

Figure S1. Representative analysis strategy for selecting Treg cells. (a) CD4⁺ T lymphocyte gating based on the Side Scatter parameters–SSC and CD4⁺. (b) CD4⁺CD25^{high} T cells using Side Scatter parameters–SSC × CD25⁺ and CD25 FMO Control. (c) Selection of CD4⁺CD25^{high}FOXP3⁺ T cells using the Side Scatter parameters–SSC × FOXP3 and FOXP3 FMO Control.
