

Functional Foods and Nutraceuticals for the Prevention of Liver and Cardiovascular Diseases

Guest Editors:

Dr. Rafat A. Siddiqui

Nutrition Science and Food
Chemistry Laboratory, Virginia
State University, 1 Hayden St,
Petersburg, VA 23806, USA

Dr. Muhammad Y. Sheikh

Founding Chief of the
Gastroenterology and
Hepatology Program at UCSF
Fresno, Advanced
Gastroenterology and
Hepatology Associates & Fresno
Clinical Research Center (FCRC)
7055 N. Maple Ave, Suite 106,
Fresno, CA 93720, USA

Deadline for manuscript
submissions:

closed (25 November 2022)

Message from the Guest Editors

One of the main objectives of this Special Issue of *Foods* is to provide the scientific community with the latest advances in the development of new functional foods and nutraceuticals to prevent and/or treat hepatic and cardiovascular disorders. The Guest Editors of this Special Issue are inviting experts in this field to submit their work. This includes contributions from investigators in the areas of food science and technology, nutrition and dietetics, medicine, and related disciplines. All published materials in this Special Issue of *Foods* will go through a rigorous peer review process. Our goal is for this publication to serve as a significant advancement in this field, which shall facilitate improvements in the quality of life not only for liver and cardiovascular researchers but also for the general population, along with measurable reductions in economic burdens associated with hepatic and cardiovascular disorders worldwide.

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus**, **SCIE (Web of Science)**, **PubMed**, **PMC**, **FSTA**, **AGRIS**, **PubAg**, and **other databases**.

Journal Rank: JCR - Q1 (*Food Science & Technology*) / CiteScore - Q1 (*Health Professions (miscellaneous)*)
