In the original publication [1], in Table 2 (Section 3.4, p. 14) there is a mistake in the list of positive and negative years for ENSO index. The list of positive years was mistakenly written in the list of negative years, and the list of negative years was written in the list of positive years. The corrected Table 2 appears below. The authors apologize for any inconvenience caused and state that the scientific conclusions are unaffected. The original publication has also been updated.

Table 2. List of SST status. For the selection of years, a threshold of ± 0.5 K was applied to ENSO/IOD indices and the area mean SST in the Bay of Bengal (5° – 23° N and 80° – 99° E).

ENSO	Positive years: 1987, 1991, 1992, 1997, 2002, 2004
	Negative years: 1985, 1988, 1989, 1999, 2000
IOD	Positive years: 1987, 1991, 1994, 1997, 2000, 2003, 2006
	Negative years: 1984, 1985, 1986, 1988, 1989, 1990, 1992, 1993, 1996, 2002, 2005
BoB SST	Positive years: 1983, 1987, 1988, 1991, 1998, 2001, 2002, 2003, 2005, 2006
	Negative years: 1984, 1985, 1986, 1989, 1990, 1992, 1993, 1994, 1995, 1996, 1999, 2000
