Message from the Guest Editors

Dear Colleagues,

The growing presence of female researchers in the scientific areas of medicine, dentistry, biology, and bioengineering, in parallel with the development of personalized gender medicine and the evident biological differences between genders, has prompted us to create this Special Issue on “Women in Oral Medicine, Oral Biology, Oral Microbiology, and Oral Bioengineering”.

The purpose of this Special Issue—for women and on women—is to collect high-quality original research articles and reviews on the topic of “Women in Oral Medicine, Oral Biology, Oral Microbiology and Oral Bioengineering”. Contributions by research groups led by women or men are expected, and we encourage articles in which women are the first author or one of the corresponding authors and where the topic is about gender differences related to medical, dental, biological, and biotechnological aspects.

We are confident that the scientific community will participate enthusiastically in this initiative.

We look forward to receiving your contributions.

Dr. Maria Contaldo
Dr. Alessandra Fusco
Dr. Alberta Lucchese
Guest Editors

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo

Dipartimento di Fisica,
Politecnico di Milano, Piazza L.
da Vinci 32, 20133 Milano, Italy

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Engineering, Multidisciplinary*) / CiteScore - Q1 (*General Engineering*)
