Restoring Degraded Lands to Attain UN-SDGs II

Guest Editors:

Dr. Purushothaman Chirakkuzhyil Abhilash

Dr. Sheikh Adil Edrisi

Dr. Vishal Tripathi

Dr. Rajiv K Chaturvedi

Dr. Himlal Baral

Prof. Dr. Ali El-Keblawy

Deadline for manuscript submissions:

closed (5 June 2023)

Message from the Guest Editors

The present Special Issue on "Restoring Degraded Lands to Attain the UN-SDGs" aims to address the sustainability challenges of land degradation and showcase innovative and promising practices and success stories from across the world for restoring degraded lands to attain global sustainability by 2030.

- Adaptive land management
- Bioenergy production and bioeconomy
- Bioremediation and biomonitoring
- Climate change mitigation
- Drivers of land degradation
- Ecosystem services
- Forest landscape restoration
- Integrated restoration measures
- Land systems and good quality of life
- Policy measures
- Remote sensing and GIS application
- Restoration of marginal and degraded lands
- Restoration of mined areas
- Restoration methods and processes
- Restoration monitoring
- Restoration of polluted and agricultural lands
- Social impact assessment
- Stakeholder involvement
- Traditional ecological knowledge

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend Land for your best research publications for a fast dissemination of your research.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SSCI (Web of Science), PubAg, AGRIS, GeoRef, RePEc, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q2 (*Nature and Landscape Conservation*)
