Feature Papers in Molecular Microbiology

Collection Editor:

Prof. Dr. Andreas Burkovski

Microbiology Division, Friedrich-Alexander-Universität Erlangen-Nürnberg, 91058 Erlangen, Germany

Message from the Collection Editor

Dear Colleagues,

This Topical Collection "Feature Papers in Molecular Microbiology" aims to collect high-quality research articles, short communications, and review articles in the molecular biology of microbes with a focus on prokarvotes (bacteria and archaea) and eukaryotic microorganisms. Since the aim of this Topical Collection is to illustrate, through selected works. frontier research in molecular microbiology, we encourage Editorial Board Members of the Molecular Microbiology Section of the International Journal of Molecular Sciences to contribute papers reflecting the latest progress in their research field or to invite relevant experts and colleagues to do so.

Prof. Dr. Andreas Burkovski Collection Editor

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
