Child Health, University-Hospital
of Udine, P.le S. Maria della
Misericordia n° 15, 33100 Udine,
Italy

Deadline for manuscript
submissions:

30 June 2024

Message from the Guest Editor

Dear Colleagues,

This Special Issue entitled “Diagnosis and Treatment for Women's Health” will focus on the latest technological innovations and procedures that allow for the more accurate diagnosis and treatment of gynecological diseases. New diagnostic devices provide faster and more precise diagnoses. Technological innovations and the use of minimally invasive techniques, such as hysteroscopy, laparoscopy or robotic surgery, allow for early diagnosis and personalized treatment.
