Message from the Guest Editors

We are organizing a Special Issue of *Crystals*, "Crystalline Materials: From Structure to Applications", with the focus on subjects that fit within the theme captured by the title. We are pleased to invite you to contribute relevant papers to this Special Issue of *Crystals*.

We would welcome hearing back for you regarding whether you are interested in submitting a contribution. We look forward to your potential participation.

Deadline for manuscript submissions:

closed (11 January 2024)

Message from the Editor-in-Chief

Welcome to *Crystals*, the journal dedicated to the fascinating world of crystallographic research! Crystals are more than mere decorative elements; they hold the key to understanding the fundamental structure of matter. Our mission is to explore the crucial significance of this research across various fields. From medicine to technology, chemistry to geology, crystals play a vital role. Their structure provides insights into new advanced materials, innovative drugs, and groundbreaking technologies. Through *Crystals*, we delve into the microscopic world to discover solutions that will shape the future. Join us on a journey through the *Crystals*, where science merges with beauty and innovation.
