

Correction

## Correction: Brandão Palma et al. Biological Evidence of Improved Wound Healing Using Autologous Micrografts in a Diabetic Animal Model. *Diabetology* 2023, 4, 294–311

**Diabetology Editorial Office** 

MDPI AG, St. Alban-Anlage 66, 4052 Basel, Switzerland; diabetology@mdpi.com

The *Diabetology* Editorial Office would like to make the following correction to the published paper [1].

Due to an error in production, the incorrect Academic Editor was listed on the original publication. The Academic Editor originally listed was Viorica Patrulea; however, the correct Academic Editor who supervised the editorial process was Catherine S. Wright.

The Editorial Office confirms that this change does not affect the scientific results.

This correction was approved by the Editor-in-Chief of *Diabetology*. The original publication has also been updated.
