Message from the Guest Editors

Dear Colleagues,

It is our pleasure to announce that the 2017 Prognostics and System Health Management Conference (PHM-2017 Harbin) will be held in Harbin, China. The PHM conference has become the top PHM forum in the Asia-Pacific area for connecting with leaders in PHM from around the world.

PHM-2017 Harbin serves as a premier interdisciplinary forum for researchers, scientists, and scholars in the domains of aeronautics and astronautics, energy and power systems, process industries, computers and telecommunications, and industrial automation. The most recent innovations, trends, concerns, challenges, and solutions will be presented and discussed.

Assoc. Prof. Dr. Rui Xiong
Prof. Michael Gerard Pecht
Assoc. Prof. Datong Liu
Dr. Bin Zhang

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.
