

## Selected Papers from the JSOPB—Organ Molecular and Cellular Biology

Guest Editors:

**Prof. Dr. Takashi Kenmochi**

Department of Organ Transplant  
Surgery, School of Medicine,  
Fujita Health University, Toyoake,  
Japan

**Prof. Dr. Hirofumi Noguchi**

Department of Regenerative  
Medicine, Graduate School of  
Medicine, University of the  
Ryukyus, 207 Uehara, Nishihara,  
Okinawa 903-0215, Japan

Deadline for manuscript  
submissions:

**closed (31 October 2019)**

### Message from the Guest Editors

Dear Colleagues,

This Special Issue is a collection of selected papers from the Japanese Society for Organ Preservation and Biology (JSOPB) (<http://jognbio.umin.jp/>). *International Journal of Molecular Sciences (IJMS)* provides an opportunity to publish the selected data that were presented at the annual meeting of the JSOPB.

Excellent presentations conducted at the 45th annual meeting of the JSOPB held 9–10 November 2018, in Aichi, Japan, under the supervision of Professor Takashi Kenmochi (Department of Organ Transplant Surgery, School of Medicine, Fujita Health University, Toyoake, Japan), were selected and given an opportunity to be published in this Special Issue of *IJMS*.

One of the extremely important missions of the annual meeting of the JSOPB is to exchange new research outcomes and create new therapeutic concepts. With this in mind, the aim of the present Special Issue is the:

- Molecular and cellular biology of organ preservation and transplantation
- Biology of pharmacology
- Organ/tissue engineering
- Stem cell therapy
- Stem cell biology

## Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
