Dr. Lilong Chai

Deadline for manuscript submissions:
15 August 2024

Message from the Guest Editors

Dear Colleagues,

This is the extended second edition of the Special Issue "Automated Monitoring of Livestock and Poultry with Machine Learning Technology". In Phase I, the Special Issue collected 12 publications, covering a wide spectrum of the most recent research in precision livestock and poultry farming. The issue also involved a wide range of agriculture animals, including laying hens, broilers, pigs, sheep, beef cattle, and horses.
