Message from the Guest Editor

Dear Colleagues,

The 12th European Conference on Turbomachinery Fluid Dynamics and Thermodynamics (ETC 12) was held in April, 2017, in Stockholm (Sweden). The conference covered, from scientific and engineering perspectives, fluid dynamics and thermodynamics of turbomachines, as well as of turbomachinery-based propulsion systems and power systems.

In this Special Issue we are gathering the highest quality papers presented at the conference; a collection of excellent works of high interest to the turbomachinery community that showcase cutting-edge research in Europe.

Prof. Marcello Manna
Guest Editor
