Oral Biology & Associate Head of
School (Research), Peninsula
Dental School, Faculty of Health,
University of Plymouth,
Plymouth, UK

Deadline for manuscript
submissions:

closed (31 July 2021)

Message from the Guest Editors

Dear Colleagues,

This Special Issue is devoted to state-of-the-art biotechnological approaches and biomaterials for wound healing. Such biotechnological approaches include materials and methods that enhance wound healing (including therapeutic, diagnostic, and clinical procedures) in organs and tissues.

We warmly welcome the submission of manuscripts on the topic of the “Biotechnological Approaches and Biomaterials For Enhanced Wound Healing” Special Issue.

Dr. John G. Hardy

Prof. Dr. Bing Hu

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Pankaj Vadgama

School of Engineering and
Materials Science, Queen Mary
University of London, London, UK

Message from the Editor-in-Chief

The biomaterials field is one of the largest and fastest growing research areas both in the scientific community and in the industrial one. Biomaterials are the result of collaborations between different disciplines: chemistry, medicine, pharmacology, engineering and biology. The objective of this collaboration is to lead to the implementation of new devices to restore form and human body functions. The mission of the *Journal of Functional Biomaterials (JFB)* is to focus attention on physico-chemical characteristics and their importance in the interactions between biomaterials and living tissues. *JFB* seeks to publish studies on the preparation, performance and use of biomaterials in biomedical devices, as well as regarding their behavior in physiological environments. We are pleased to welcome you as our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, AGRIS, and other databases.

Journal Rank: JCR - Q1 (Engineering, Biomedical) / CiteScore - Q2 (*Biomedical Engineering*)
