

regulation of DNA-templated transcription, elongation

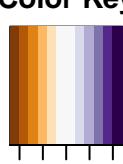

negative regulation of DNA-templated transcription, elongation

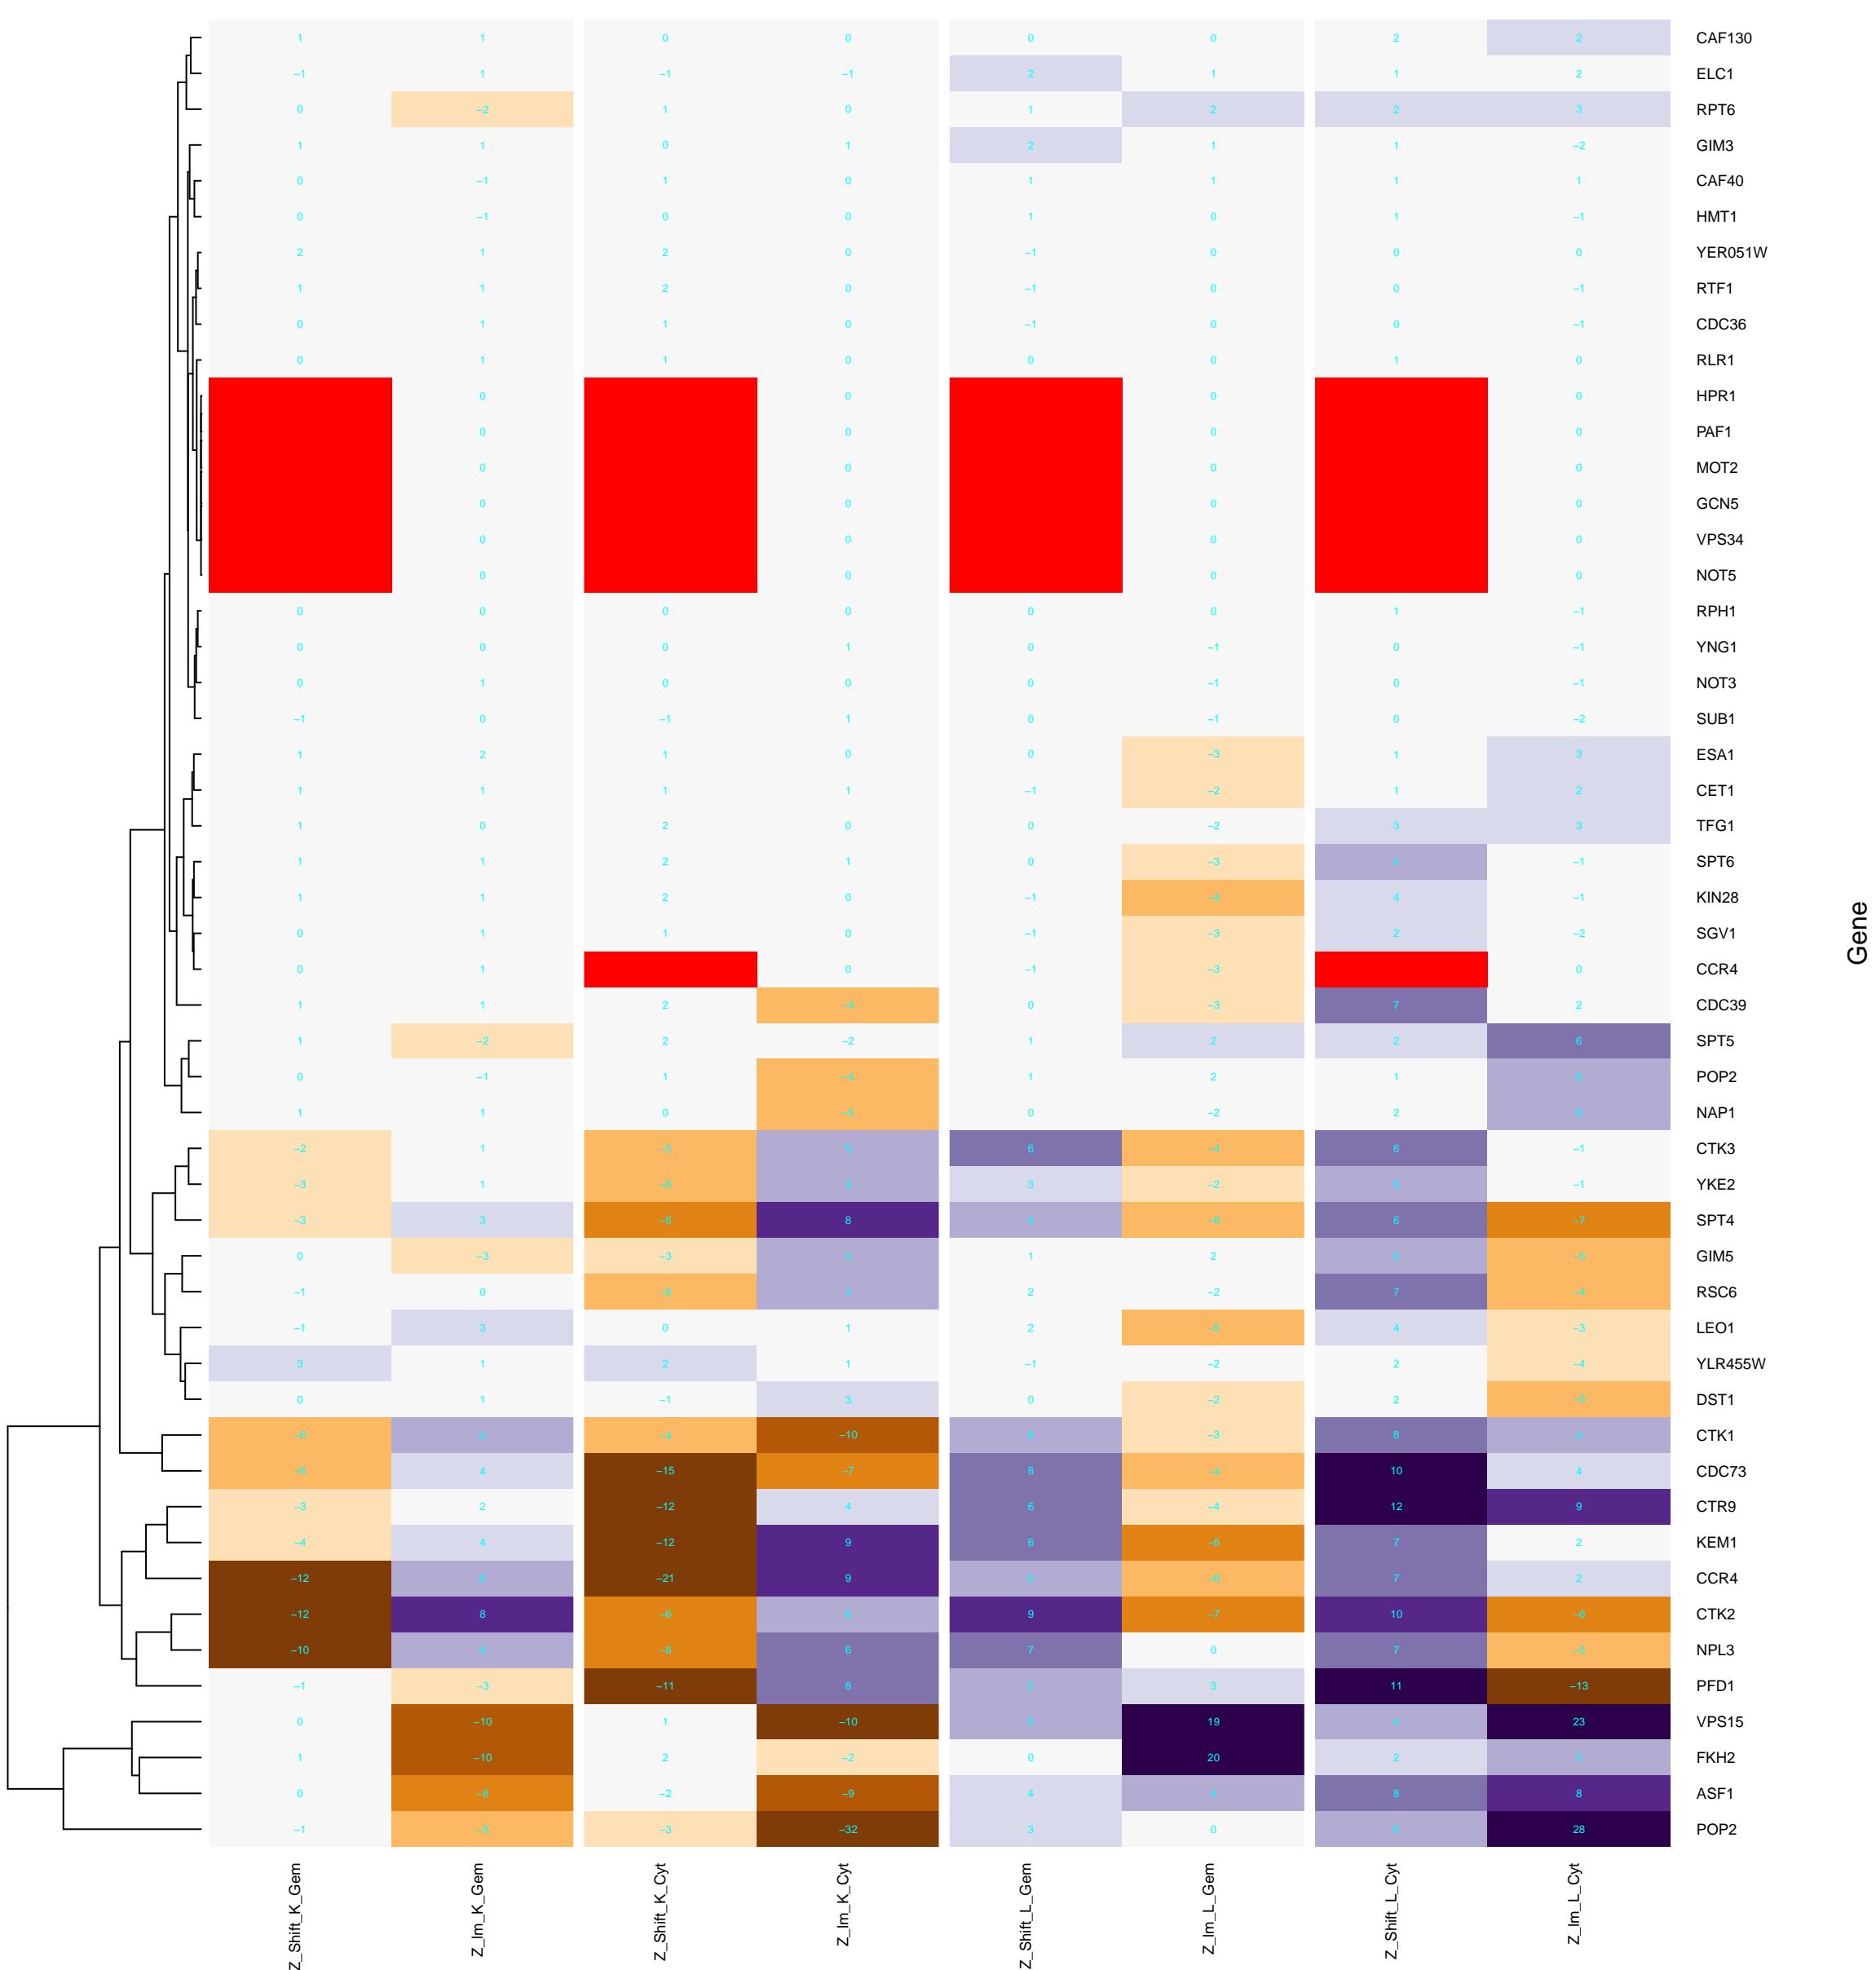

Color Key

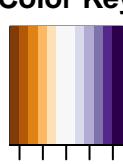

-10 5
Value

positive regulation of DNA-templated transcription, elongation

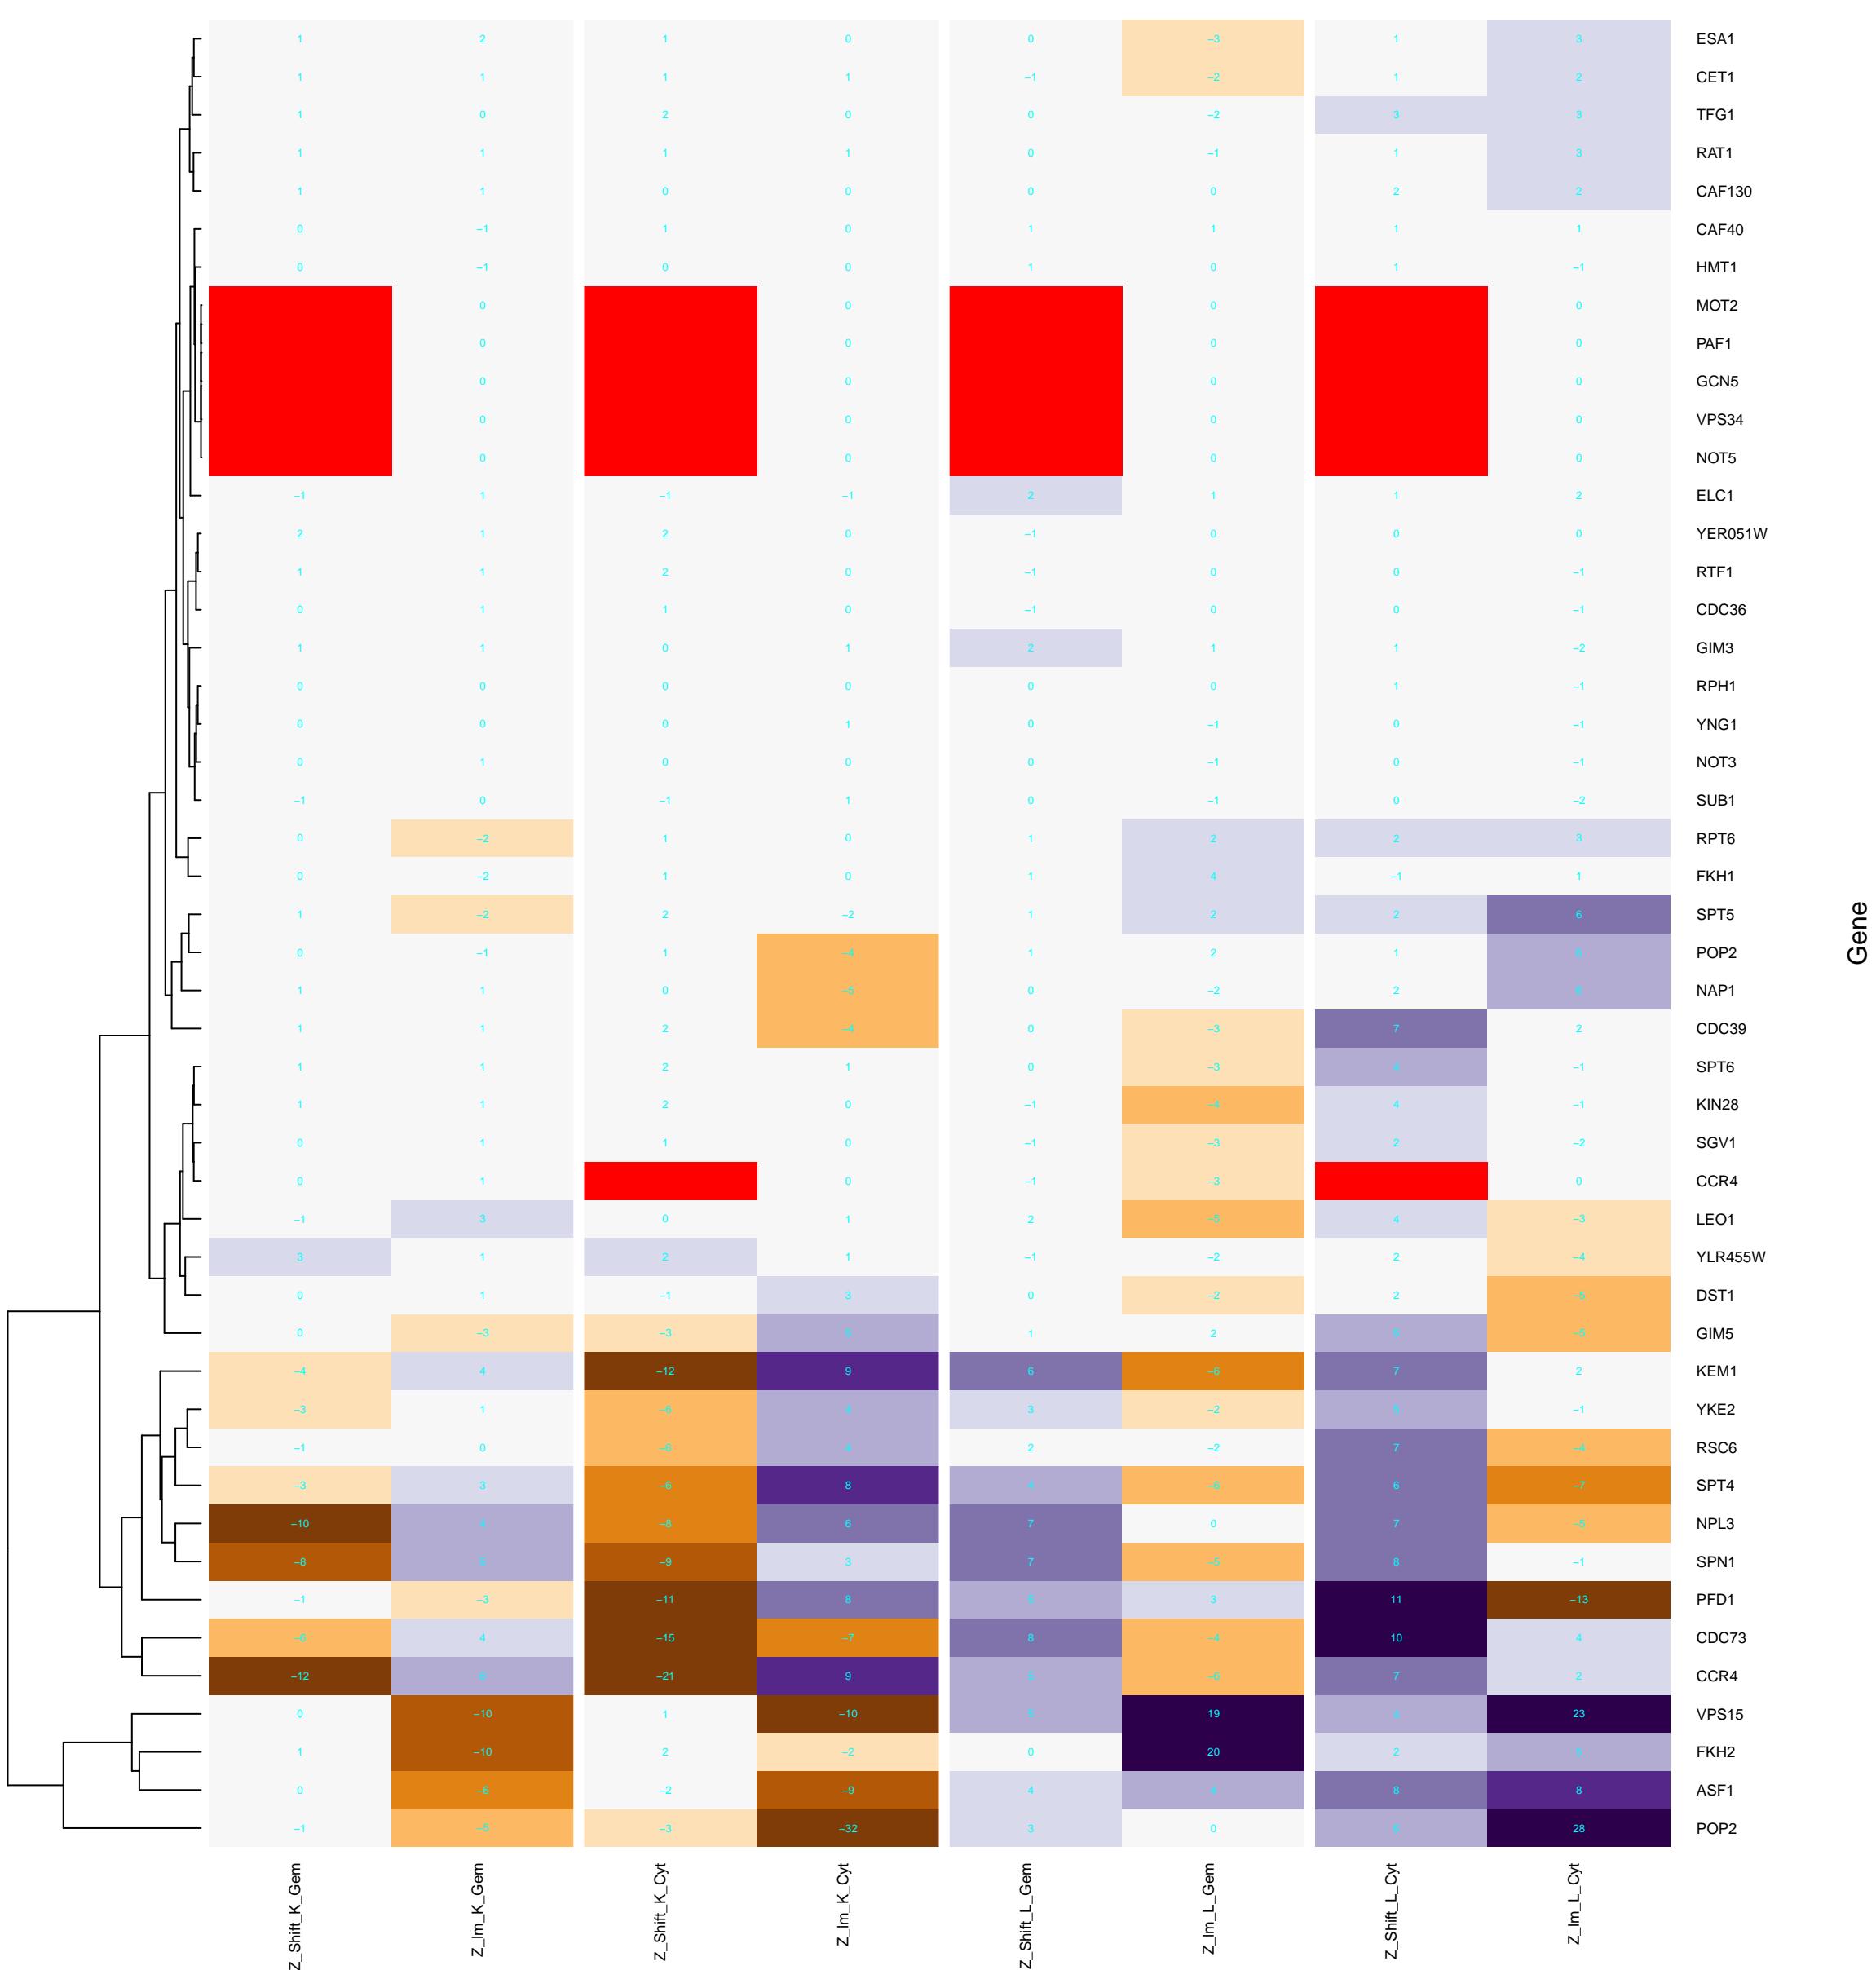

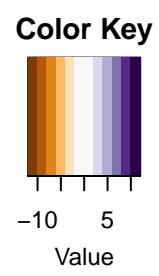

Color Key

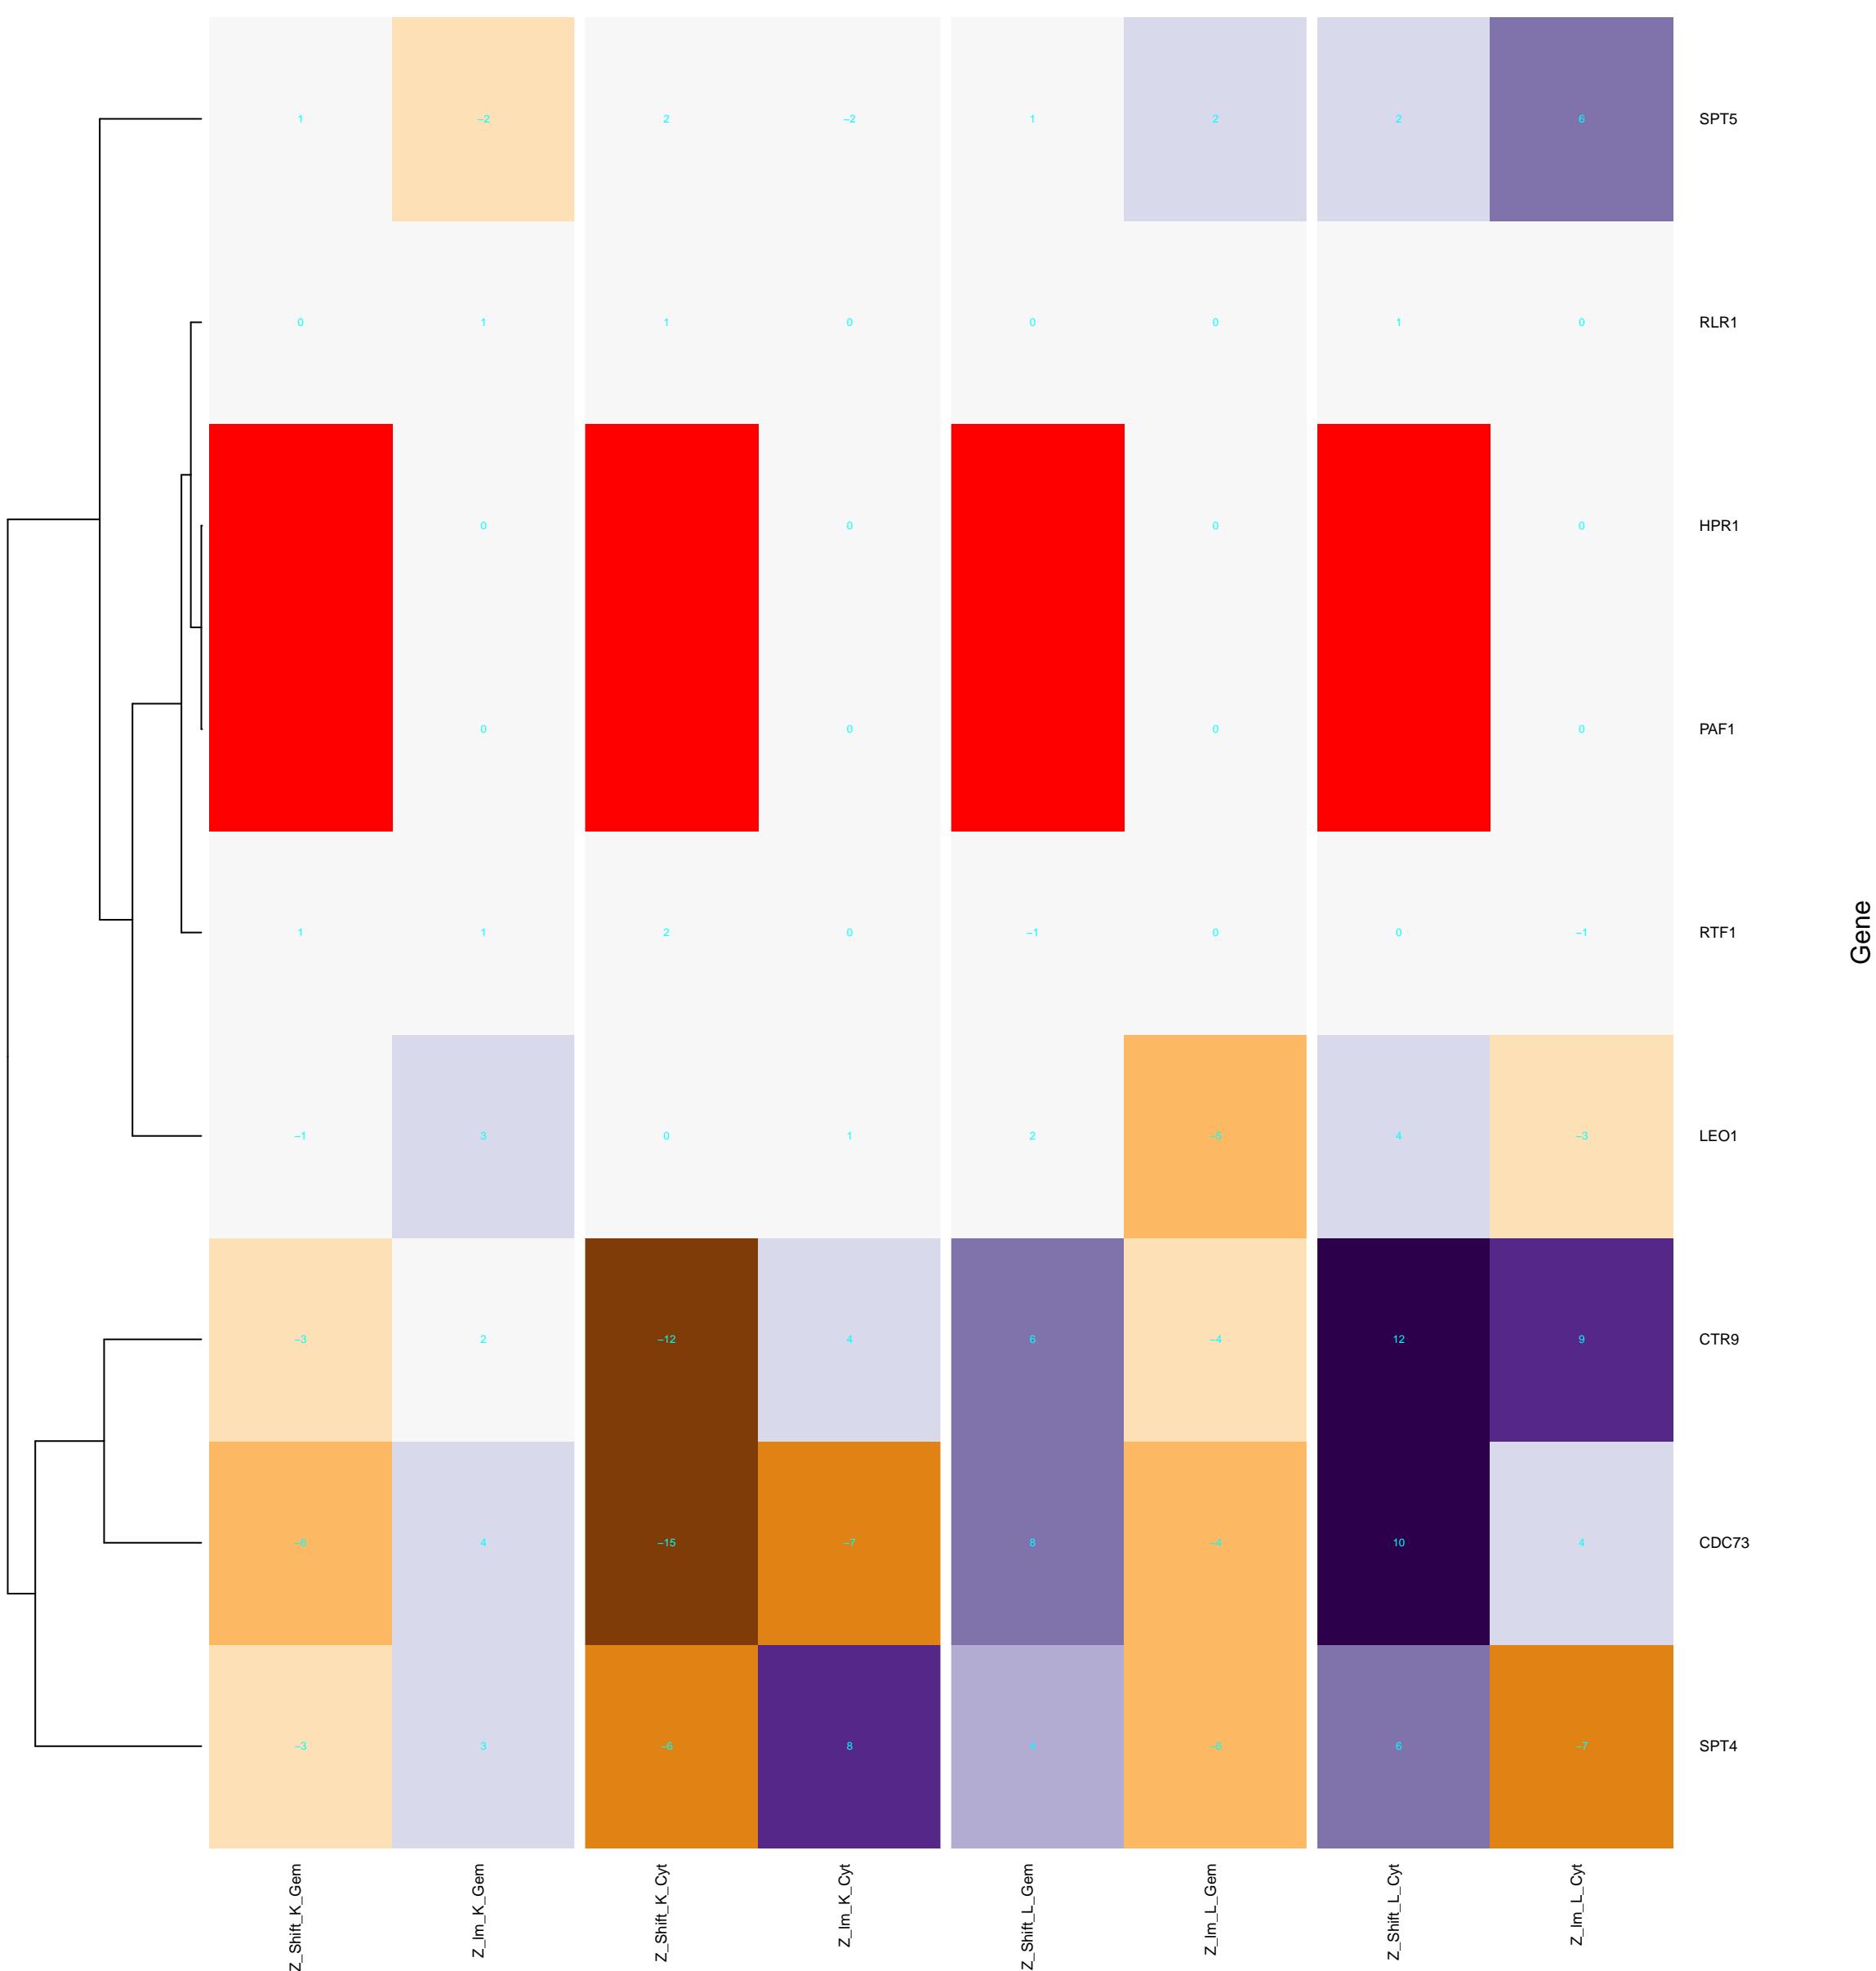

-10 5
Value

regulation of transcription elongation from RNA polymerase II promoter

regulation of transcription elongation from RNA polymerase I promoter

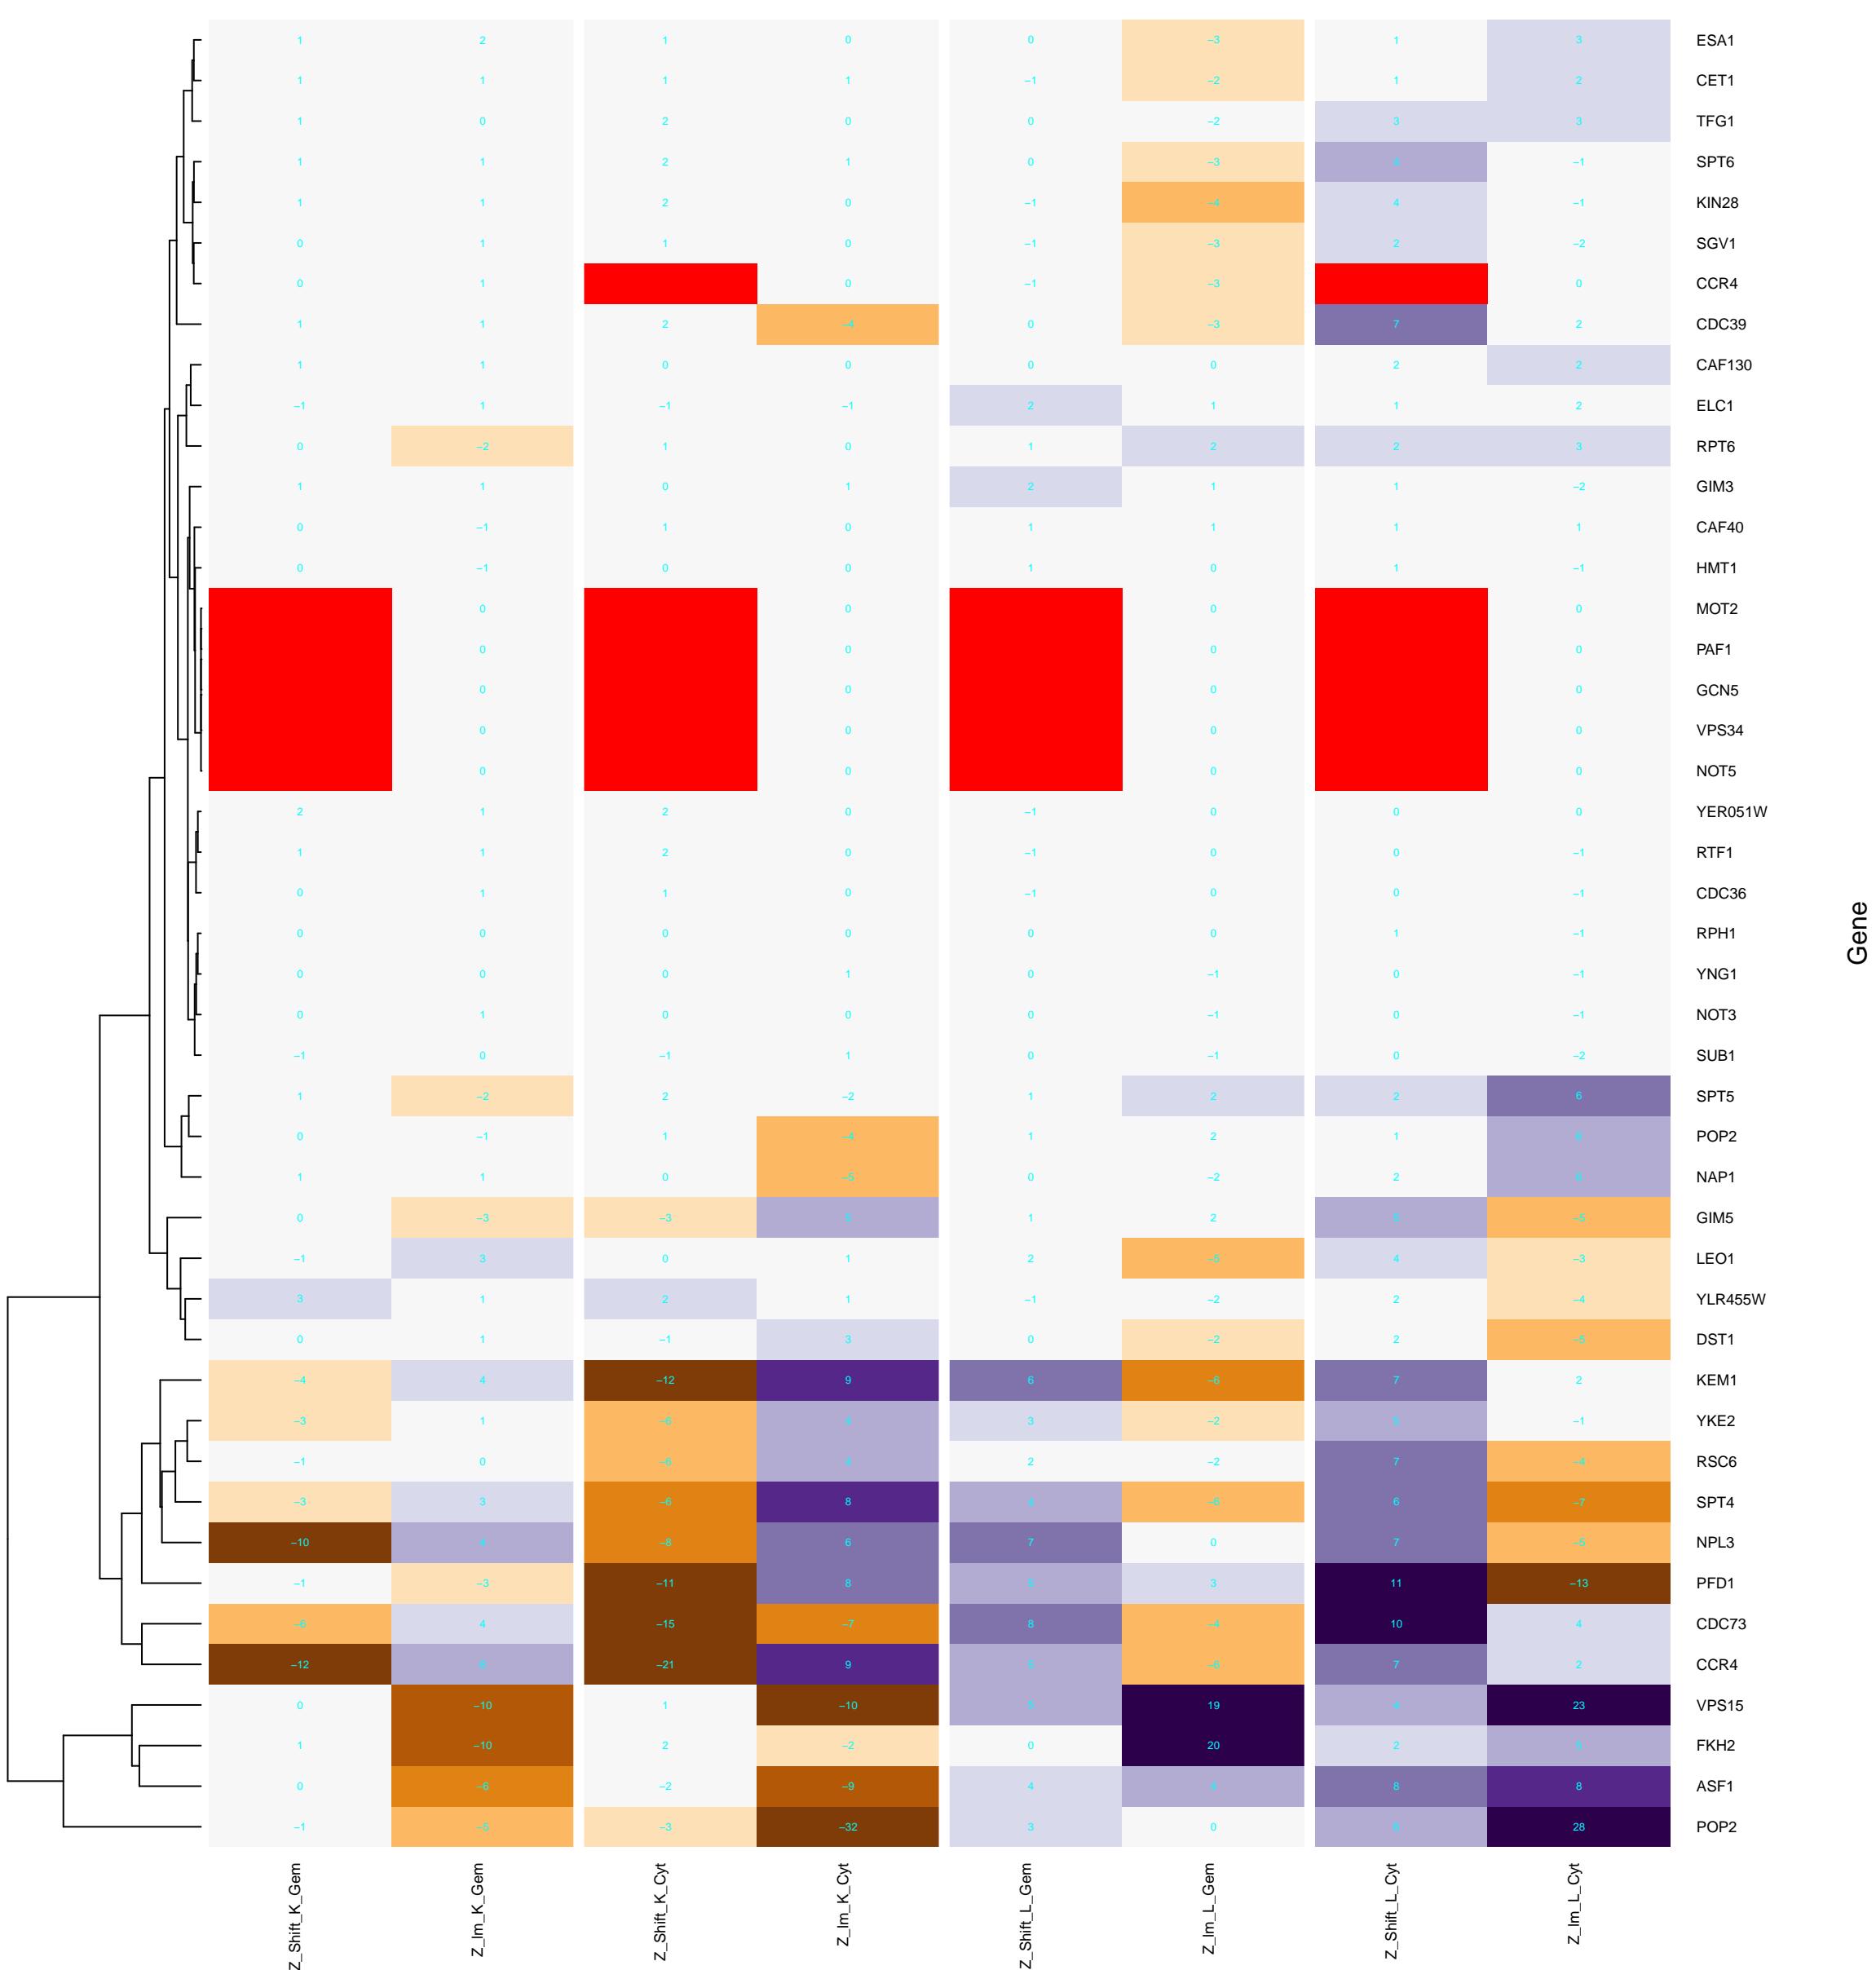

Color Key

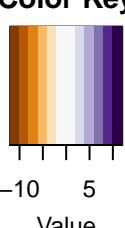

Positive regulation of transcription elongation from RNA polymerase II promoter

Value

Color Key

positive regulation of transcription elongation from RNA polymerase I promoter
