Deadline for manuscript  
submissions:

**closed (31 August 2009)**

### **Message from the Guest Editor**

Dear Colleagues,

Any empirical papers or systematic reviews concerned with the epidemiology, etiology, prevention or treatment of drug abuse and addiction will be considered. Papers focused on alcohol or tobacco use alone should be submitted to the respective special issues; however, papers may consider the epidemiology, etiology, prevention or treatment of multiple substance abuse or addiction, including alcohol and tobacco, as long as they also include other drugs. Authors are encouraged to consider the individual or intrapersonal, as well as the environmental (including social and cultural/societal) aspects of the epidemiology, etiology, prevention or treatment of drug abuse and addiction.

Dr. Brian R. Flay

## Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (*Public Health, Environmental and Occupational Health*)
