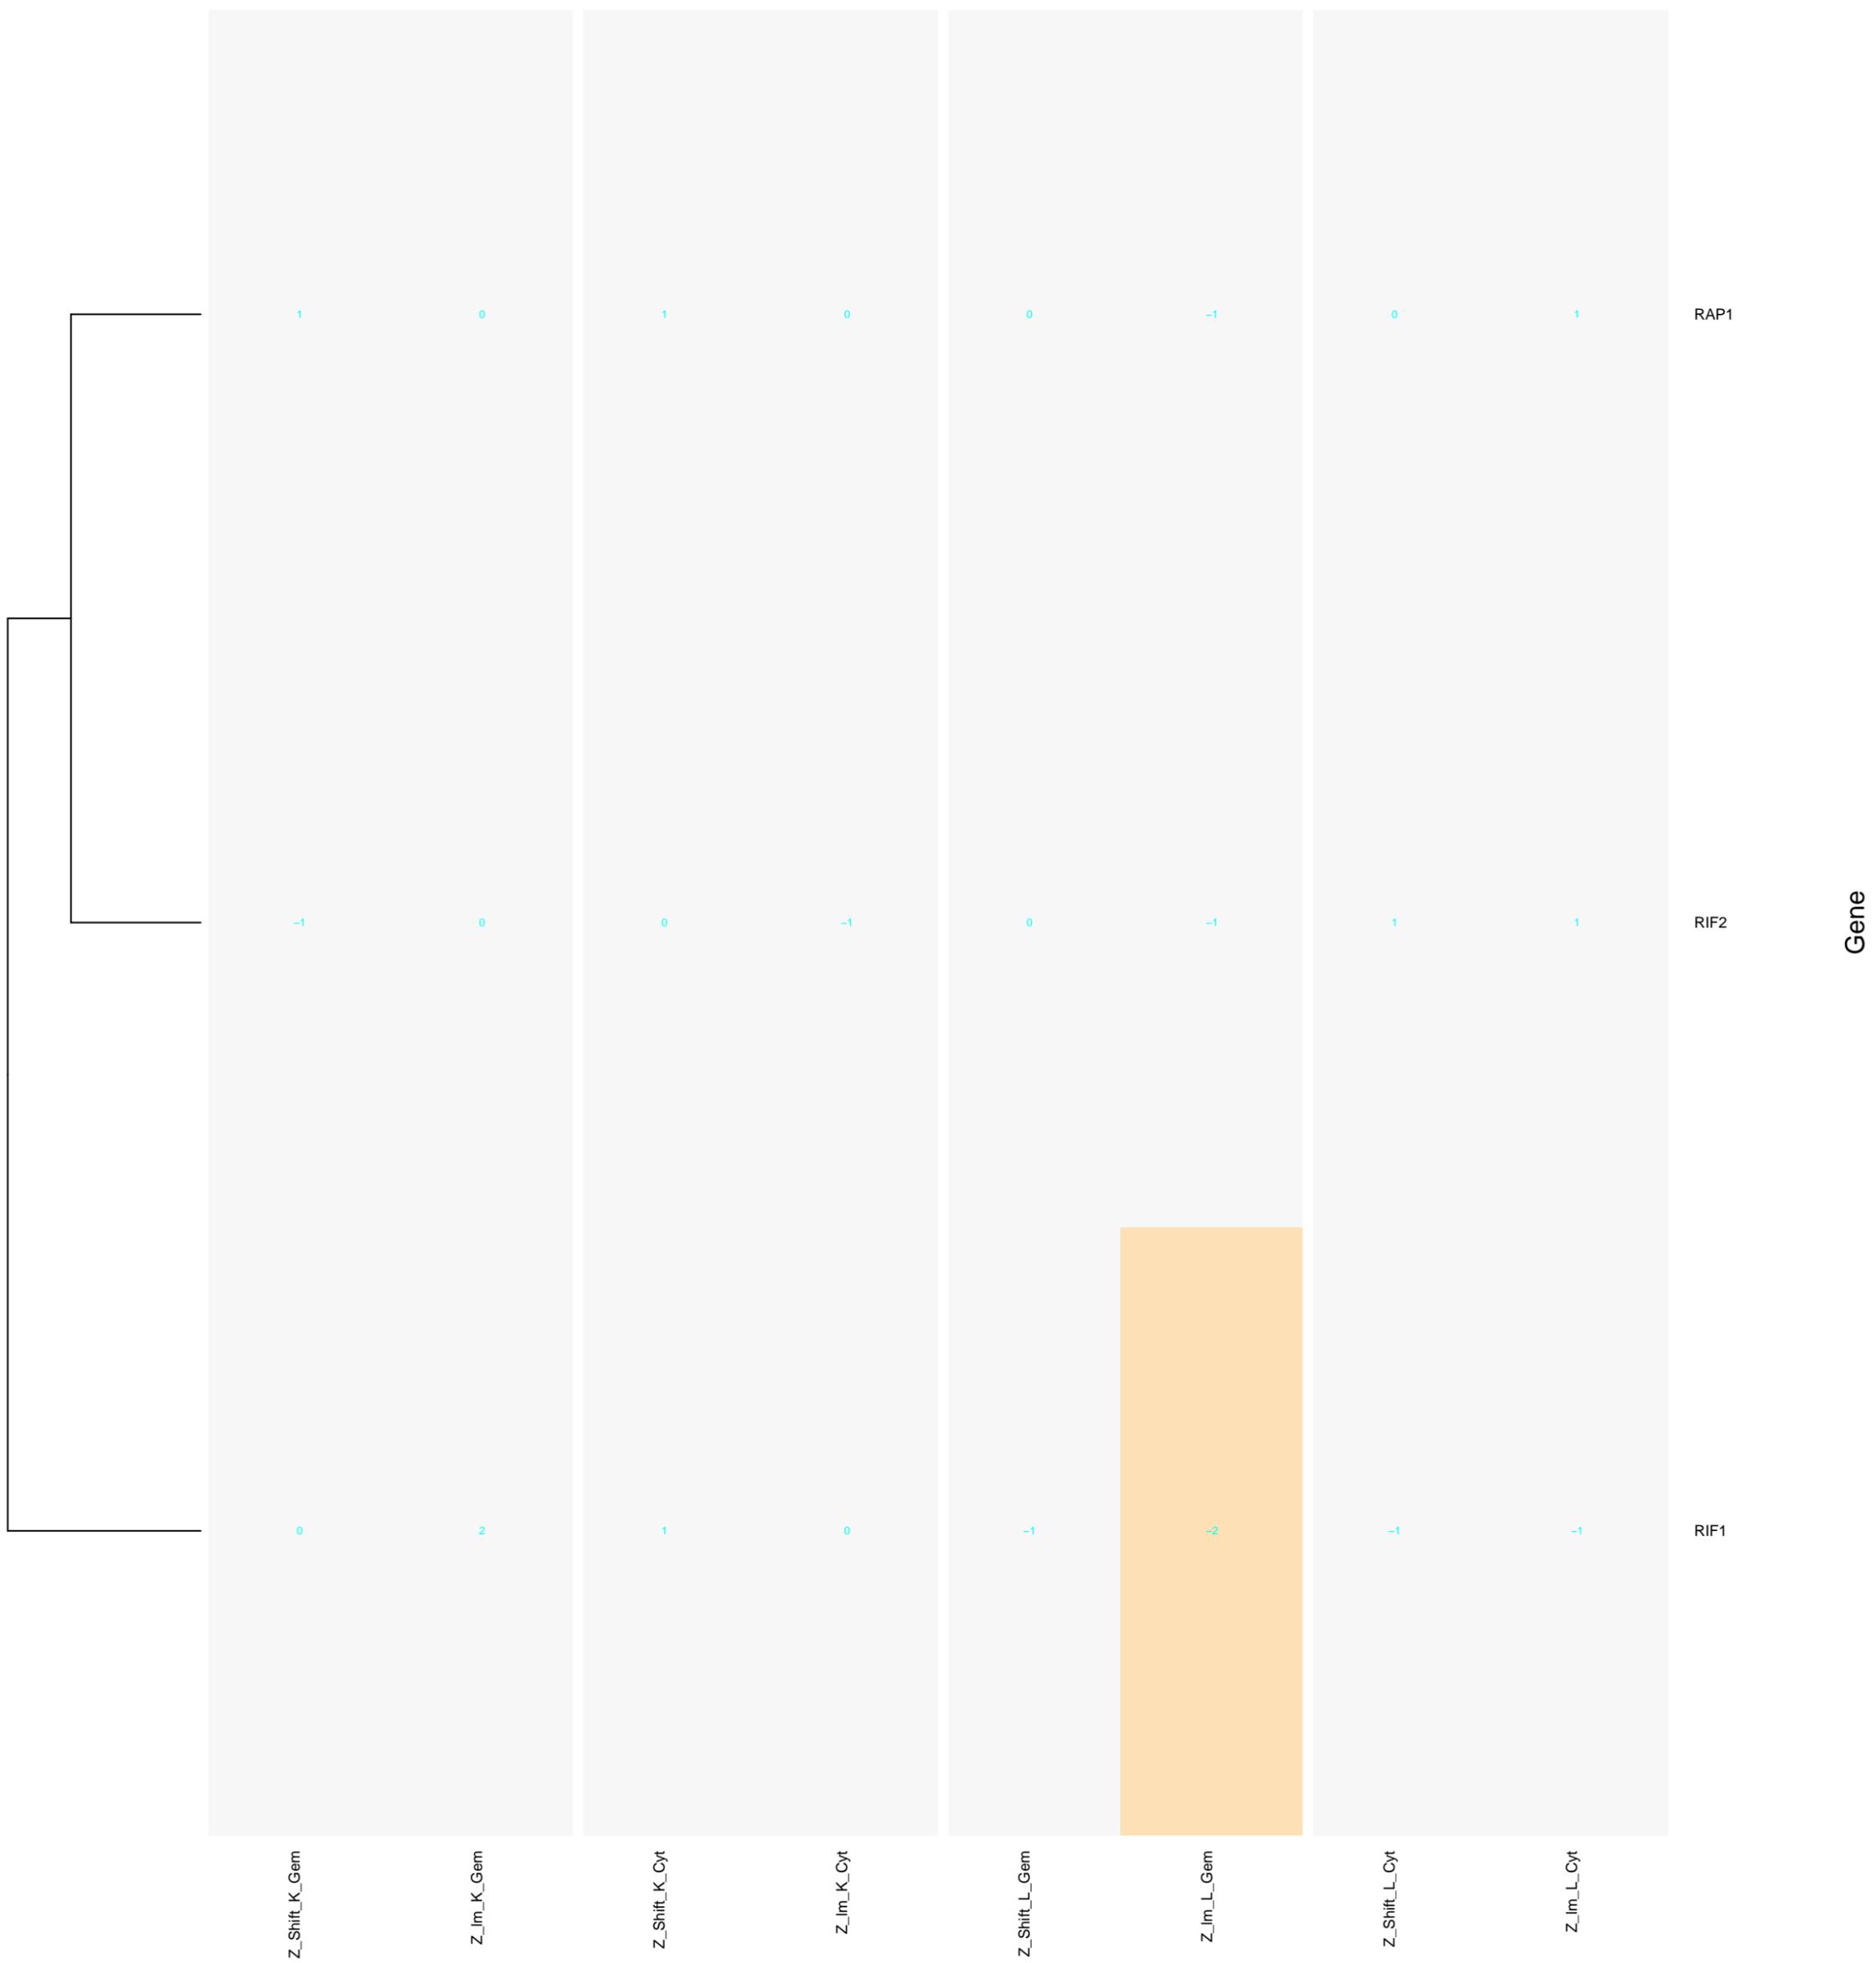

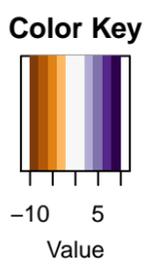

# nuclear pre-replicative complex

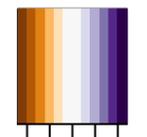

Gene

# telosome

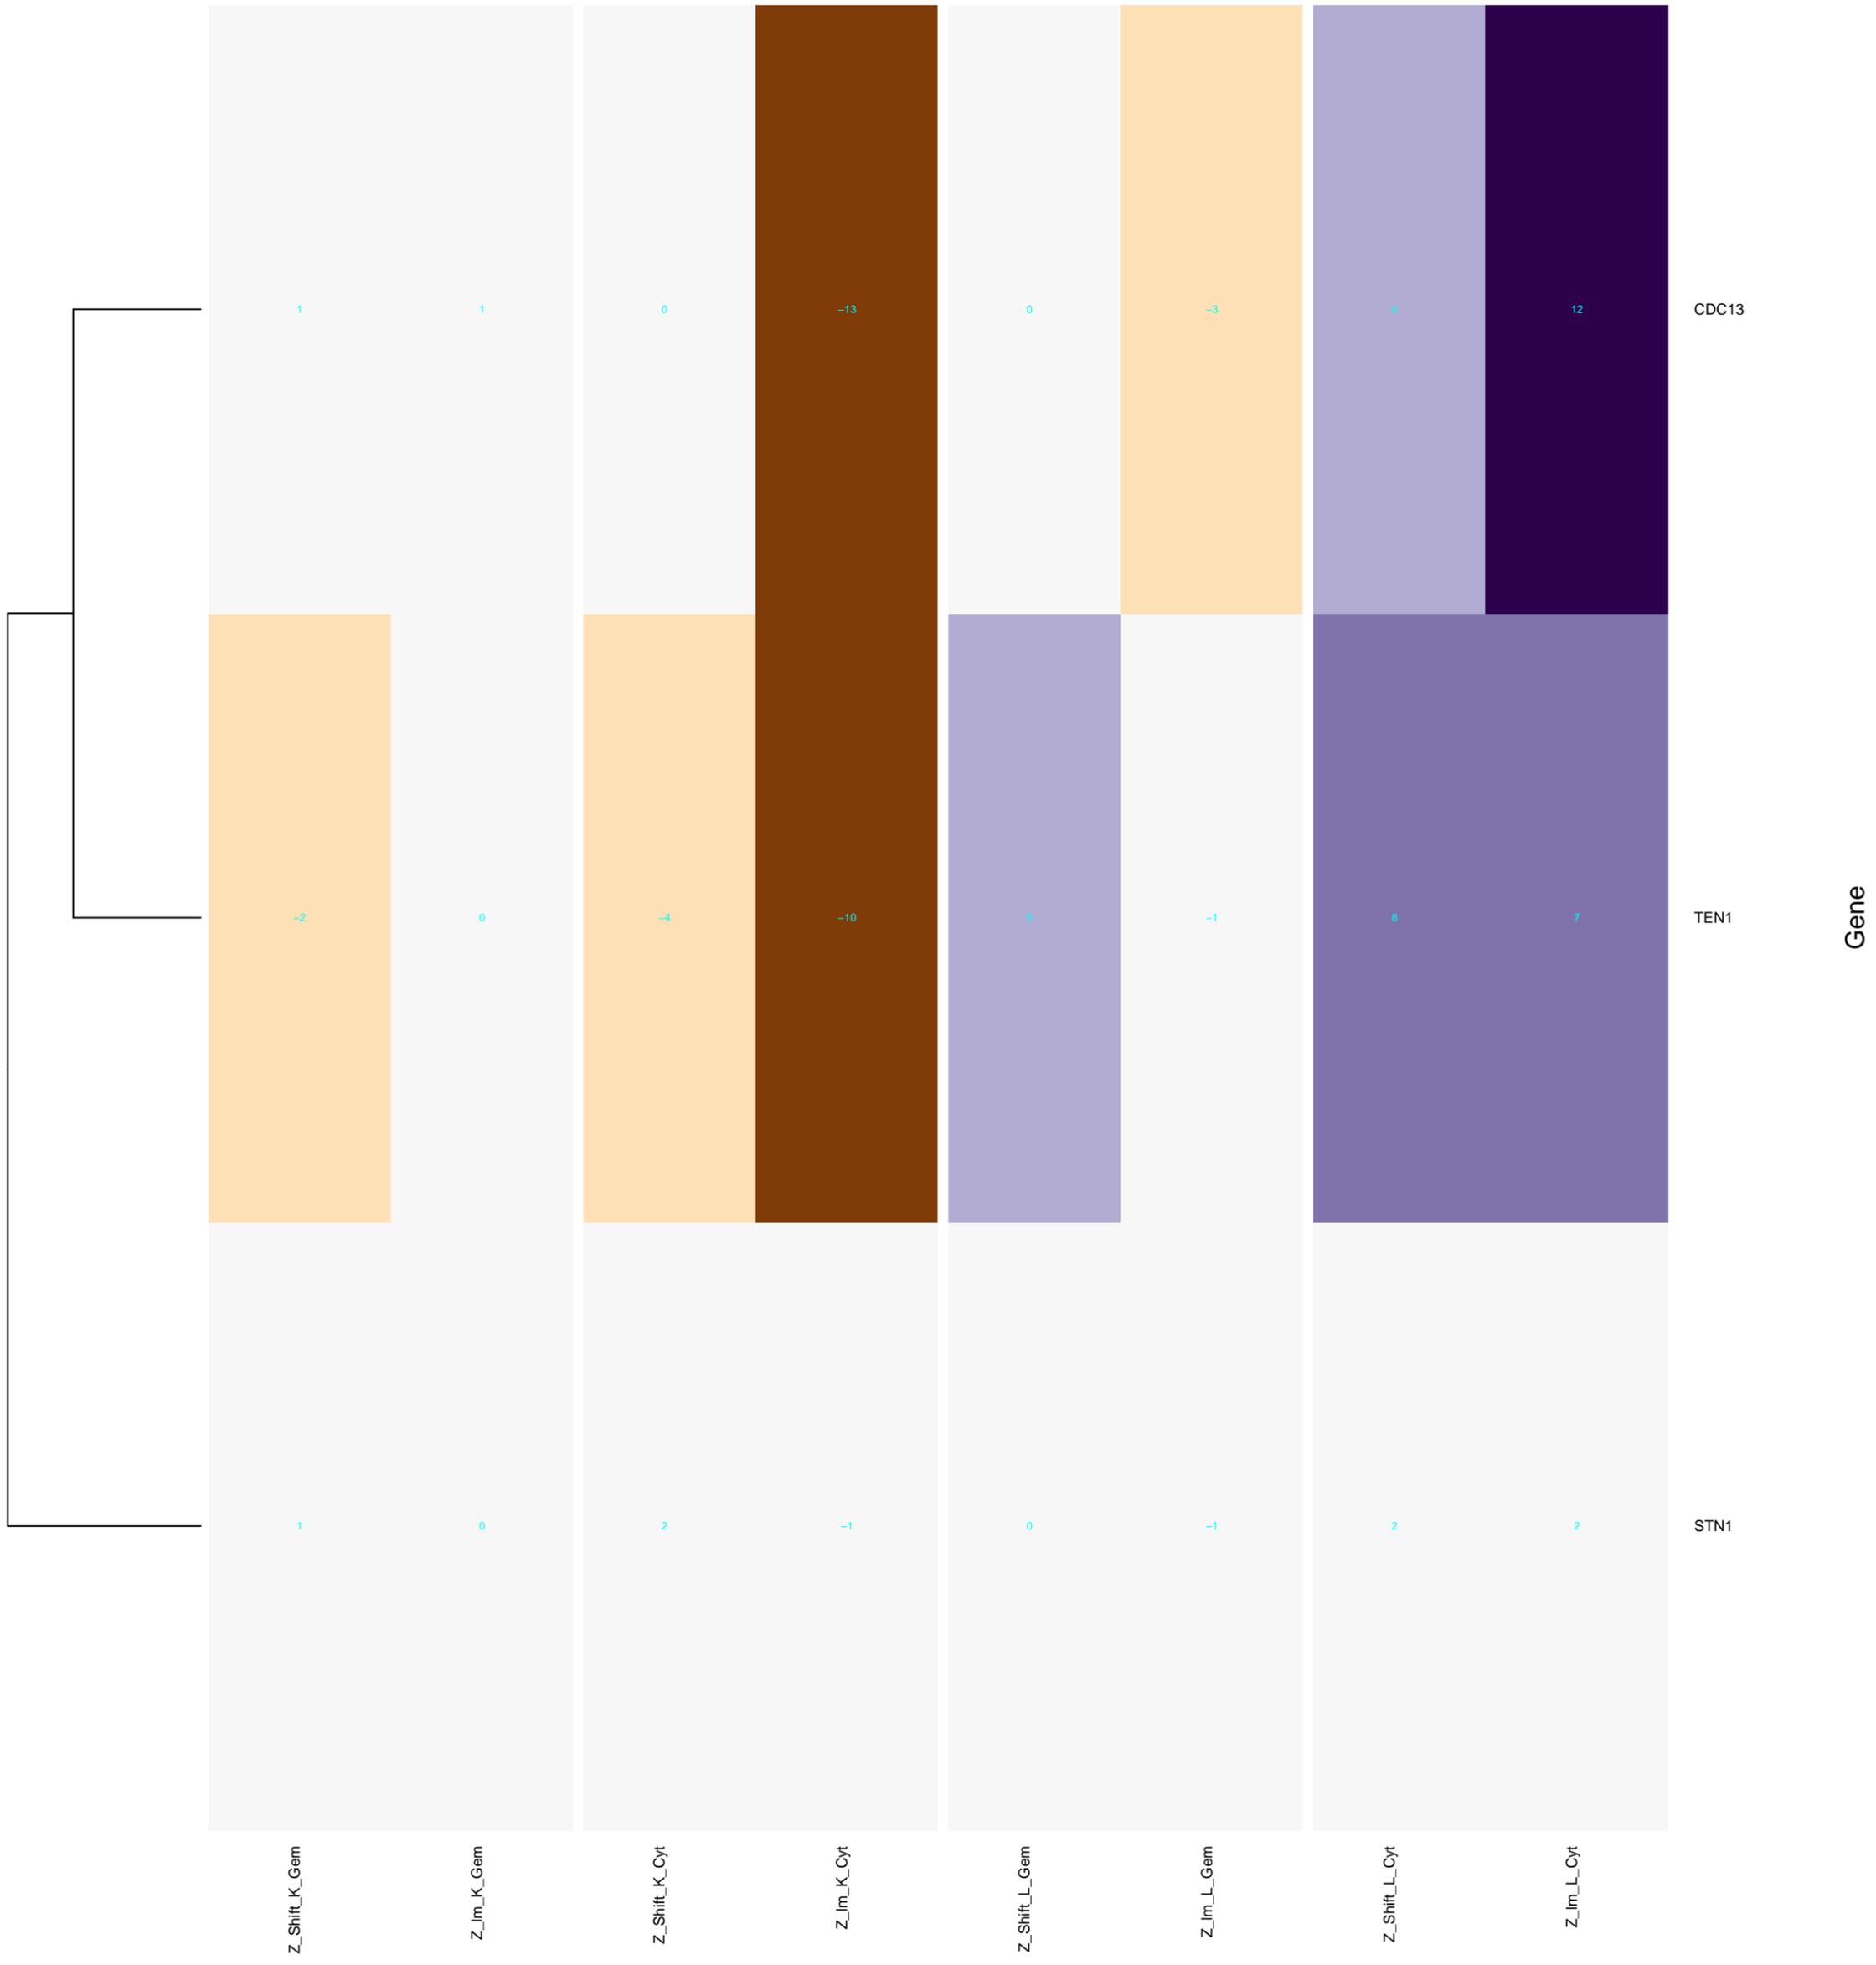

# CST complex

Color Key

-10 5  
Value

Gene
