Australia

Deadline for manuscript
submissions:

closed (21 November 2018)

Message from the Guest Editors

The Tenth International Conference on Geographic Information Science was held in Melbourne, Australia, 28–31 August 2018. Hosted at RMIT University in collaboration with the University of Melbourne, GIScience 2018, the flagship conference in the field of geographic information science continues a highly successful conference series, which started in 2000. The GIScience conference series has always had a focus on fundamental research themes and questions.

GIScience 2018 selected 105 papers for presentation. Additional work is presented in associated workshops. Authors are now invited to contribute to this special journal issue by papers that have not yet been published (coming out of the extended abstracts from the conference or workshops), or that are considerable extensions of the already published work presented at the conference (coming out of workshop papers, short papers, or full papers). In the latter case the extension must justify another publication and must be explained in the submission letter.

Message from the Editor-in-Chief

The *ISPRS International Journal of Geo-Information* invites you to submit research articles, reviews, and reports covering topics of the whole domain of geo-information. Although the journal was only founded in 2012, it has already achieved wide recognition in the scientific community. We are proud that since April 2015, our journal is indexed by the SCIE of the Web of Science. As Editor-in-Chief, I encourage you to consider *IJGI* for your scientific papers and would be pleased to welcome you as authors.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [GeoRef](#), [PubAg](#), [dblp](#), [Astrophysics Data System](#), [Inspec](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Geography, Physical*) / CiteScore - Q1 (*Geography, Planning and Development*)
