Message from the Guest Editors

Dear Colleagues,

This Special Issue will address some of the most essential issues currently affecting the safety, reliability and functionality of global rail infrastructure systems. This Special Issue will accept various novel and original research topics related to railway infrastructure systems, including, but not limited to:

- Stability and dynamics
- Safety, risks and uncertainty
- Infrastructure engineering
- Structural engineering and materials
- Transportation geotechniques
- Rail transportation
- Mechanics, prognostics and diagnostics
- Health monitoring, inspection, NDT&E (non-destructive testing and evaluation) and signal processing
- Big data analytics and railway operations
- Multi hazards and climate change adaptation
- Train-track interaction and wheel-rail interface
- Drainage, surveying, photogrammetry, remote sensing and drone technology
- Railway and transportation technologies

Message from the Editor-in-Chief

You are invited to contribute a research article, review or short communication for consideration and publication in *Infrastructures* (ISSN 2412-3811). There is no restriction on the length of the papers. *Infrastructures* is published in open access format. The scientific community and general public have *Infrastructures* supported by the authors by the payment of article processing charges for accepted manuscripts. Please consider *Infrastructures* as an exceptional opportunity to publish your work.

Author Benefits

Open Access: - free for readers, free publication for well-prepared manuscripts submitted in 2018.

Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 24 days after submission; acceptance to publication is undertaken in 3.86 days (median values for papers published in the first six months of 2018).

Recognition of Reviewers: reviewers who provide timely, thorough peer-review reports receive vouchers entitling them to a discount on the APC of their next publication in any MDPI journal, in appreciation of the work done.
