

Color Key

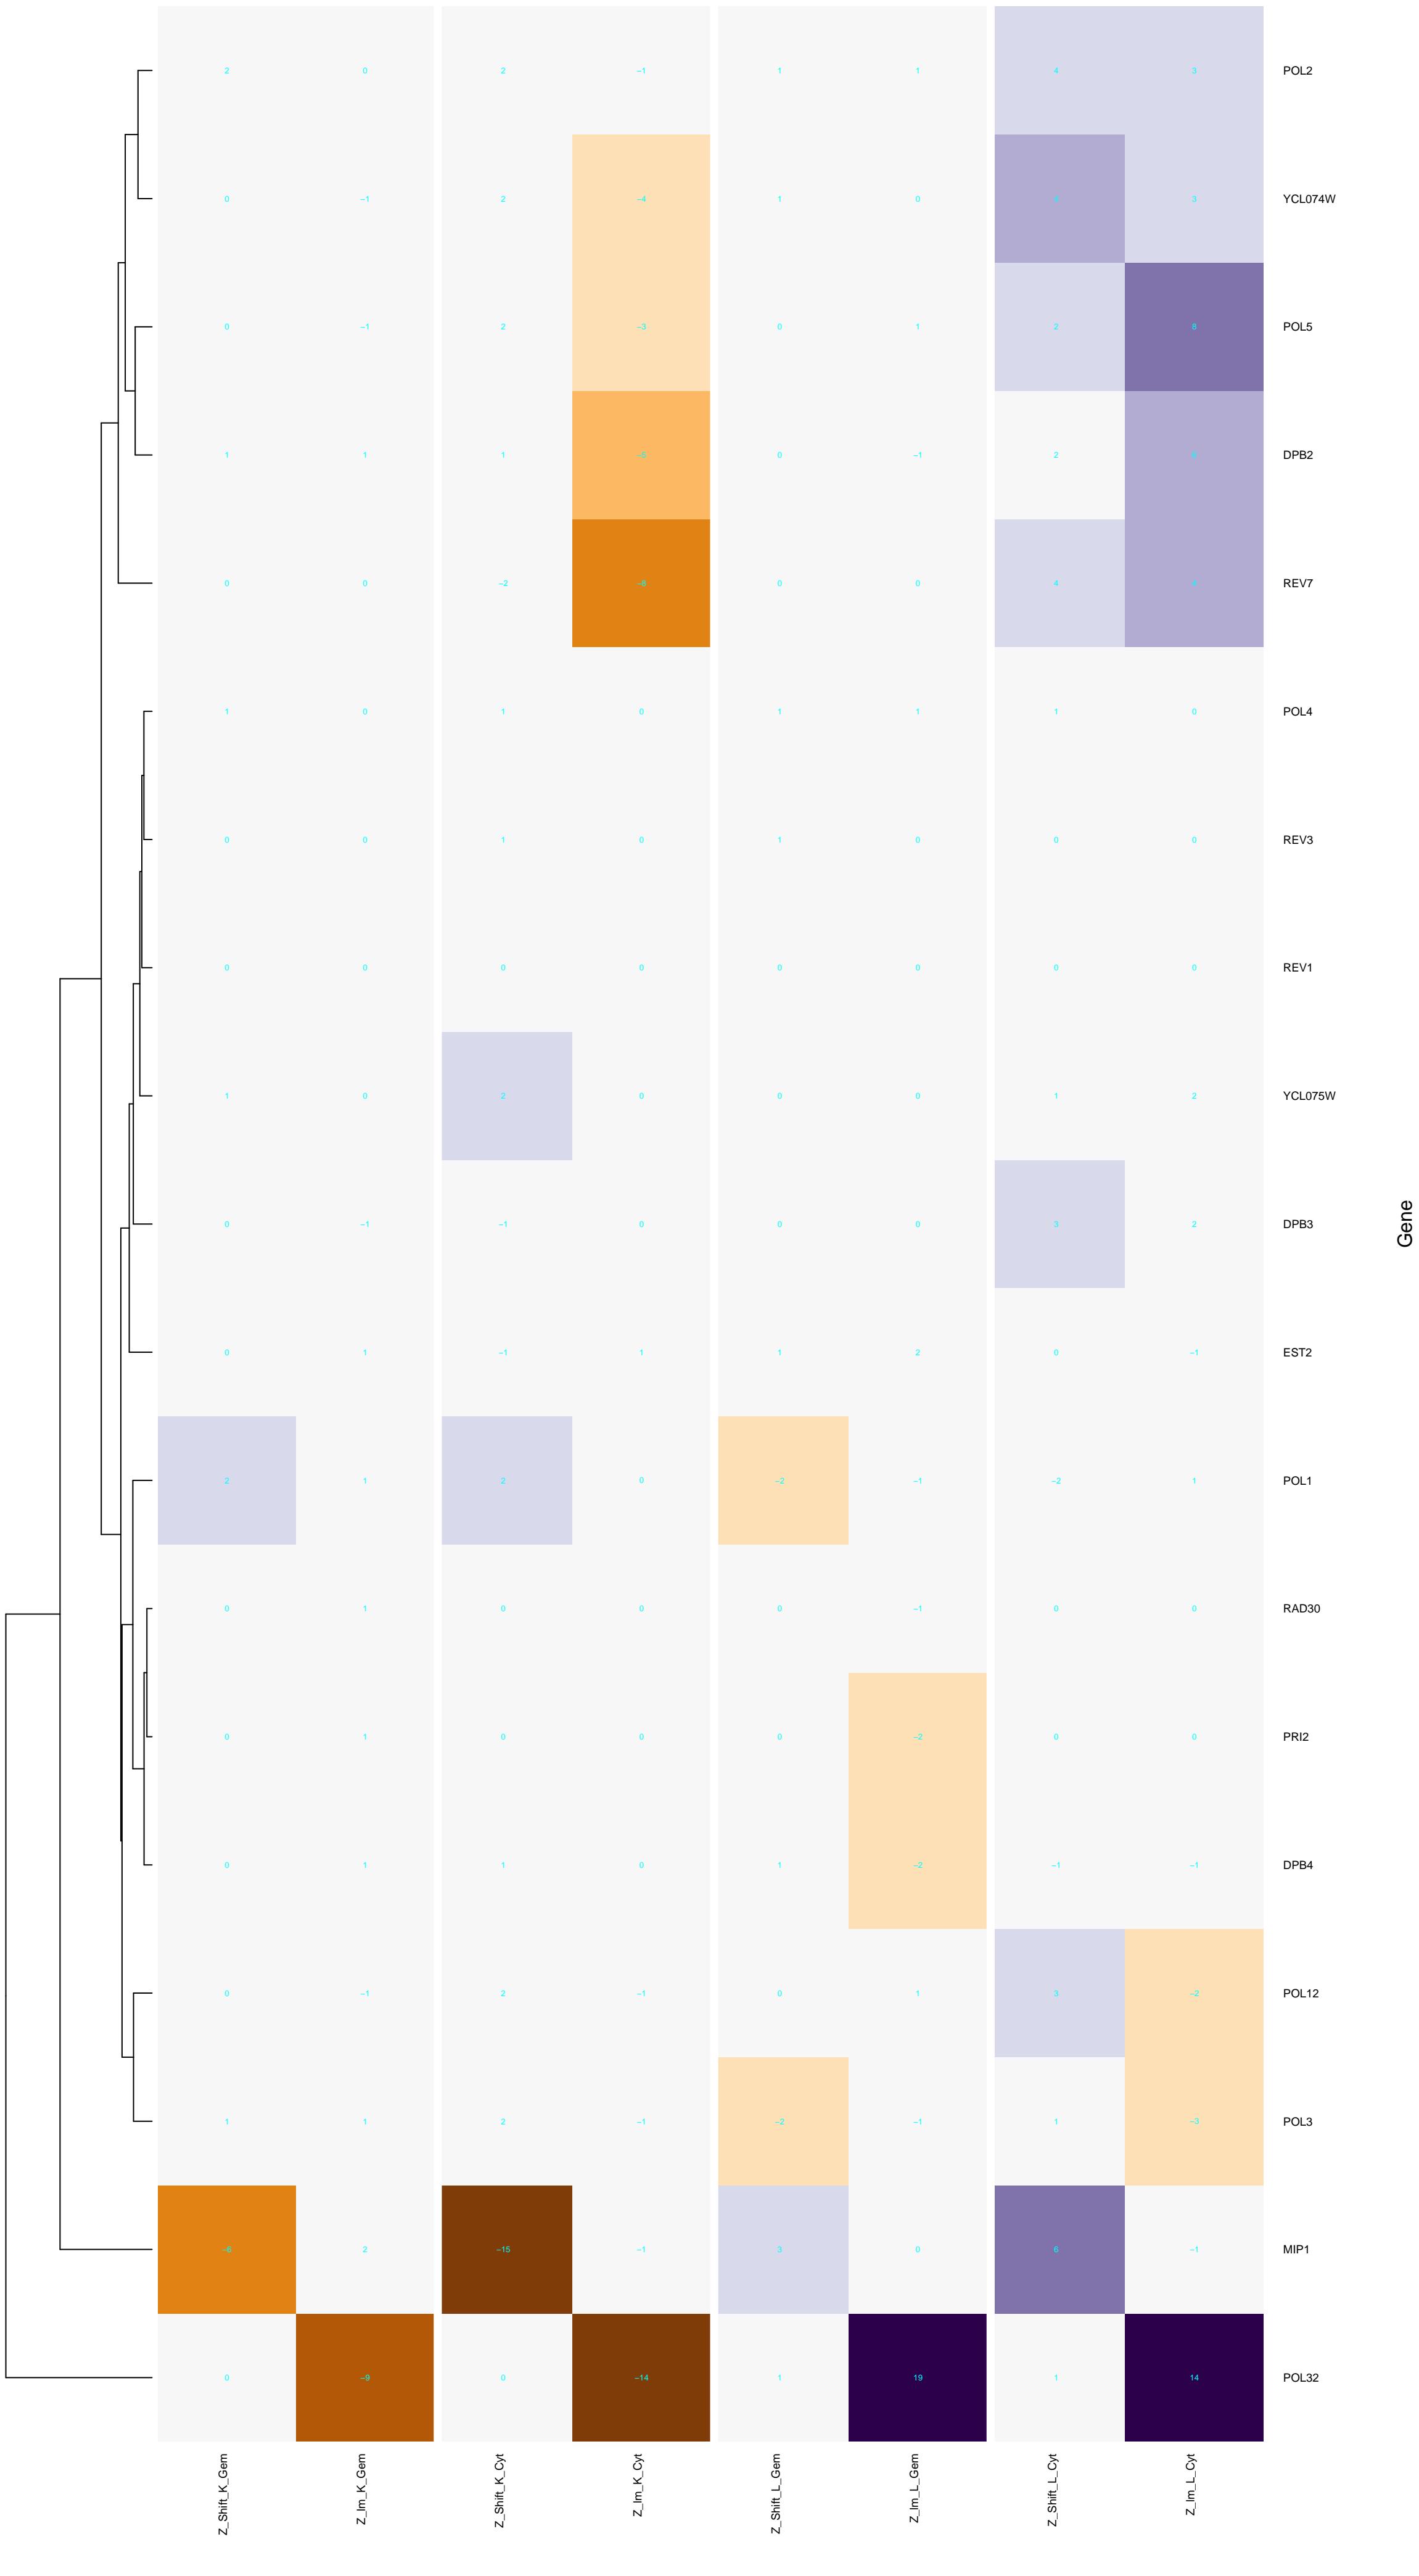

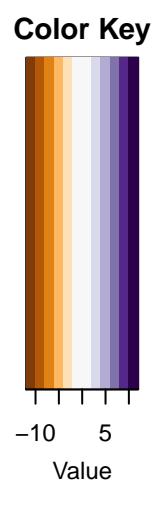

nucleotidyltransferase activity

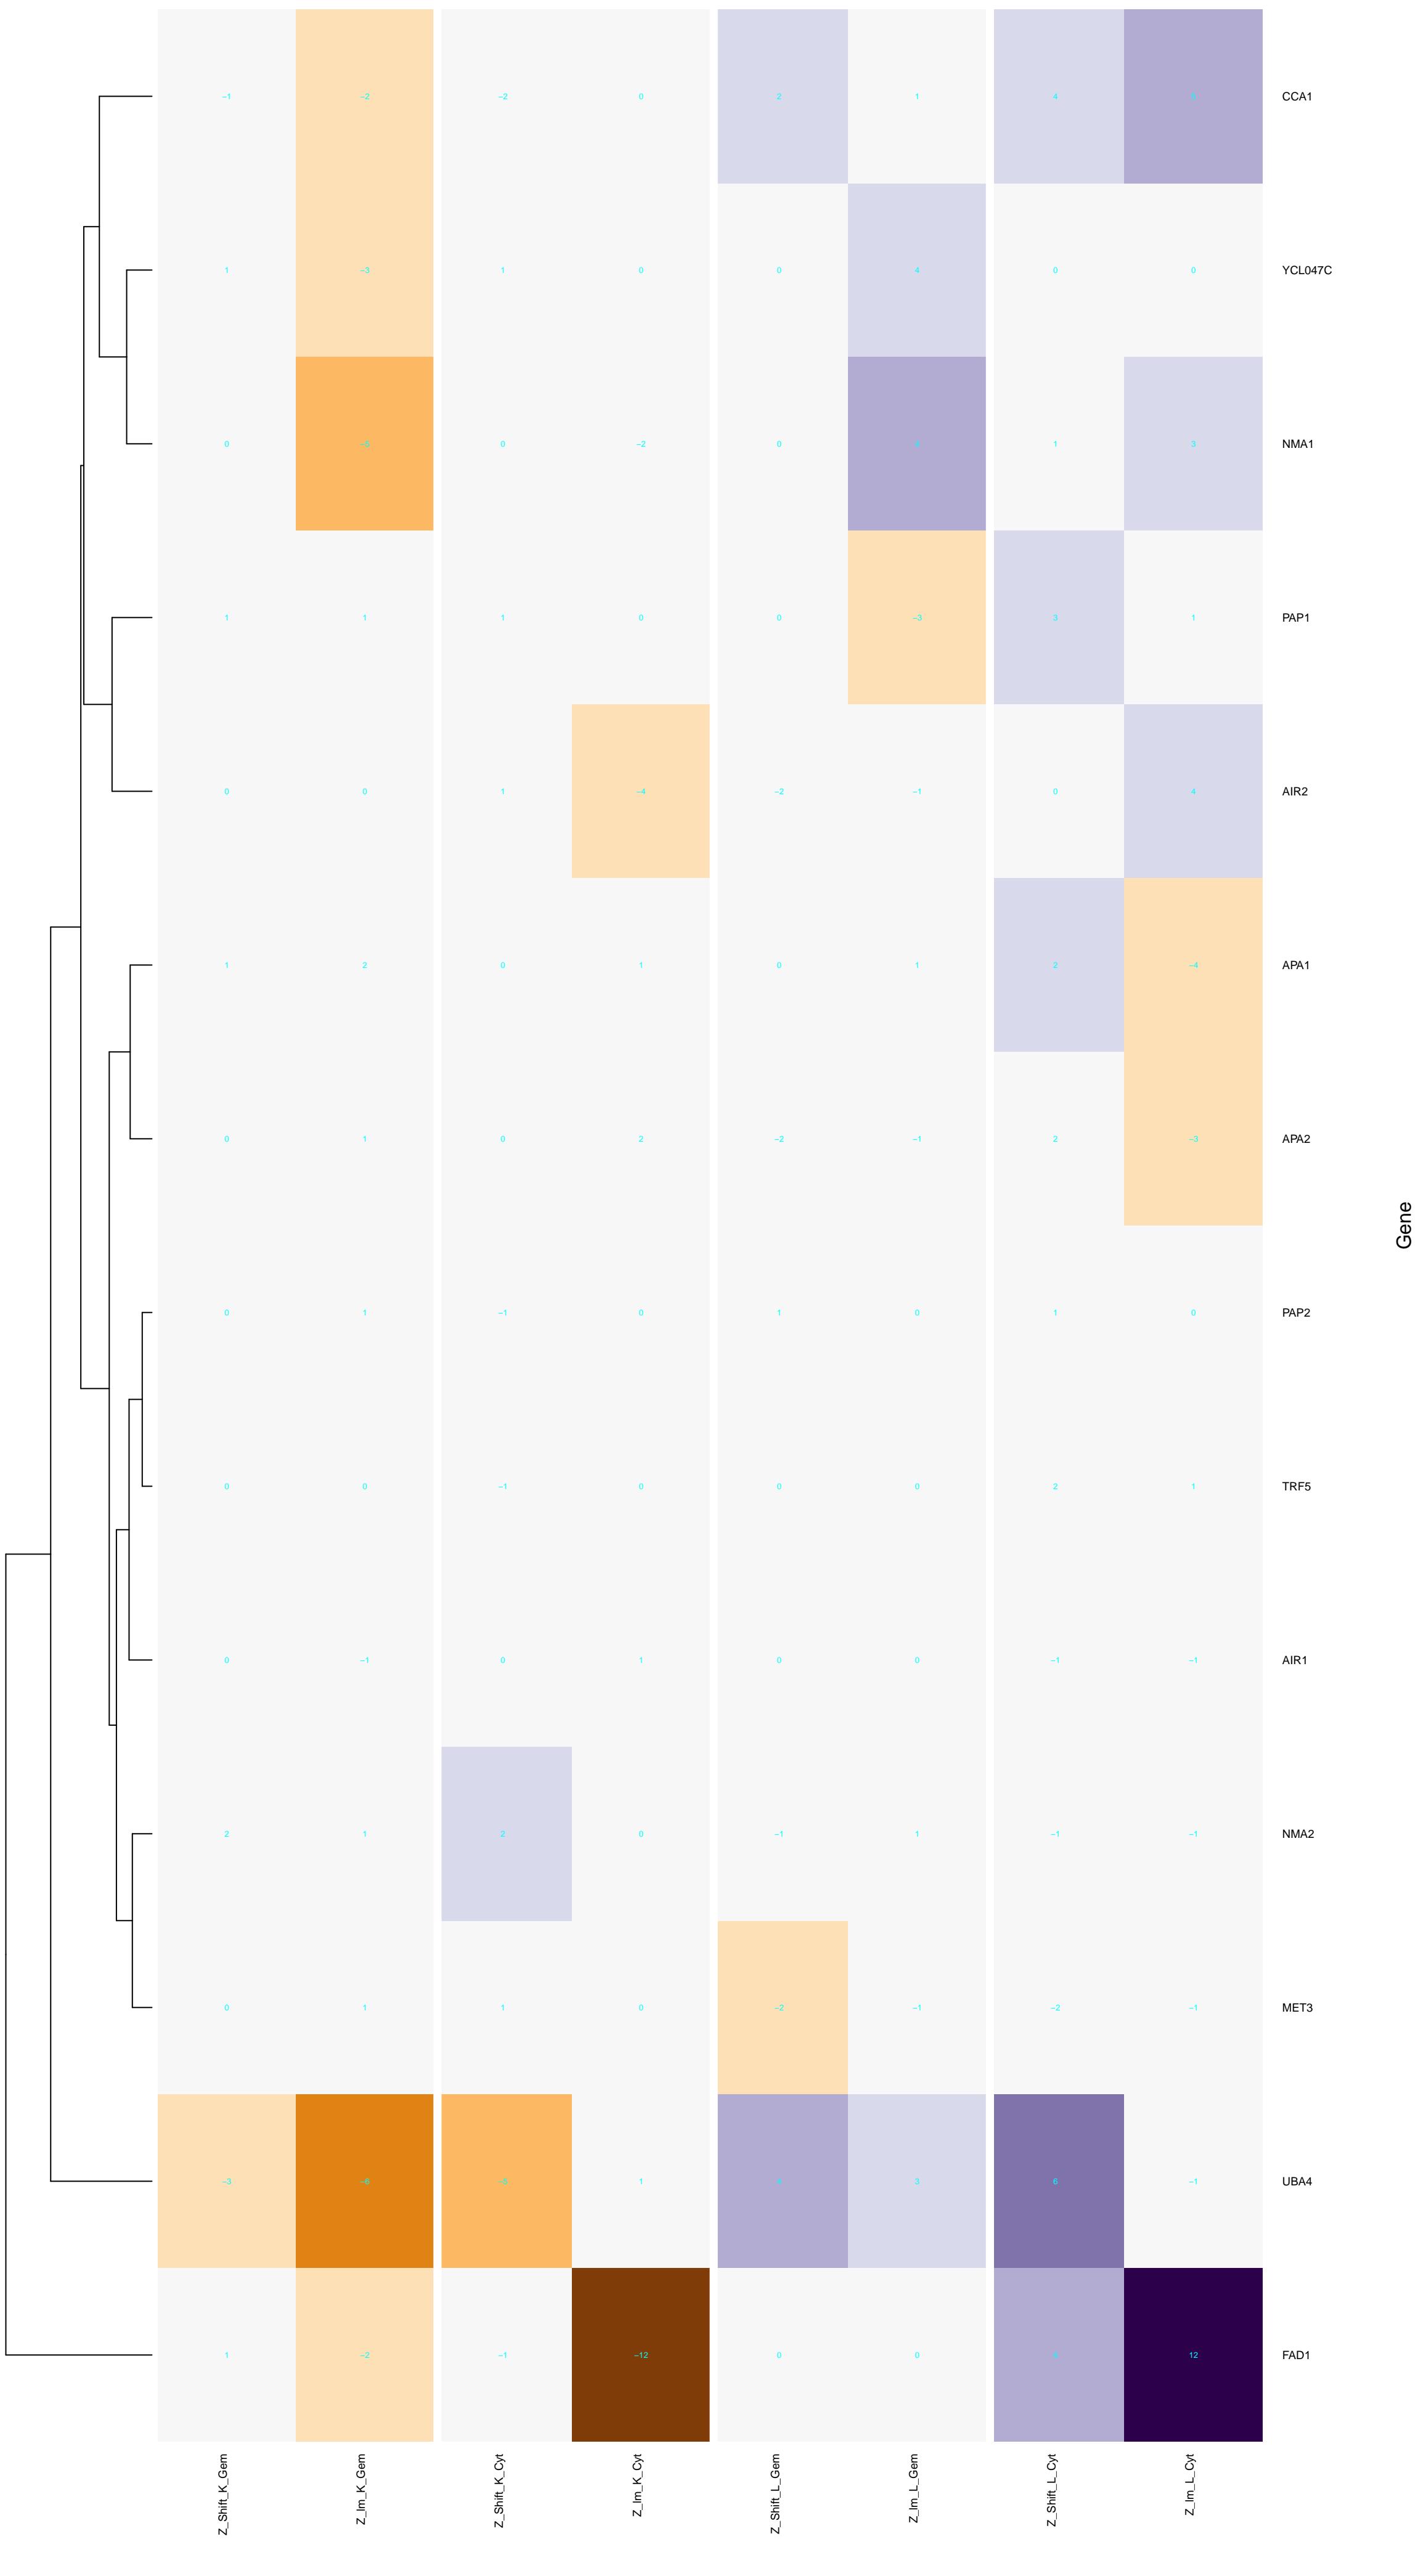

DNA polymerase activity

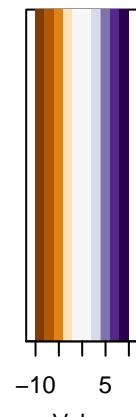

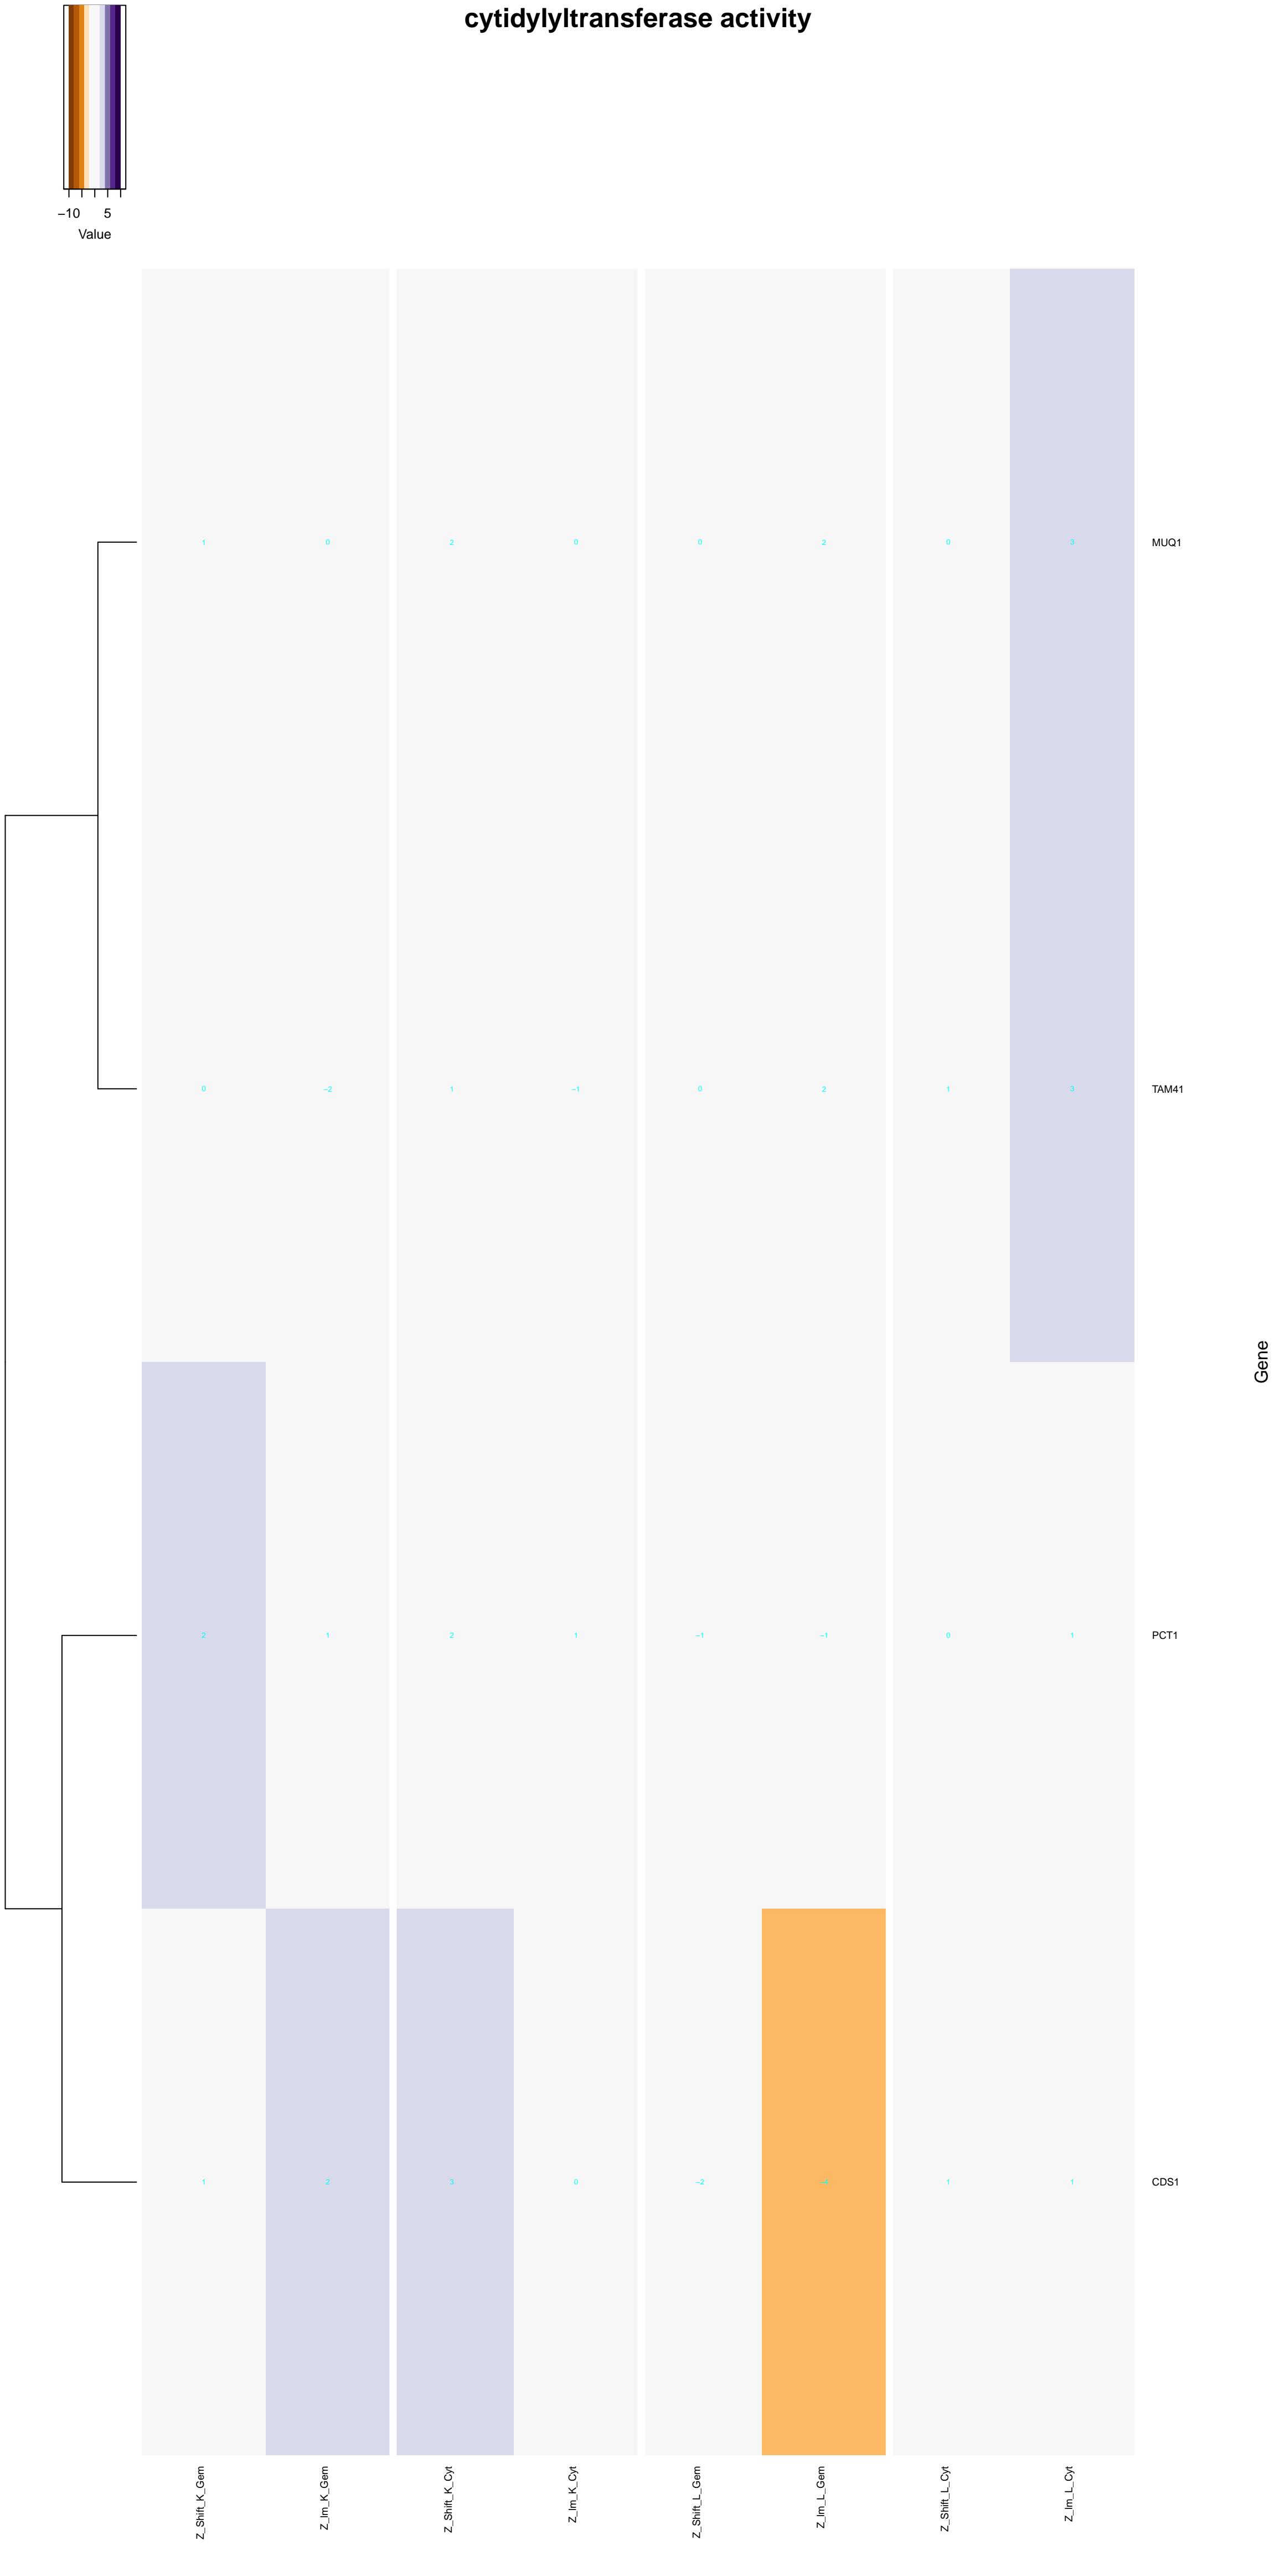

adenylyltransferase activity

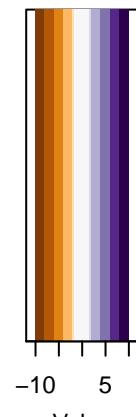

Color Key

cytidylyltransferase activity

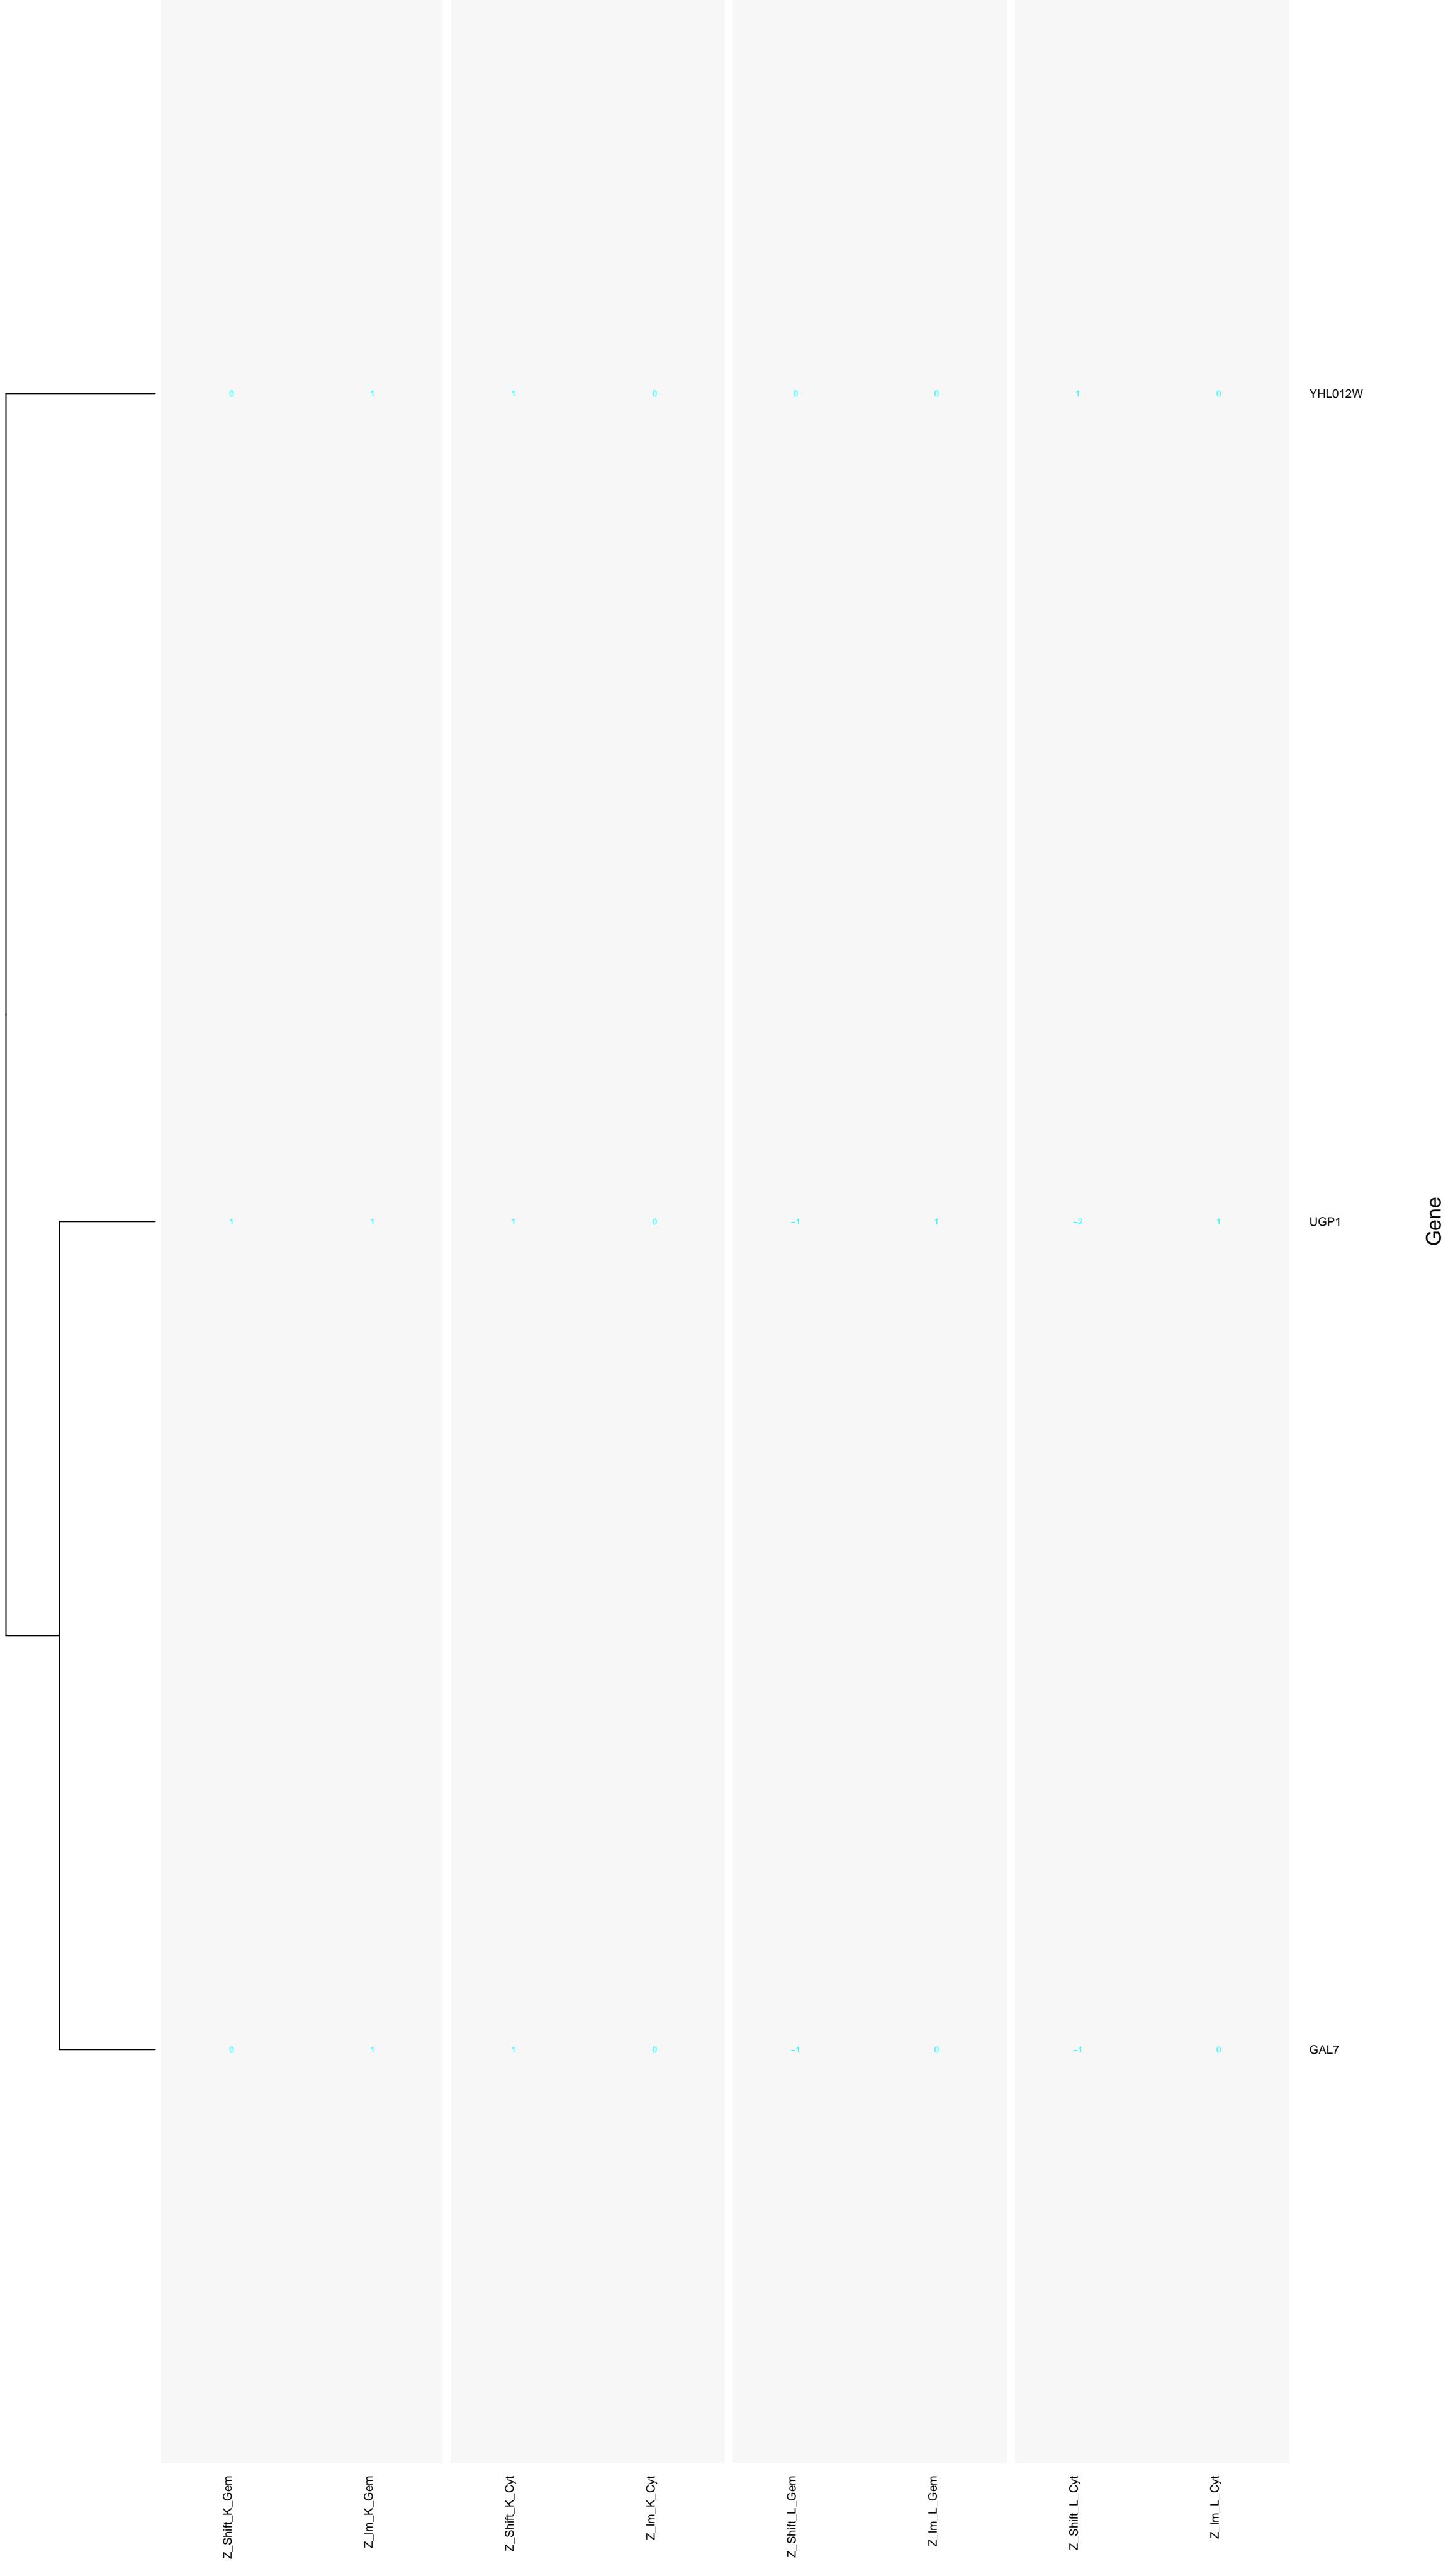

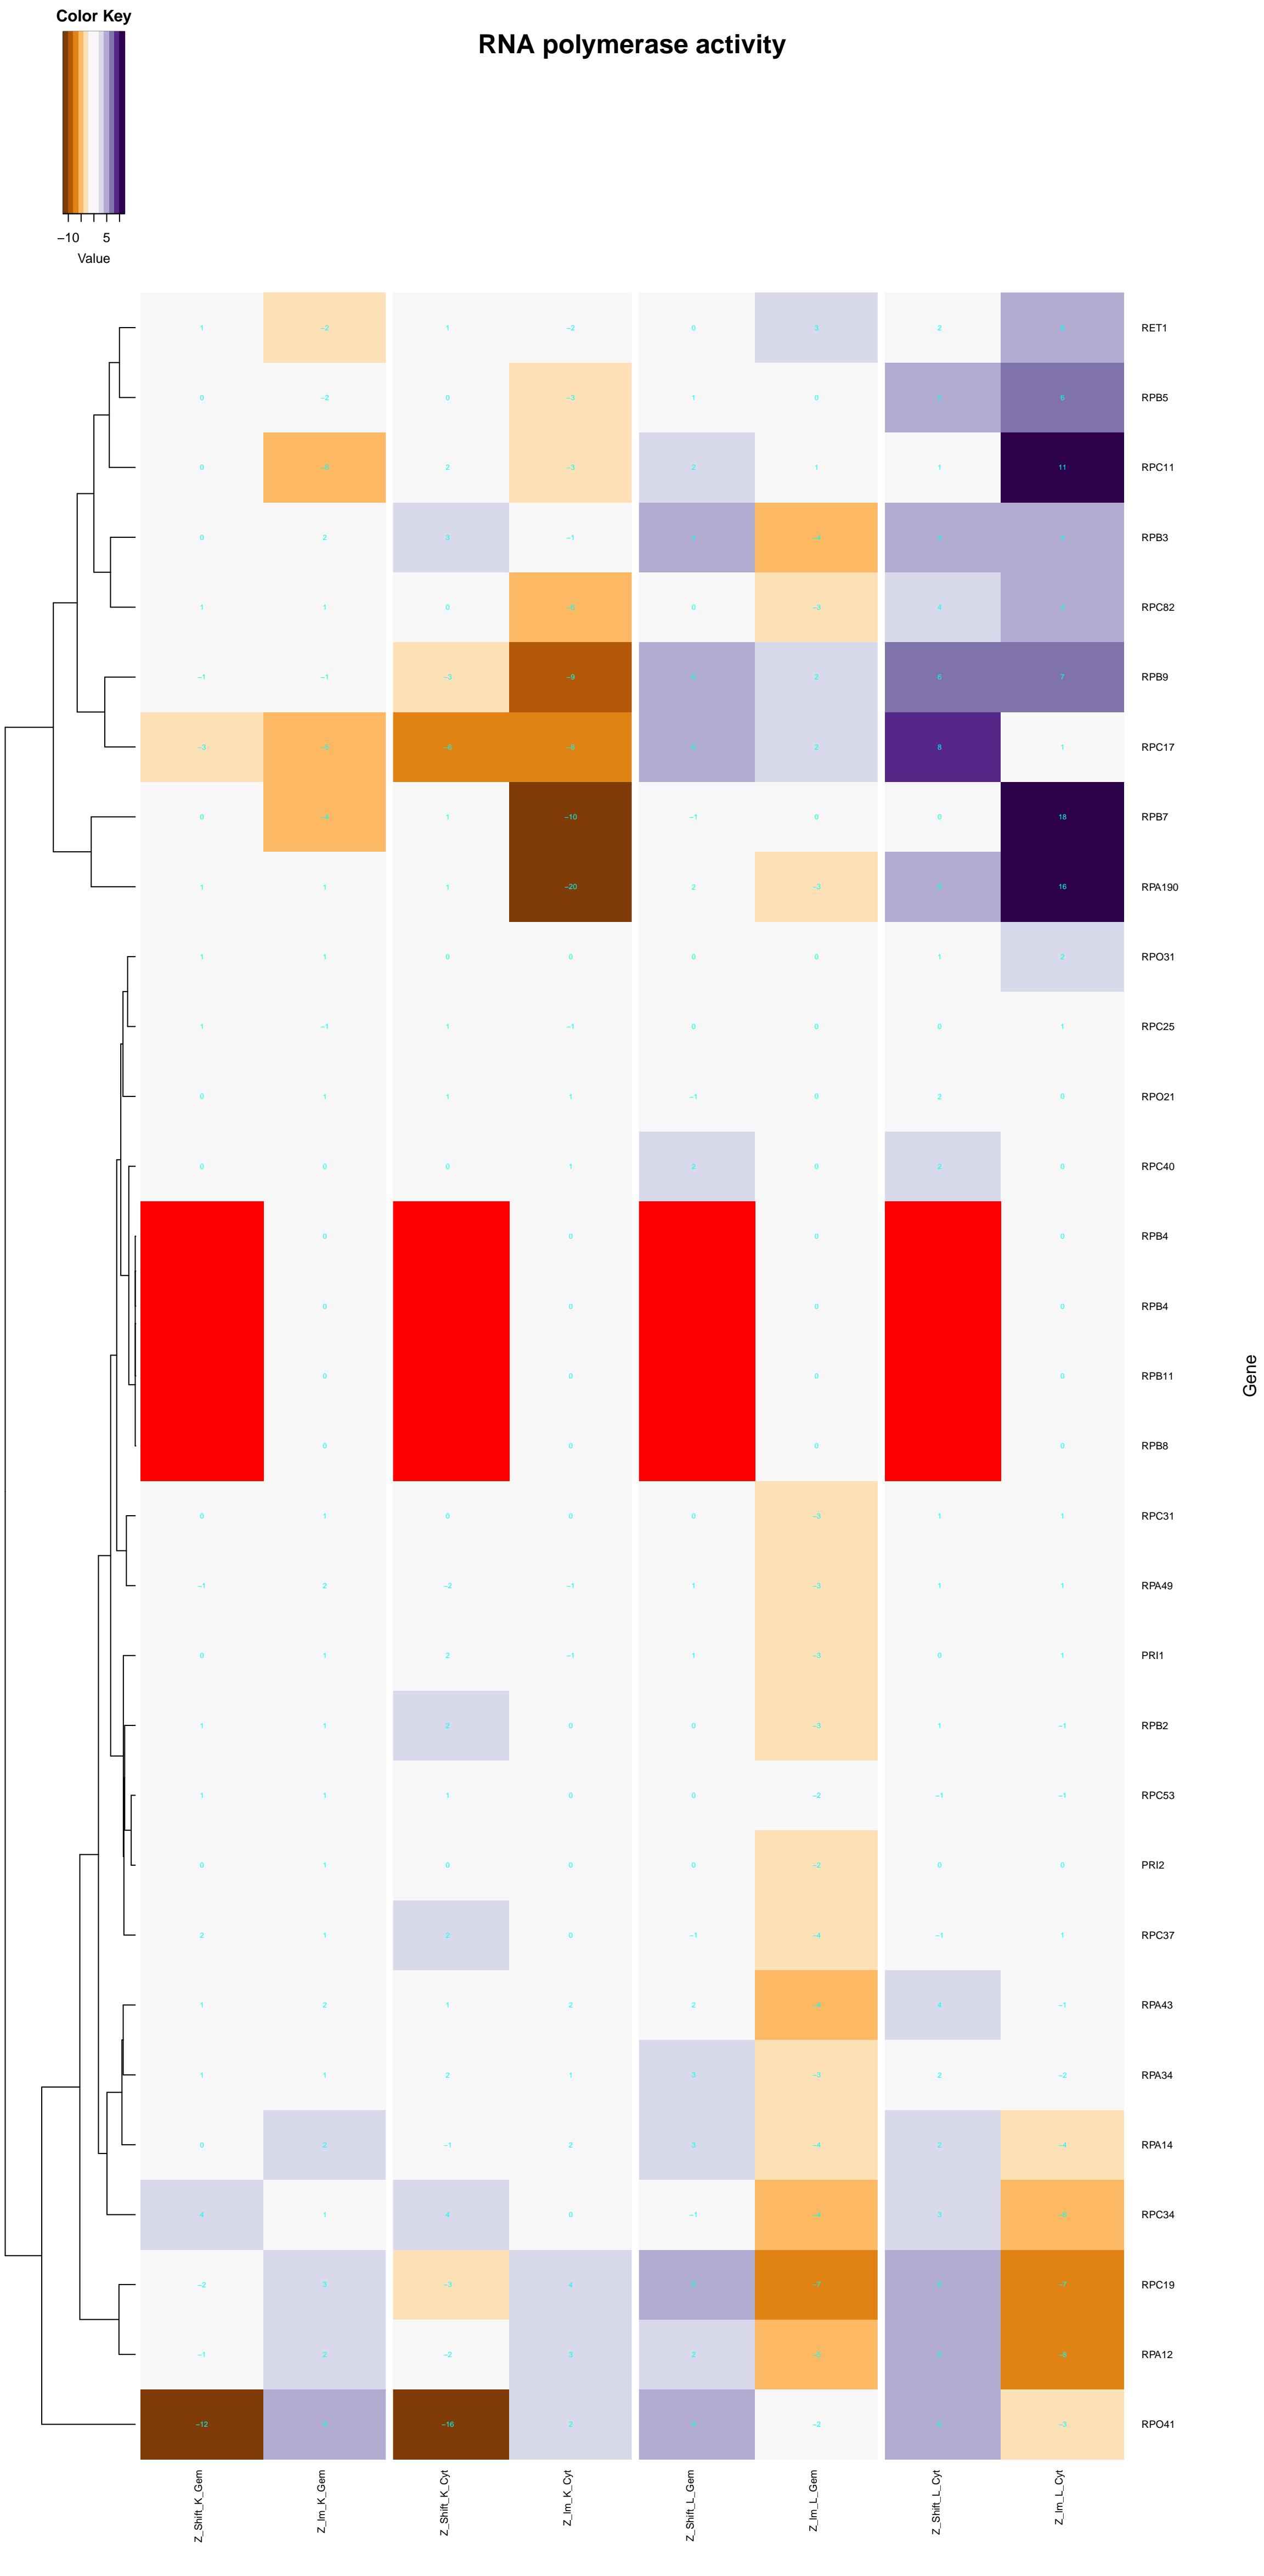

Color Key

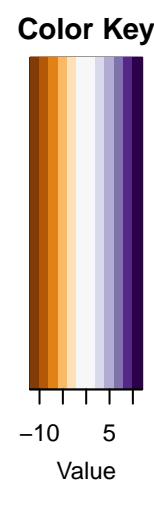

uridylyltransferase activity

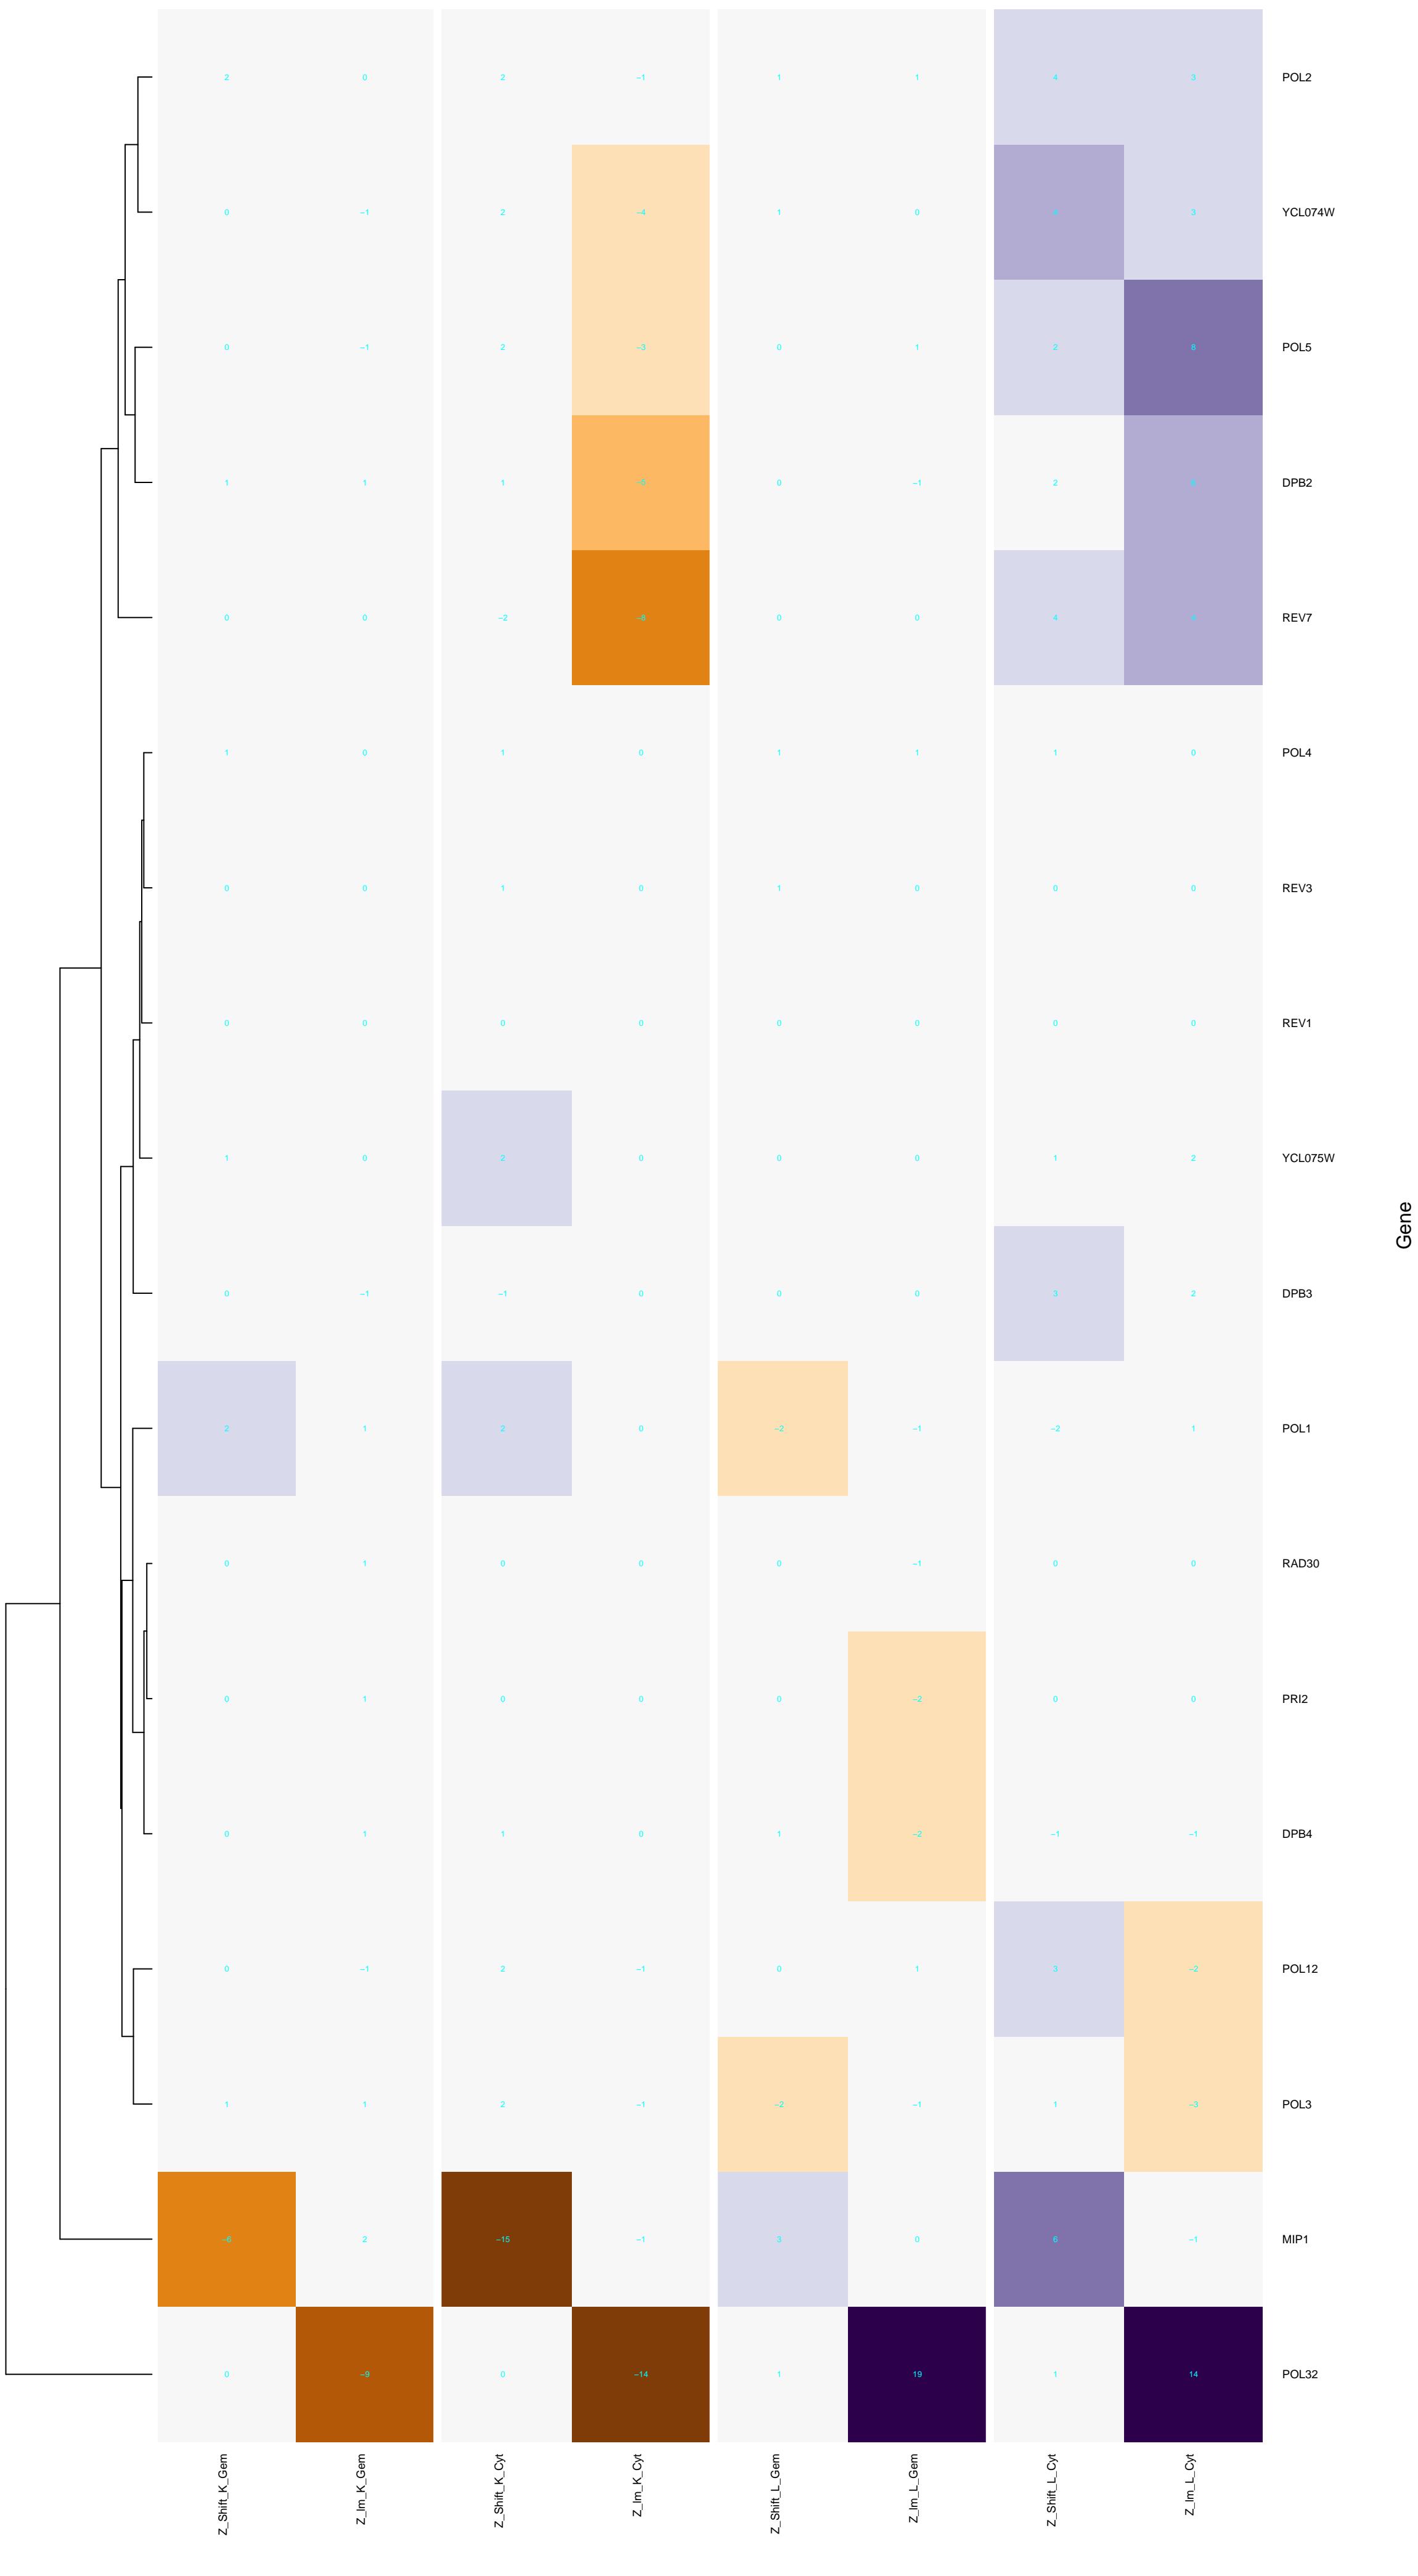

-10 5
Value

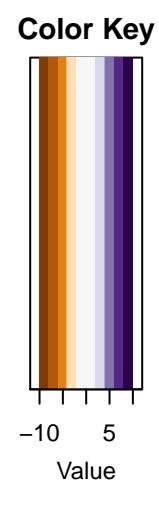

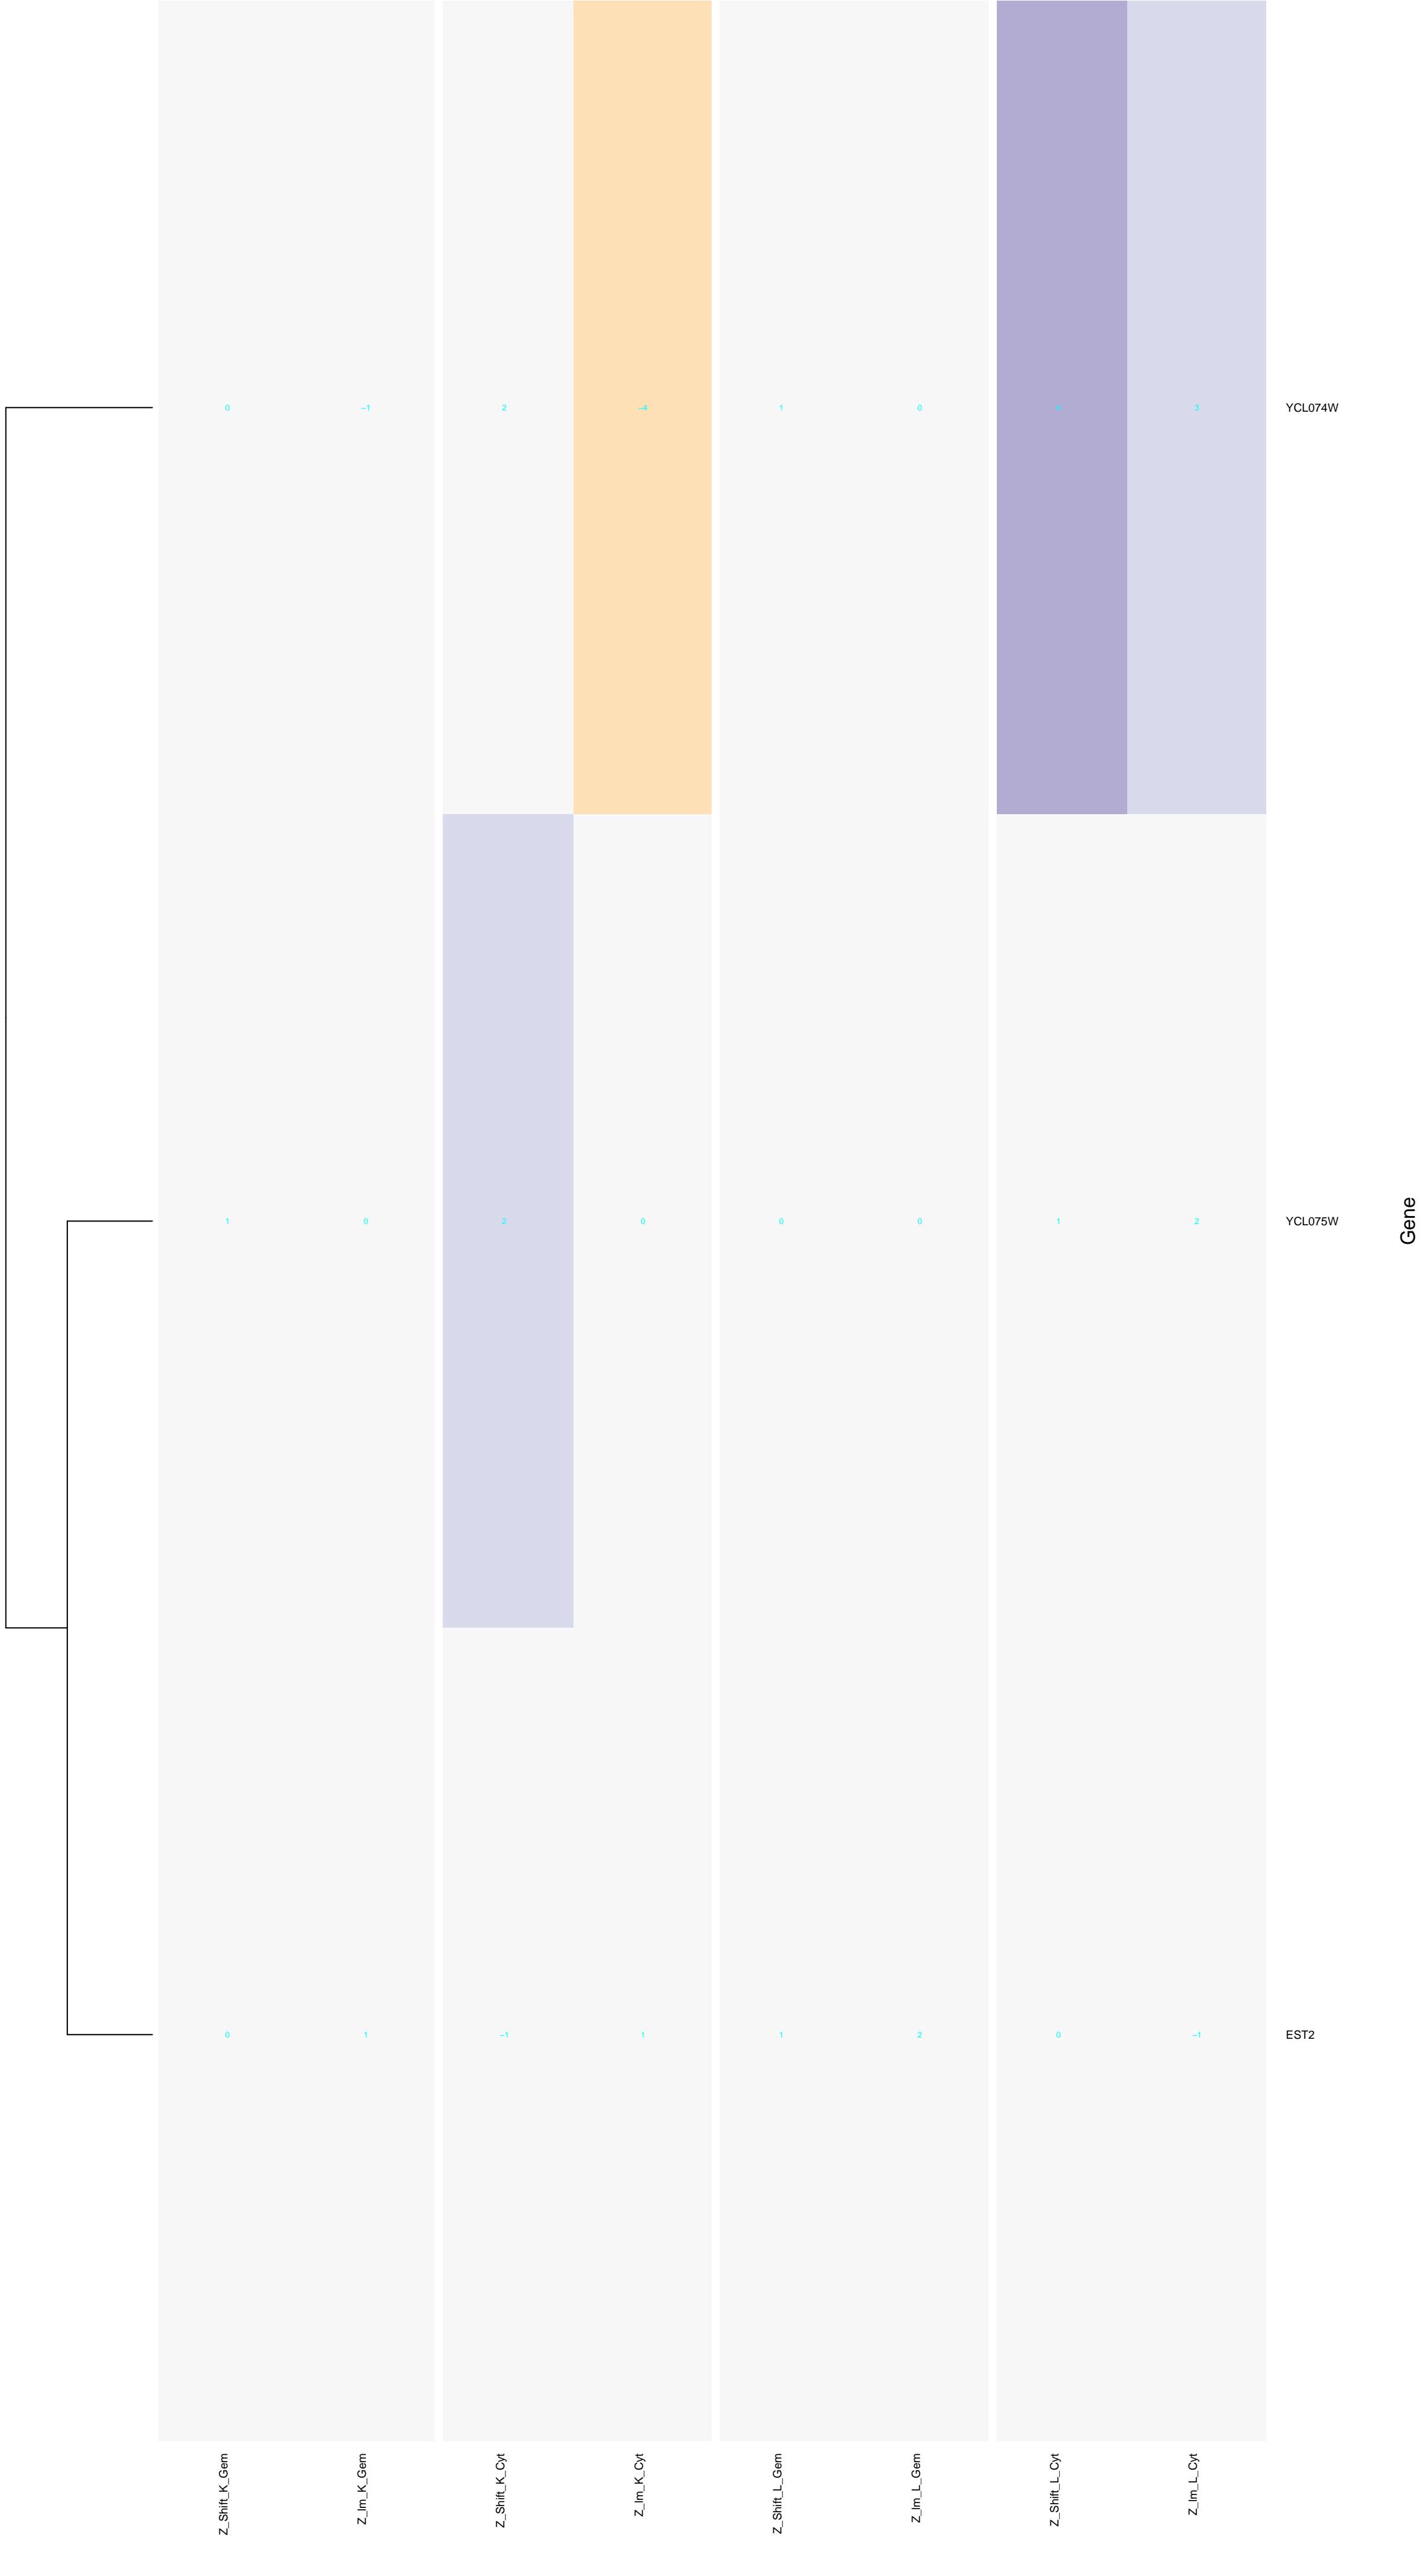

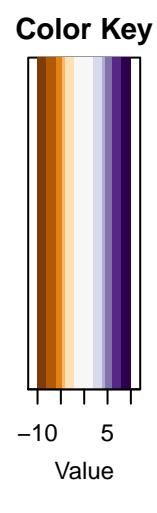

DNA-directed DNA polymerase activity

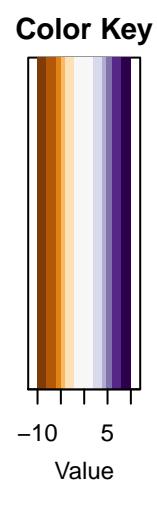

RNA-directed DNA polymerase activity

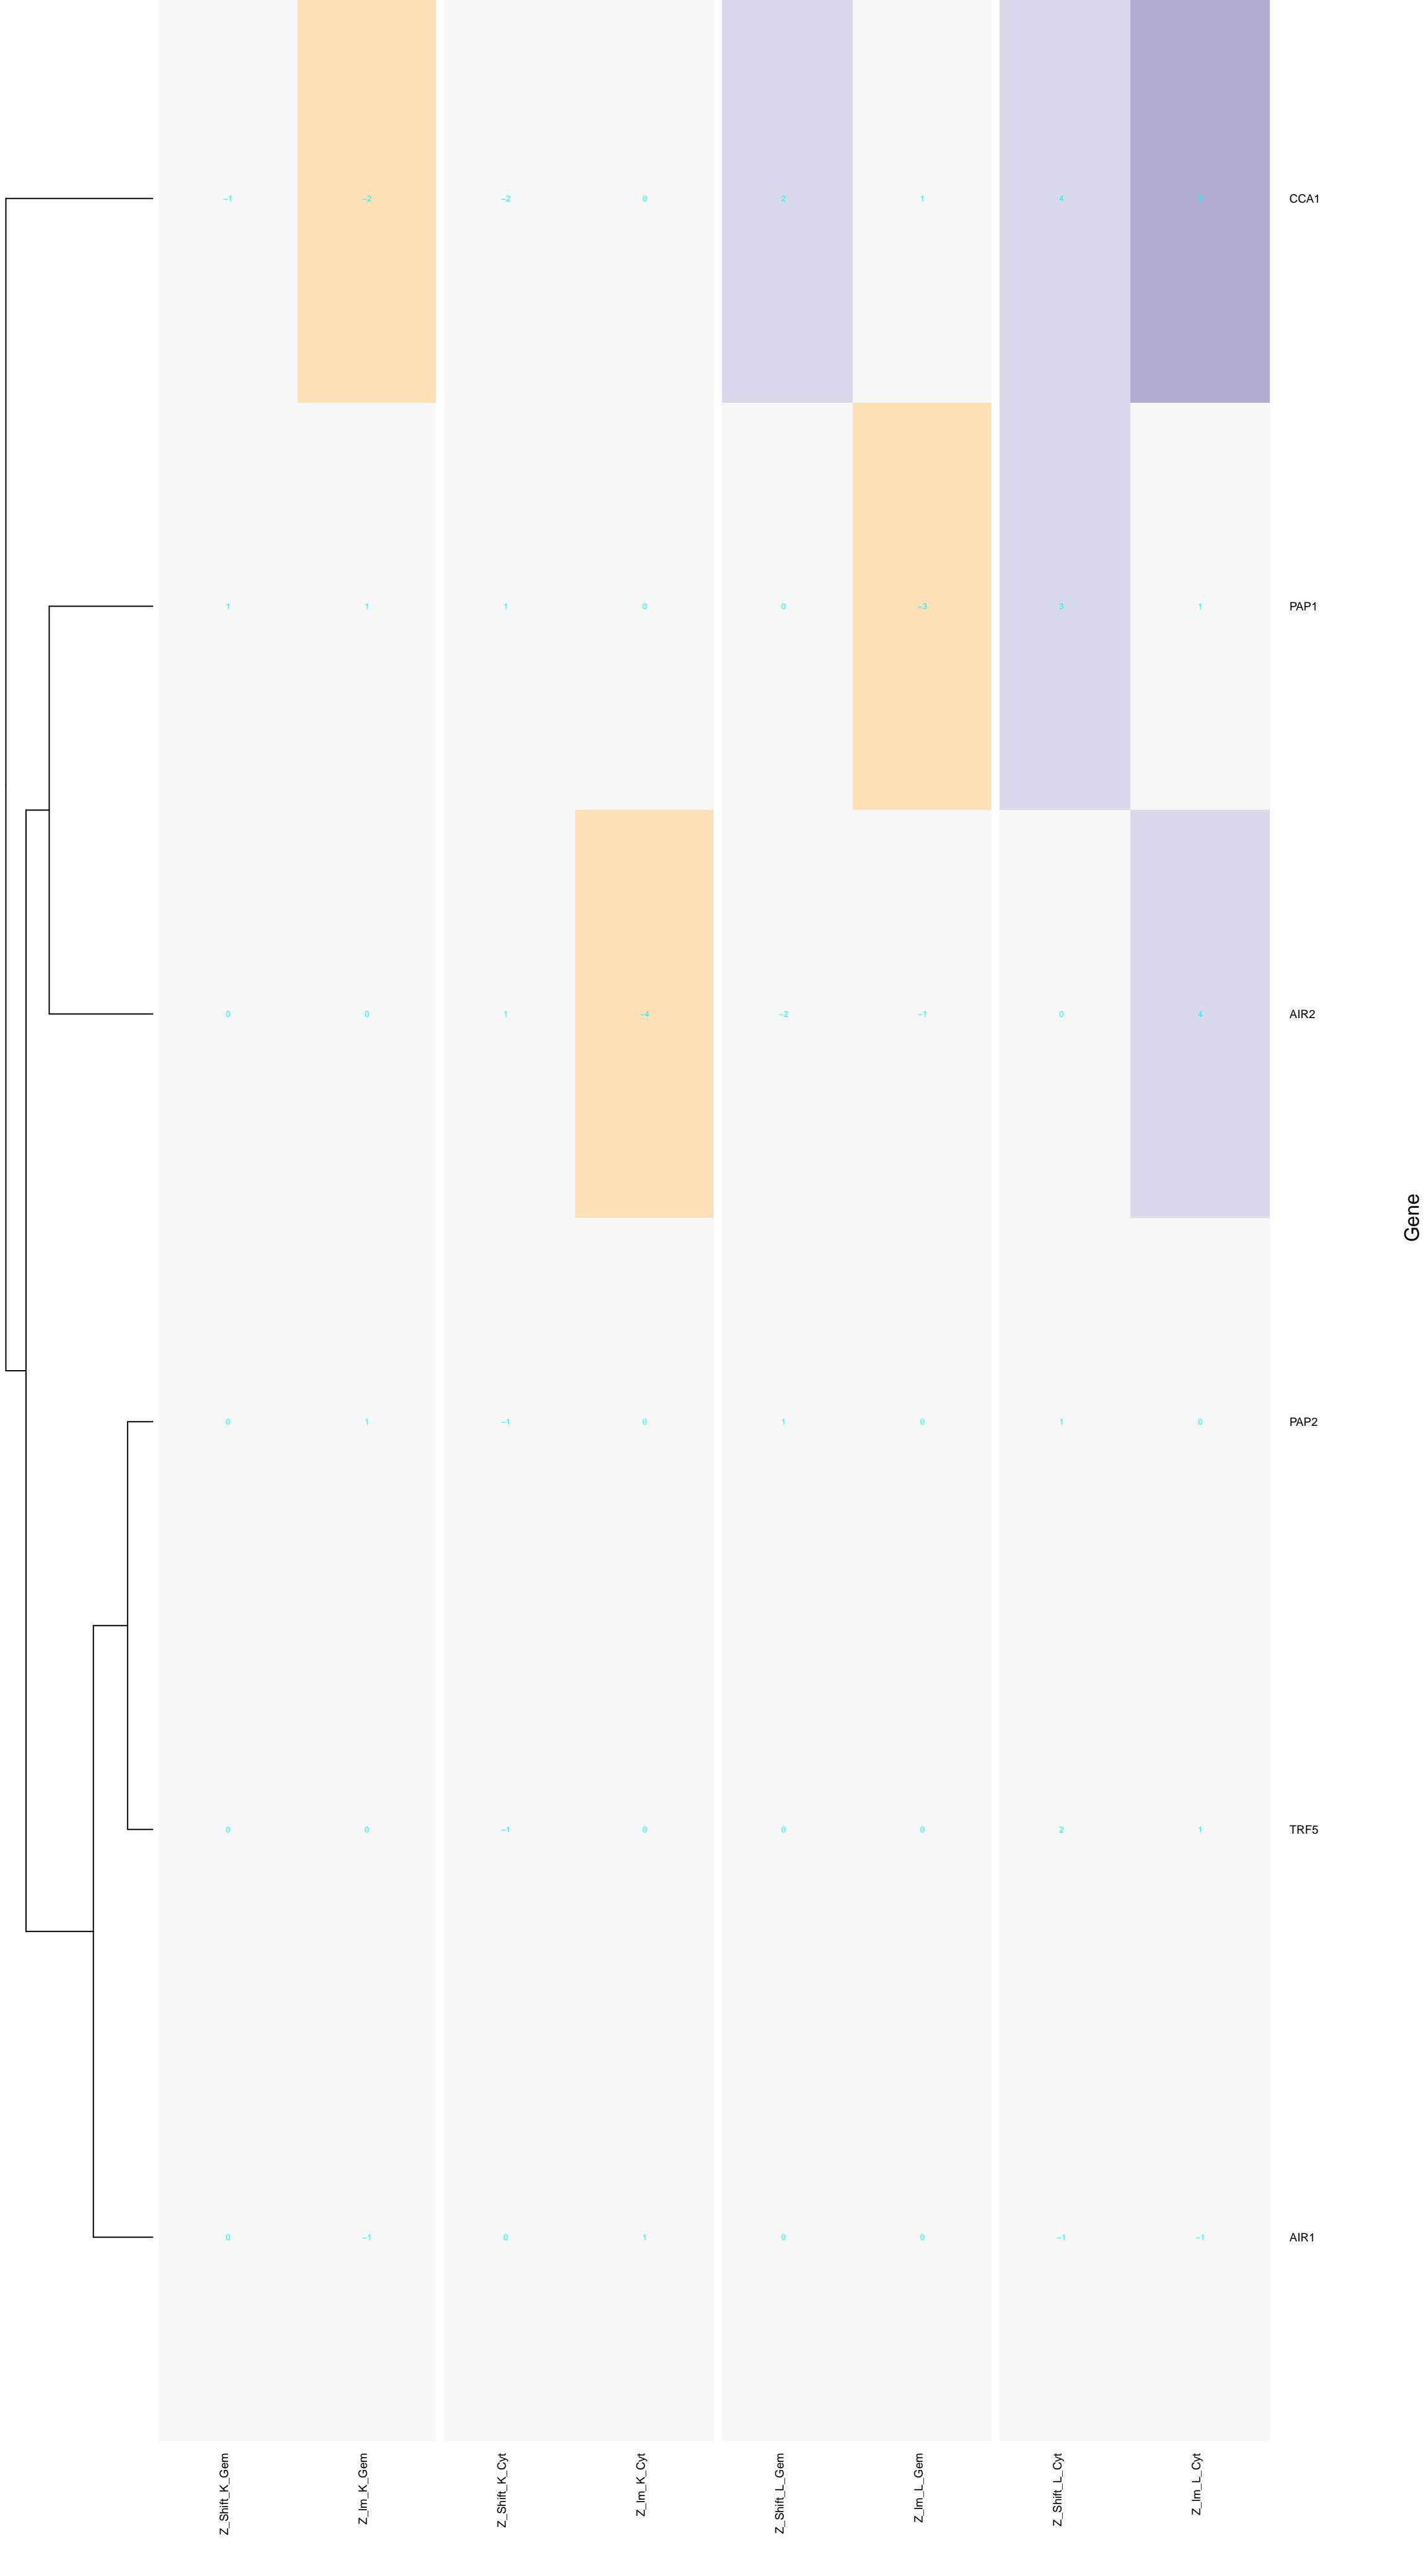

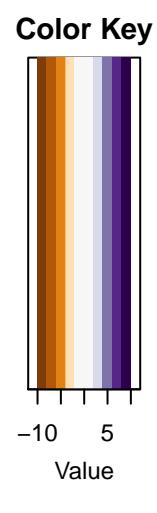

nicotinamide-nucleotide adenylyltransferase activity

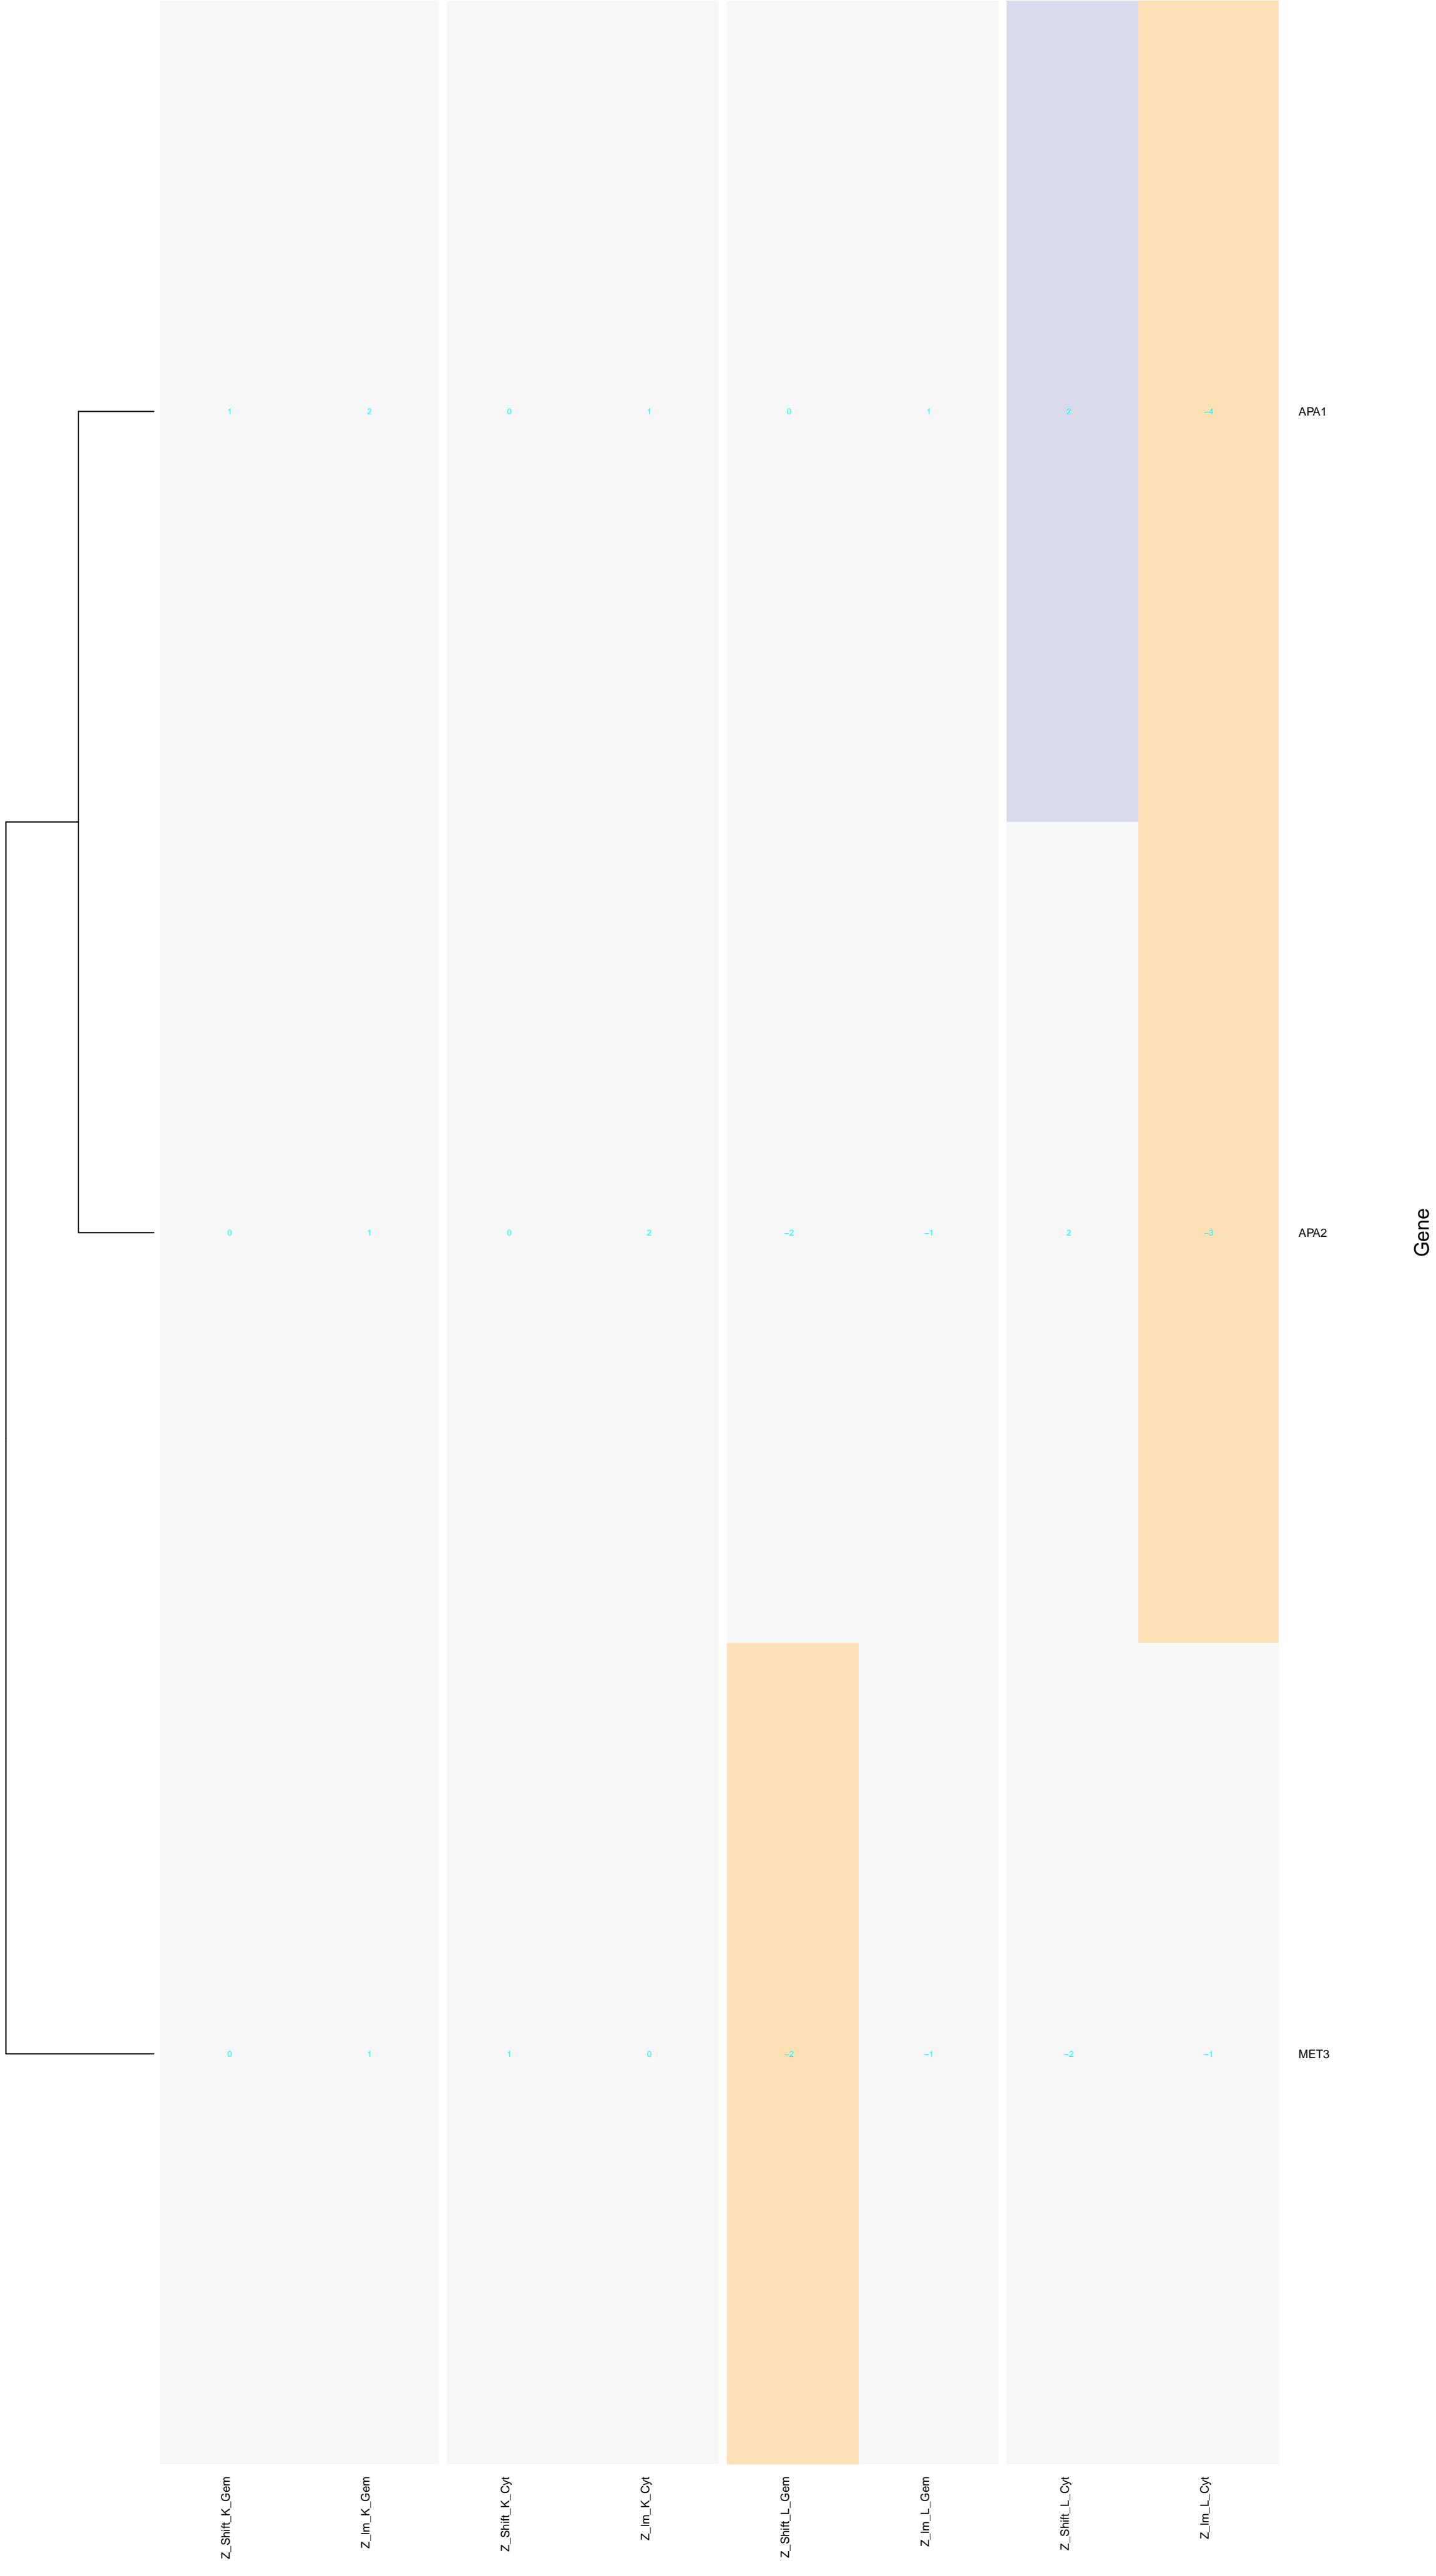

polynucleotide adenylyltransferase activity

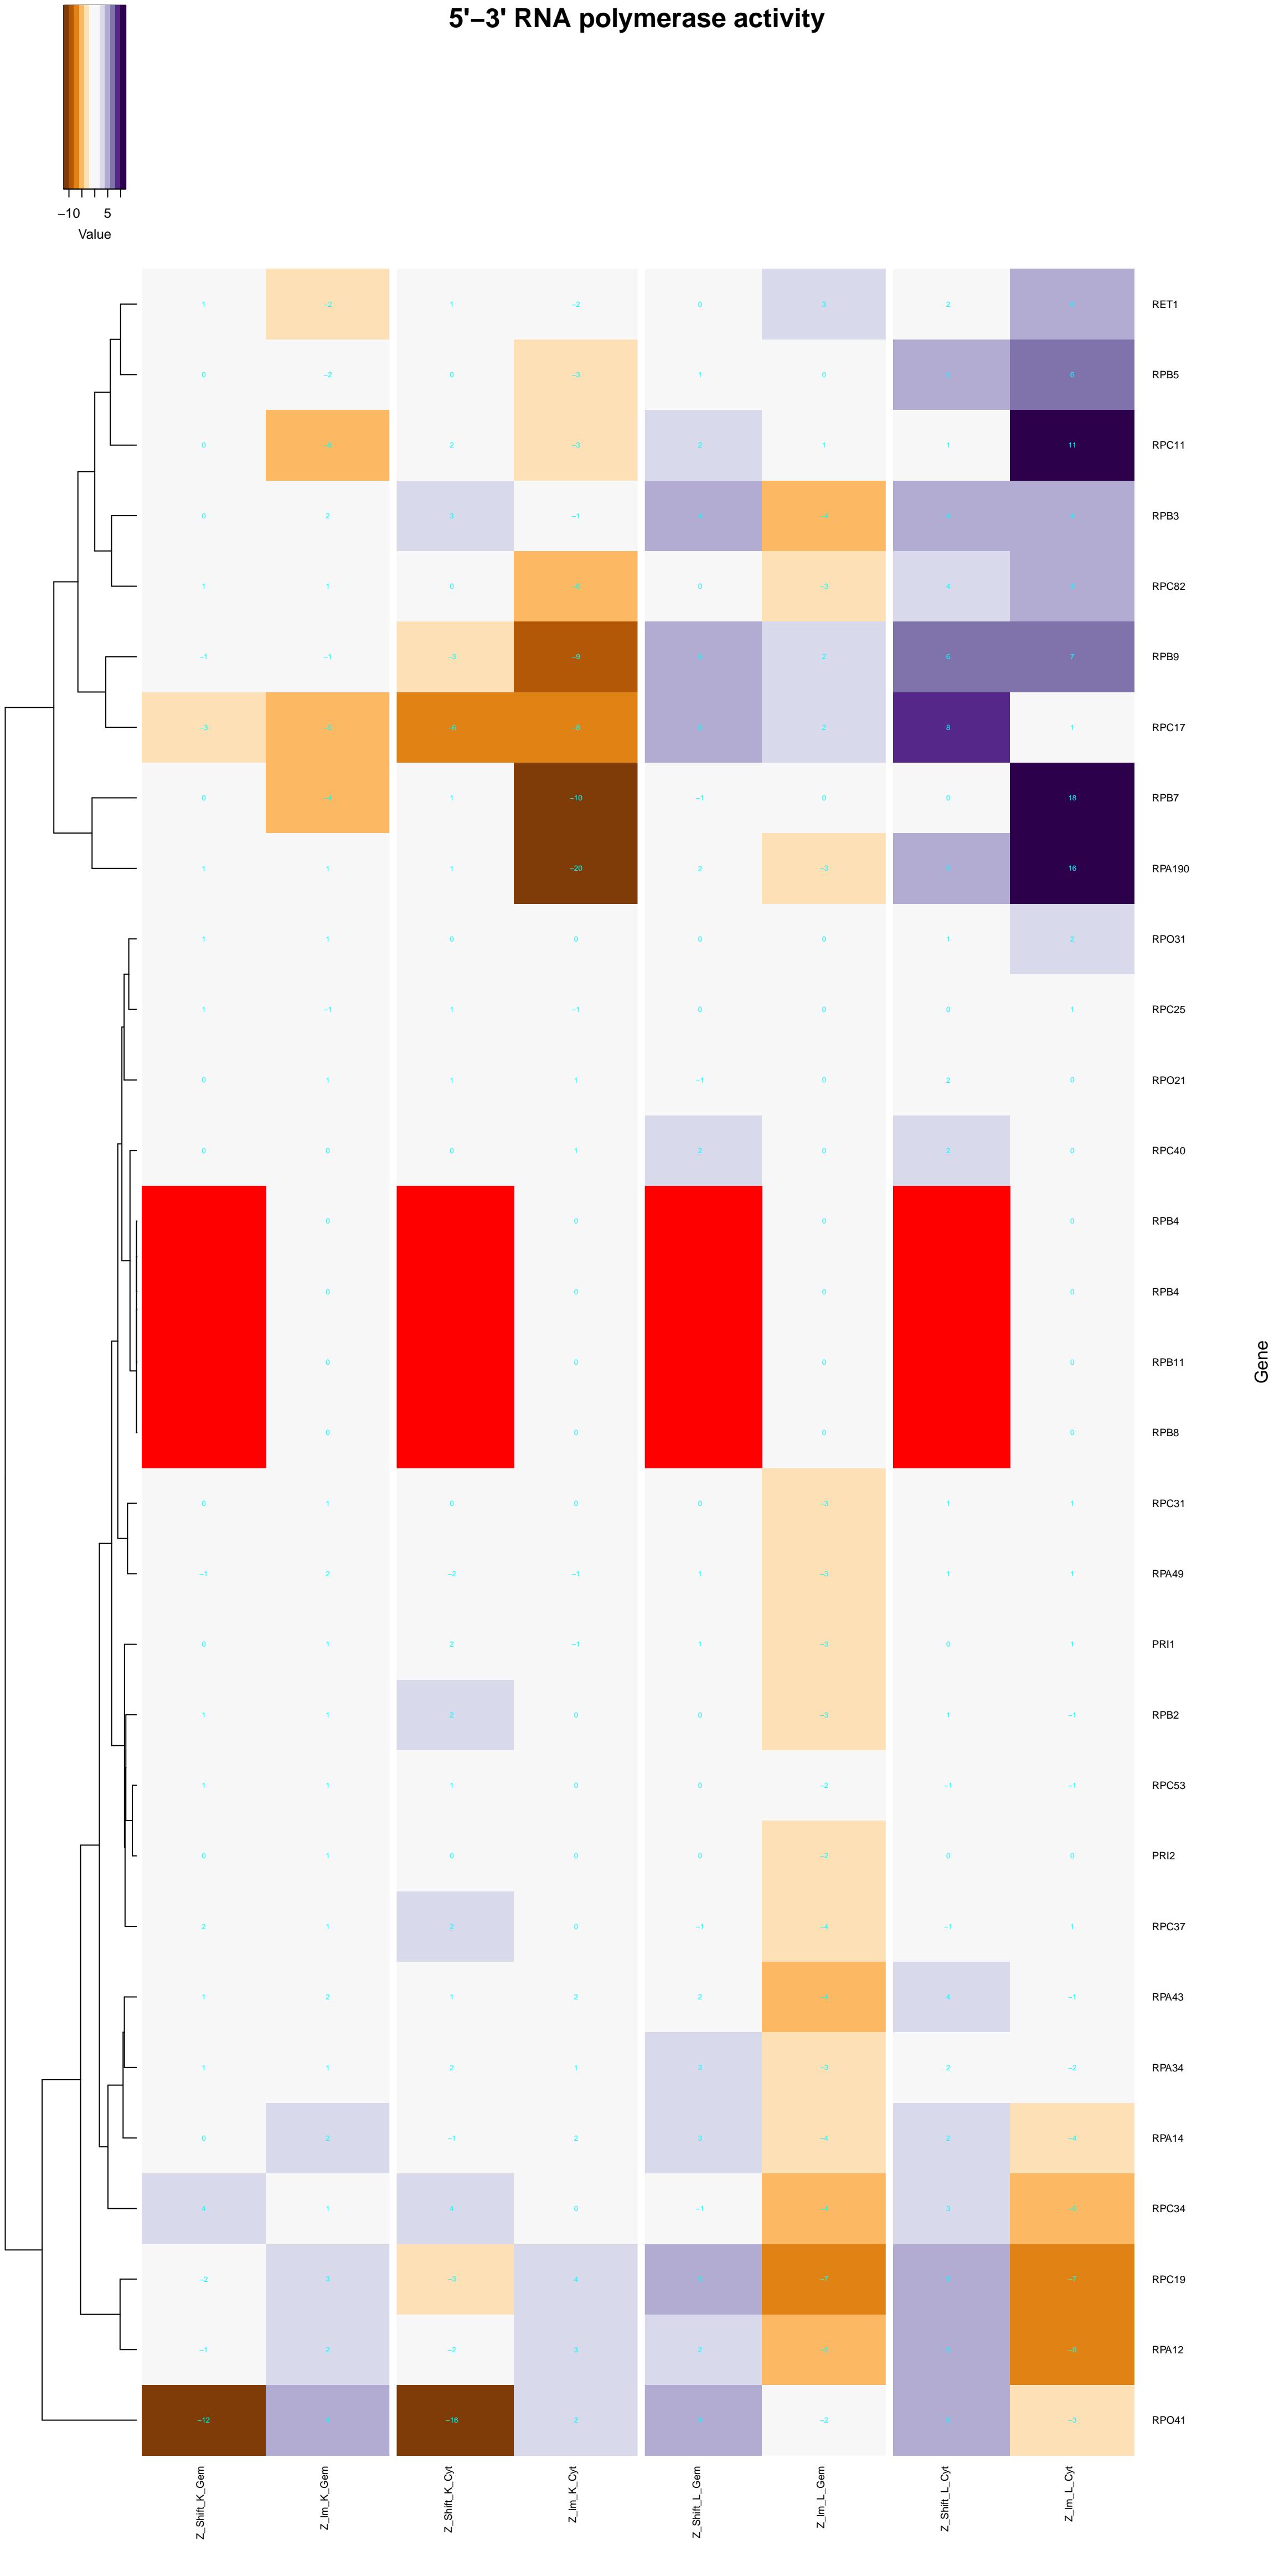

sulfate adenylyltransferase activity

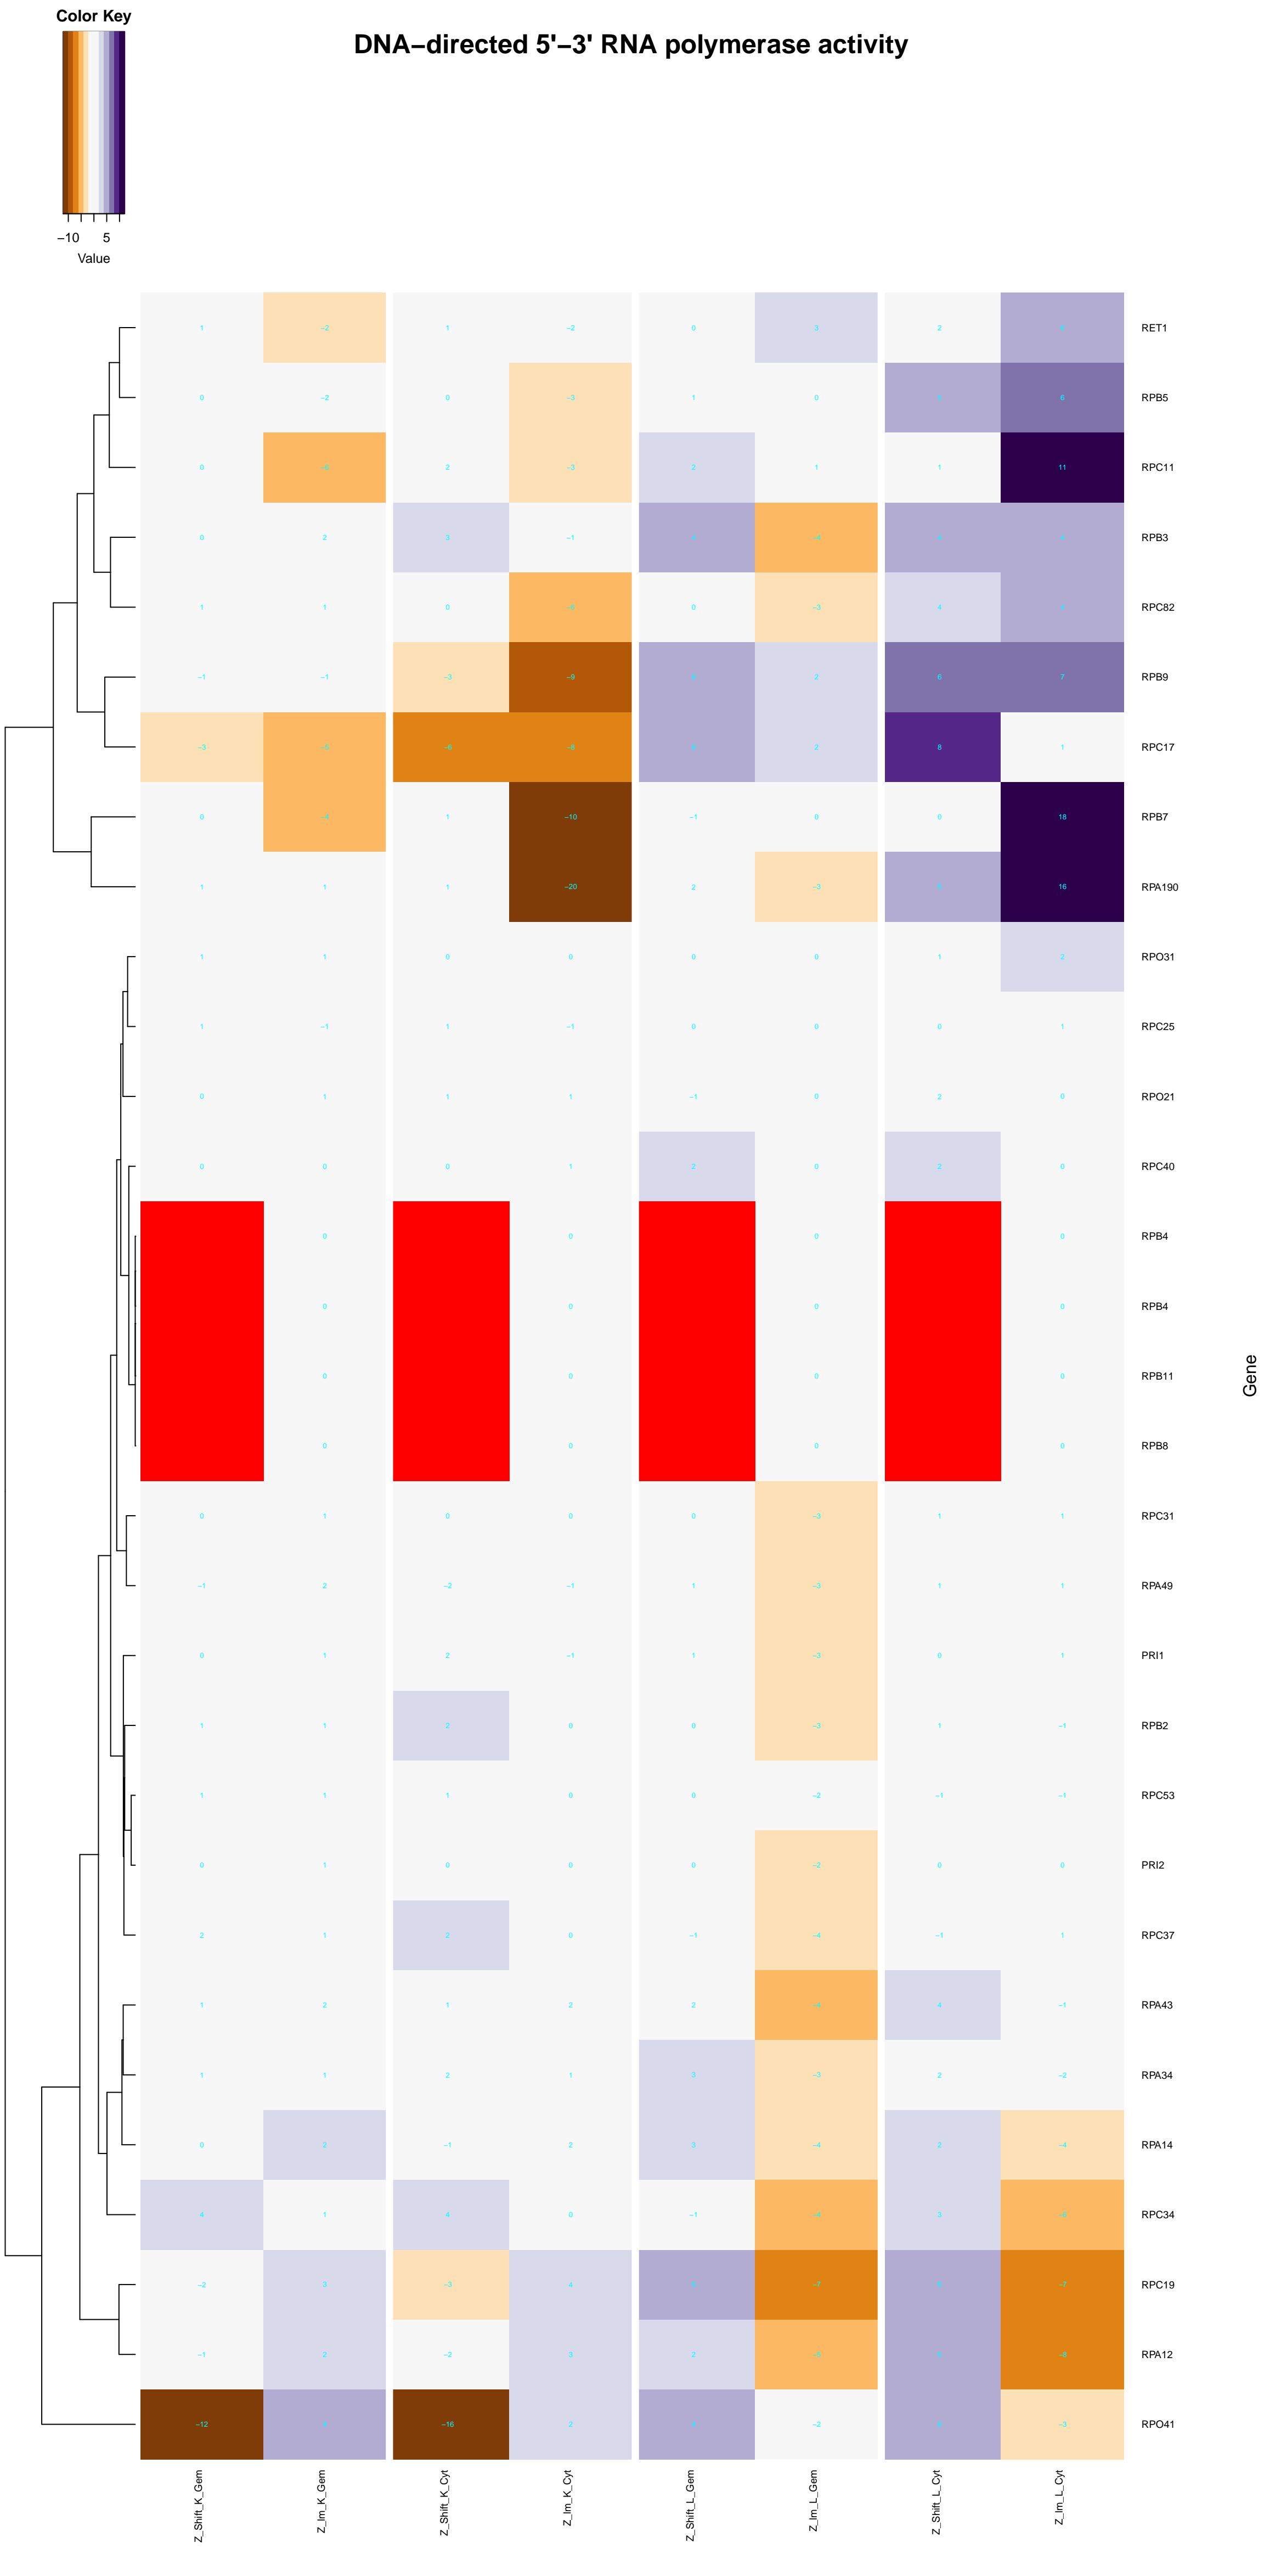

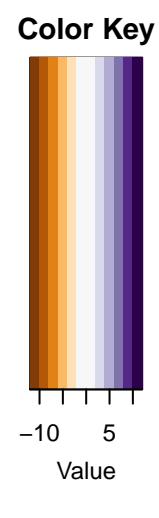

Color Key

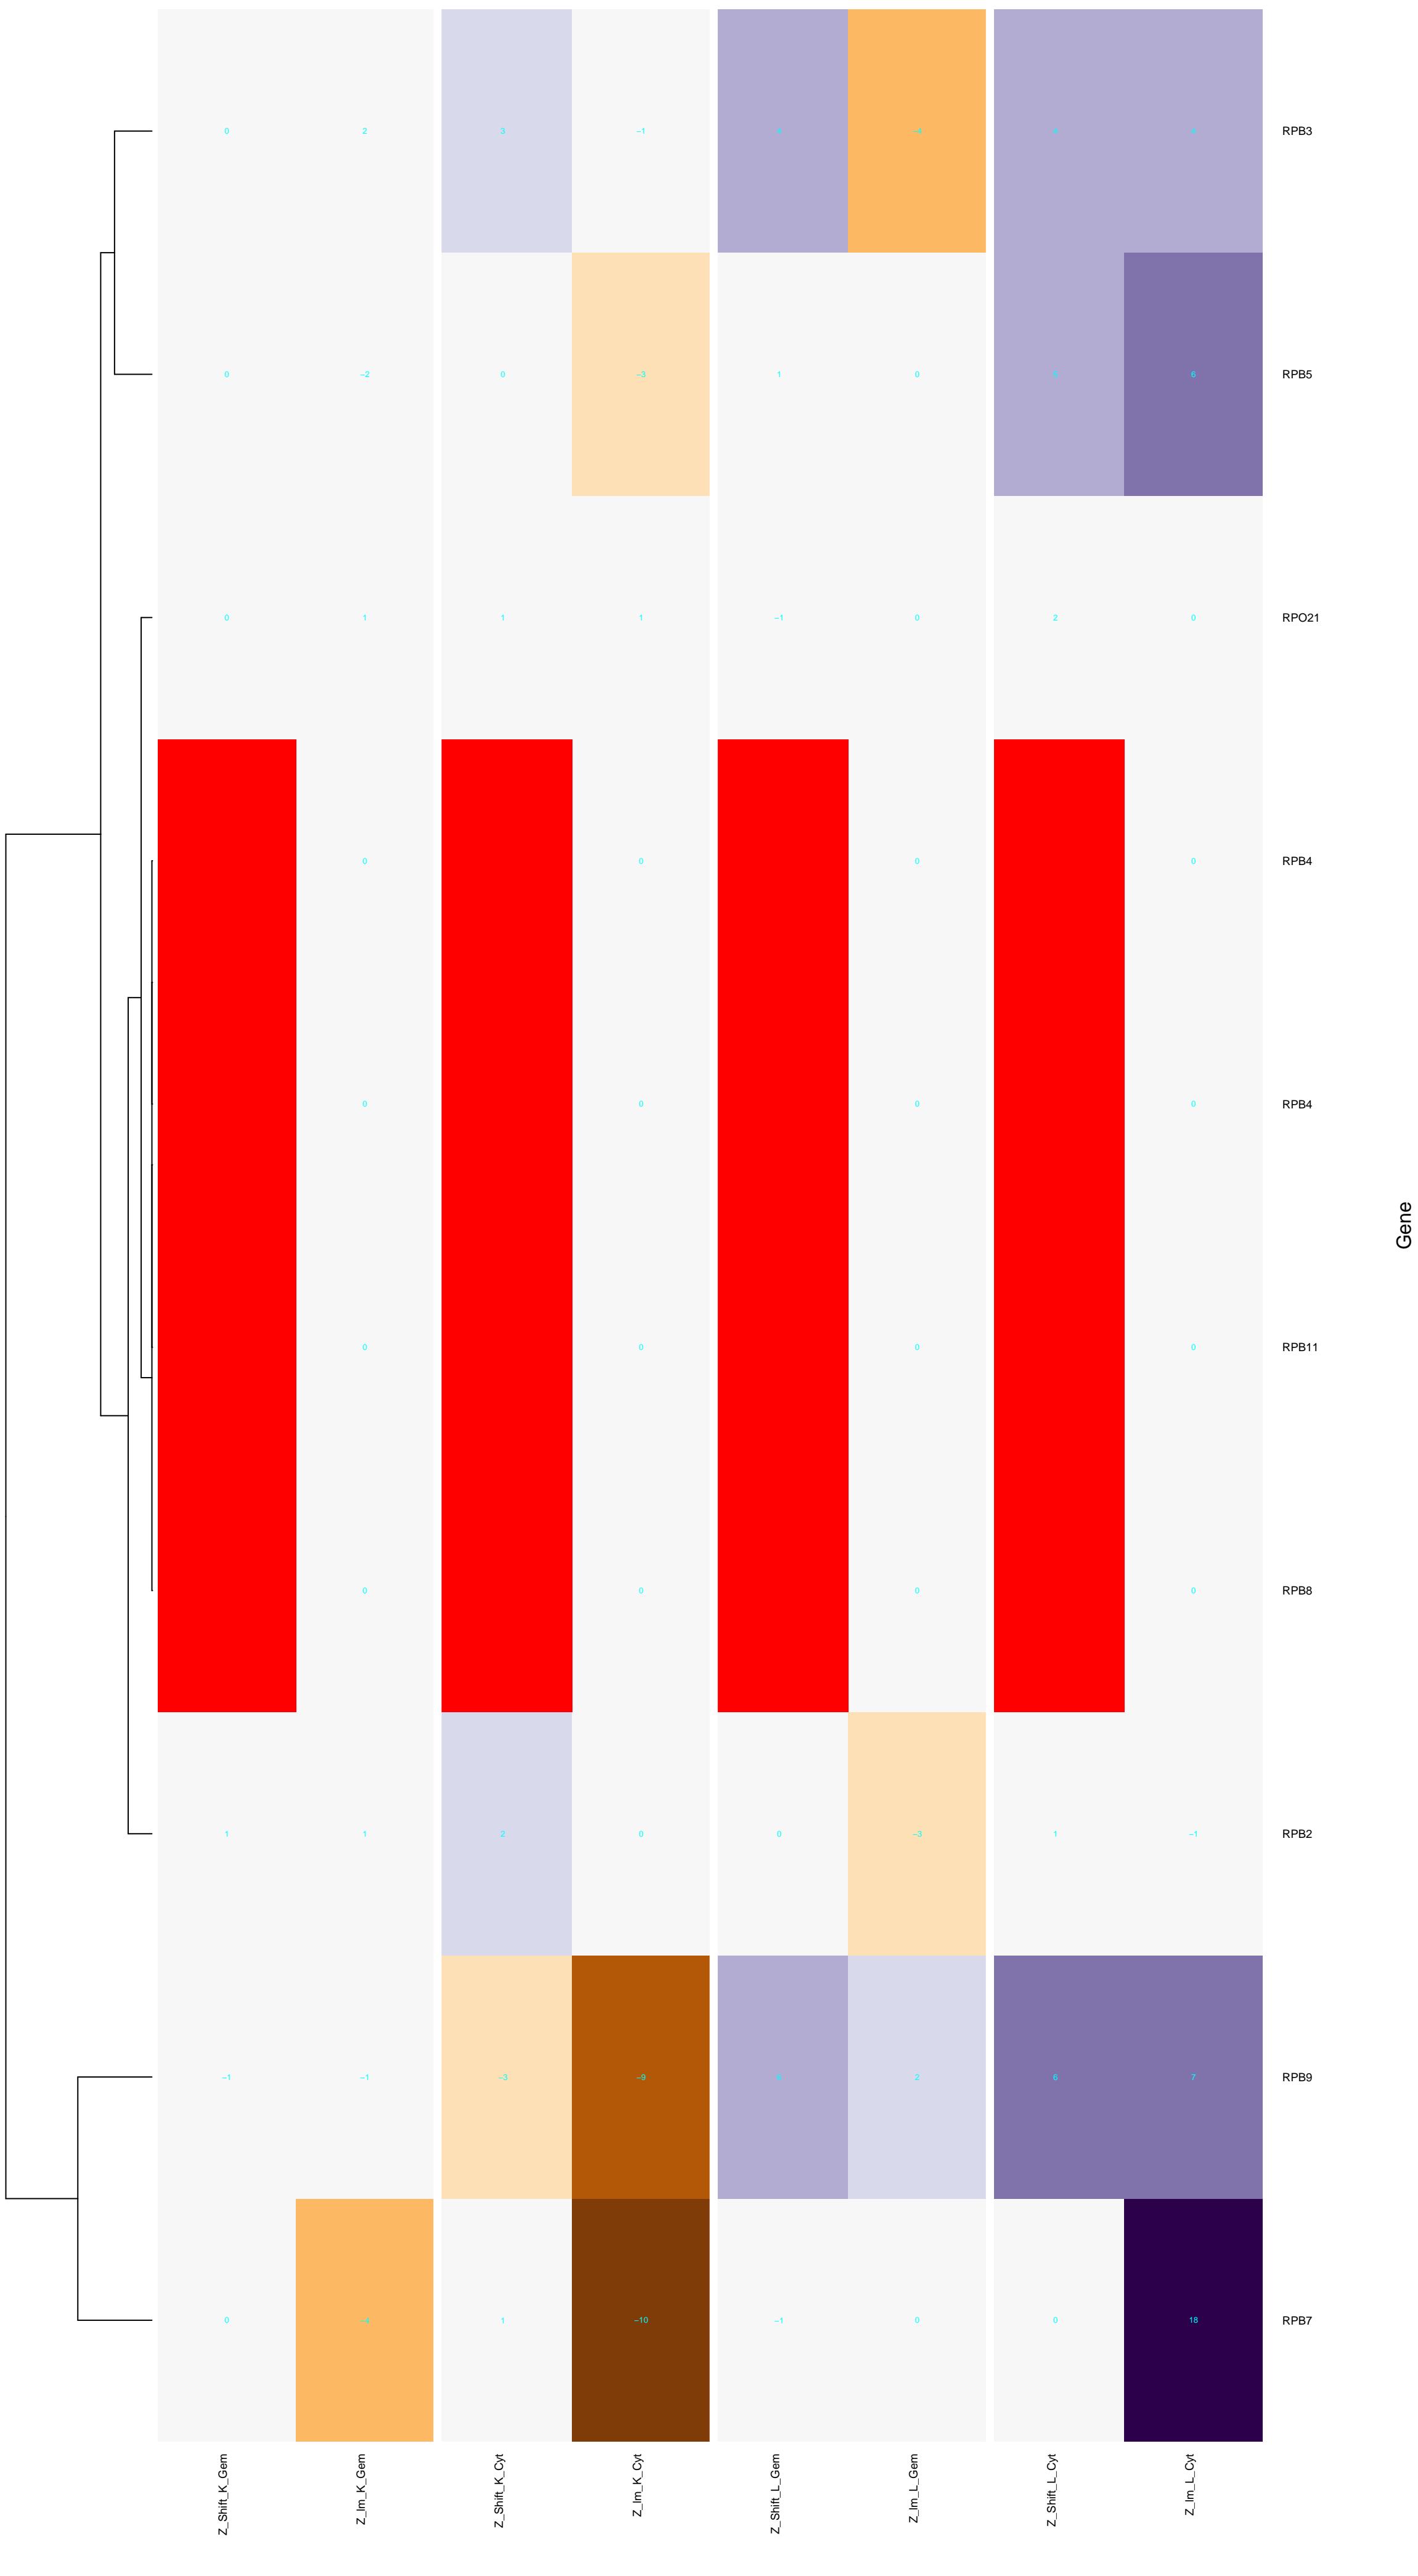

5'-3' RNA polymerase activity

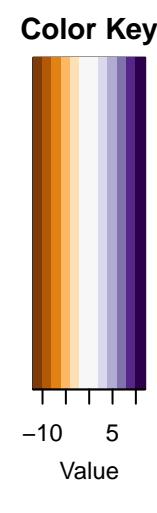

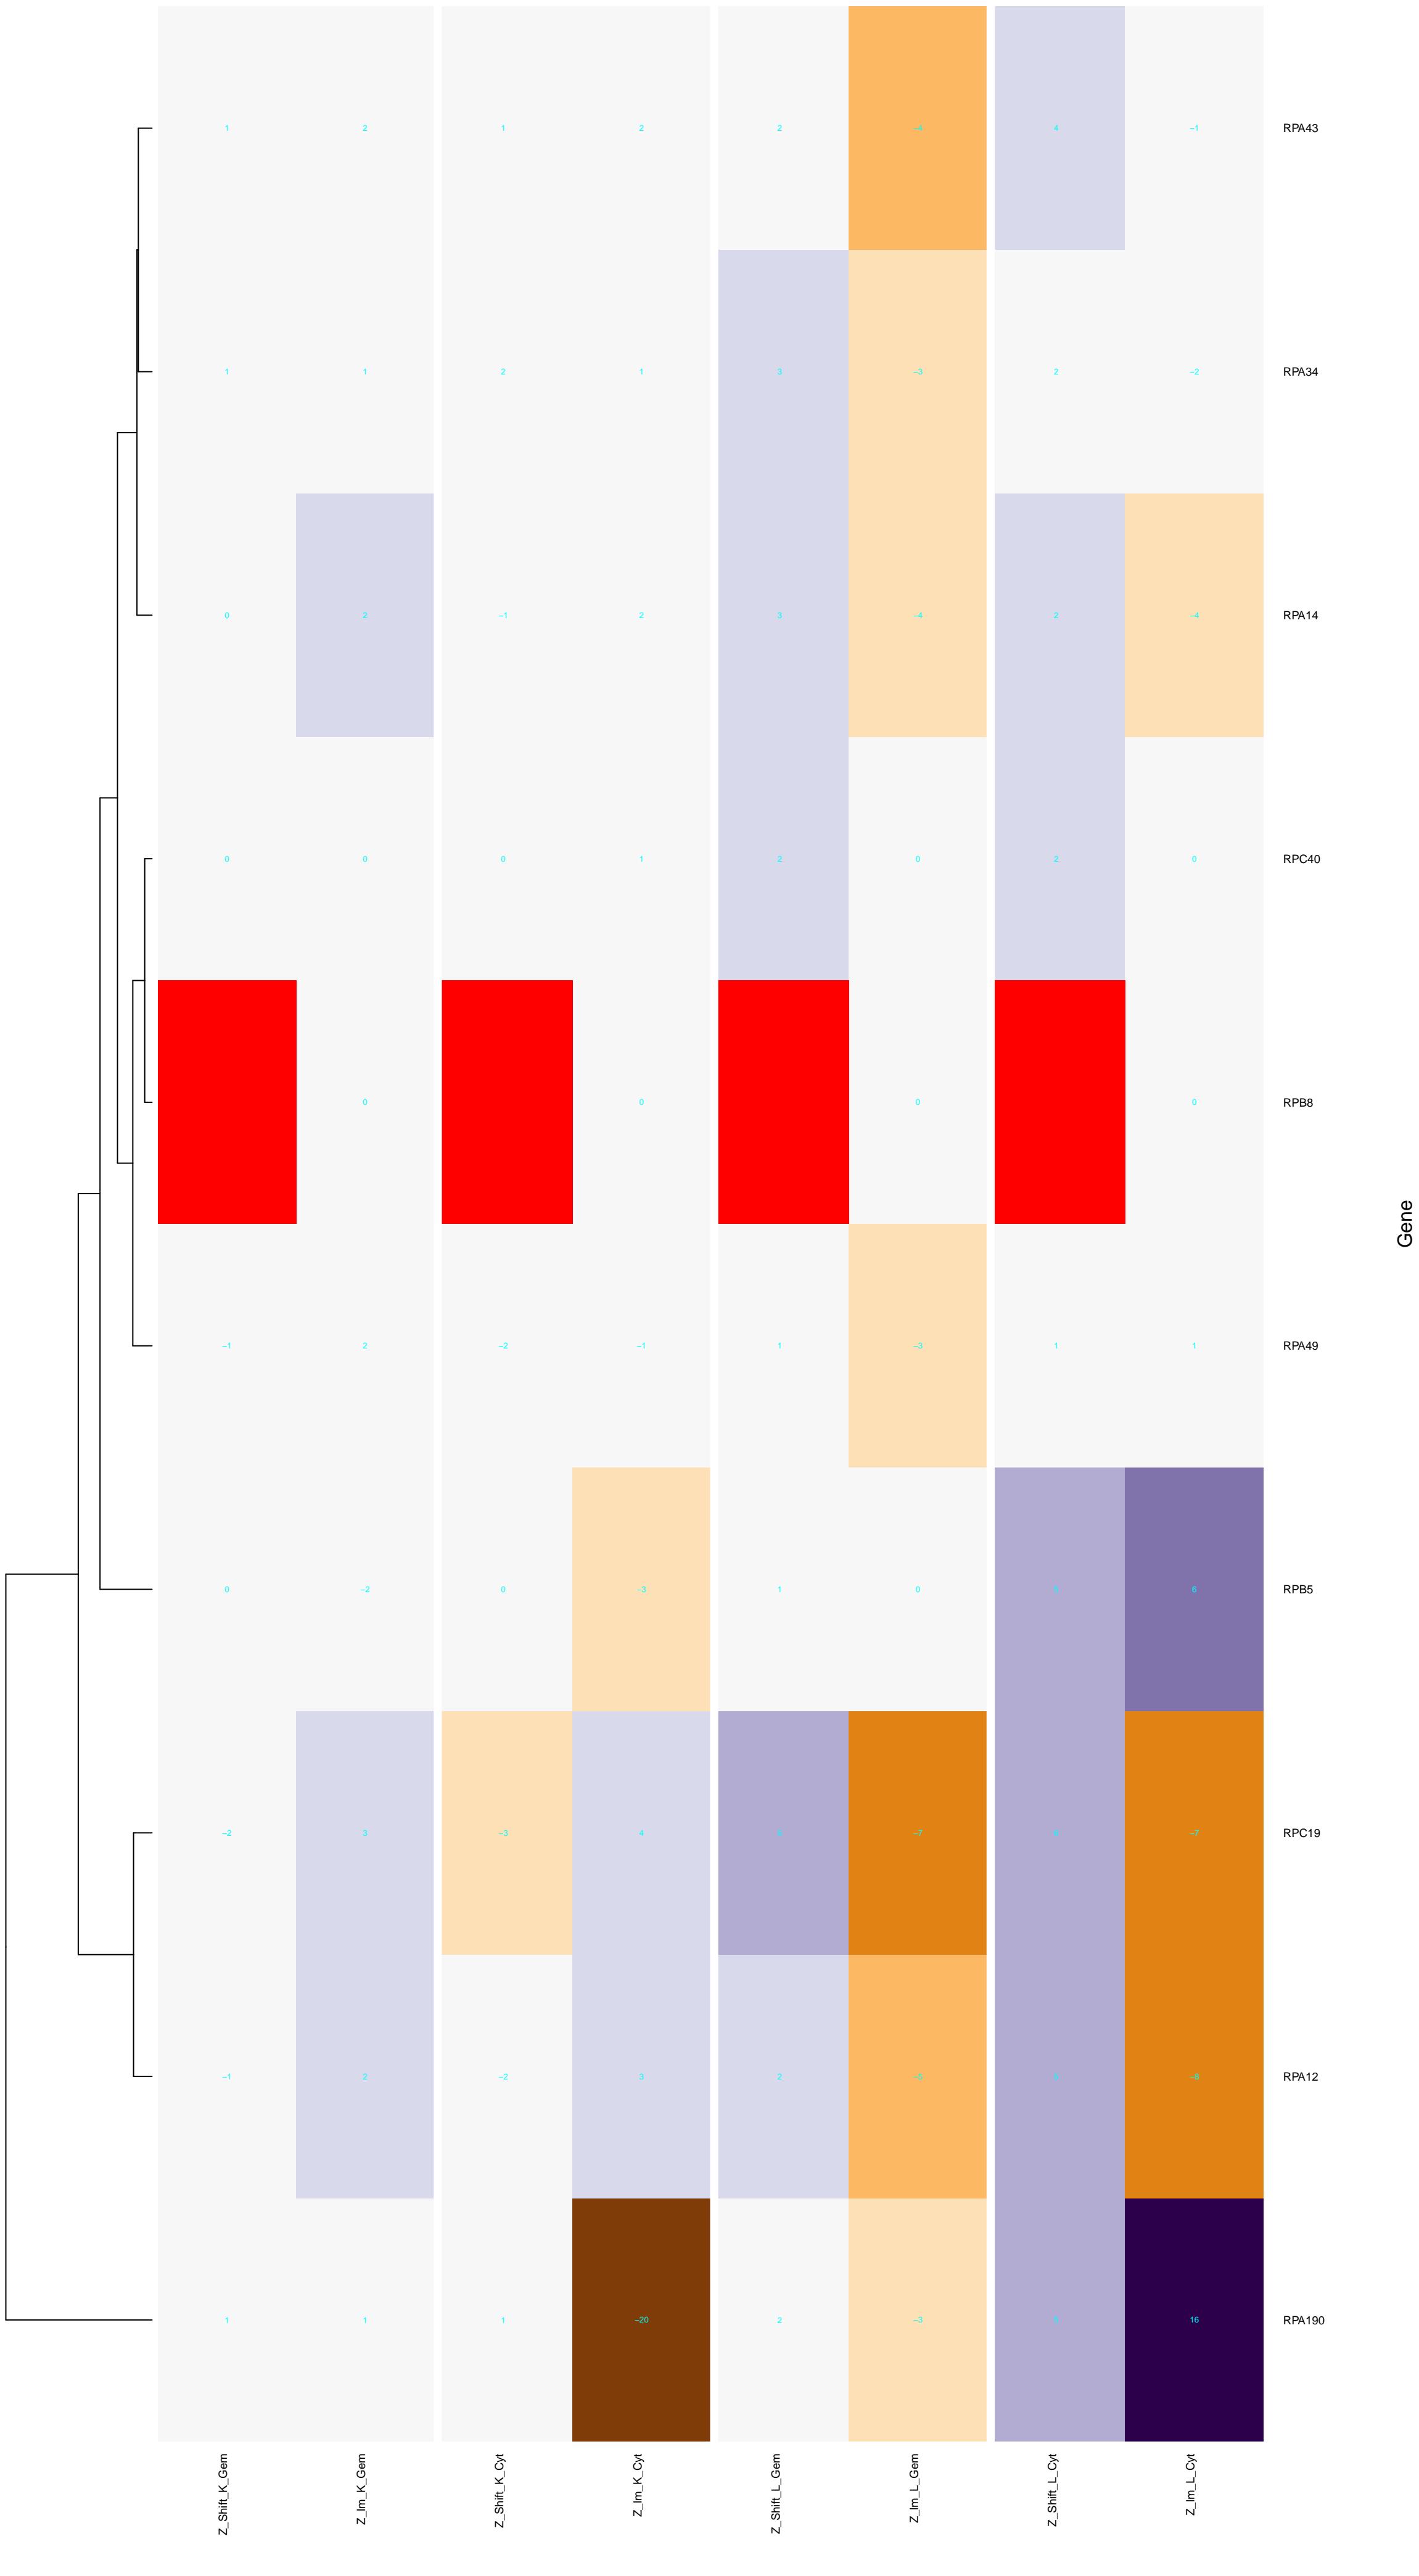

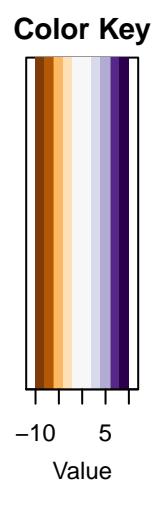

RNA-directed 5'-3' RNA polymerase activity

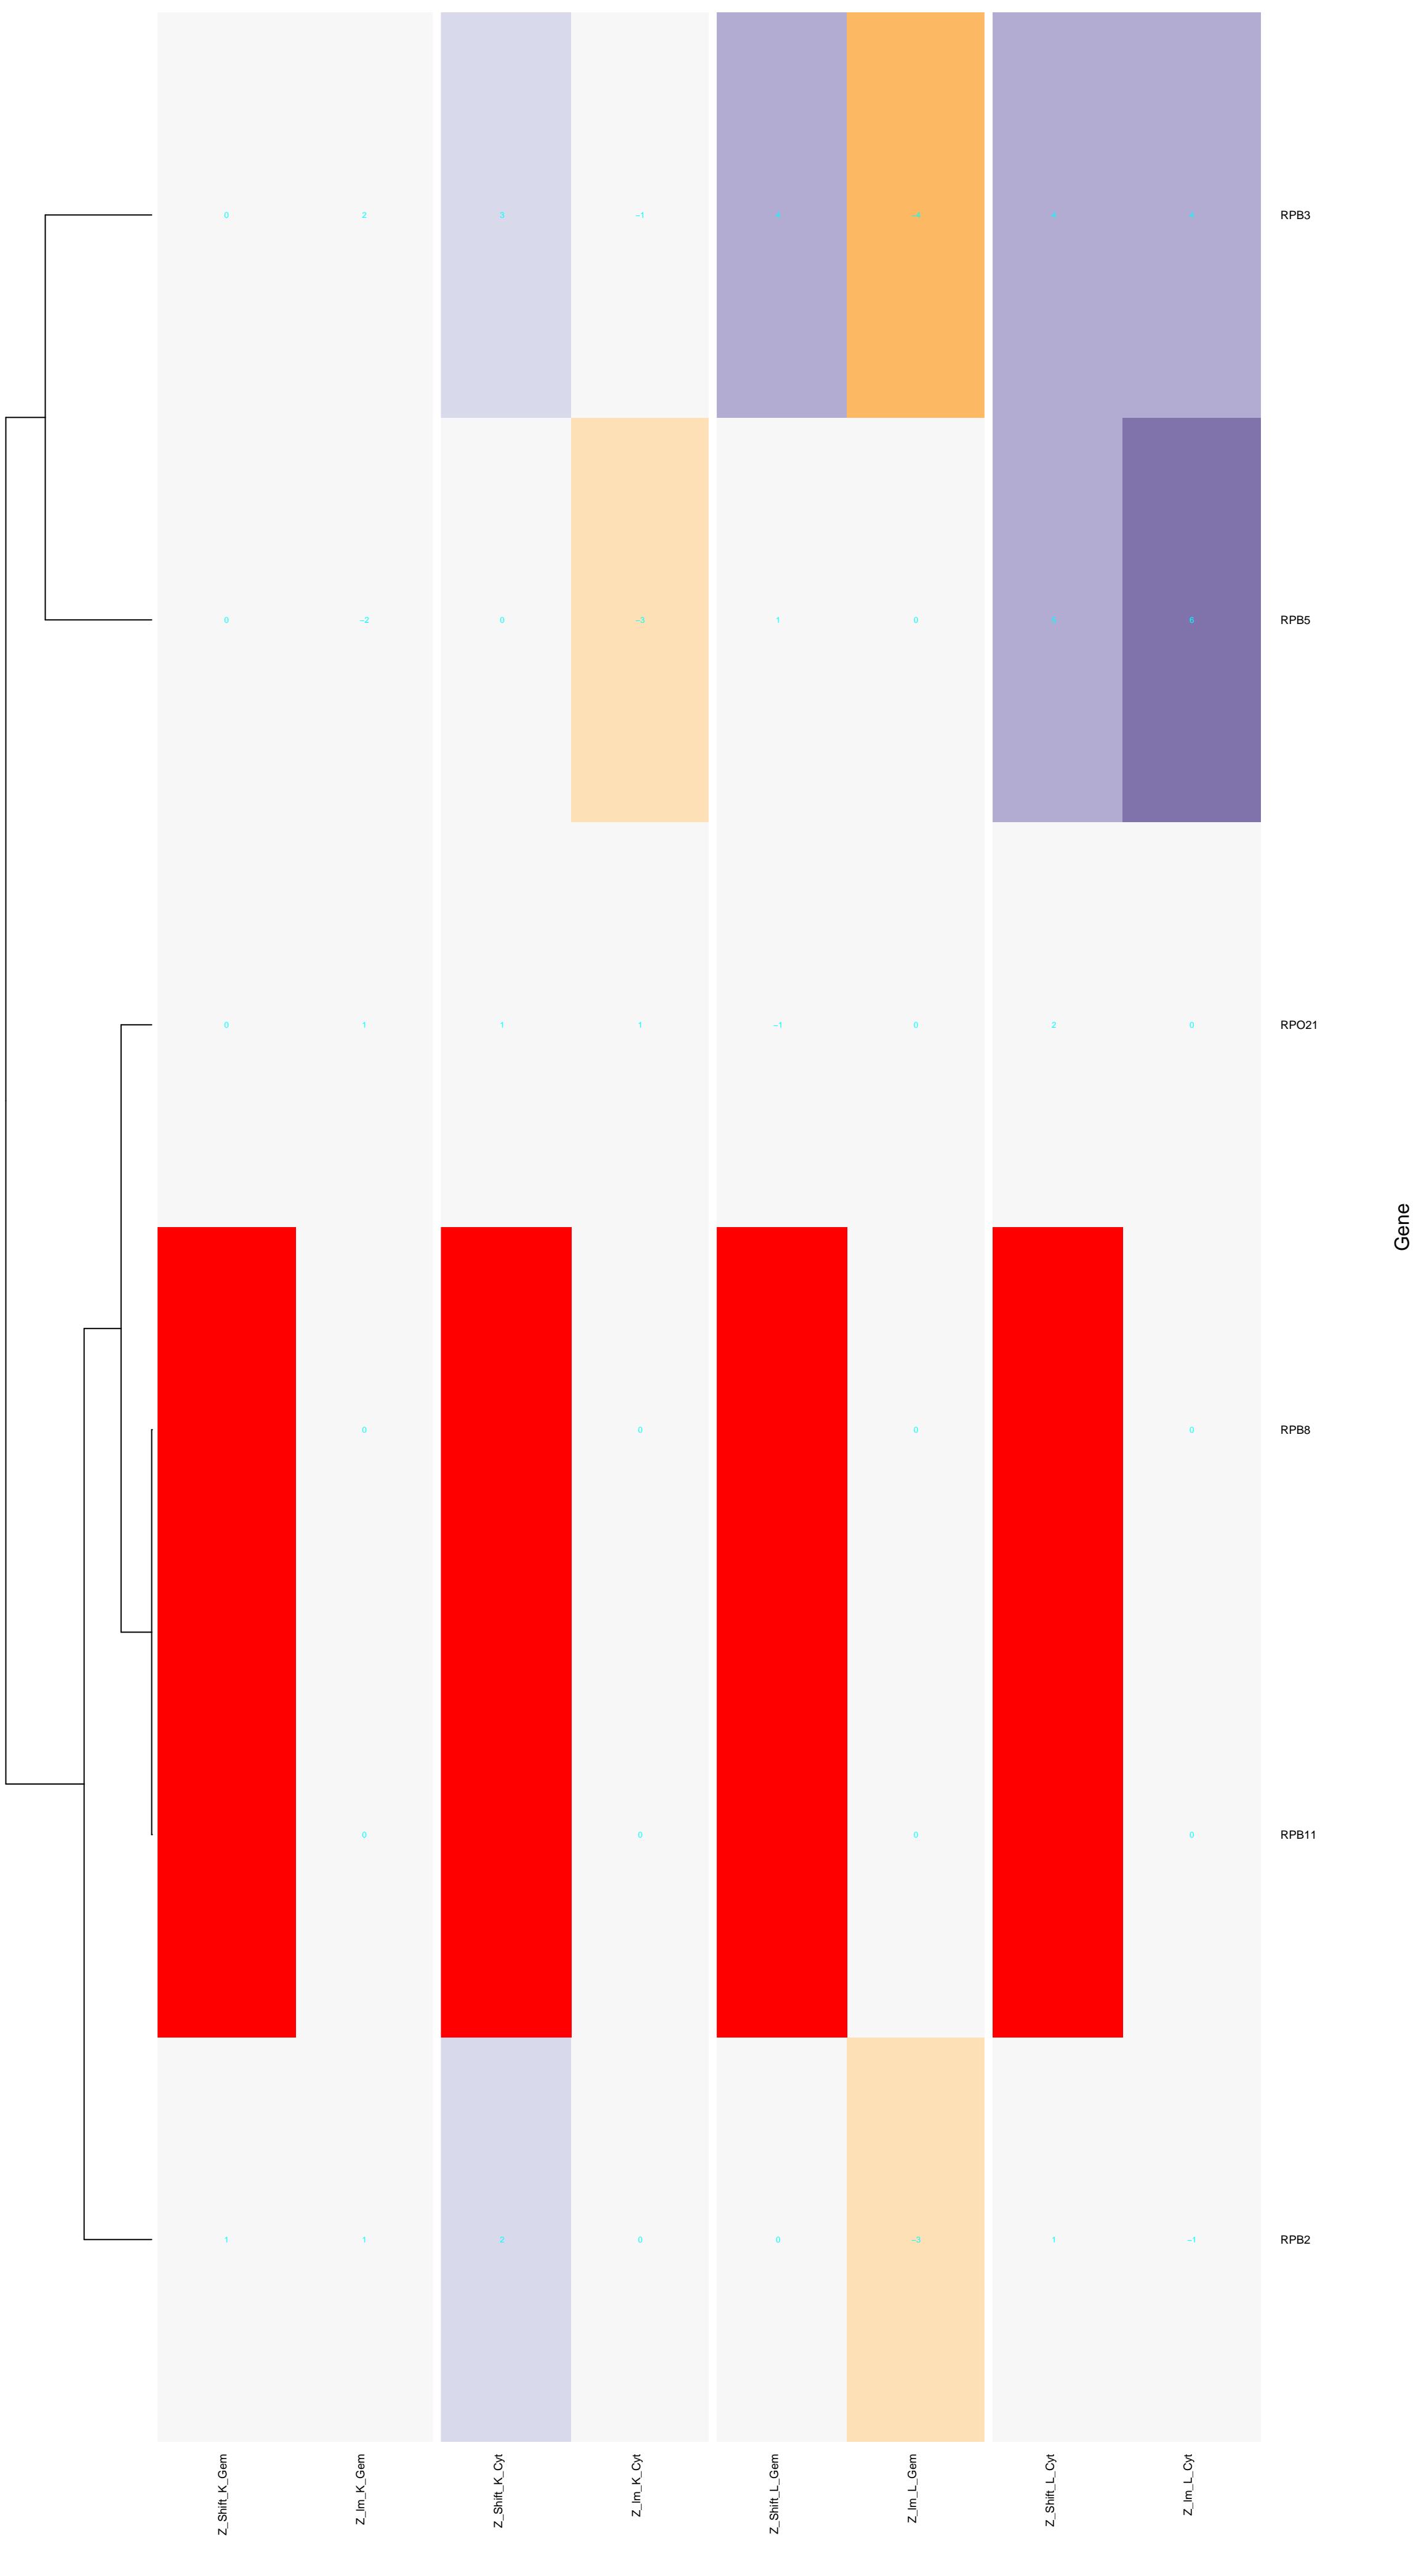

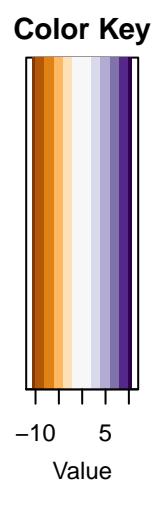

RNA polymerase I activity

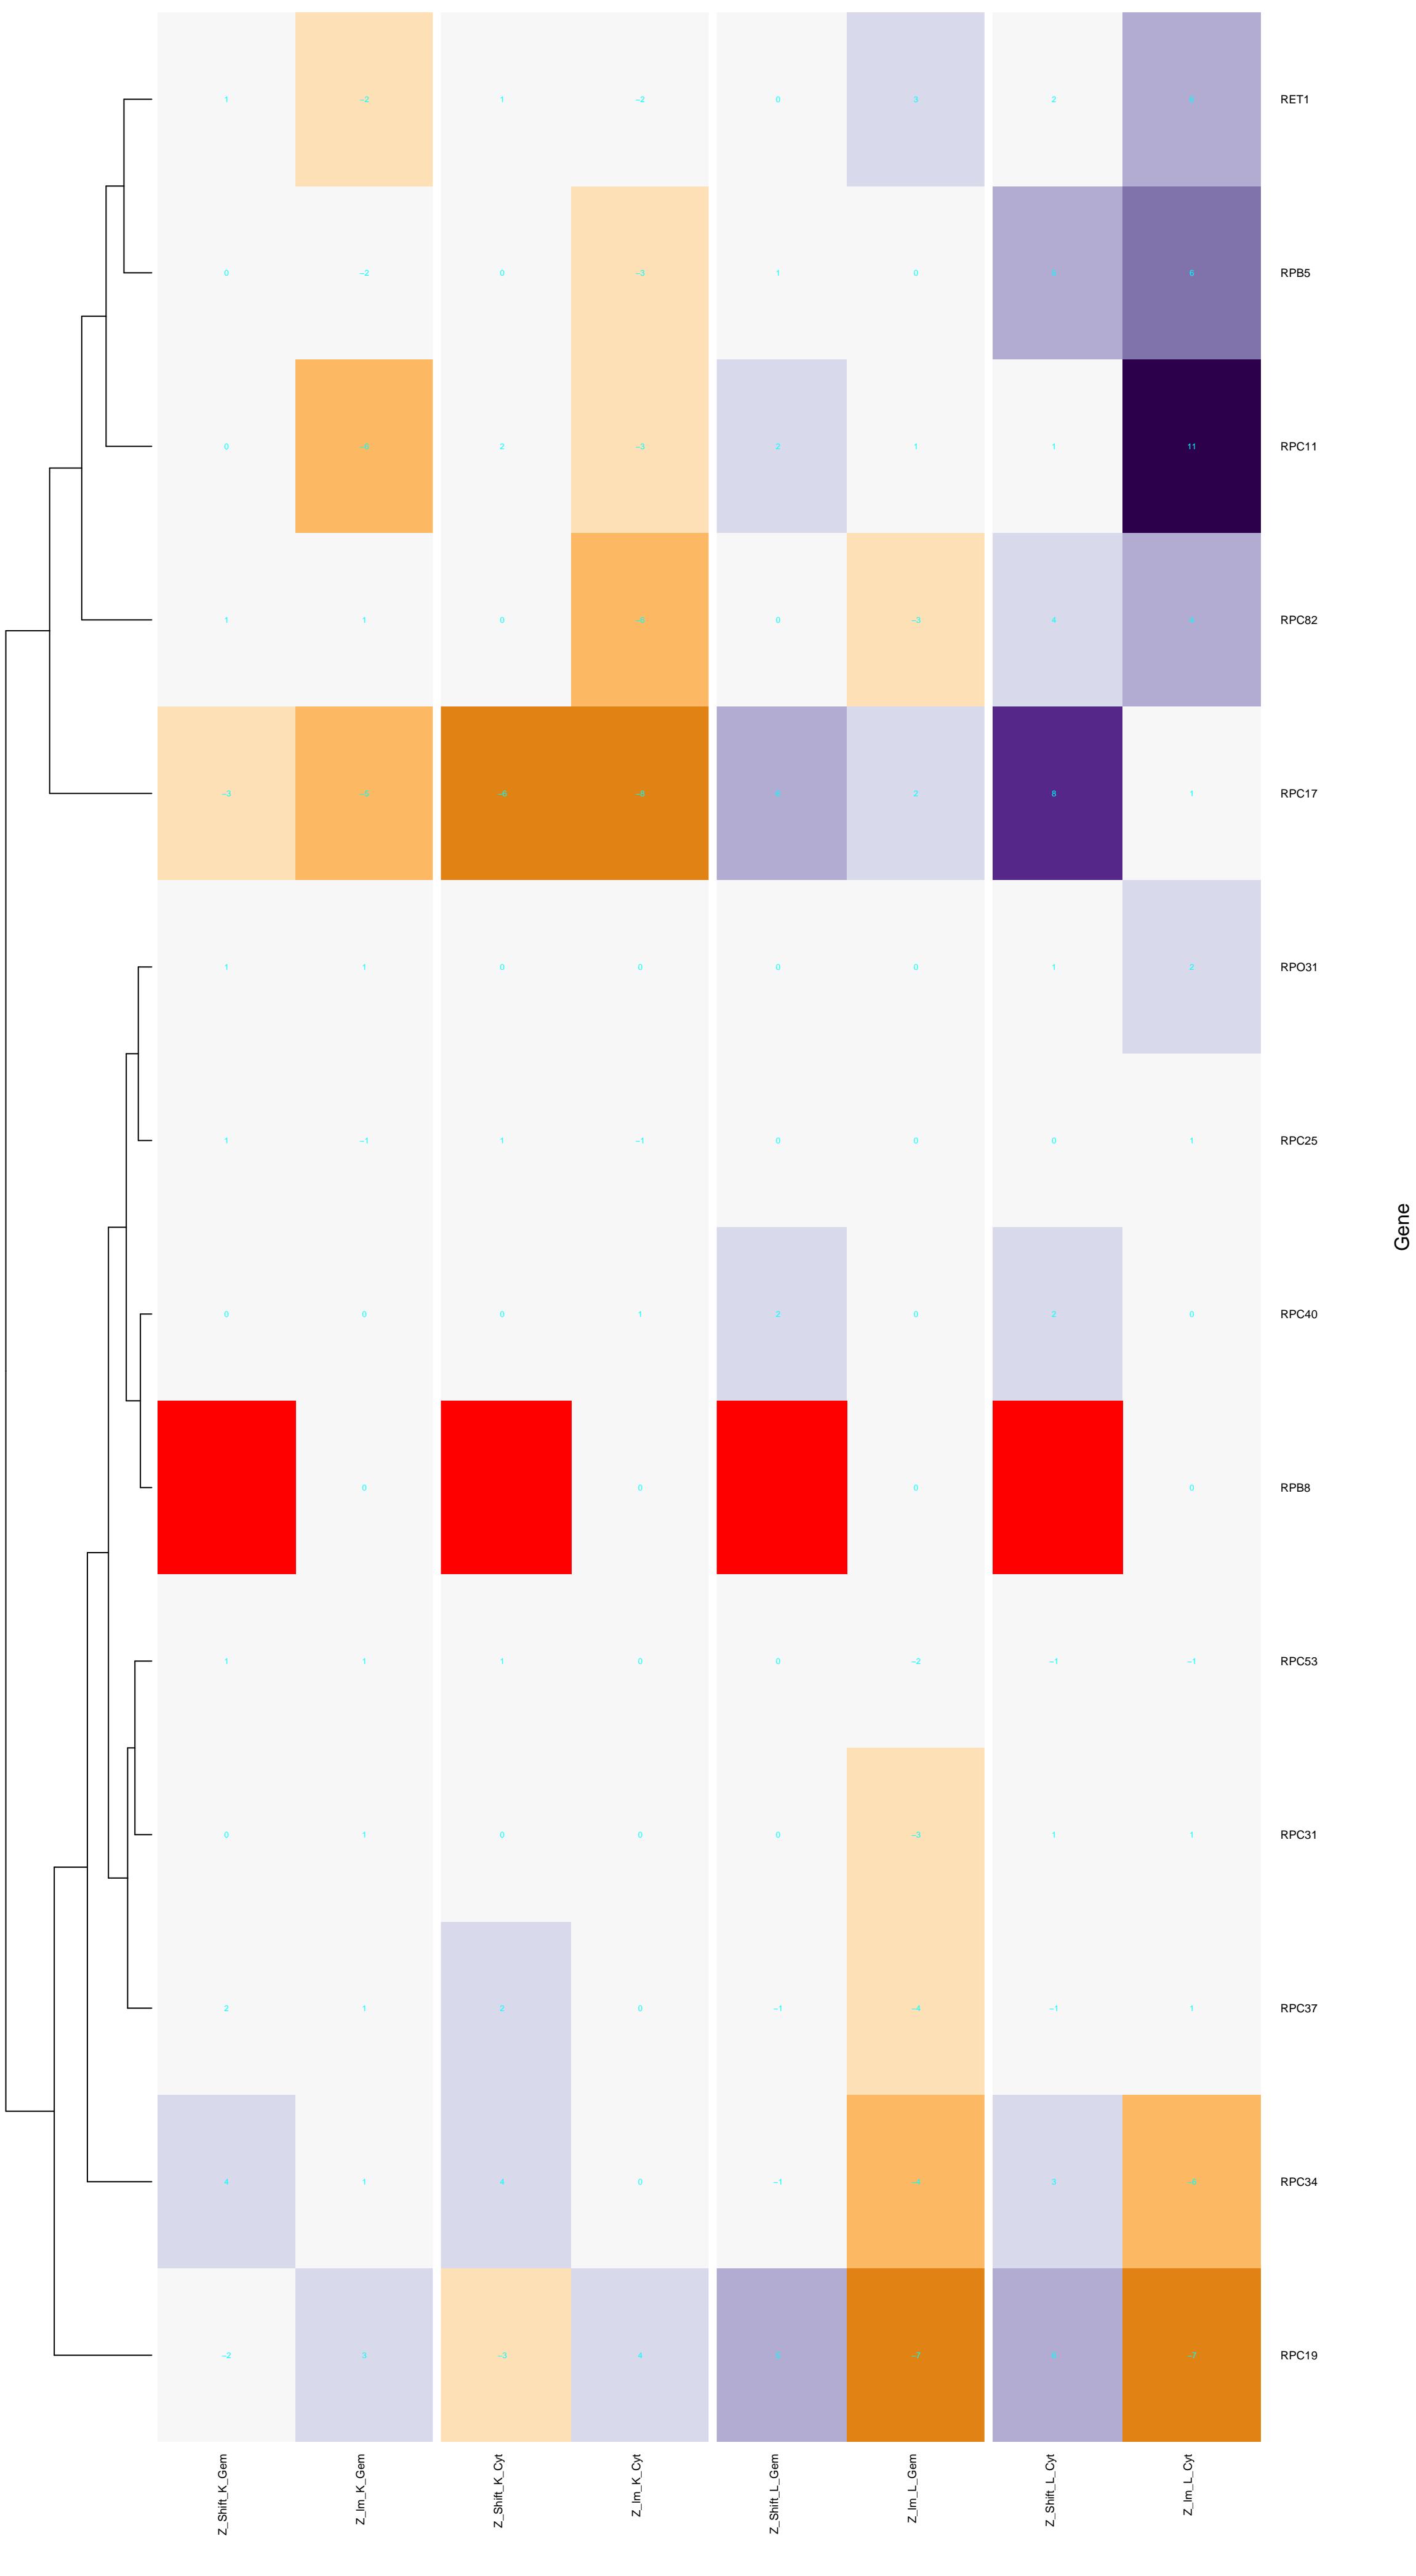

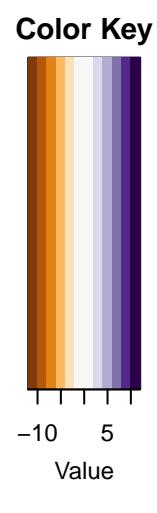

RNA polymerase II activity

RNA polymerase III activity

DNA primase activity
