submissions:

12 August 2024

Message from the Guest Editor

Dear Colleagues,

Digital dentistry has witnessed remarkable advancements in recent years, transforming traditional dental practices into technologically advanced and efficient methodologies. This Special Issue aims to provide an overview of the latest trends in digital dentistry, encompassing various facets, including imaging, diagnostics, treatment planning, and fabrication techniques. The integration of cutting-edge technologies has revolutionized dental care, improving precision, patient outcomes, and overall efficiency in dental procedures. I invite you to contribute to this Special Issue with your valuable research.

Dr. Dorina Lauritano
