an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Mostafa Bassiouni

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within special issues guest-edited by leading experts in selected topics of interest.

Author Benefits

-  **Open Access** Unlimited and free access for readers
-  **No Copyright Constraints** Retain copyright of your work and free use of your article
-  **Thorough Peer-Review**
-  **Coverage by Leading Indexing Services** Currently indexed in the Science Citation Index Expanded (Web of Science) from Vol. 4 (2015), Scopus (Elsevier), Inspec (IET) and DOAJ- Directory of Open Access Journals
-  **No Space Constraints, No Extra Space or Color Charges** No restriction on the length of the papers, number of figures or colors

Aims and Scope

Electronics (ISSN 2079-9292) is an international, peer-reviewed, open access journal on the science of electronics and its applications. It publishes reviews, research articles, short communications and letters. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible.

The scope of *Electronics* includes:

- Semiconductors and signal processing
- Control and embedded systems
- Biomedical electronics, computer and information technology
- Wireless and mobile communications
- Instrumentation, measurement and testing
- Microwave techniques and devices
- Satellite communication systems
- Photonics and optical communications
- Radar and sonar technology
