

land

an Open Access Journal by MDPI

GeoAI for Land Use Observations, Analysis and Forecasting

Guest Editors:

Dr. Wenfeng Zheng

Research Center for Machine Perception and Intelligent Systems, University of Electronic Science and Technology of China, Chengdu 610054, China

Dr. Kenan Li

Department of Epidemiology and Biostatistics, College of Public Health and Social Justice, Saint Louis University, St. Louis, MO 63103, USA

Prof. Dr. Xuan Liu

School of Public Affairs and Administration, University of Electronic Science and Technology of China, Chengdu 610054, China

Deadline for manuscript submissions:

30 August 2024

Message from the Guest Editors

Dear Colleagues,

In this Special Issue, we seek groundbreaking research and case studies that demonstrate future applications and advances in geographic artificial intelligence. Relevant topics include, but are not limited to the following:

- Artificial intelligence for land use;
- Geospatial artificial intelligence (geospatial AI or GeoAI) for land use;
- AI in geostatistics and spatiotemporal simulation;
- AI For geospatial data acquisition, analysis, planning, and prediction;
- Hyperspectral imaging (HSI), lidar, and synthetic aperture radar (SAR);
- Land change detection;
- Natural resource management;
- Semantic reasoning, semantic representation, and knowledge bases;
- Contrastive learning, representation learning, and reinforcement learning;
- Meta-learning, transfer learning, and few-shot learning;
- Spatiotemporal integration;
- Time series prediction and forecasting;
- Multimodal artificial intelligence;
- Visual- and spatial-based perception enhancement and reasoning;
- Large language model (LLM) and GenAI;
- Wetland classification and forecasting

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Christine Fürst

Institute for Geosciences and
Geography, Department
Sustainable Landscape
Development, University of Halle,
Von-Seckendorff-Platz 4, 06120
Halle, Germany

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SSCI (Web of Science), PubAg, AGRIS, GeoRef, RePEc, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q2 (*Nature and Landscape Conservation*)
