Message from the Guest Editor

Dear Colleagues,

Information marks its 10th anniversary in 2019. Over the past decade, *Information* has published nearly 800 papers on the development of information science and technology, as well as their application in a broad variety of areas. Moreover, in the last few years, the journal has grown dramatically. Without the continuous support of our authors, reviewers, editors, and readers, the growth of *Information* would not have been possible.

To celebrate this anniversary, we are launching this Special Issue, entitled “10th Anniversary of *Information*—Emerging Research Challenges”. The aim of this Special Issue is to collect a set of high-quality papers that cover a broad scope of information. Particularly, we encourage researchers to present comprehensive review papers that highlight the most recent advances in the field of information science.

Prof. Dr. Willy Susilo

Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

Information is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [ESCI \(Web of Science\)](#), [Ei Compendex](#), [dblp](#), and [other databases](#).

Journal Rank: CiteScore - Q2 (*Information Systems*)
