Message from the Guest Editor

As a result of the COVID-19 pandemic, the food industry was disrupted in more ways than one. This Special Issue looks at novel risks and how they have changed consumer perceptions globally. COVID-19 has arguably changed our relationship with food, and most importantly, our perceptions. Concepts and topics of interest for this Issue include consumer trust, confidence in food integrity, food supply chain transparency, counterfeiting, vertical and horizontal coordination, behavioral intend, food labelling accuracy, information and data sharing information with consumers, food trends, consumer risk management and mitigating approaches, branding, information, and quality assurance.

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus**, **SCIE (Web of Science)**, **PubMed**, **PMC**, **FSTA**, **AGRIS**, **PubAg**, and **other databases**.

Journal Rank: JCR - Q1 (*Food Science & Technology*) / CiteScore - Q1 (*Health Professions (miscellaneous)*)
