

# protein targeting

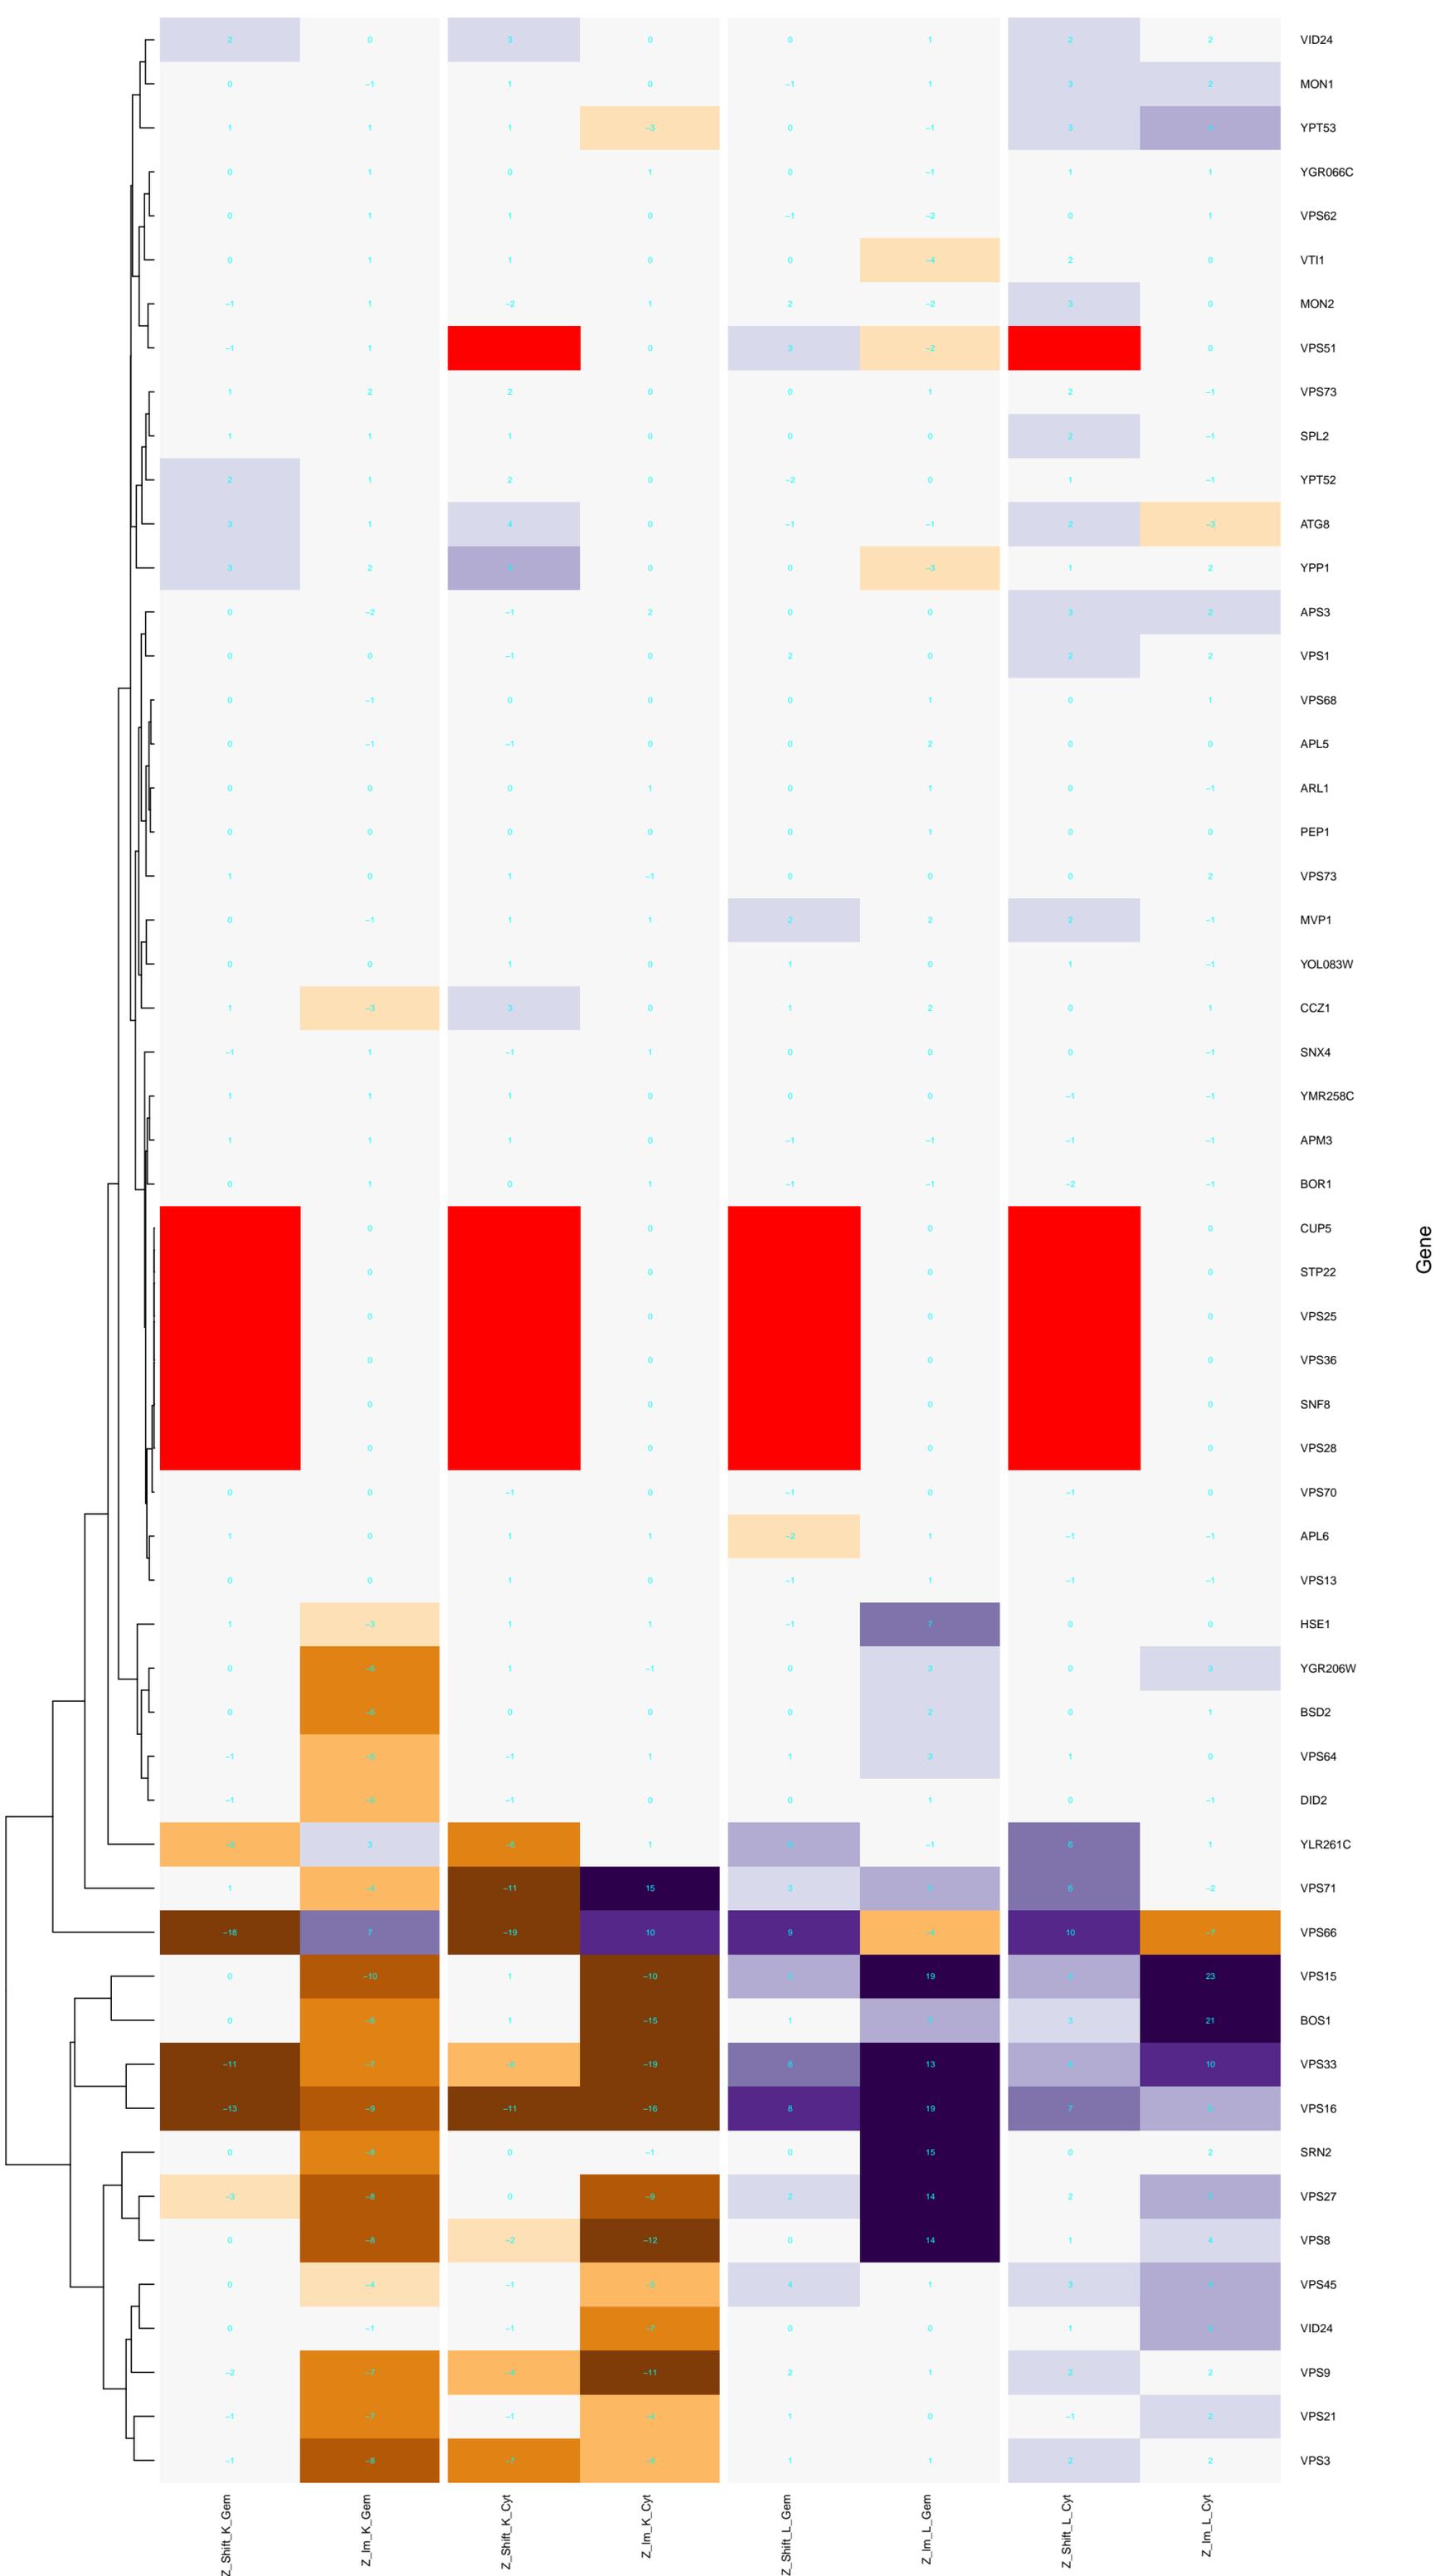

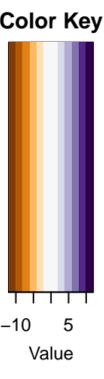

# protein targeting to membrane

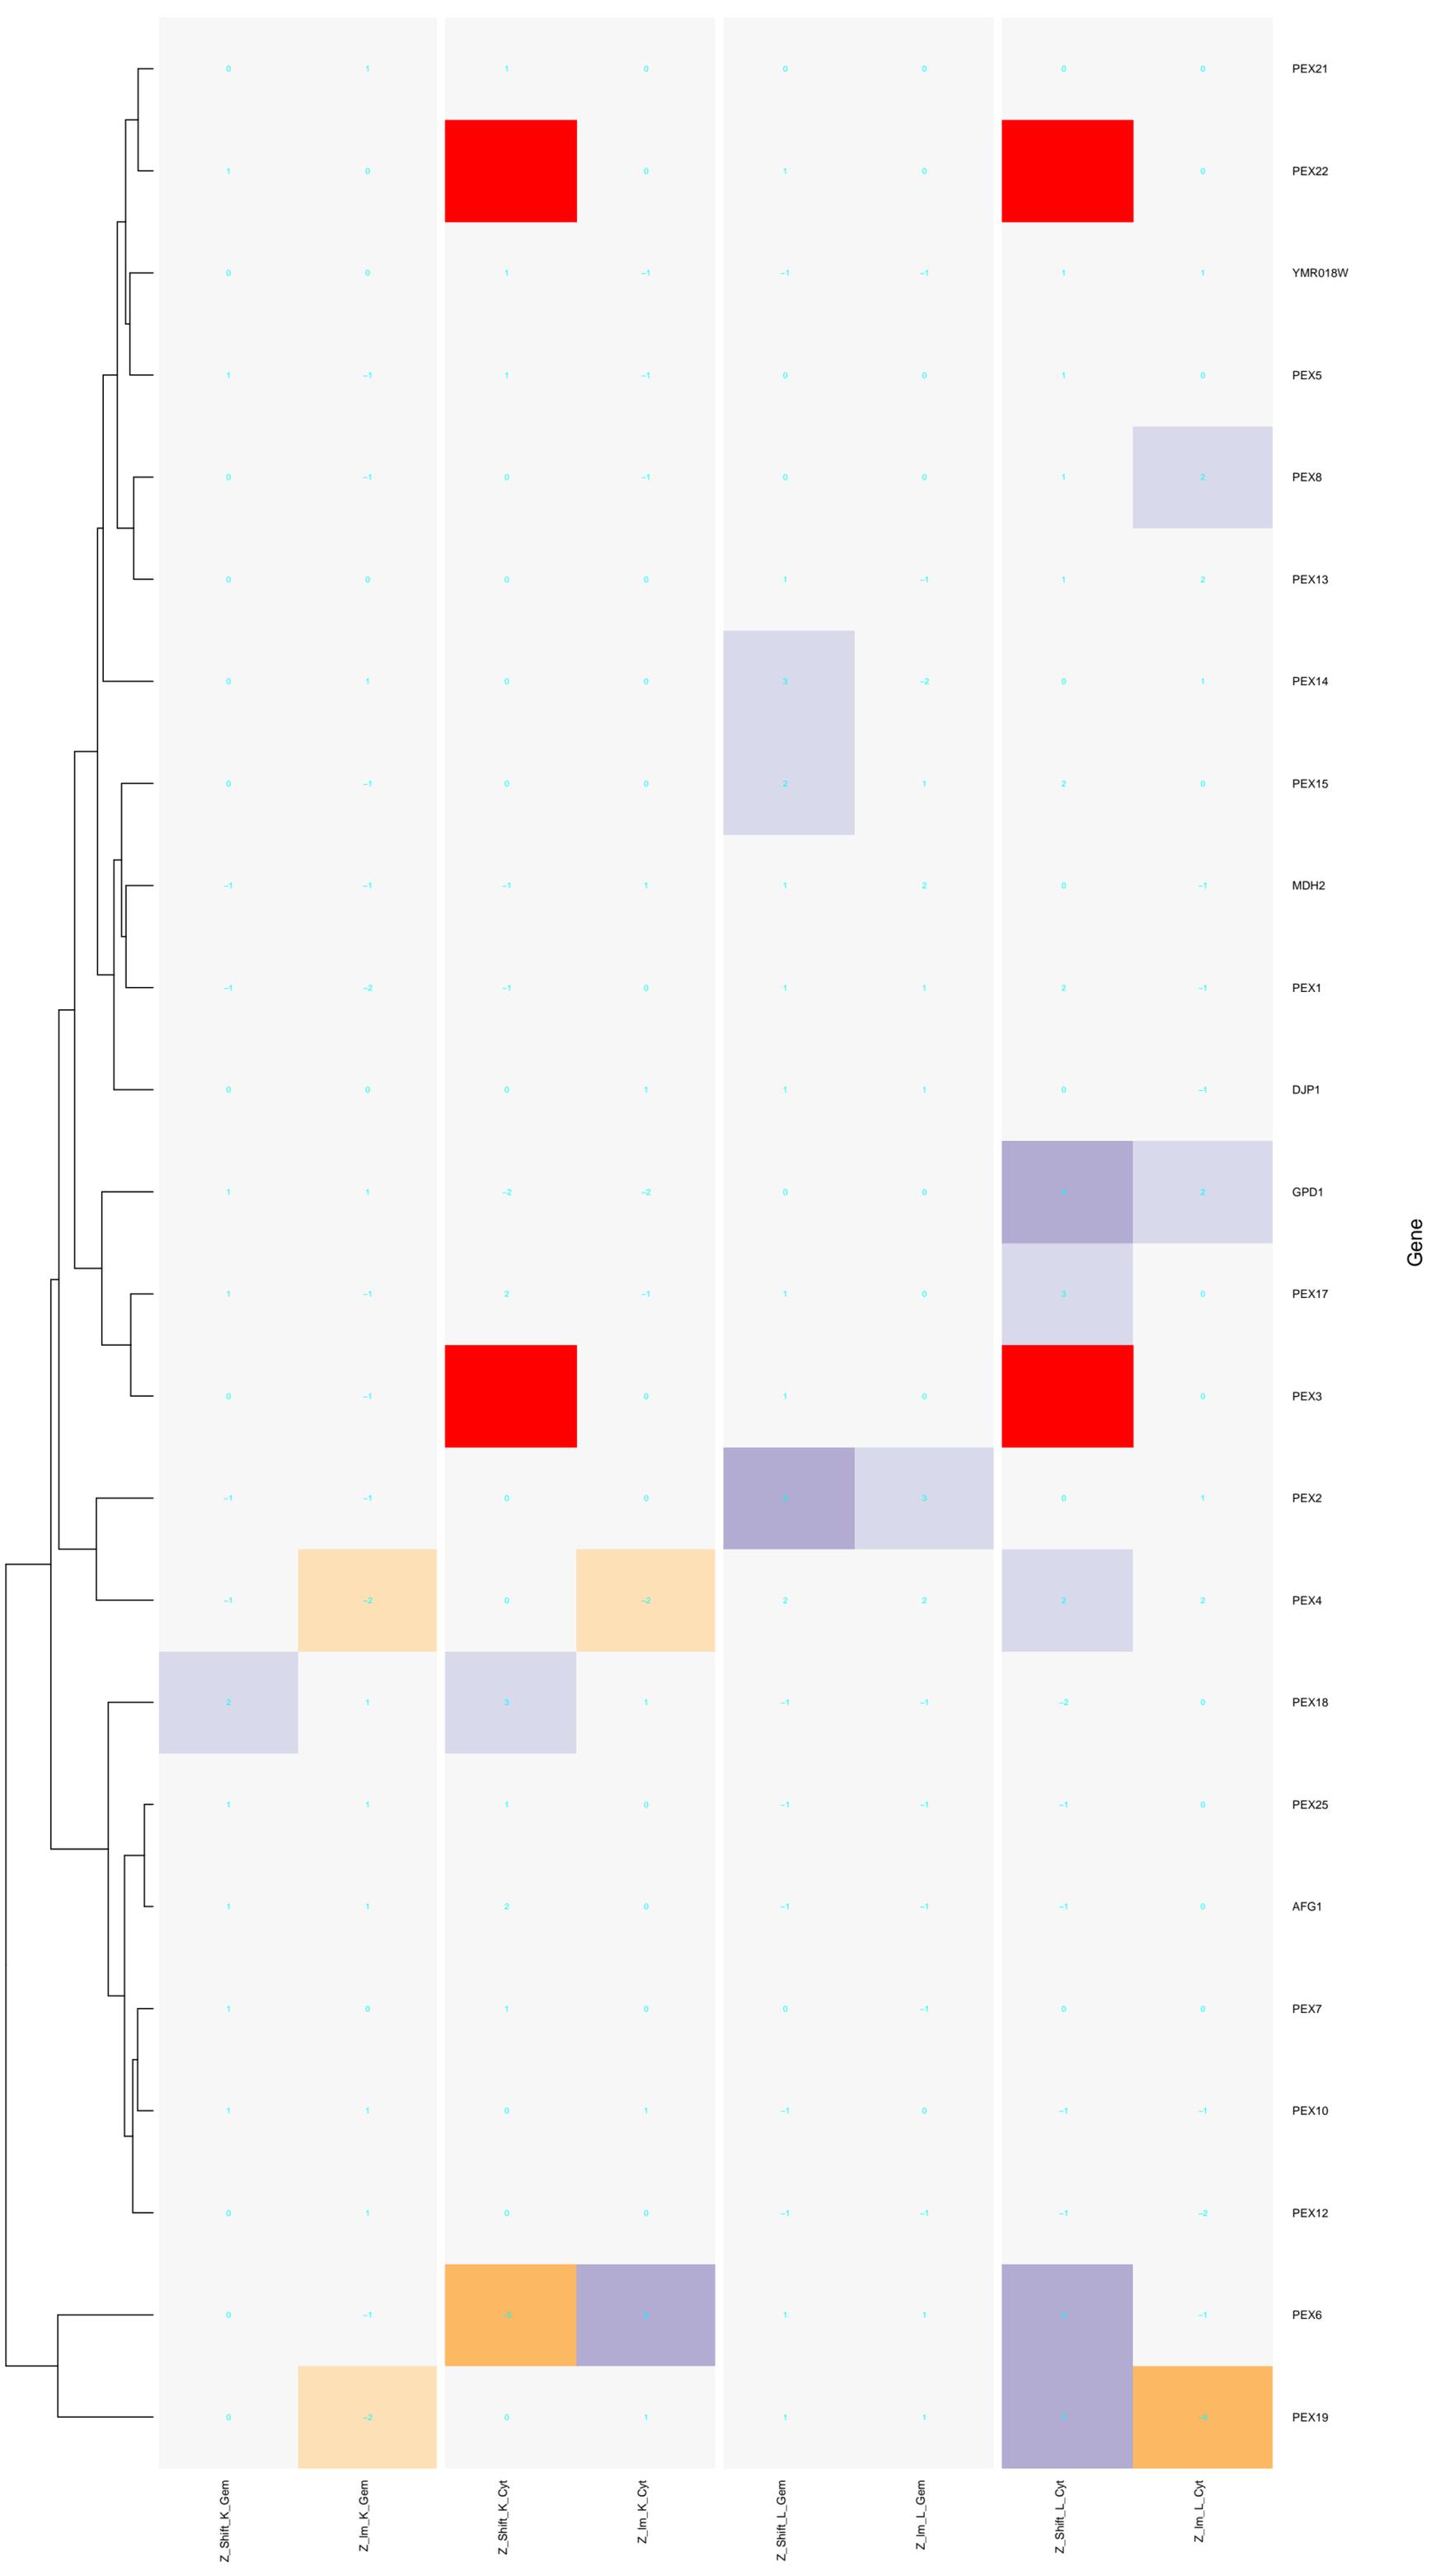

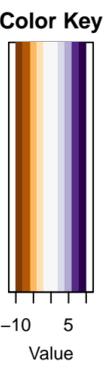

Gene

# protein targeting to vacuole

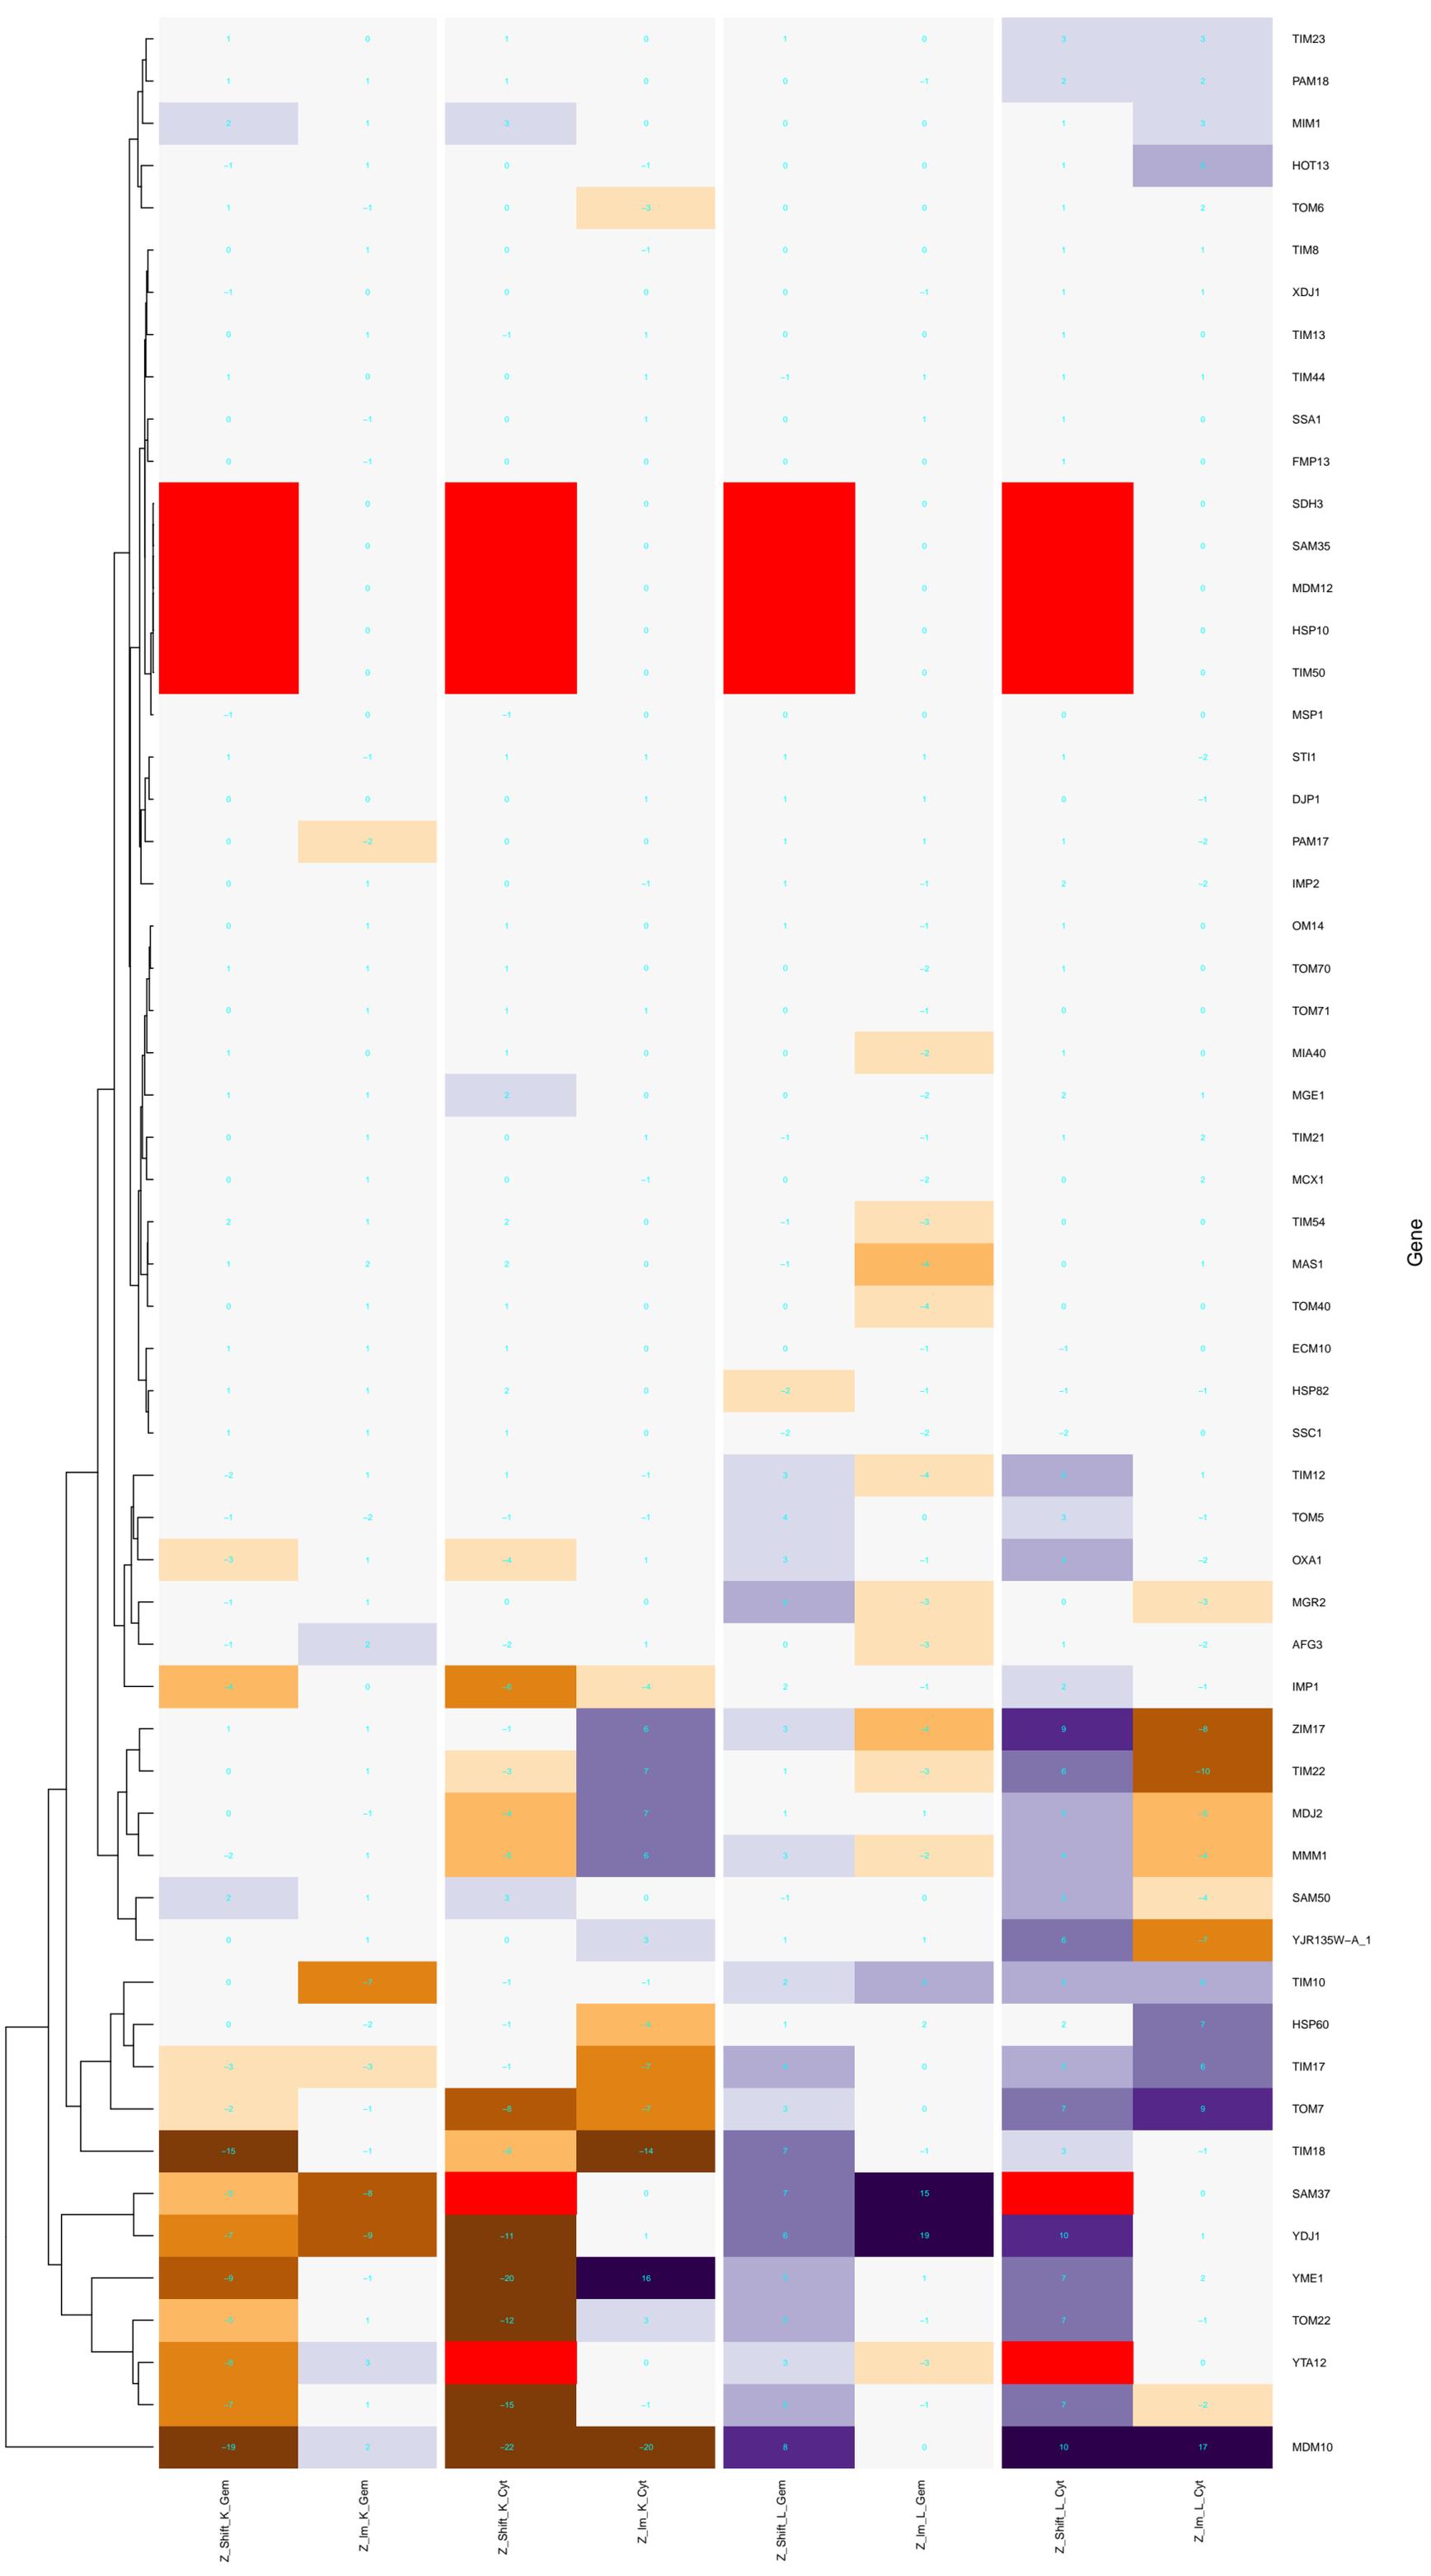

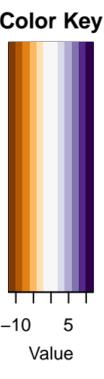

Gene

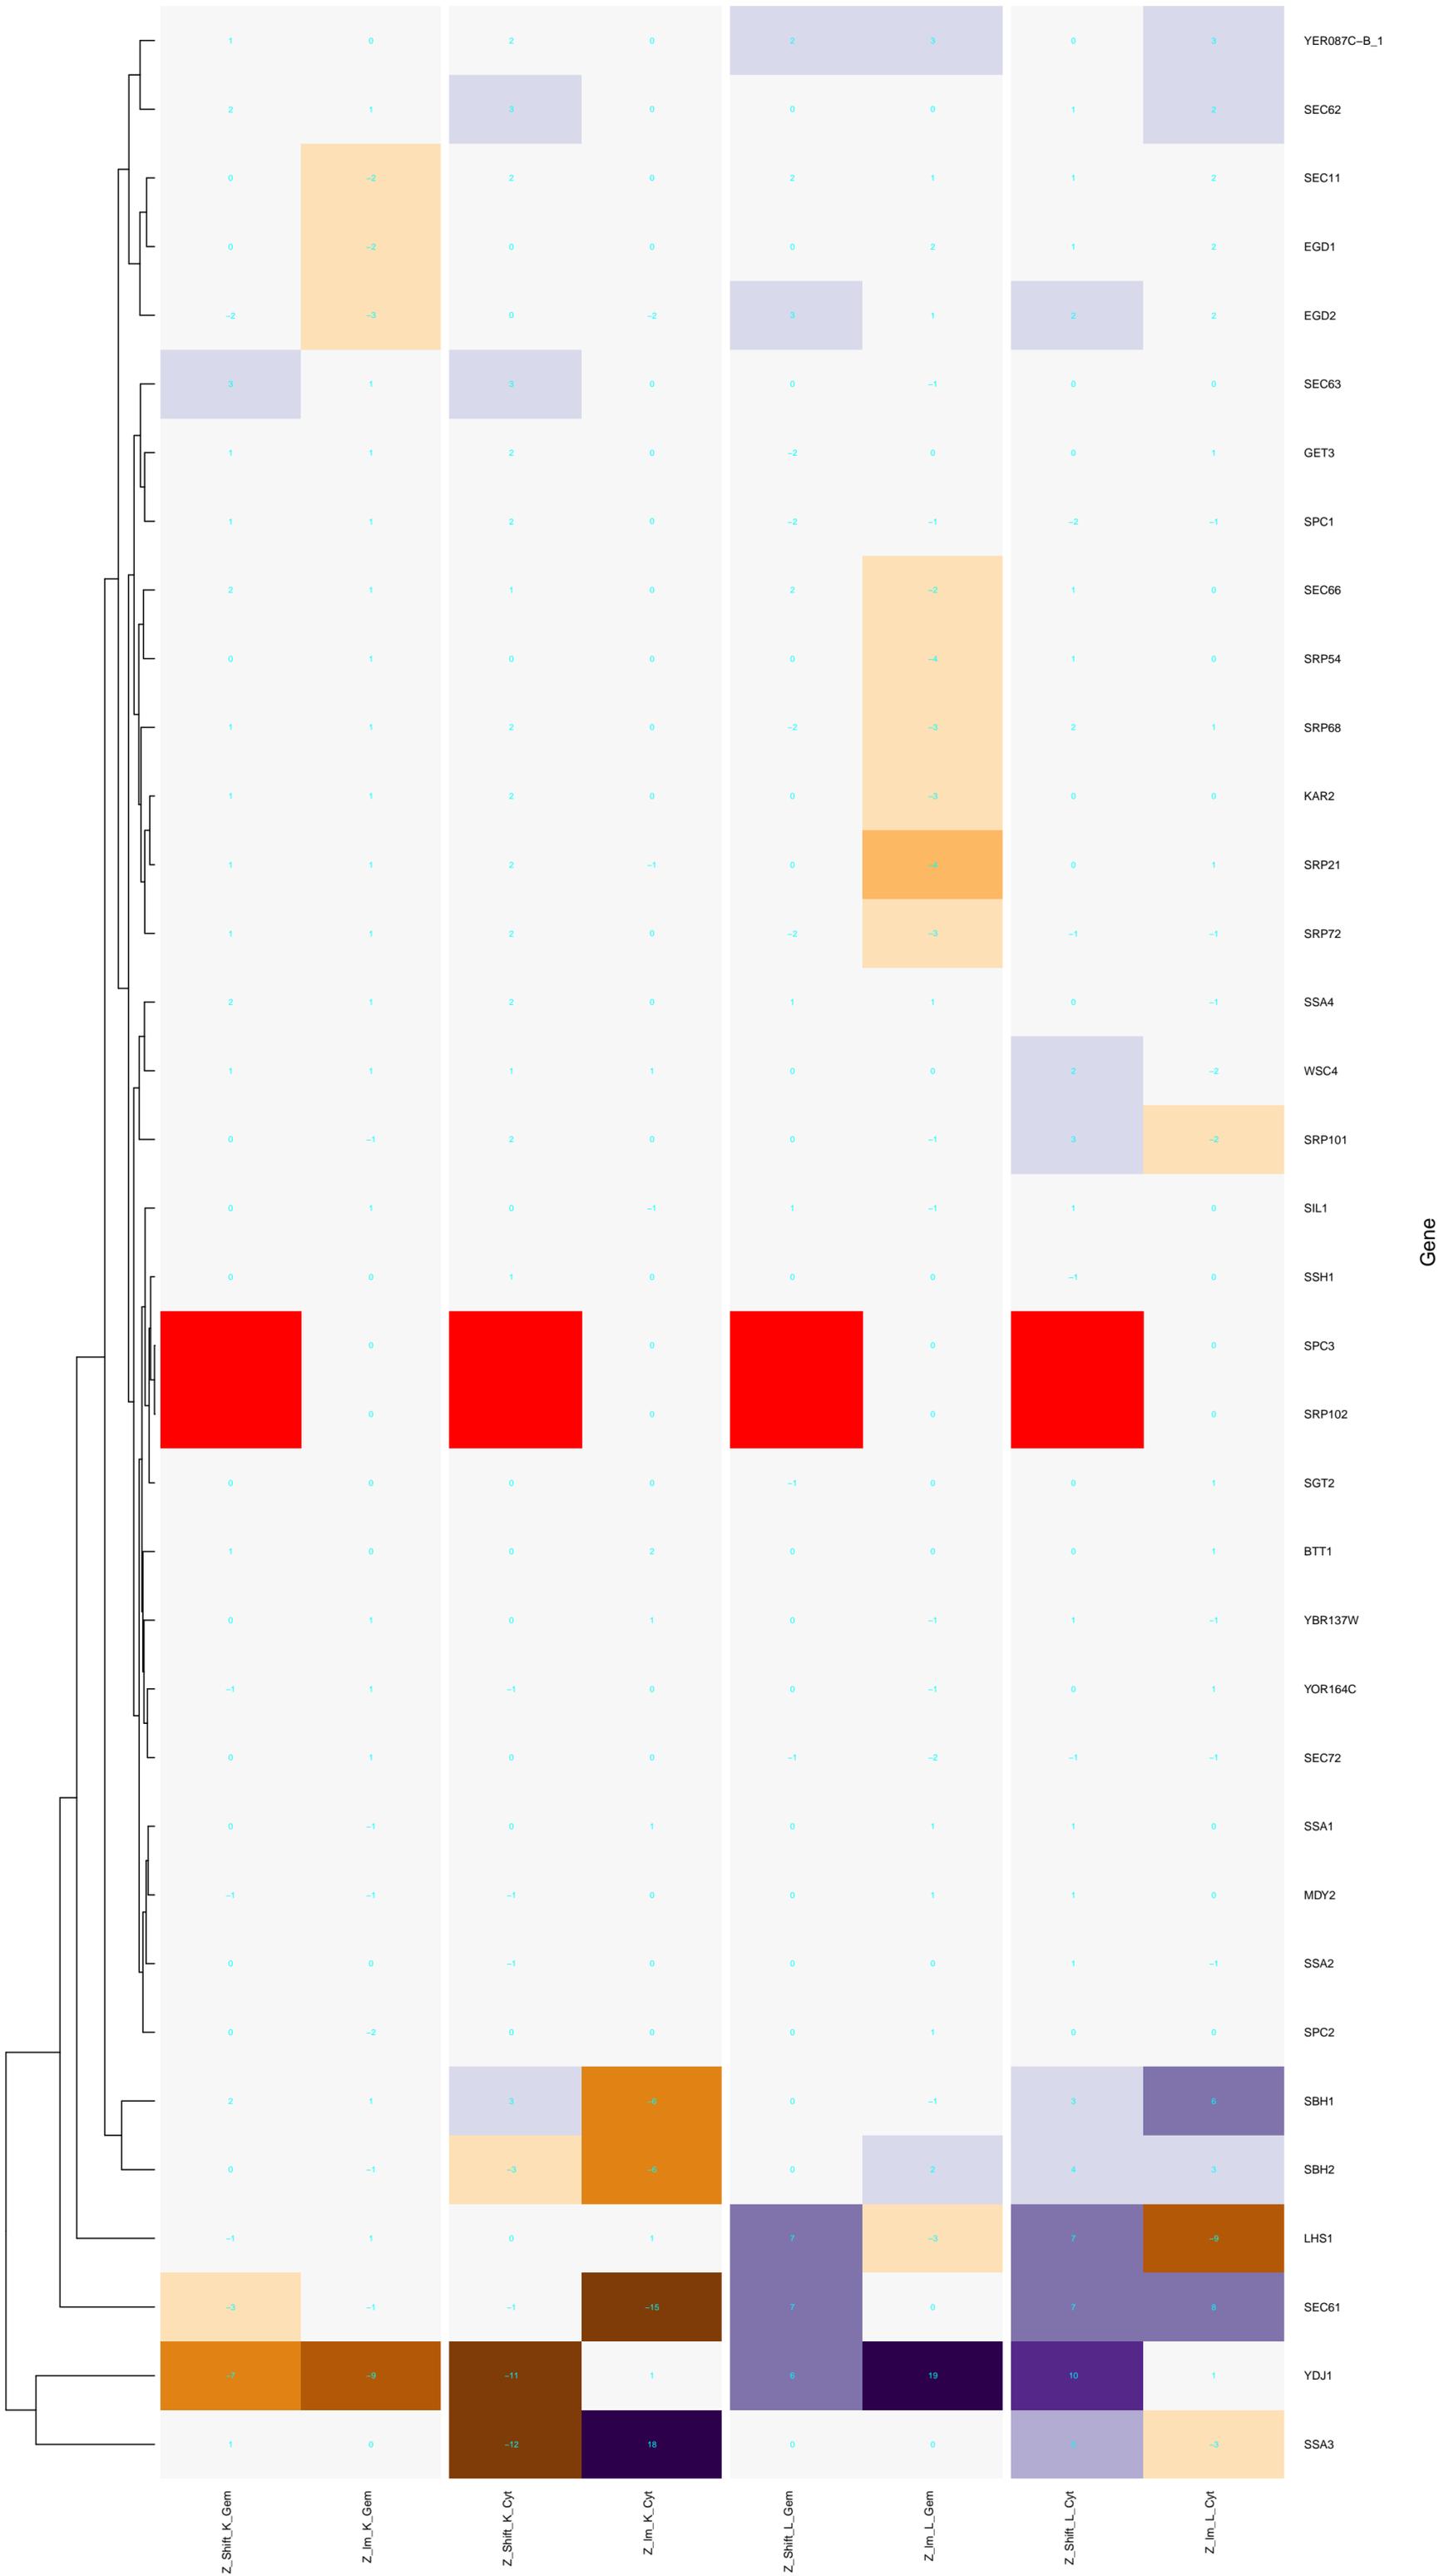

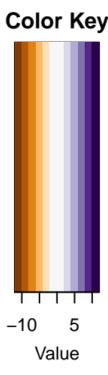

# protein targeting to peroxisome

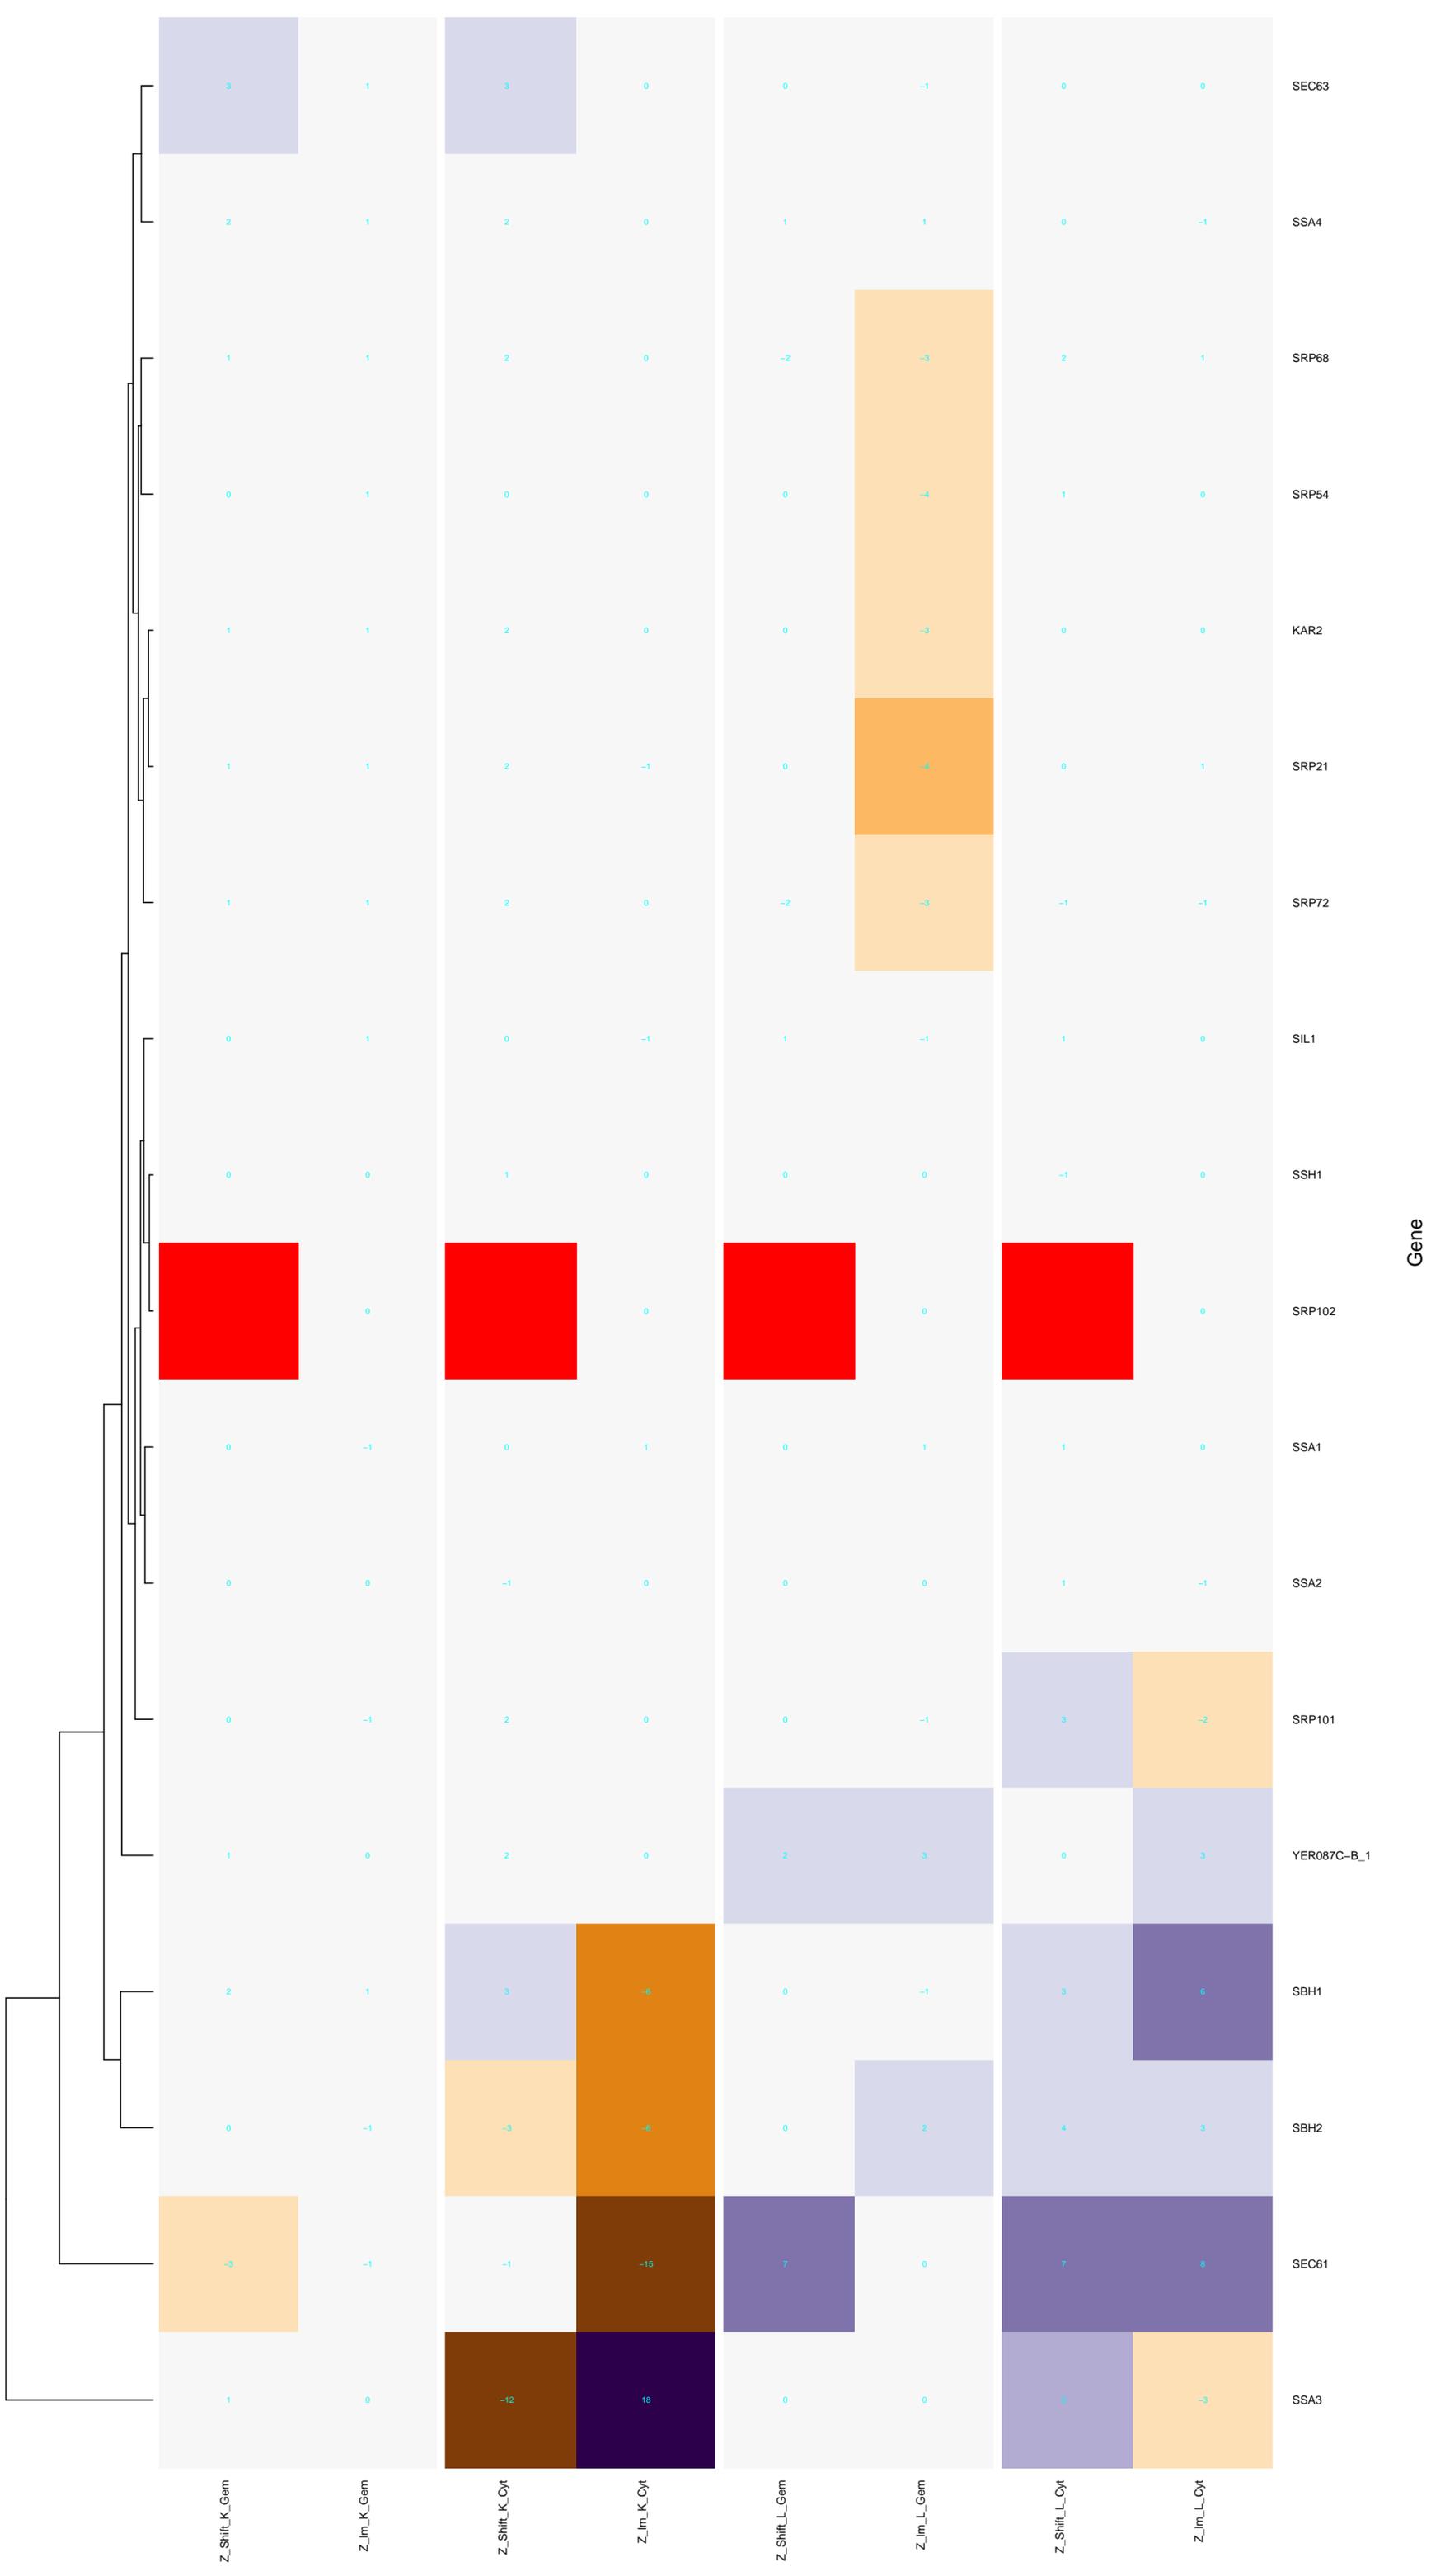

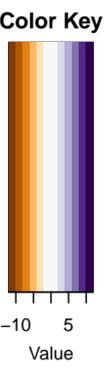

# protein targeting to mitochondrion

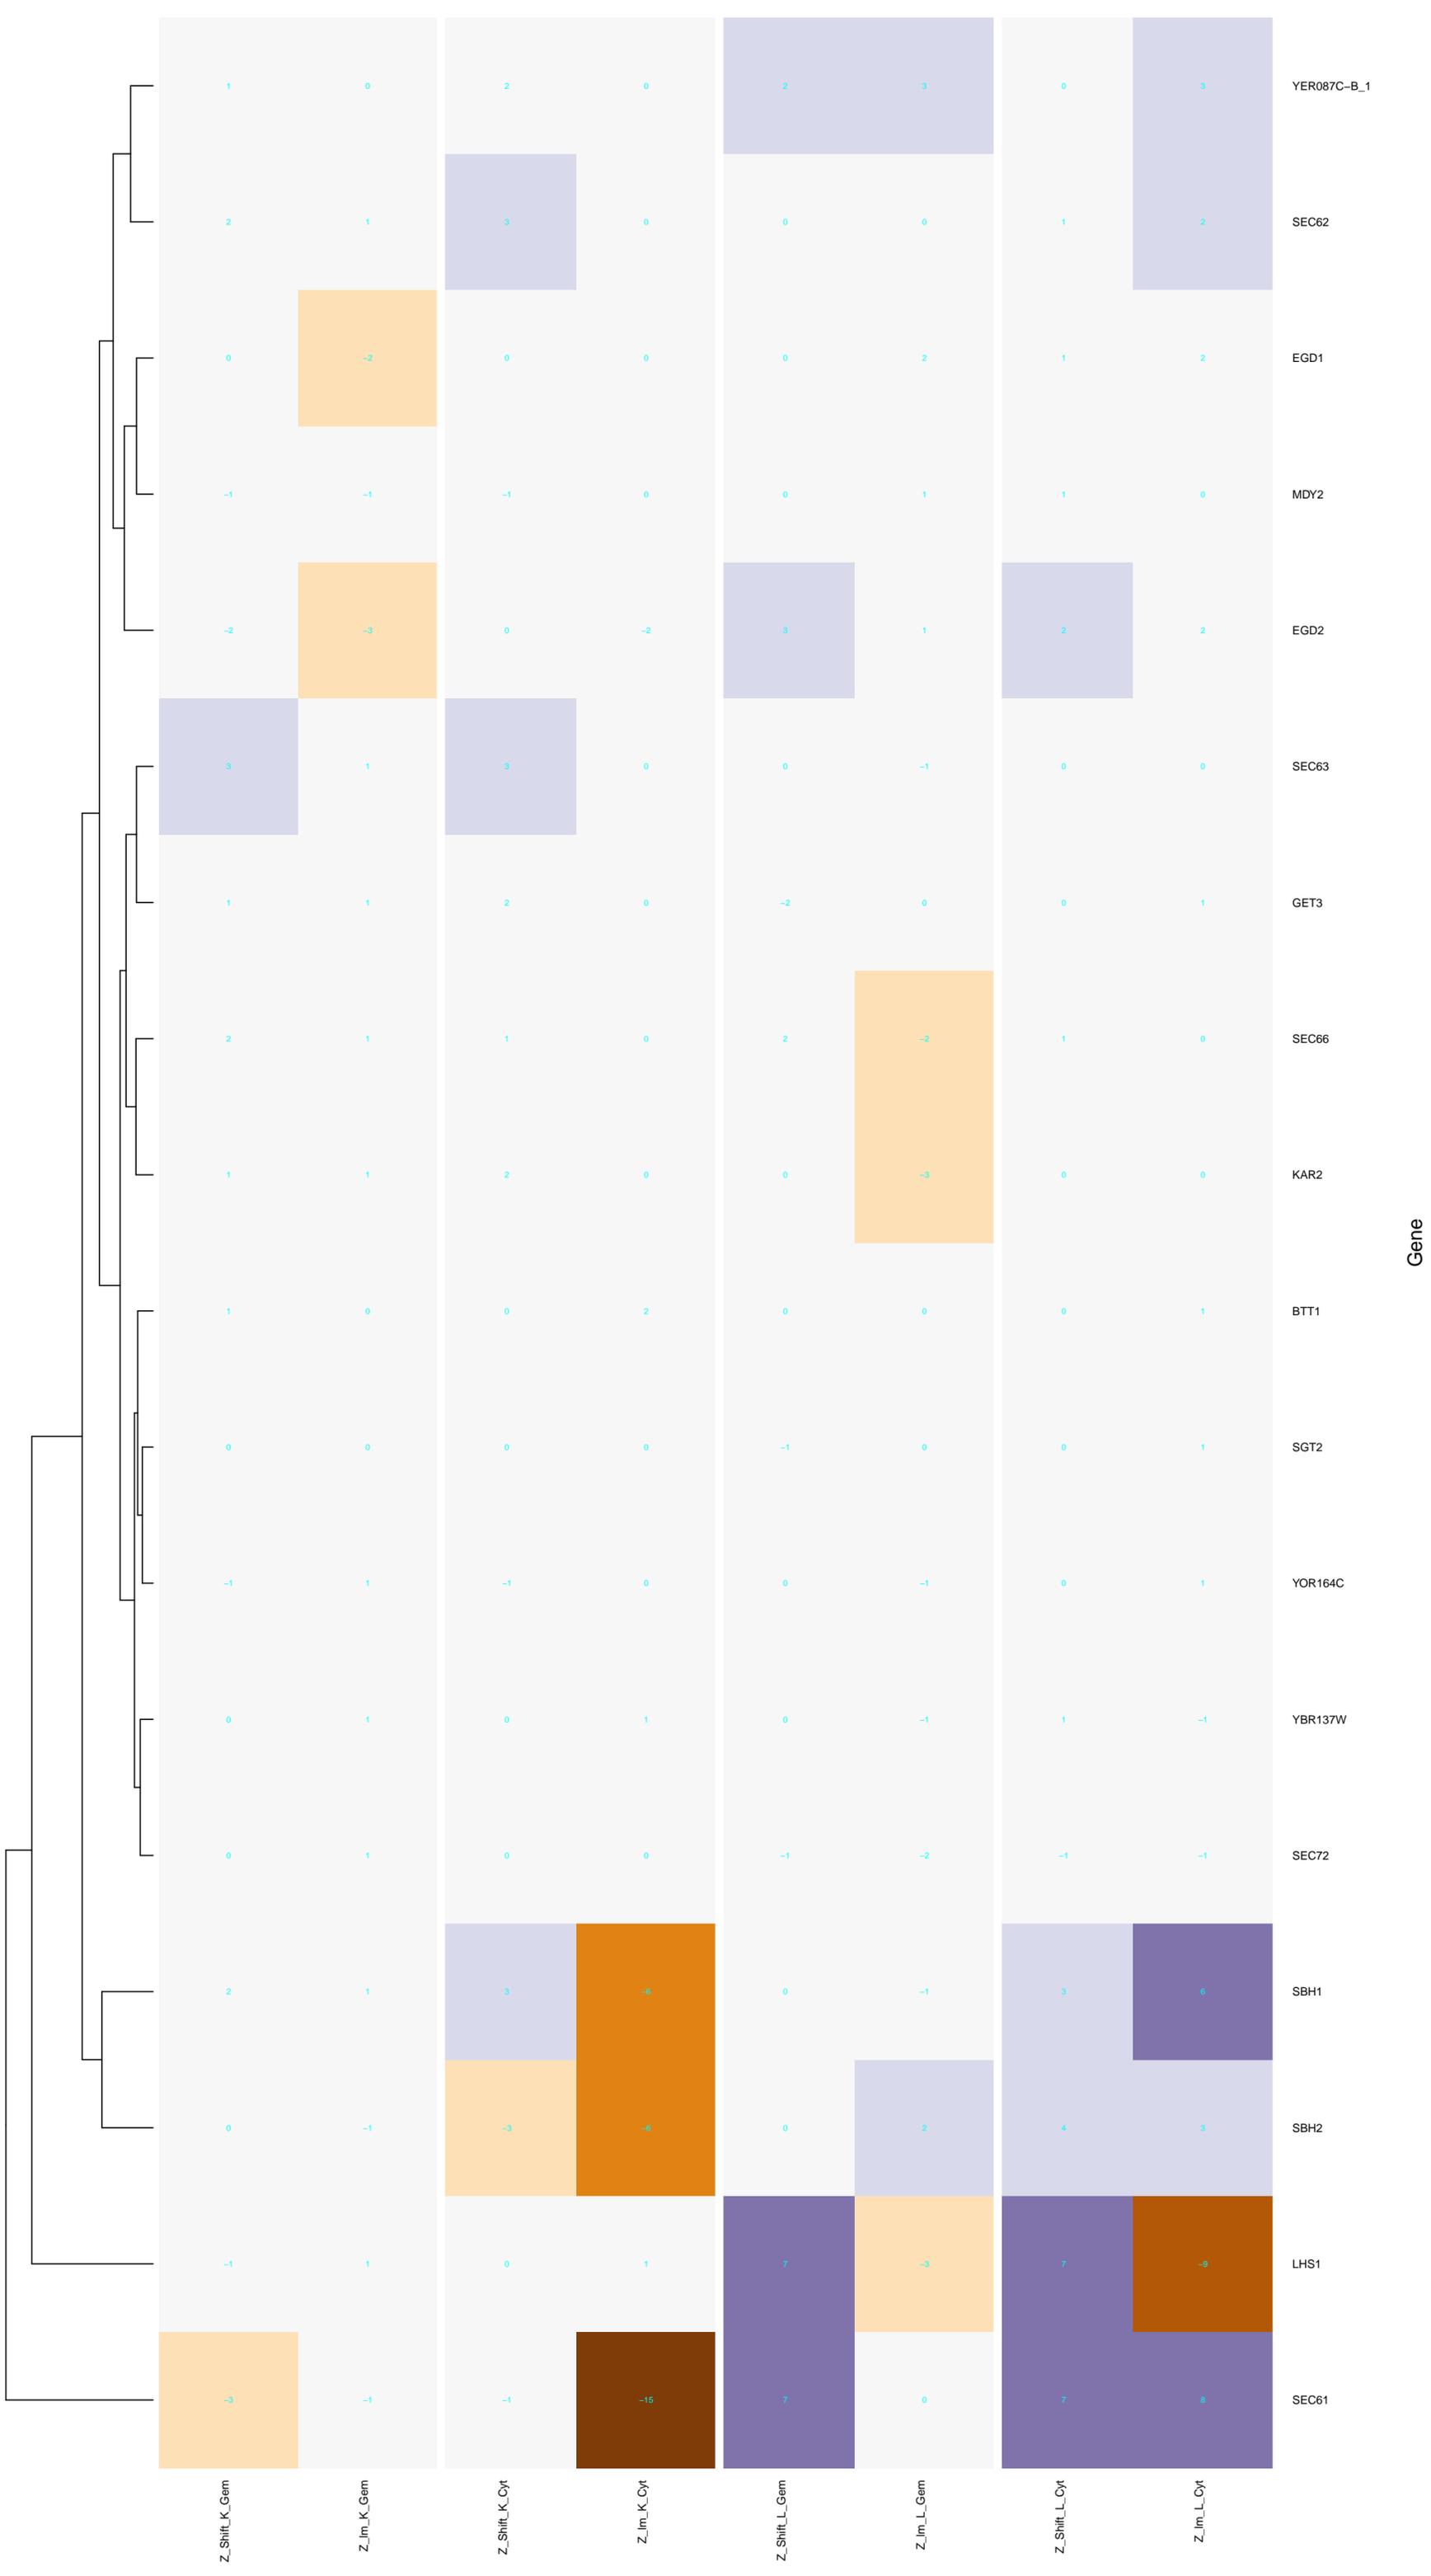

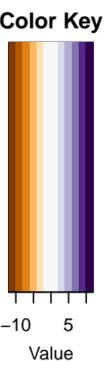

# protein targeting to ER

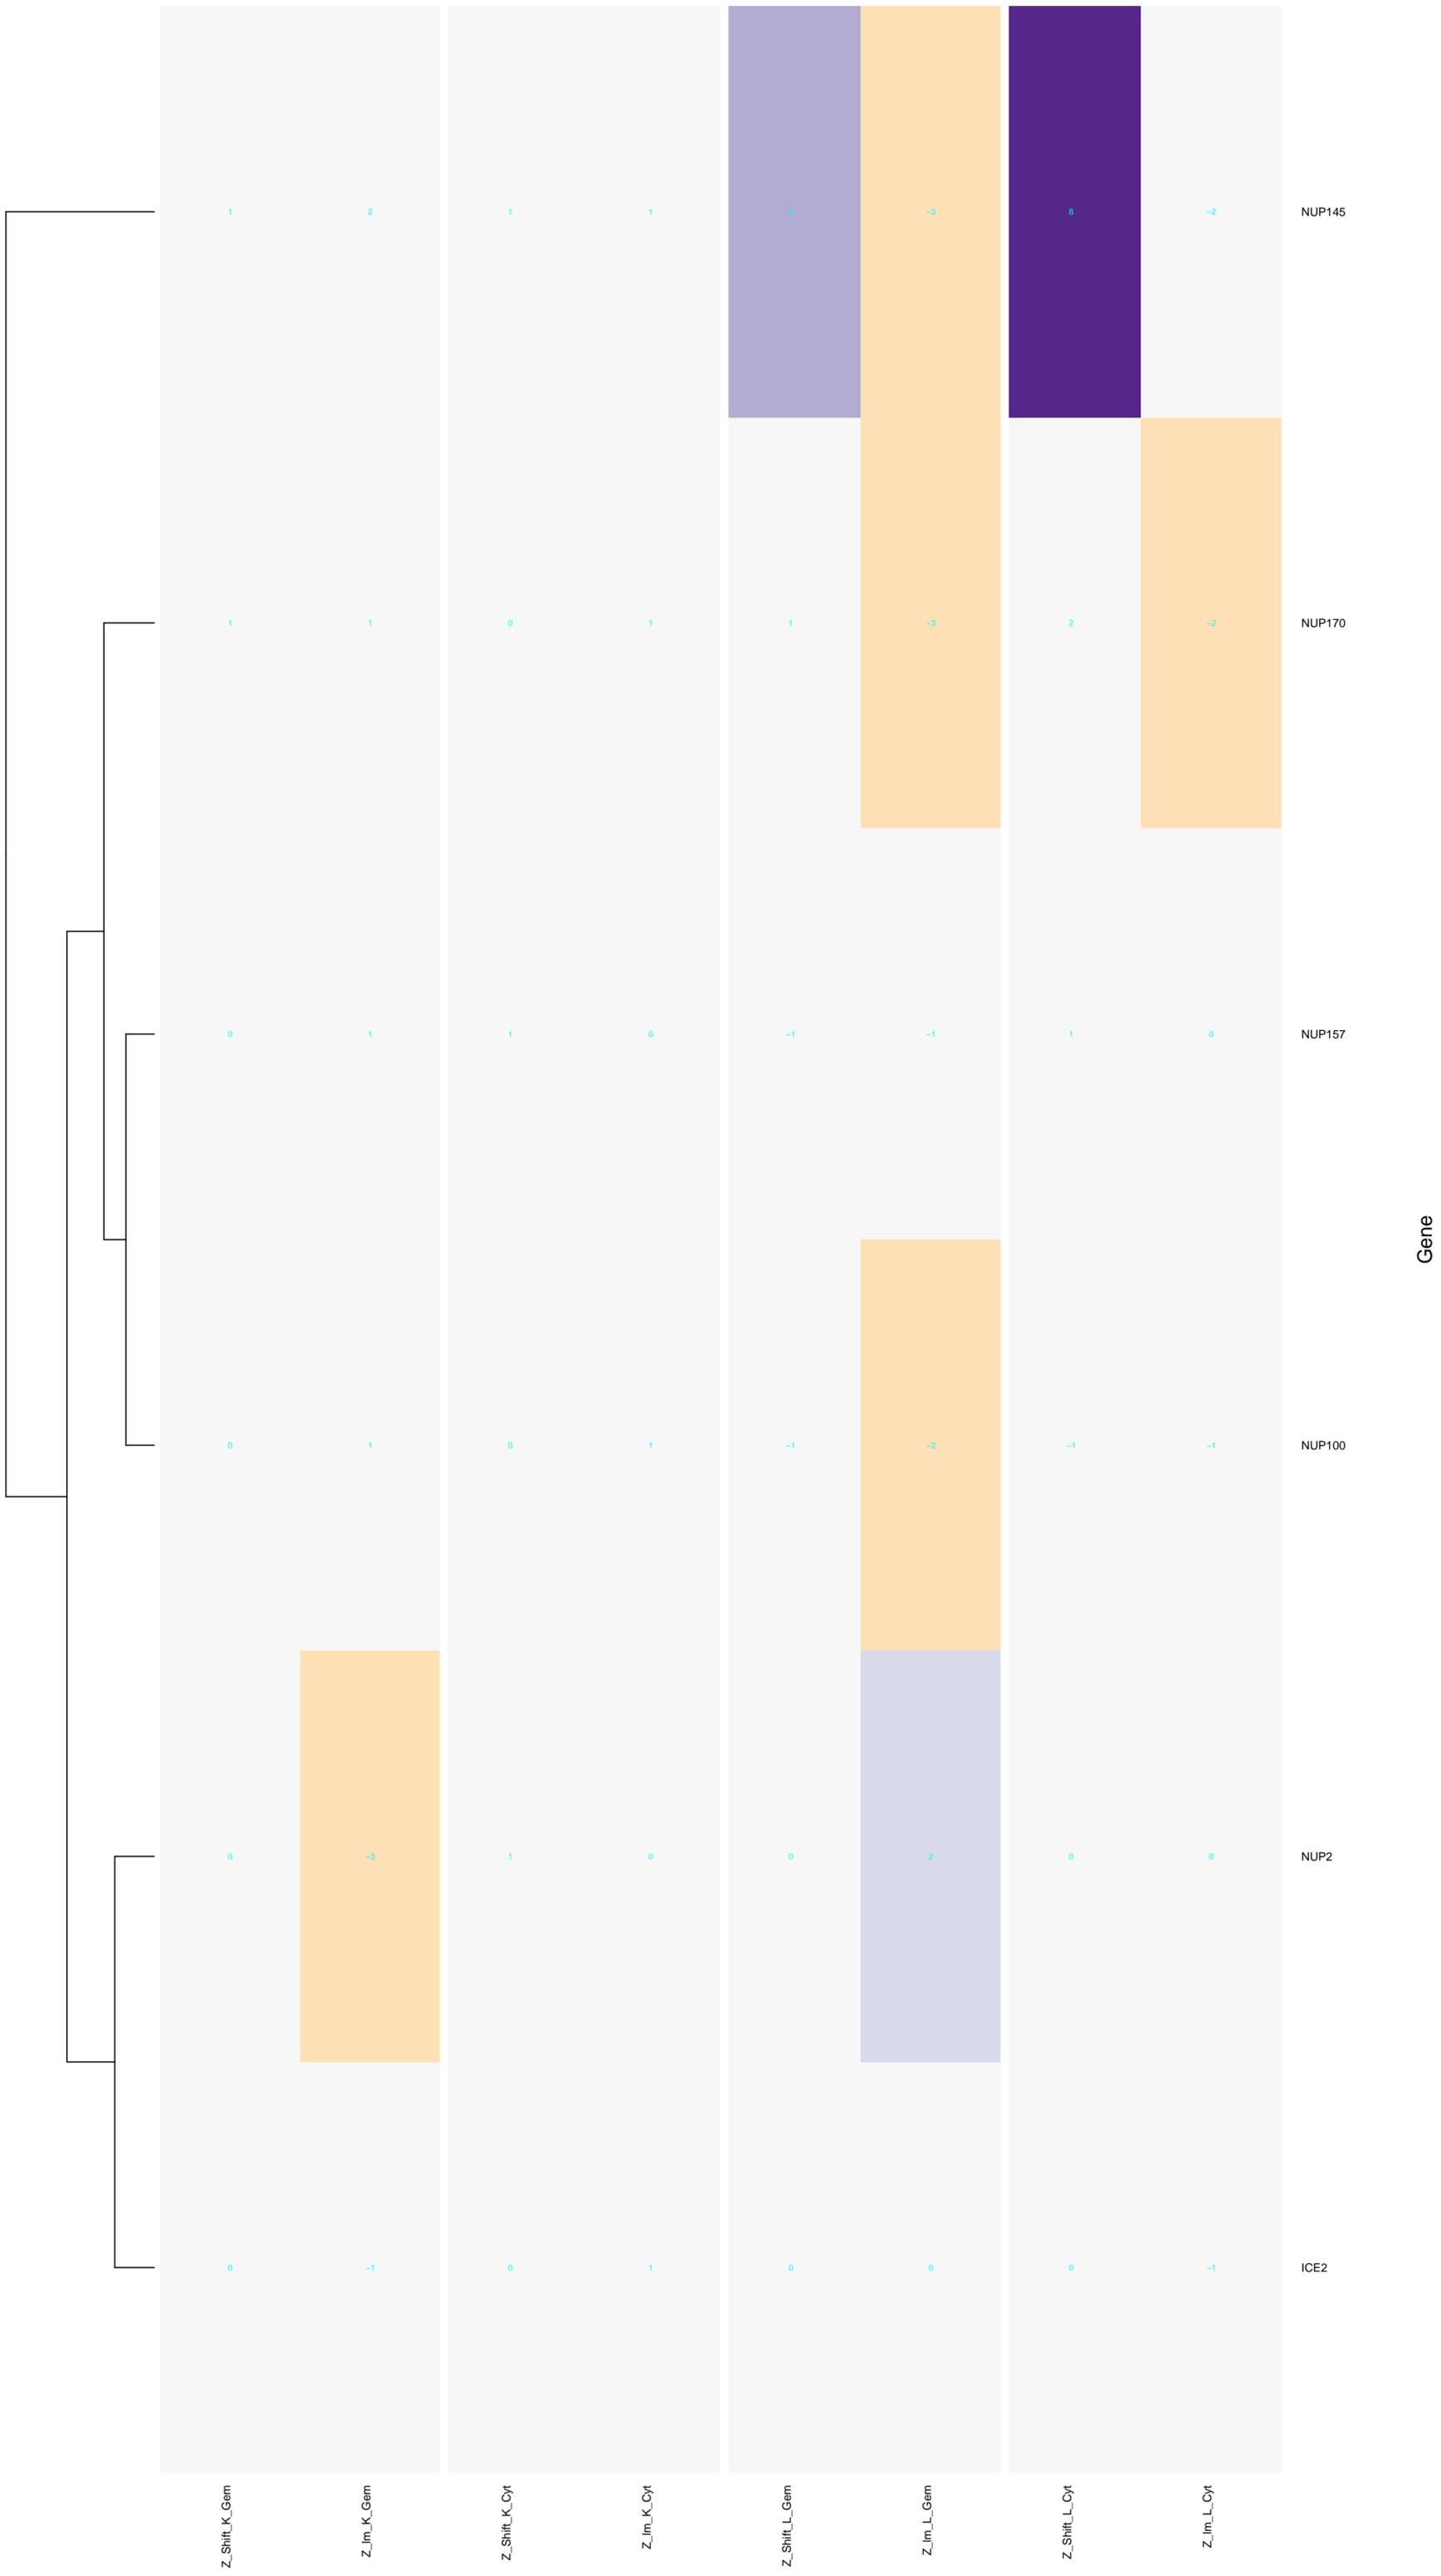

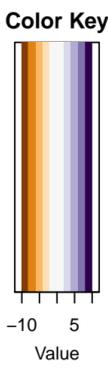

# cotranslational protein targeting to membrane

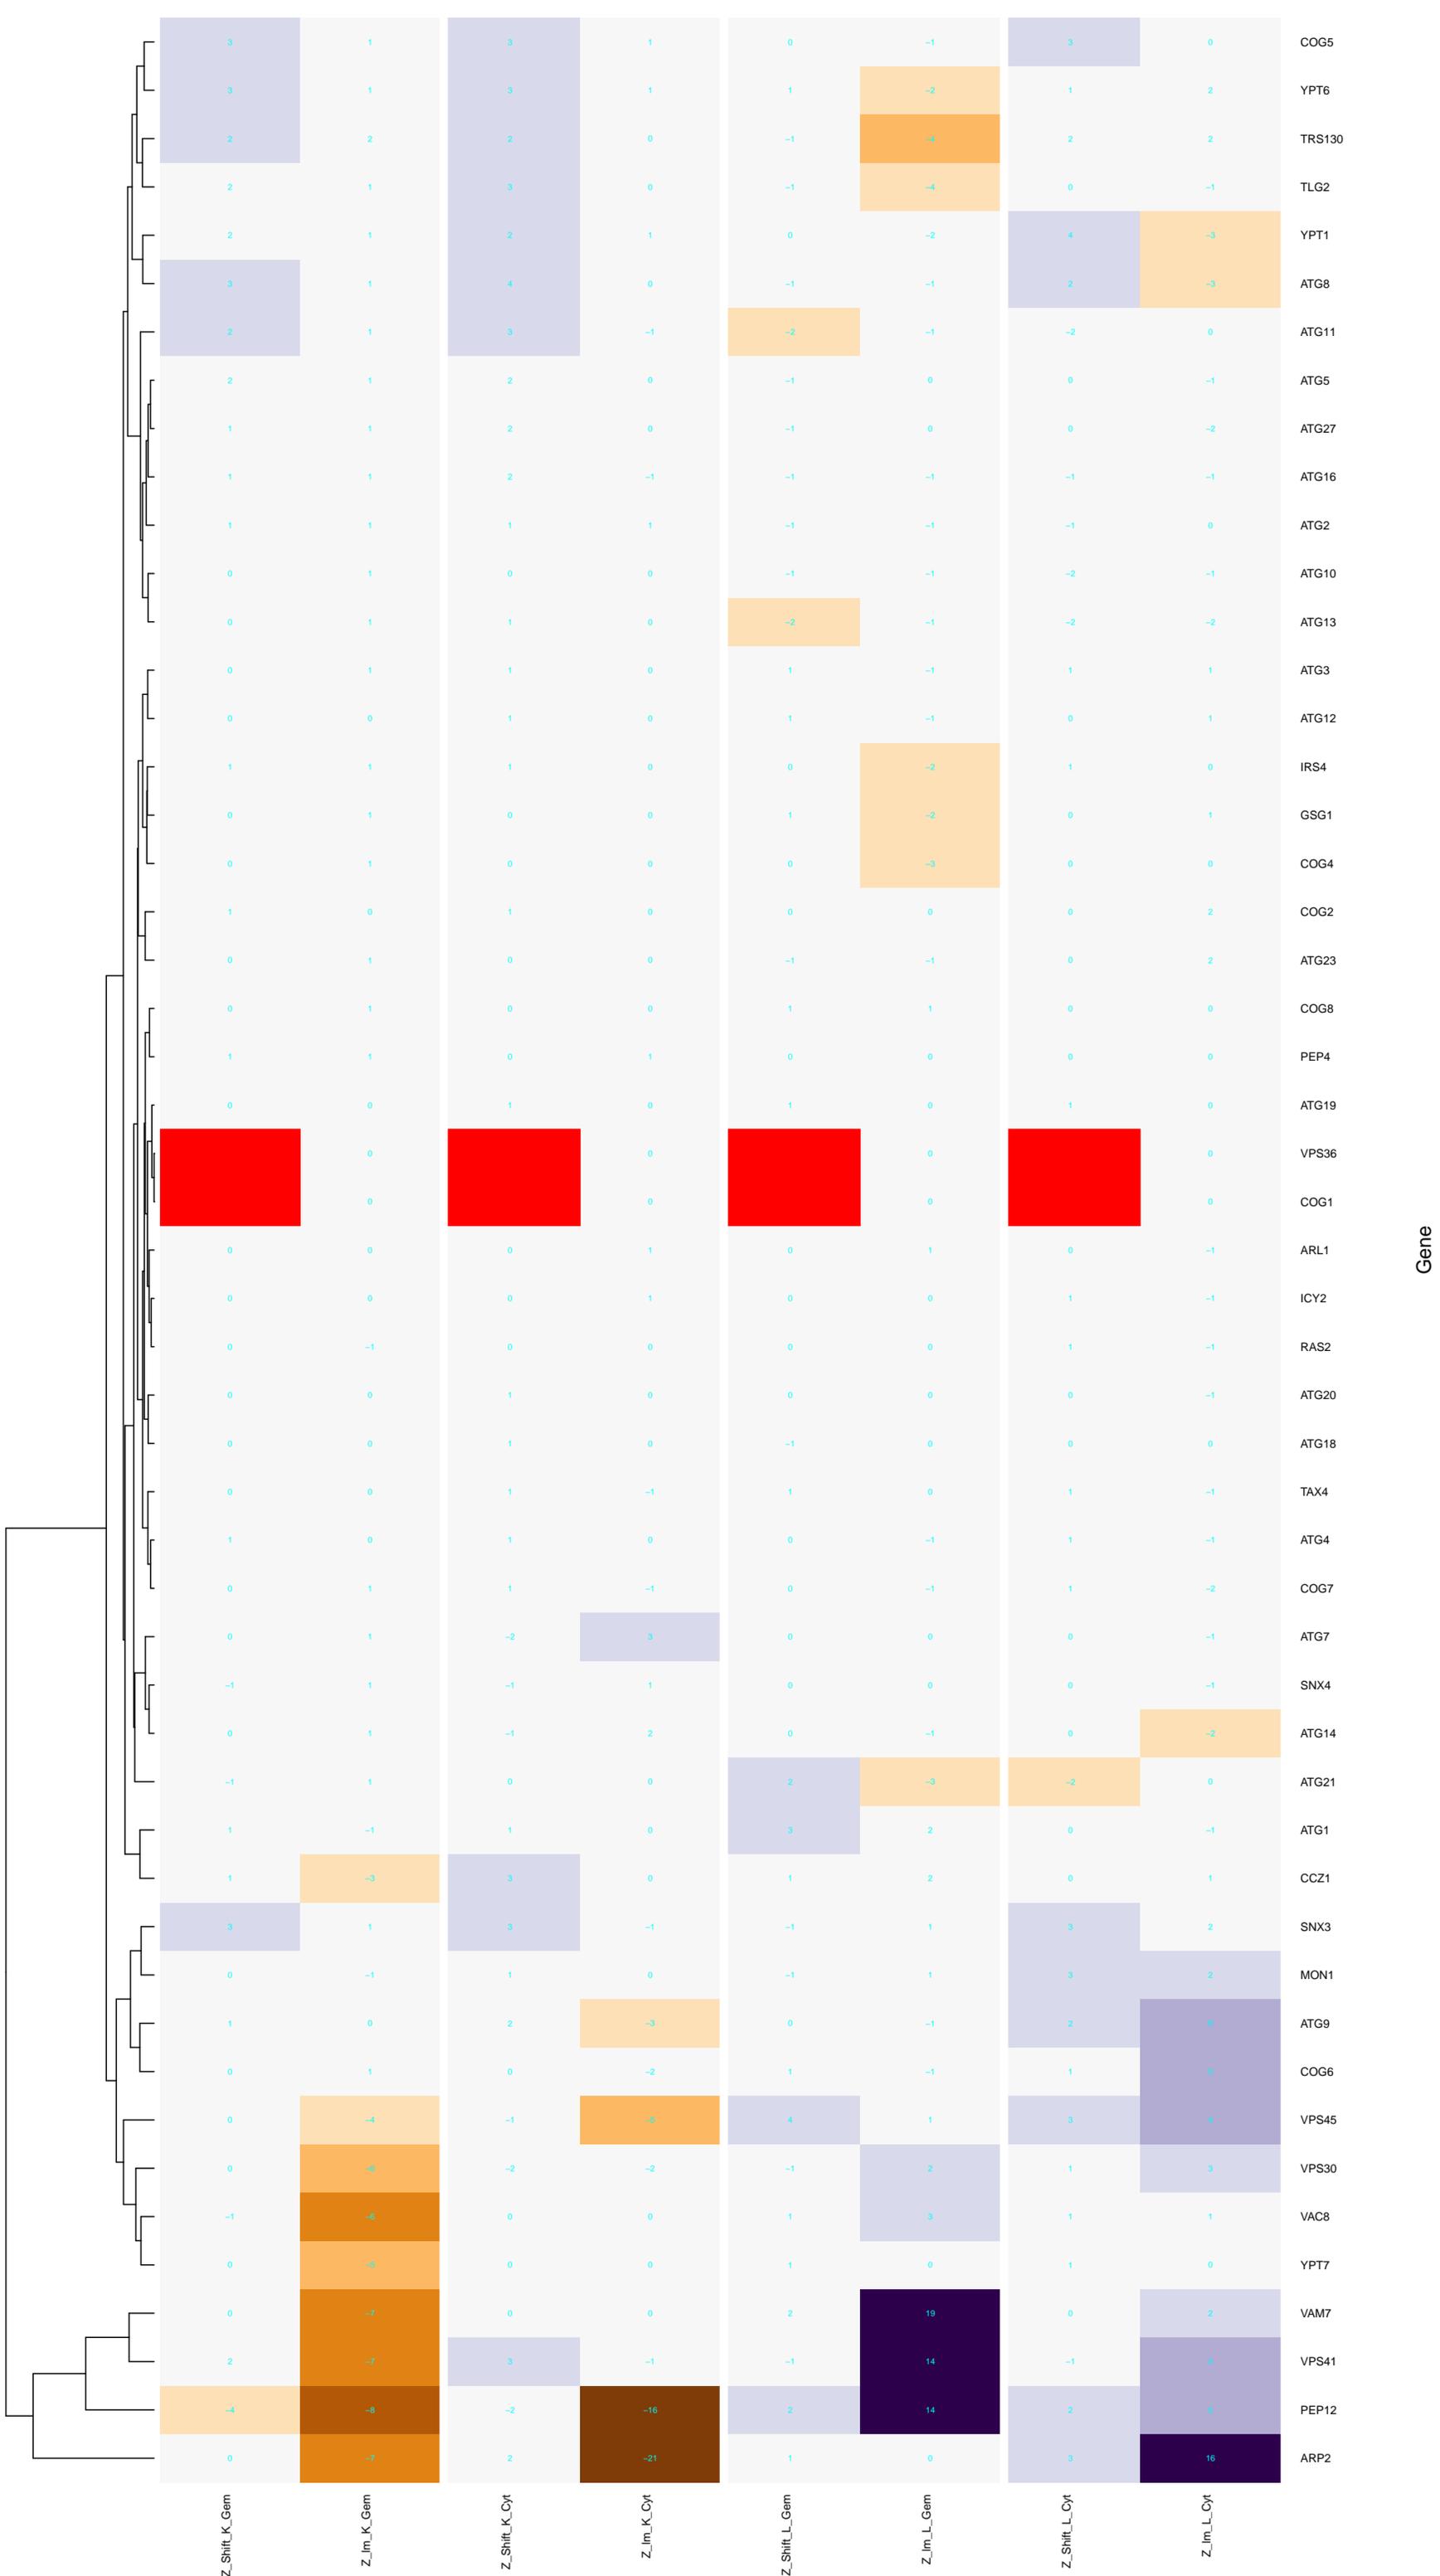

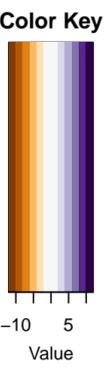

# posttranslational protein targeting to membrane

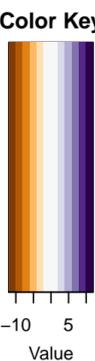

# protein targeting to nuclear inner membrane

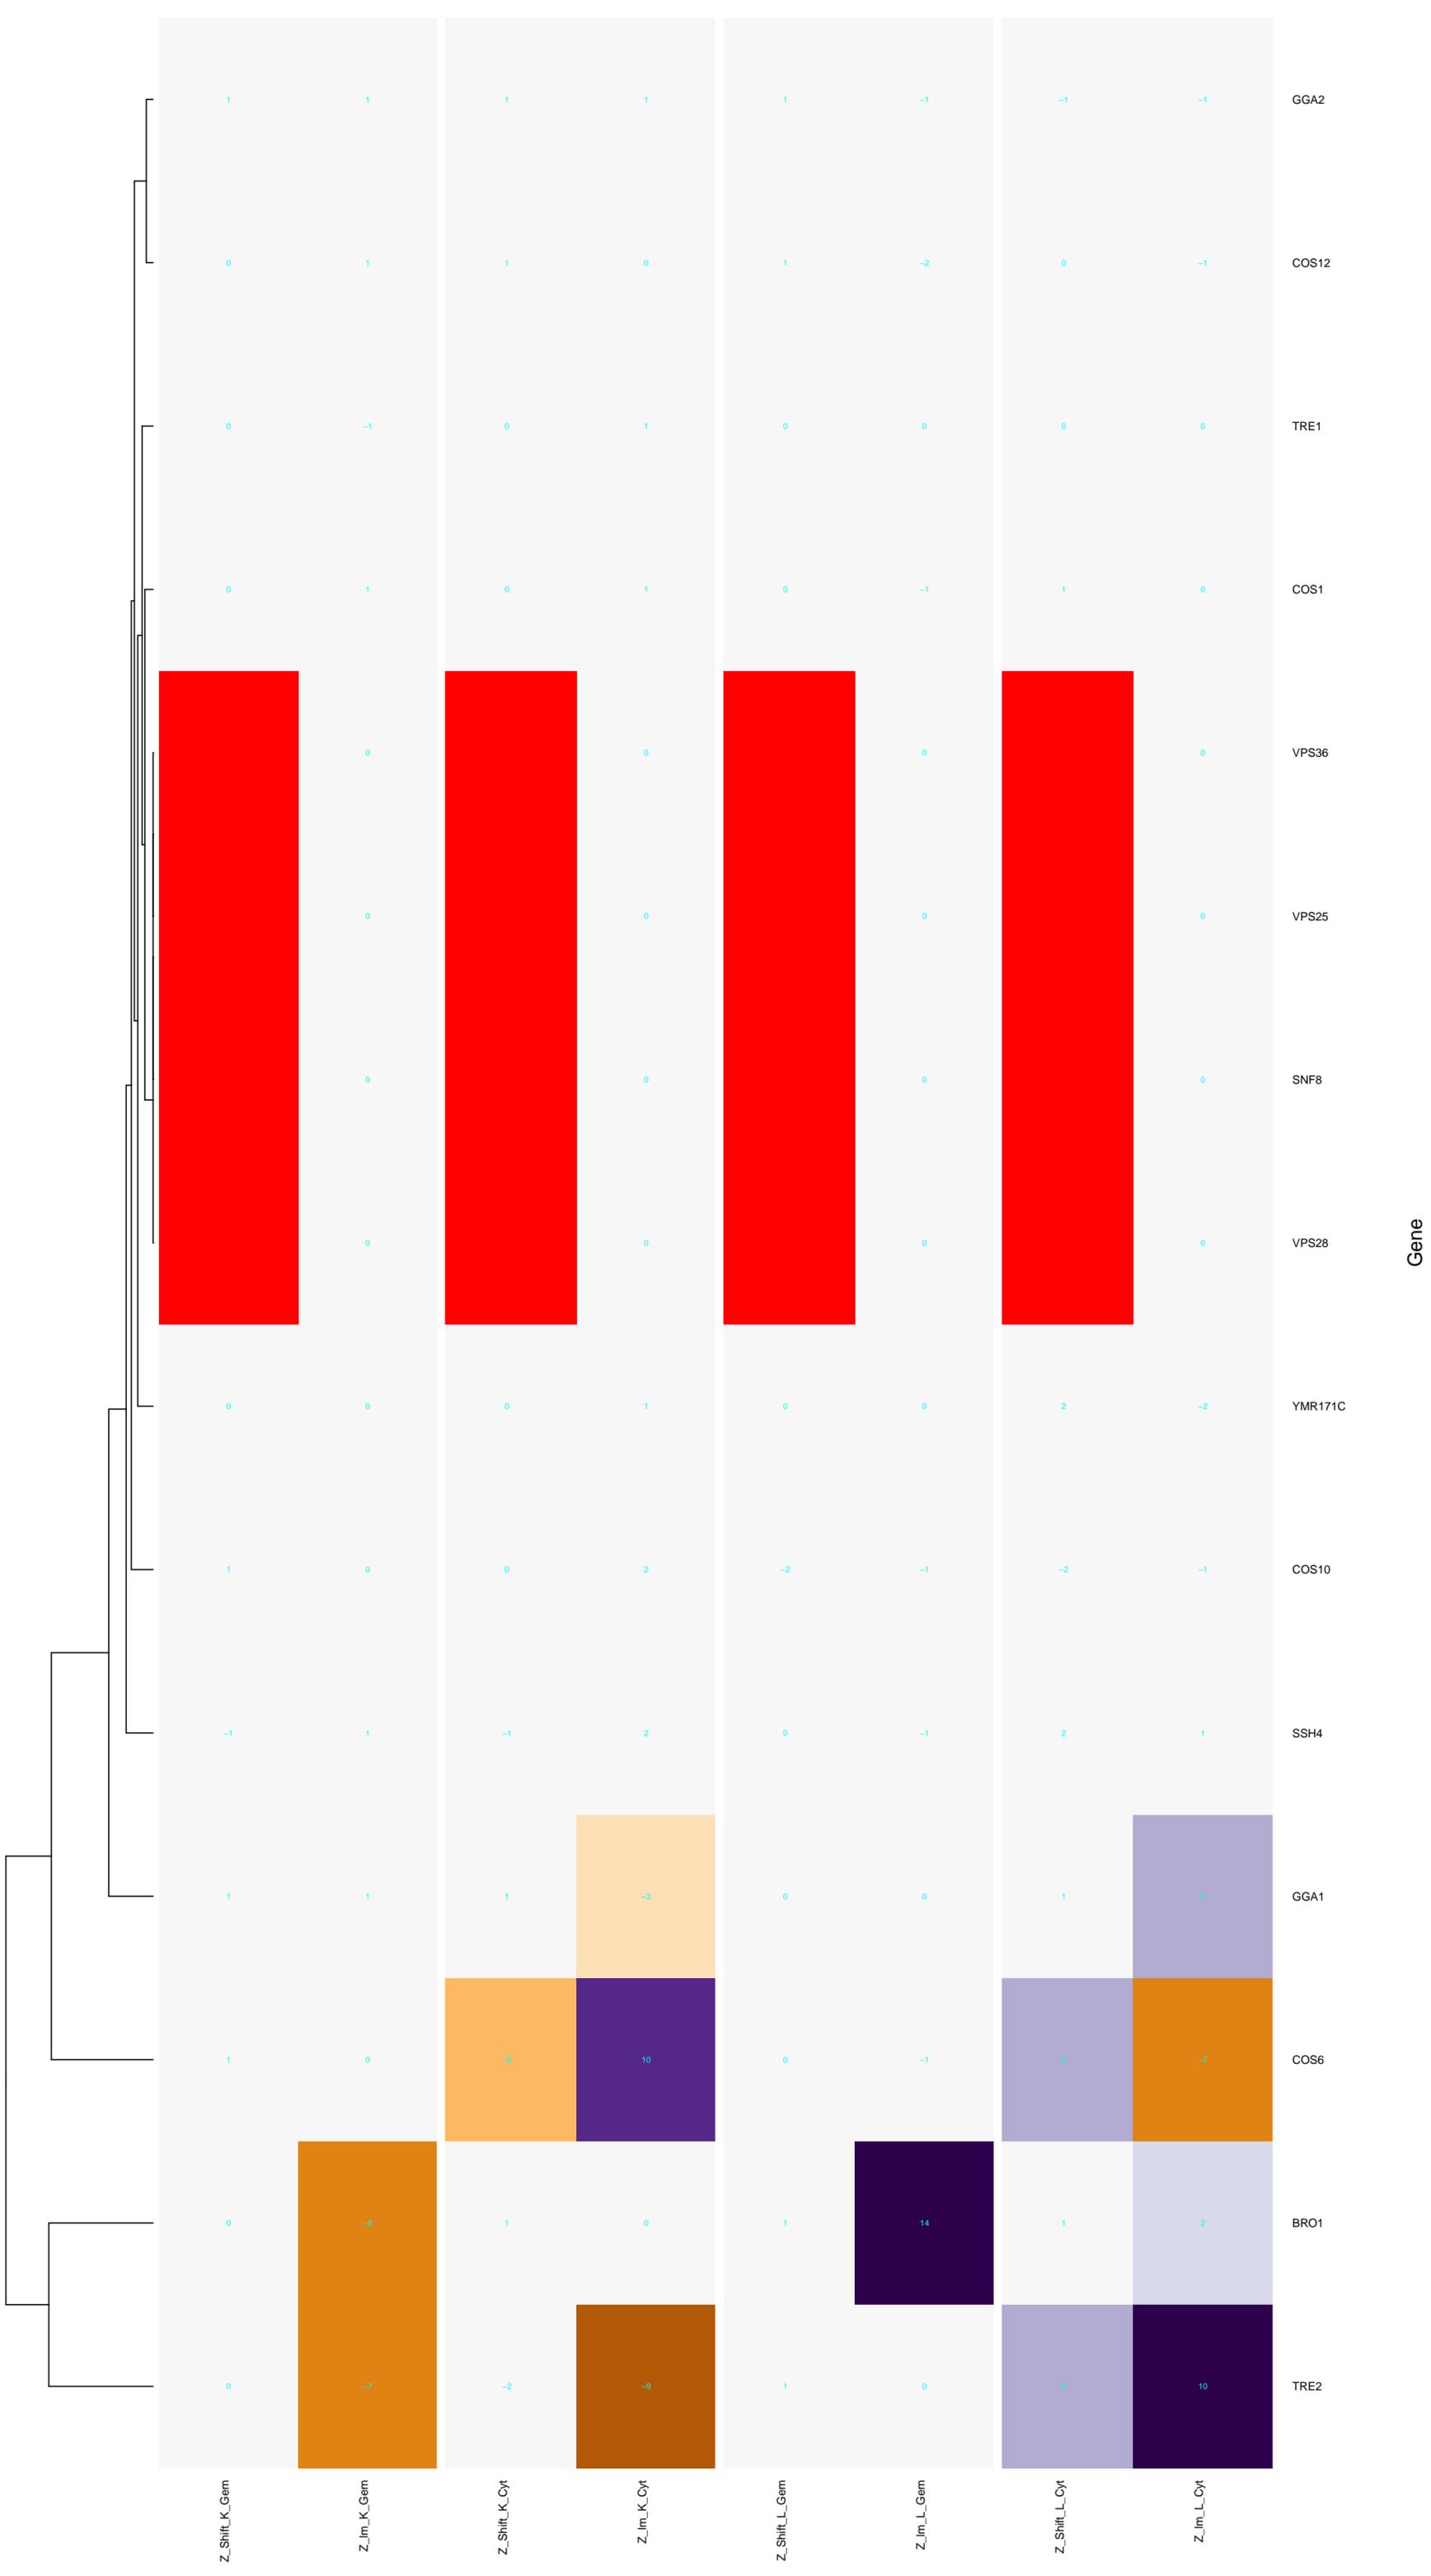

# CVT pathway

Gene

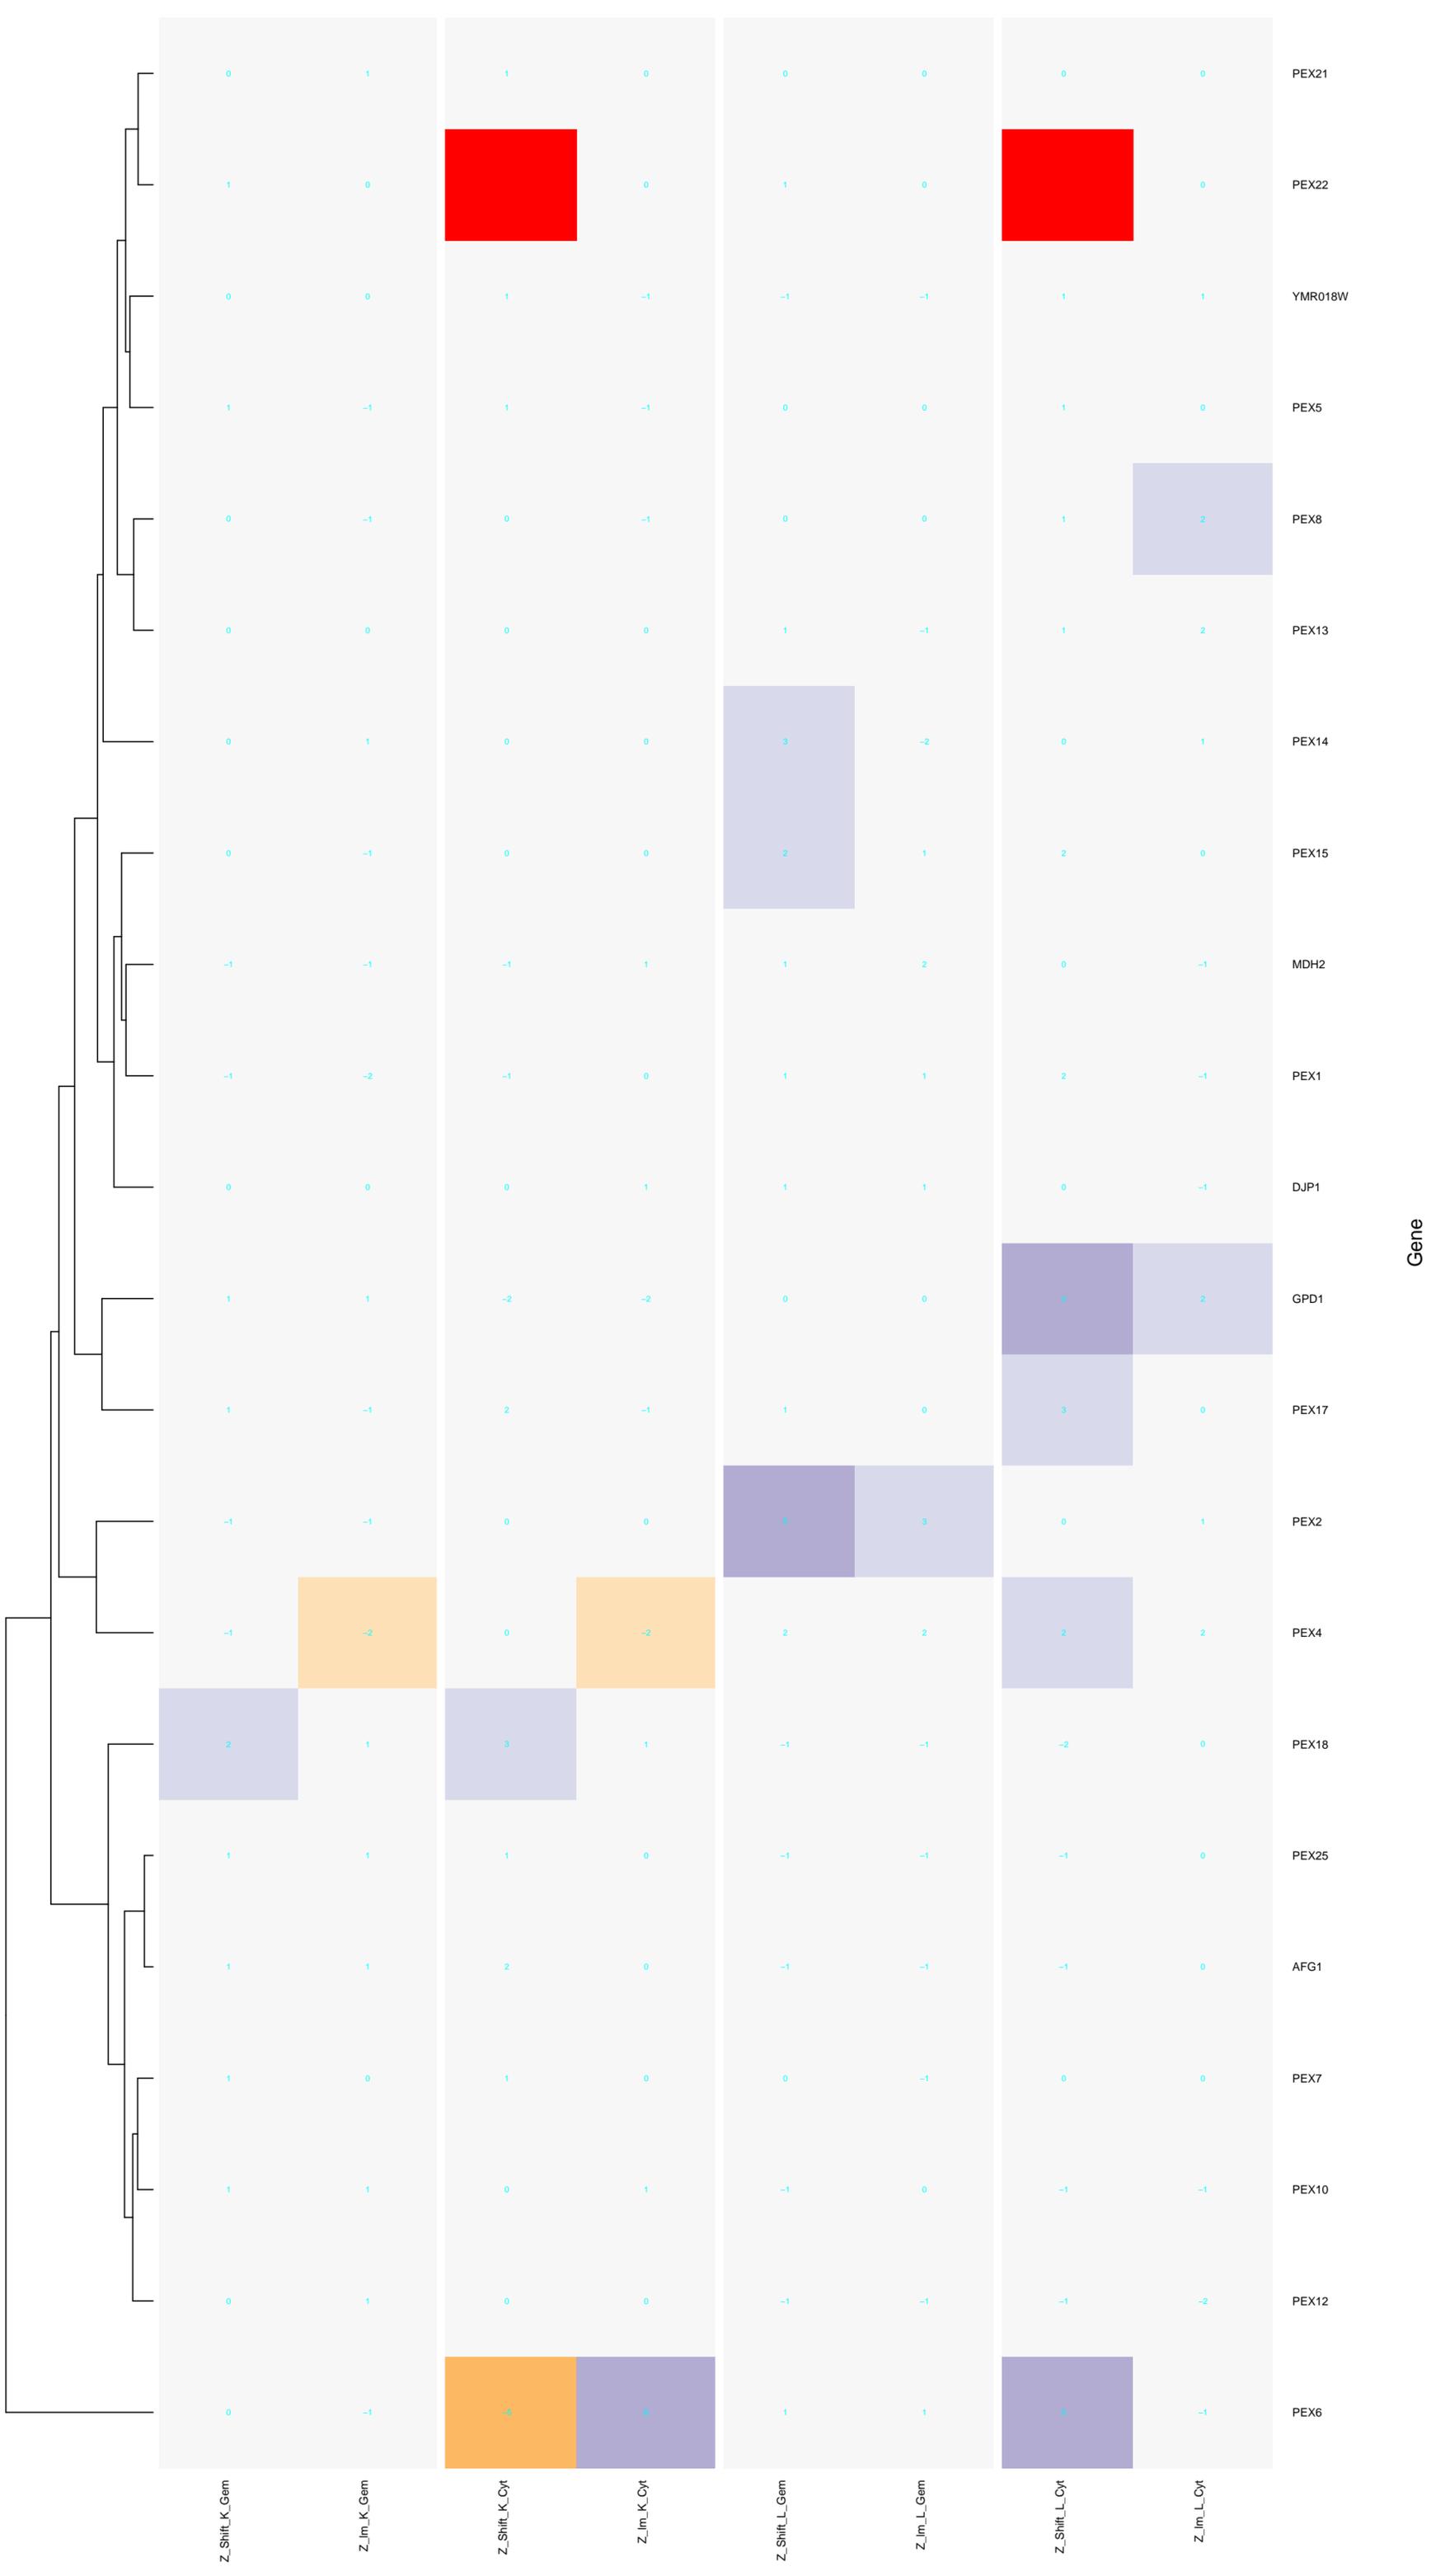

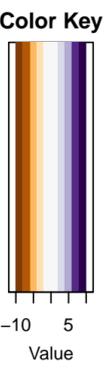

**le involved in ubiquitin-dependent protein catabolic process via the multivesicular body s**

Gene

# protein import into peroxisome matrix

# SRP-dependent cotranslational protein targeting to membrane
