Deadline for manuscript  
submissions:

**30 November 2024**

### Message from the Guest Editor

Dear Colleagues,

Surgery updates in heart transplantation for both children and adults have significantly advanced the field of cardiac transplantation. Heart transplantation remains the gold standard treatment for end-stage heart failure when medical management is no longer effective. Recent developments in surgical techniques, immunosuppressive therapies and organ preservation have improved outcomes and expanded the eligibility criteria for transplantation in both pediatric and adult populations.

These surgery updates in heart transplantation for both children and adults have revolutionized the field, offering new hope and improved outcomes for patients with end-stage heart failure. Ongoing research and technological advancements continue to drive progress in this vital area of cardiac surgery.

Dr. Elizabeth J. Maynes

## Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Medicine, General & Internal*) / CiteScore - Q1 (*General Medicine*)
