Forest and Climate Change Adaptation

Guest Editors:

Dr. Alexandre Behling

Dr. Ana Paula Dalla Corte

Dr. Carlos Sanquetta

Dr. Sheri Andrews-Key

Deadline for manuscript submissions:
15 June 2024

Message from the Guest Editors

This Special Issue includes contributions to the theme: "Forest and Climate Change Adaptation". Research articles may focus on any aspect of the theme, including: i) methods to assess forest carbon stocks and dynamics; ii) climate change and carbon markets: challenges and opportunities for forest development; iii) climate vulnerability and adaptation; and iv) the components, role, and status of forest carbon projects. These topics were discussed in the Webinar, "Forest and Climate Change Adaptation" (21 March 2023), sponsored by the University of British Columbia and the Graduate Program in Forestry at the Federal University of Paraná, conducted by Prof. Dr. Carlos Roberto Sanquetta, Prof. Dr. Ana Paula Dalla Corte, Prof. Dr. Sheri Andrews-Key and Prof. Dr. Trevor Gareth Jones.

We would like to receive new insights on the proposed topics. All researchers are encouraged to participate in this Special Issue, not only the participants of the Webinar.

Keywords

forest Inventory
remote sensing
LIDAR
modeling
biomass
carbon evaluation
carbon market
carbon projects
climate change

Special Issue

Editors-in-Chief

Prof. Dr. Cate Macinnis-Ng
Department of Biological Sciences, Faculty of Science, University of Auckland, Private Bag 92019, Auckland 1142, New Zealand

Department of Mathematics and Physics, Catholic University of Brescia, I-25121 Brescia, Italy

Message from the Editorial Board

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access.

Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.
Journal Rank: JCR - Q1 (*Forestry*) / CiteScore - Q1 (*Forestry*)
