submissions:

**closed (30 June 2021)**

### Message from the Guest Editors

Dear Colleagues,

This Special Issue focuses on the most recent developments in the field of biodegradable microparticles intended for biomedical, agricultural, and environmental applications. Biodegradable materials are of special interest since they do not pose any issues regarding their excretion from the biological milieu or removal from the environment.

The upcoming Special Issue of *Applied Sciences*, entitled “Advances in Biodegradable Micro- and Nanoparticles”, is devised as a collection of articles reporting both concise reviews of recently obtained results and new findings produced in this broad research area.

The major topics include but are not limited to the current state-of-the-art on real or potential microparticle biomedical, agricultural or environmental applications. Related fields, such as material science, polymer chemistry, and/or innovative techniques to design, prepare, and characterize microparticles are also warmly welcome.

Dr. Marco Biondi

Dr. Laura Mayol

an Open Access Journal by MDPI

## Editor-in-Chief

**Prof. Dr. Giulio Nicola Cerullo**

Dipartimento di Fisica,  
Politecnico di Milano, Piazza L.  
da Vinci 32, 20133 Milano, Italy

## Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Engineering, Multidisciplinary*) / CiteScore - Q1 (*General Engineering*)
