Dr. Jarosław Walory

Department of Biomedical
Research, National Medicines
Institute, 00-725 Warsaw, Poland

Deadline for manuscript
submissions:

20 December 2024

Message from the Guest Editors

Dear Colleagues,

This Special Issue aims to showcase a variety of recent developments in this area, with potential topics including, but not being limited to, the following:

Evolution of protection and prevention measures in different phases of the pandemic;

Analysis of the efficacy and safety of the therapy applied in patients with COVID-19;

Impact of vaccination on clinical manifestations, diagnosis, course of treatment and prognosis in patients diagnosed with COVID-19;

Impact of prognostic factors in patients with COVID-19 on treatment and prognosis,

Impact of prognostic factors in patients with unrecognized COVID-19 on clinical diagnosis,

Importance of patient age or comorbidities versus other clinical and demographic data in the treatment of COVID-19;

Importance of laboratory diagnostic parameters in the prognosis and treatment of patients with confirmed COVID-19;

Impact of SARS-CoV-2 virus variants on the variation in clinical manifestations, course of treatment and prognosis in patients with COVID-19.
