closed (30 September 2013)

Message from the Guest Editor

Dear Colleagues,

Disasters involving animals entail social, economic, moral, and psychological concerns. These include public health and safety, the human-animal bond, economic impact, and ethical and moral questions. This volume will advance knowledge on the topic of animals in disasters.

Manuscripts of original research using methods appropriate to the topic will be considered. Topics could include, but are not limited to, the following: (1) reducing animals' vulnerability to disasters; (2) the role of the human-animal bond in post-disaster coping; (3) innovative rescue and response strategies; (4) improving preparedness; and (5) helping low-income and minority populations identify risks and create action plans.

Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 3.0 (2022, ranks 12 /62 (Q1) in 'Agriculture, Dairy & Animal Science'; 13/143 (Q1) in 'Veterinary Sciences'), 5-Year Impact Factor: 3.2.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases.
Journal Rank: JCR - Q1 (*Veterinary Sciences*) / CiteScore - Q1 (*General Veterinary*)
