

entropy

an Open Access Journal by MDPI

Mesoscopic Fluid Mechanics

Guest Editors:

Dr. Tianbai Xiao

Dr. Yuan Hu

Prof. Dr. Xing Ji

Prof. Dr. Mikhail Sheremet

Message from the Guest Editors

This Special Issue is dedicated to providing an arena for original research at the intersection of statistical physics and fluid mechanics, thereby deepening the understanding and appreciation of non-equilibrium flows. Results from mesoscopic flow models and corresponding numerical methods are equally welcome.

Deadline for manuscript
submissions:

15 November 2024

Avenue, Albany, NY 12222, USA

Message from the Editor-in-Chief

The concept of entropy is traditionally a quantity in physics that has to do with temperature. However, it is now clear that entropy is deeply related to information theory and the process of inference. As such, entropic techniques have found broad application in the sciences.

Entropy is an online open access journal providing an advanced forum for the development and/or application of entropic and information-theoretic studies in a wide variety of applications. *Entropy* is inviting innovative and insightful contributions. Please consider *Entropy* as an exceptional home for your manuscript.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [Inspec](#), [PubMed](#), [PMC](#), [Astrophysics Data System](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Physics, Multidisciplinary*) / CiteScore - Q1 (*Mathematical Physics*)
