Message from the Guest Editor

Dear Colleagues,

This Special Issue is divided into two parts. One part will cover a selection of recent research topics and current review articles in the field of stem cell research. The other part will present selected contributions from the 3rd International Congress on Responsible Stem Cell Research (http://www.stemcellspadua.org/) that is chaired by Professor Katarina Le Blanc at Congress Center Papa Luciani, via Forcellini 170/a, 35128 Padua, Italy, from 16 to 18 November, 2016. All speakers presenting a paper at this conference can submit a manuscript for publication. For further information contact the editorial office (ijms@mdpi.com).

Dr. Maurizio Muraca
Guest Editor

Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High visibility:** indexed by the Science Citation Index Expanded (Web of Science), MEDLINE (PubMed) and other databases.

**Rapid publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 20 days after submission; acceptance to publication is undertaken in 6 days (median values for papers published in this journal in first half of 2017).
